(e) Where, in the case of an application for permission for development that—

(i) would be likely to increase the risk of a major accident, or

(ii) is of such a nature as to be likely, if a major accident were to occur, and, having regard to all the circumstances, to cause there to be serious consequences,

a planning authority consults, in accordance with the permission regulations, with a prescribed authority for the purpose of obtaining technical advice regarding such risk or consequences, the authority shall make a decision in relation to the application within 4 weeks beginning on the day on which the technical advice is received.

(f) (i) Where a planning authority has failed to make a decision in relation to an application within the period specified in paragraph (a), (b), (c), (d) or (e) as appropriate (referred to in this paragraph as the 'first period') and becomes aware, whether through notification by the applicant or otherwise, that it has so failed, the authority shall proceed to make the decision notwithstanding that the first period has expired.

(ii) Where a planning authority fails to make a decision within the first period, it shall pay the appropriate sum to the applicant.

(iii) Where a planning authority fails to make a decision within a period of 12 weeks after the expiry of the first period a decision (referred to in this paragraph as the ‘deemed decision’) of the planning authority to grant the permission shall be regarded as having been given on the last day of that period of 12 weeks.

(iv) Any person, who has made submissions or observations in writing in relation to the planning application to the planning authority, may at any time within the period of 4 weeks after the expiry of the period of 12 weeks referred to in subparagraph (iii), appeal the deemed decision.
(v) Subparagraphs (i) to (iv) shall not apply where there is a requirement under Part X or Part XAB to carry out an environmental impact assessment, a determination whether an environmental impact assessment is required, or an appropriate assessment, in respect of the development relating to which the authority has failed to make a decision.

(vi) Where the planning authority has failed to make a decision in relation to development where an environmental impact assessment, a determination whether an environmental impact assessment is required, or an appropriate assessment is required within the first period and becomes aware, whether through notification by the applicant or otherwise, that it has so failed—

(I) the authority shall proceed to make the decision notwithstanding that the first period has expired,

(II) where a planning authority fails to make a decision within the first period, it shall pay the appropriate sum to the applicant,

(III) provided that no notice under paragraph (b) or (c) was served on the applicant prior to the expiry of the first period, where a planning authority proceeds to make a decision under clause (I) in relation to an application, it may serve notice on the applicant, requiring the applicant to give to the authority further information or to produce evidence in respect of the application under paragraph (b) or (c), and paragraph (b) or (c) shall apply to such notice subject to any necessary modifications,

(IV) subject to service of a notice under paragraph (b) or (c) in accordance with clause (III), where a planning authority fails to make a decision before the expiry of the period of 12 weeks beginning on the day immediately after the day on which the first period expires, the authority shall, subject to clause (V), pay the appropriate sum to the applicant, and shall pay a further such sum to the applicant where it fails to make a decision before the expiry of each subsequent period of 12 weeks beginning immediately after the preceding 12 week period,

(V) not more than 5 payments of the appropriate sum shall be made by a planning authority to an applicant in respect of the failure by the authority to make a decision in relation to an application,

(VI) where a planning authority makes a decision in relation to an application more than one year after the expiration of the first period the authority, before making the decision—

(A) notwithstanding that notice has been previously published in relation to the application, shall require the applicant to publish additional such notice concerning the planning application in accordance with the permission regulations (and the planning authority shall refund the costs of so publishing to the applicant),

(B) notwithstanding that notice of the application has previously been given to prescribed bodies, shall give additional such notice in accordance with the permission regulations, and

(C) notwithstanding anything contained in paragraph (b) or (c), or that the authority has previously been given further information or evidence under those paragraphs may require the applicant to give to the authority further information or to produce evidence in respect of the application as the authority requires and paragraph (b) or (c), as appropriate, shall apply to such additional request subject to any necessary modifications,
and the planning authority shall consider any submissions made in accordance with the Regulations following on such additional notices, or additional further information or evidence produced under this clause.

(vii) Any payment or refund due to be paid under this paragraph shall be paid as soon as may be and in any event not later than 4 weeks after it becomes due.

(viii) In this paragraph, ‘appropriate sum’ means a sum which is equal to the lesser amount of 3 times the prescribed fee paid by the applicant to the planning authority in respect of his or her application for permission or €10,000.

(9) Where, within the period of 8 weeks beginning on the date of receipt by the planning authority of the application, the applicant for a permission under this section gives to the planning authority in writing his or her consent to the extension of the period for making a decision under subsection (8), the period for making the decision shall be extended for the period consented to by the applicant.

(10) (a) [Subject to paragraph (c) and without prejudice to section 172(1I), a decision] given under this section or section 37 and the notification of the decision shall state the main reasons and considerations on which the decision is based, and where conditions are imposed in relation to the grant of any permission the decision shall state the main reasons for the imposition of any such conditions, provided that where a condition imposed is a condition described in subsection (4), a reference to the paragraph of subsection (4) in which the condition is described shall be sufficient to meet the requirements of this subsection.

(b) Where a decision by a planning authority under this section or by the Board under section 37 to grant or to refuse permission is different, in relation to the granting or refusal of permission, from the recommendation in—

(i) the reports on a planning application to the [chief executive] (or such other person delegated to make the decision) in the case of a planning authority, or

(ii) a report of a person assigned to report on an appeal on behalf of the Board,

a statement under paragraph (a) shall indicate the main reasons for not accepting the recommendation in the report or reports to grant or refuse permission.

(c) Where, in the case of an application for planning permission accompanied by an environmental impact assessment report, a decision by a planning authority under this section or by the Board under section 37, as the case may be—

(i) to impose a condition (being an environmental condition which arises from the consideration of the environmental impact assessment report) in relation to the grant of permission is materially different, in relation to the terms of such condition, from the recommendation in—

(I) the reports on a planning application to the chief executive (or such other person delegated to make the decision) in the case of a planning authority, or

(II) a report of a person assigned to report on an appeal on behalf of the Board,

as the case may be, a statement under paragraph (a) shall indicate the main reasons for not accepting, or for varying, as the case may be, the
recommendation in the reports or report in relation to such condition referred to in clause (I) or (II), as the case may be,

(ii) to grant, subject to or without conditions, permission, such permission shall include or refer to a statement that the planning authority or the Board, as the case may be, is satisfied that the reasoned conclusion on the significant effects on the environment of the development was up to date at the time of the taking of the decision, and

(iii) shall include a summary of the results of the consultations that have taken place and information gathered in the course of the environmental impact assessment and, where appropriate, the comments received from an affected Member State of the European Union or other party to the Transboundary Convention, and specify how those results have been incorporated into the decision or otherwise addressed.

(11) (a) Where the planning authority decides under this section to grant a permission—

(i) in case no appeal is taken against the decision, it shall make the grant as soon as may be after the expiration of the period for the taking of an appeal,

(ii) in case an appeal or appeals is or are taken against the decision, it shall not make the grant unless, as regards the appeal or, as may be appropriate, each of the appeals—

(I) it is withdrawn, or

(II) it is dismissed by the Board pursuant to section 133 or 138, or

(III) in relation to it a direction is given to the authority by the Board pursuant to section 139, and, in the case of the withdrawal or dismissal of an appeal or of all such appeals, as may be appropriate, it shall make the grant as soon as may be after such withdrawal or dismissal and, in the case of such a direction, it shall make the grant, in accordance with the direction, as soon as may be after the giving by the Board of the direction.

(b) Where the Board decides on appeal under section 37 to grant a permission, it shall make the grant as soon as may be after the decision.

[(12) A planning authority shall refuse to consider an application to retain unauthorised development of land where the authority decides that if an application for permission had been made in respect of the development concerned before it was commenced the application would have required that one or more than one of the following was carried out—

(a) an environmental impact assessment,

(b) a determination as to whether an environmental impact assessment is required, or

(c) an appropriate assessment.

(12A) For the purposes of subsection (12), if an application for permission had been made in respect of the following development before it was commenced, the application shall be deemed not to have required a determination referred to at subsection (12)(b):

(a) development within the curtilage of a dwelling house, for any purpose incidental to the enjoyment of the dwelling house as a dwelling house;

(b) modifications to the exterior of a building.
(12B) Where a planning authority refuses to consider an application for permission under subsection (12) it shall return the application to the applicant, together with any fee received from the applicant in respect of the application, and shall give reasons for its decision to the applicant.

(12C) Subject to subsections (12) and (12A), an application for development of land in accordance with the permission regulations may be made for the retention of unauthorised development, and this section shall apply to such an application, subject to any necessary modifications.

(13) A person shall not be entitled solely by reason of a permission under this section to carry out any development.

[Interpretation - sections 34B, 34C, 37R and 37S]

34A. (1) Section 2 (other than section 2 (3) (b)) of the Aircraft Noise (Dublin Airport) Regulation Act 2019 shall apply to the interpretation of this section and sections 34B, 34C, 37R and 37S, paragraph 20C of the Fourth Schedule, and paragraph 17A of the Fifth Schedule, as such section 2 applies to the interpretation of that Act.

(2) In sections 34B and 34C, ‘noise mitigation measures’ includes land-use planning and management measures, measures to reduce noise at source and noise abatement operational measures (other than operating restrictions) that do not restrict the capacity of the airport.

[Supplementary provisions relating to proposed development at Dublin Airport]

34B. (1)(a)(i) Where the planning authority receives an application under section 34 for development at the airport, it shall, as soon as is practicable after such receipt—

(I) give a copy of the application to the competent authority, and

(II) enter into consultations with the competent authority for the purposes of giving such assistance as the competent authority may require in order to enable the competent authority, within 4 weeks of the competent authority receiving such copy, to either form the opinion referred to in subparagraph (iii) or to conclude that it is not of that opinion.

(ii) The competent authority shall, where it concludes that it is not of the opinion referred to in subparagraph (iii), as soon as is practicable after it so concludes, give notice in writing of that conclusion to the planning authority.

(iii) The following provisions of this section apply where the competent authority, in considering the application, forms the opinion that the development—

(I) contains a proposal requiring the assessment for the need for a noise-related action, or

(II) indicates that a new operating restriction may be required.

(b) Subsections (1) to (3) of section 9 of the Aircraft Noise (Dublin Airport) Regulation Act 2019 shall, with all necessary modifications, apply to the performance by the competent authority of its functions under this section.

(c) Subsections (4) to (7) of section 9 of the Aircraft Noise (Dublin Airport) Regulation Act 2019 shall, with all necessary modifications, apply to measures and restrictions referred to in this section as those subsections apply to measures and restrictions referred to in those subsections.

(2) The competent authority shall, as soon as is practicable after it forms the opinion referred to in subsection (1)(a)(iii), give notice in writing to the planning authority of that opinion and the planning authority shall, as soon as is practicable after receiving...
the notice, consult with the competent authority in relation to, as appropriate, one or more of the following matters:

(a) any aspect of the development relating to noise that may arise in the operation of the development if it is carried out (including any such aspect relating to appropriate assessment or environmental impact assessment);

(b) any noise problem that would arise from the carrying out of the development as proposed, taking account of any noise mitigation measures or operating restrictions (if any), or any combination thereof, proposed in the application and any further information subsequently sought by the relevant authority from the applicant in relation to those matters and given by the applicant to the planning authority and the competent authority;

(c) where a noise problem would arise from the carrying out of the development as proposed—

(i) any information on the application of the Balanced Approach to the consideration of the inclusion of noise mitigation measures or operating restrictions (if any), or any combination thereof, in the application and any further information subsequently sought by the relevant authority from the applicant in relation to those matters and given by the applicant to the planning authority and the competent authority,

(ii) whether noise mitigation measures or operating restrictions (if any), or any combination thereof, not proposed in the application are or is required and any information or plans subsequently sought by the relevant authority from the applicant in relation to such measures or restrictions, or combination thereof, as the case may be, and given by the applicant to the planning authority and the competent authority,

(iii) any information subsequently sought by the relevant authority from the applicant in relation to the application of the Balanced Approach to the noise mitigation measures or operating restrictions, or combination thereof, referred to in subparagraph (ii) and given by the applicant to the planning authority and the competent authority, and

(iv) subject to subsection (4), whether permission could, in so far as noise-related issues are concerned, be granted for the development subject to conditions specified by the competent authority relating to noise mitigation measures or operating restrictions (if any), or any combination thereof.

(3) (a) In subsection (2) and paragraph (b), ‘relevant authority’ means the planning authority or the competent authority.

(b) Where the applicant gives any information or plans referred to in subsection (2) to one relevant authority, the applicant shall, on the same date (or as soon as is practicable thereafter), give copies of such information or plans, as the case may be, to the other relevant authority.

(4) Notwithstanding any other provision of this Act, the planning authority shall neither decide to refuse permission for the development nor decide to grant such permission subject to or without conditions until it receives a notice under subsection (5) or (14)(a)(ii) from the competent authority in respect of the application.

(5) (a) Paragraph (b) applies where the competent authority is satisfied that permission should not be granted for the development for the reason that inadequate provision has been made in the application (or in any plans or further information, or both, subsequently given by the applicant to the planning authority and the competent authority) to deal with the noise problem that would arise from the carrying out of the development as proposed.
(b) The competent authority shall, as soon as is practicable after it is so satisfied, give a notice in writing to the planning authority, stating the competent authority’s reasons why it is so satisfied, and directing the planning authority to refuse permission for the development.

(c) The planning authority shall comply with a direction given to it under paragraph (b) as soon as is practicable after it receives the notice concerned referred to in that paragraph and shall incorporate such notice in its decision to refuse permission for the development.

(d) Notwithstanding that a refusal referred to in paragraph (c) arises from a direction given by the competent authority to the planning authority, such refusal and the reasons for it shall, for the purposes of section 37 as read with section 37S, be treated as the decision, or part of the decision, as appropriate, of the planning authority on the application, and the other provisions of this Act shall be construed accordingly.

(6) Subsection (7) applies where the competent authority has applied the Balanced Approach to the noise problem referred to in subsection (2) and, in accordance with the Balanced Approach, assessed the noise mitigation measures or operating restrictions (if any), or any combination thereof, that may be required to be introduced as part of the development, and whether or not such measures or restrictions, or combination thereof, as the case may be, are or is in addition to, or in replacement of, one or more—

(a) noise mitigation measures or operating restrictions (if any), or any combination thereof, proposed in the application, or

(b) existing noise mitigation measures or operating restrictions (if any), or any combination thereof.

(7) The competent authority shall, as soon as it is practicable for it to do so, by notice in writing given to the applicant and copied to the planning authority—

(a) inform the applicant of the noise mitigation measures or operating restrictions (if any), or combination thereof, proposed to be required in a decision (if any) to grant permission for the development and its reasons for so proposing, and

(b) stating that the applicant may, within the period specified in the notice (being a period of not less than 4 weeks), make submissions or observations on such noise mitigation measures or operating restrictions (if any), or combination thereof, as the case may be, and on such reasons, including counterproposals, by notice in writing given to the competent authority and copied to the planning authority.

(8) The competent authority shall apply the Balanced Approach to its consideration of the counterproposals (if any) given to it by the applicant before the expiration of the period specified in the notice under subsection (7) concerned.

(9) Subject to subsection (10), the competent authority shall, as soon as is practicable after it complies with subsection (7) and, if applicable, subsection (8) and (at its discretion) having consulted with the applicant or any other person that it wishes to, in accordance with the Aircraft Noise Regulation and the Aircraft Noise (Dublin Airport) Regulation Act 2019, make, and publish on its website, a draft regulatory decision—

(i) on the noise mitigation measures or operating restrictions (if any), or combination thereof, that it proposes to direct the planning authority to include as conditions of the planning authority’s decision (if any) to grant permission for the development, or

(ii) that no such conditions are required to be included in the planning authority’s decision (if any) to grant permission for the development.
The competent authority shall prepare, and publish on its website on the same date as the draft regulatory decision, a report in relation thereto which shall state the competent authority’s reasons for such decision and include therein, as appropriate:

(a) a summary of the data examined (including any data relating to appropriate assessment or environmental impact assessment);

(b) the noise abatement objective;

(c) the measures considered to address any noise problem;

(d) an evaluation of the cost-effectiveness of the various measures considered;

(e) the application of the Balanced Approach;

(f) the identification of additional or alternative measures (other than those proposed in the draft regulatory decision) that have been considered;

(g) particulars of any proposed noise mitigation measures and operating restrictions (if any) to be introduced;

(h) if applicable, the reasons for the proposed introduction of any noise mitigation measures and operating restrictions (if any);

(i) the relevant technical information in relation to any proposed noise mitigation measures and operating restrictions (if any) to be introduced;

(j) a non-technical summary of such of the matters concerned referred to in paragraphs (a) to (i).

The competent authority shall, as soon as is practicable after it complies with subsections (9) and (10), publish, in a national newspaper, a notice—

(a) stating that the competent authority has—

(i) made a draft regulatory decision under subsection (9), and

(ii) prepared the related report under subsection (10),

(b) stating particulars of how persons may view or otherwise have access to the draft regulatory decision and related report (which shall include being able to view the decision or report, or purchase a copy of the decision or report at a reasonable cost, at the offices of the competent authority during office hours),

(c) inviting persons to make submissions or observations in writing (and to provide a return address with such submissions or observations) in the specified form (if any) on the draft regulatory decision or related report, or both, before the expiration of 14 weeks beginning on the date of publication of the notice in the national newspaper, and

(d) stating particulars of the addresses (which shall include an electronic address) to which such submissions or observations may be sent.

The competent authority shall, as soon as is practicable after it complies with subsections (9) and (10), give each of the applicant, the airport authority and the planning authority copies of the draft regulatory decision that it made under subsection (9) and the related report that it prepared under subsection (10).

For the avoidance of doubt, it is hereby declared that the applicant, the airport authority and the planning authority may each make submissions or observations referred to in subsection (11)(c) in accordance with that subsection.
(13) The competent authority shall, as soon as is practicable after the expiration of the 14 weeks referred to in subsection (11)(c) and having regard to the submissions and observations (if any) referred to in that subsection received by it within such 14 weeks—

(a) make a regulatory decision consisting of the adoption by it of the draft regulatory decision made by it under subsection (9) without any amendments or with such amendments as it considers appropriate, and

(b) revise the related report prepared under subsection (11) to take into account such submissions and observations (if any) and such adoption and to state the competent authority's reasons for such regulatory decision.

(14) The competent authority shall—

(a) as soon as is practicable after it complies with subsection (13)—

(i) publish on its website the regulatory decision it has adopted under subsection (13)(a) and the related report it has revised under subsection (13)(b), and

(ii) send a copy of such decision, together with a copy of the notice referred to in paragraph (b) (whether before or after the notice is published), to the applicant, the airport authority, the planning authority, the elected members of FCC, the elected members of Dáil Éireann in whose constituencies the airport is located and the return addresses of the persons who have made submissions or observations referred to in subsection (11)(c) in accordance with that subsection on the draft regulatory decision or related report concerned,

and

(b) as soon as is practicable after it complies with paragraph (a)(i), publish, in a national newspaper, a notice stating—

(i) that the competent authority has adopted a regulatory decision under subsection (13)(a),

(ii) that the competent authority has revised the related report under subsection (13)(b),

(iii) particulars of how persons may view or otherwise have access to such regulatory decision and such related report (which shall include being able to view the decision or report, or purchase a copy of the decision or report at a reasonable cost, at the offices of the competent authority during office hours), and

(iv) that a right of appeal to the Board against the regulatory decision exists under section 37 as read with section 37R.

(15) (a) The planning authority shall incorporate the competent authority's regulatory decision under subsection (13)(a), the subject of the notice given to the planning authority under subsection (14)(a)(ii), and the competent authority's reasons for such decision in the planning authority's decision on the application and shall do so regardless of whether the planning authority's decision is to refuse permission for the development or to grant permission for the development.

(b) Notwithstanding that a regulatory decision referred to in paragraph (a) is made by the competent authority, such decision and the reasons for it shall, for the purposes of section 37 as read with section 37R, be treated as the decision, or part of the decision, as appropriate, of the planning authority on the application, and the other provisions of this Act shall be construed accordingly.
The planning authority shall make its decision on the application as soon as is practicable after it receives, pursuant to subsection (14)(a)(ii), a copy of the competent authority’s regulatory decision under subsection (13)(a).

Subject to subsection (17), a noise mitigation measure to be introduced by virtue of a regulatory decision adopted under subsection (13)(a) shall—

(a) if no appeal under section 37 as read with section 37R is made, within the appropriate period referred to in section 37(1), against the planning authority’s decision on the application, come into effect on the expiration of such appropriate period, and

(b) after so coming into effect, remain in effect until revoked, or revoked and replaced, by the competent authority or the appeal body.

The competent authority may, by notice published on its website on the same date as the regulatory decision adopted under subsection (13)(a) is, pursuant to subsection (14)(a), also so published—

(a) authorise, for reasons stated in the notice, a lead in time for the coming into effect of a noise mitigation measure to be introduced by virtue of that decision, and

(b) specify the date, or the occurrence of the event, on which such noise mitigation measure shall come into effect.

Subject to section 26 (b) of the Aircraft Noise (Dublin Airport) Regulation Act 2019, the competent authority shall, in relation to an operating restriction to be introduced by virtue of a regulatory decision adopted under subsection (13)(a), take such steps as it considers appropriate to cause Article 8 of the Aircraft Noise Regulation to be complied with as soon as is practicable after it applies to such restriction.

Subject to subsection (20), an operating restriction referred to in subsection (18) shall—

(a) come into effect on the day immediately following the day on which the operation of Article 8 of the Aircraft Noise Regulation ceases to further prevent the coming into effect of the operating restriction, and

(b) after so coming into effect, remain in effect until revoked, or revoked and replaced, by the competent authority or the appeal body.

The competent authority may, by notice published on its website at any time before the day first-mentioned in subsection (19)(a)—

(a) authorise, for reasons stated in the notice, a lead in time for the coming into effect of the operating restriction referred to in subsection (18), and

(b) specify the date, or the occurrence of the event, on which such operating restriction shall come into effect.

Subsection (6) of section 34 shall not apply where the competent authority forms the opinion that a noise problem that would arise from the carrying out of the development as proposed would contravene materially the development plan or local area plan.

(a) The person in whose favour a relevant permission operates may, by virtue of this subsection and notwithstanding any other provision of this Act (including section 34), make an application under section 34 to the planning authority where the application is only for a relevant action to be taken.

(b) Section 34 and the other provisions of this Act shall be read with all necessary modifications to take account of the relevant application.
(c) Subsections (4) to (7) of section 9 of the Aircraft Noise (Dublin Airport) Regulation Act 2019 shall, with all necessary modifications, apply to measures and restrictions referred to in this section as those subsections apply to measures and restrictions referred to in those subsections.

(2) The planning authority shall give the competent authority a copy of the relevant application and consult with the competent authority in relation to, as appropriate, one or more of the following matters:

(a) any noise problem that would arise from taking the relevant action as proposed (including any implications that would arise therefrom in relation to appropriate assessment or environmental impact assessment matters) and any further information subsequently sought by the relevant authority from the applicant in relation to such action and given by the applicant to the planning authority and the competent authority;

(b) where a noise problem would arise from taking the relevant action as proposed—

(i) any information in the relevant application on the application of the Balanced Approach to the relevant action and any further information or plans subsequently sought by the relevant authority from the applicant in relation to the relevant action or Balanced Approach and given by the applicant to the planning authority and the competent authority,

(ii) whether noise mitigation measures or operating restrictions (if any), or any combination thereof, not proposed in the relevant application are or is required and any information or plans subsequently sought by the relevant authority from the applicant in relation to such measures or restrictions, or combination thereof, as the case may be, and given by the applicant to the planning authority and the competent authority,

(iii) any information subsequently sought by the relevant authority from the applicant in relation to the application of the Balanced Approach to the noise mitigation measures or operating restrictions, or combination thereof, referred to in subparagraph (ii) and given by the applicant to the planning authority and the competent authority, and

(iv) subject to subsection (4), whether permission could be granted for the taking of the relevant action subject to conditions specified by the competent authority relating to noise mitigation measures or operating restrictions (if any), or any combination thereof.

(3) (a) In subsection (2) and paragraph (b), ‘relevant authority’ means the planning authority or the competent authority.

(b) Where the applicant gives any information or plans referred to in subsection (2) to one relevant authority, it shall, on the same date (or as soon as is practicable thereafter), give copies of such information or plans, as the case may be, to the other relevant authority.

(4) Where this section applies and notwithstanding any other provision of this Act, the planning authority shall neither decide to refuse the relevant application nor grant the relevant application subject to or without conditions until it receives a notice under subsection (5) or (15)(a)(ii) from the competent authority in respect of the relevant application.

(5) (a) Paragraph (b) applies where the competent authority is satisfied that permission should not be granted for the relevant application for the reason that inadequate provision has been made in the application (or in any plans or further information, or both, subsequently given by the applicant to the planning authority and the competent authority) to deal with the noise problem that would arise from the carrying out of the relevant action as proposed.
(b) The competent authority shall, as soon as is practicable after it is so satisfied, give a notice in writing to the planning authority, stating the competent authority's reasons why it is so satisfied, and directing the planning authority to refuse the relevant application.

(c) The planning authority shall comply with a direction given to it under paragraph (b) as soon as is practicable after it receives the notice referred to in that paragraph and shall incorporate such notice in its decision to refuse the relevant application.

(d) Notwithstanding that a refusal referred to in paragraph (c) arises from a direction given by the competent authority to the planning authority, such refusal and the reasons for it shall, for the purposes of section 37 as read with section 37S, be treated as the decision of the planning authority on the relevant application, and the other provisions of this Act shall be construed accordingly.

(6) The planning authority shall, in determining the relevant application, consider whether taking the relevant action requires the reconsideration of any other aspect of the relevant permission and, after having consulted with the competent authority, may, in accordance with regulations made under section 33, request and consider further information from the applicant in that regard.

(7) Subsection (8) applies where the competent authority has applied the Balanced Approach to the noise problem referred to in subsection (2) and, in accordance with the Balanced Approach, assessed the noise mitigation measures or operating restrictions (if any), or any combination thereof, that may be required to be introduced, and whether or not such measures or restrictions, or combination thereof, as the case may be, are or is in addition to, or in replacement of, one or more—

(a) noise mitigation measures or operating restrictions (if any), or any combination thereof, proposed in the relevant action, or

(b) existing noise mitigation measures or operating restrictions, or combination thereof.

(8) The competent authority shall, as soon as it is practicable for it to do so, by notice in writing given to the applicant and copied to the planning authority—

(a) inform the applicant of the noise mitigation measures or operating restrictions (if any), or combination thereof, proposed to be required in a decision (if any) to grant the relevant application and its reasons for so proposing, and

(b) stating that the applicant may, within the period specified in the notice (being a period of not less than 4 weeks), make submissions or observations on such noise mitigation measures or operating restrictions (if any), or combination thereof, as the case may be, and on such reasons, including counterproposals, by notice in writing given to the competent authority and copied to the planning authority.

(9) The competent authority shall apply the Balanced Approach to its consideration of the counterproposals (if any) given to it by the applicant before the expiration of the period specified in the notice under subsection (8) concerned.

(10) Subject to subsection (11), the competent authority shall, as soon as is practicable after it complies with subsection (8) and, if applicable, subsection (9) and (at its discretion) having consulted with the applicant or any other person that it wishes to, in accordance with the Aircraft Noise Regulation and the Aircraft Noise (Dublin Airport) Regulation Act 2019, make, and publish on its website, a draft regulatory decision—

(i) on the noise mitigation measures or operating restrictions (if any), or combination thereof, that it proposes to direct the planning authority to include as
conditions of the planning authority’s decision (if any) to grant the relevant application, or

(ii) that no such conditions are required to be included in the planning authority’s decision (if any) to grant the relevant application.

(11) The competent authority shall prepare, and publish on its website on the same date as the draft regulatory decision, a report in relation thereto which shall state the planning authority’s reasons for such decision and include therein, as appropriate:

(a) a summary of the data examined (including any data relating to appropriate assessment or environmental impact assessment);

(b) the noise abatement objective;

(c) the measures considered to address any noise problem;

(d) an evaluation of the cost-effectiveness of the various measures considered;

(e) the application of the Balanced Approach;

(f) the identification of additional or alternative measures (other than those proposed in the draft regulatory decision) that have been considered;

(g) particulars of any proposed noise mitigation measures and operating restrictions (if any);

(b) For the avoidance of doubt, it is hereby declared that the applicant, the airport authority and the planning authority may each make submissions or observations referred to in subsection (12)(c) in accordance with that subsection.

(14) The competent authority shall, as soon as is practicable after the expiration of the 14 weeks referred to in subsection (12)(c) and having regard to the submissions and observations (if any) referred to in that subsection received by it within such 14 weeks—

(iv) that a right to appeal to the Board against the regulatory decision exists under section 37 as read with section 37R.

(16) (a) The planning authority shall—

(i) incorporate the competent authority’s regulatory decision under subsection (14)(a), the subject of the notice given to the planning authority under subsection (15)(a)(ii), and the competent authority’s reasons for such decision in the planning authority’s decision on the application and shall do so regardless of whether the planning authority’s decision is to refuse the relevant application or to grant the relevant application, and
(ii) notwithstanding any other provision of this Act, if necessary, revoke, revoke and replace, or amend the terms of, a condition of the relevant permission in order to make the relevant permission compatible with that regulatory decision.

(b) Notwithstanding that a regulatory decision referred to in paragraph (a) is a decision made by the competent authority, such decision and the reasons for it shall, for the purposes of section 37 as read with section 37R, be treated as the decision of the planning authority on the relevant application, and the other provisions of this Act shall be construed accordingly.

(c) The planning authority shall make its decision on the application as soon as is practicable after it receives, pursuant to subsection (15)(a)(ii), a copy of the competent authority’s regulatory decision under subsection (14)(a).

(17) Subject to subsection (18), a noise mitigation measure to be introduced by virtue of a regulatory decision adopted under subsection (14)(a) shall—

(19) Subject to section 26 (b) of the Aircraft Noise (Dublin Airport) Regulation Act 2019, the competent authority shall, in relation to an operating restriction to be introduced by virtue of a regulatory decision adopted under subsection (14)(a), take such steps as it considers appropriate to cause Article 8 of the Aircraft Noise Regulation to be complied with as soon as is practicable after it applies to such restriction.

(20) Subject to subsection (21), an operating restriction referred to in subsection (19) shall—

(a) come into effect on the day immediately following the day on which the operation of Article 8 of the Aircraft Noise Regulation ceases to further prevent the coming into effect of the operating restriction, and

(b) after so coming into effect, remain in effect until revoked, or revoked and replaced, by the competent authority or the appeal body.

(21) The competent authority may, by notice published on its website at any time before the day first-mentioned in subsection (20)(a)—

(b) specify the date, or the occurrence of the event, on which such operating restriction shall come into effect.
(22) In this Part, health aspects shall be assessed in accordance with Environmental Noise Directive and the European Communities (Environmental Noise) Regulations 2018 (S.I. No. 549 of 2018).

(23) In this section—

‘relevant application’ means an application referred to in subsection (1)(a);

(c) any information otherwise available to the planning authority concerning a substantial unauthorised development, or

(d) any information concerning a conviction for an offence under this Act,

the planning authority is satisfied that a person to whom this section applies is not in compliance with a previous permission or with a condition to which the previous permission is subject, has carried out a substantial unauthorised development, or has been convicted of an offence under this Act, the authority may form the opinion—

(i) that there is a real and substantial risk that the development in respect of which permission is sought would not be completed in accordance with such permission if granted or with a condition to which such permission if granted would be subject, and
(ii) that accordingly planning permission should not be granted to the applicant concerned in respect of that development.

(2) In forming its opinion under subsection (1), the planning authority shall only consider those failures to comply with any previous permission, or with any condition to which that permission is subject, that are of a substantial nature.

(3) An opinion under this subsection shall not be a decision on an application for permission for the purposes of this Part.

(4) If the planning authority considers that there are good grounds for its being able to form the opinion under subsection (1) in relation to an application for permission in respect of the development concerned and, accordingly, to exercise the power under subsection (5) to refuse that permission, it shall serve a notice in writing on the applicant to that effect and that notice shall—

(a) specify the non compliance with a previous permission or condition of a previous permission, substantial unauthorised development, or conviction for an offence under this Act, as the case may be, that the authority intends to take into consideration with regard to the proposed exercise of that power, and

(b) invite the applicant to make submissions to the authority within a period specified in the notice as to why the applicant considers that the authority should not exercise that power (whether because the applicant contends that the views of the authority in relation to the failure to comply by the applicant or any other person to whom this section applies with any previous permission, or any condition to which it is subject, the carrying out of substantial unauthorised development or conviction for an offence under this Act, as the case may be, are incorrect or that there are not good grounds for forming the opinion under subsection (1)).

(5) If the planning authority, having considered any submissions made to it in accordance with a notice under subsection (4), proceeds to form the opinion under subsection (1) in relation to the application concerned it shall decide to refuse to grant the permission concerned and notify the applicant accordingly.

(6) The applicant may, within 8 weeks from the receipt of that notification, notwithstanding sections 50 and 50A, apply, by motion on notice to the planning authority, to the High Court for an order annulling the planning authority’s decision and, on the hearing of such application, the High Court may, as it considers appropriate, confirm the decision of the authority, annul the decision and direct the authority to consider the applicant’s application for planning permission without reference to the provisions of this section or make such other order as it thinks fit.

(6A) If, in pursuance of subsection (6), the High Court directs the planning authority to consider the applicant’s application for planning permission without reference to the provisions of this section, the planning authority shall make its decision on the application within the period of 8 weeks from the date the order of the High Court in the matter is perfected but this subsection is subject to the provisions of section 34(8) as applied to the foregoing case by subsection (6B).

(6B) For the purposes of the foregoing case the provisions of section 34(8) shall apply with the following modifications:

(a) in paragraph (a) of section 34(8), after “paragraphs (b), (c), (d) and (e)”, there shall be inserted “and section 35(6A)”;

(c) in paragraph (f) of section 34(8), after “paragraph (a), (b), (c), (d) or (e)”, there shall be inserted “, the period specified in section 35(6A) or, as the case may
be, the period specified in paragraph (b), (c), (d) or (e) as that paragraph is applied by virtue of section 35(6B); and

(d) any other necessary modifications.

(6C) No appeal shall lie to the Board from a decision of a planning authority to refuse to grant planning permission under subsection (5).

(7) In this section, “a person to whom this section applies” means—

(a) the applicant for the permission concerned,

(b) a partnership of which the applicant is or was a member and which, during the membership of that applicant, [carried out a development pursuant to a previous permission, carried out a substantial unauthorised development or has been convicted of an offence under this Act,]

[(ba) a registered society under the Industrial and Provident Societies Acts 1893 to 2014 that—

(i) carried out a development pursuant to a previous permission,  
(ii) carried out a substantial unauthorised development, or

or, during any period to which subparagraph (i) or (ii) relates or to which any conviction under subparagraph (iii) relates, the registered society was, during that period, controlled by the applicant—

(I) where, pursuant to section 15 of the Friendly Societies and Industrial and Provident Societies (Miscellaneous Provisions) Act 2014, ‘control’ has the same meaning as in section 220(5) of the Companies Act 2014, or

(ii) the company concerned is under the same control as a company which carried out a development referred to in subsection (1)(b), where “control” has the same meaning as in section 26(3) of the Companies Act, 1990, or  

(d) a company which [carried out a development pursuant to a previous permission, carried out a substantial unauthorised development or has been convicted of an offence under this Act,] which company is controlled by the applicant—

(i) where “control” has the same meaning as in section 26(3) of the Companies Act, 1990, or  

(ii) as a shadow director within the meaning of section 27(1) of the Companies Act, 1990.

(2) Where outline permission is granted under section 34, that permission shall not operate to authorise the carrying out of any development to which the outline permission relates until a subsequent permission has been granted under that section.

(3) (a) Where outline permission has been granted by a planning authority, any subsequent application for permission must be made not later than 3 years beginning on the date of the grant of outline permission, or such longer period, not exceeding 5 years, as may be specified by the planning authority.

(b) The outline permission shall cease to have effect at the end of the period referred to in paragraph (a) unless the subsequent application for permission is made within that period.

(c) Sections 40, 41 and 42 shall not apply to the grant of an outline permission.

(4) Where an application for permission is made to a planning authority consequent on the grant of outline permission, the planning authority shall not refuse to grant permission on the basis of any matter which had been decided in the grant of outline permission, provided that the authority is satisfied that the proposed development is within the terms of the outline permission.

(b) Subject to paragraphs (c) and (d), where an appeal is brought against a decision of a planning authority and is not withdrawn, the Board shall determine the application as if it had been made to the Board in the first instance and the decision of the Board shall operate to annul the decision of the planning authority as from the time when it was given; and subsections (1), (2), (3) and (4) of section 34 shall apply, subject to any necessary modifications, in relation to the determination of an application by the Board on appeal under this subsection as they apply in relation to the determination under that section of an application by a planning authority.

(c) Paragraph (b) shall be construed and have effect subject to sections 133, 138 and 139.

(d) In paragraph (a) and subsection (6), “the appropriate period” means the period of four weeks beginning on the day of the decision of the planning authority.

(b) Where a planning authority has decided to refuse permission on the grounds that a proposed development materially contravenes the development plan, the Board may only grant permission in accordance with paragraph (a) where it considers that—

(i) the proposed development is of strategic or national importance,

(ii) there are conflicting objectives in the development plan or the objectives are not clearly stated, insofar as the proposed development is concerned, or

(iii) permission for the proposed development should be granted having regard to [regional spatial and economic strategy] for the area, guidelines under section 28, policy directives under section 29, the statutory obligations of any local authority in the area, and any relevant policy of the Government, the Minister or any Minister of the Government, or

(3) Subject to section 141(2), the provisions of subsection (1) authorising appeals to be made before the expiration of the appropriate period within the meaning of that subsection shall be construed as including a provision that an appeal received by the Board after the expiration of the appropriate period shall be invalid as not having been made in time.

(4) (a) Notwithstanding subsection (1), where in accordance with the permission regulations any prescribed body is entitled to be given notice of any planning application, that body shall be entitled to appeal to the Board before the expiration of the appropriate period within the meaning of that subsection where the body had not been sent notice in accordance with the regulations.

(c) Notwithstanding subsection (1), a body or organisation referred to in paragraph (d) shall be entitled to appeal to the Board against a decision by a planning authority on an application for development (being development in respect of which an [environmental impact assessment report] was required to be submitted to the planning authority in accordance with section 172) before the expiration of the appropriate period within the meaning of that subsection.

(iii) which satisfies such additional requirements (if any) as are prescribed under paragraph (e).
(e) The Minister may prescribe additional requirements which a body or organisation of the foregoing kind must satisfy in order to make an appeal under paragraph (c), being requirements of a general nature and for the purposes of promoting transparency and accountability in the operation of such organisations, including requirements—

(ii) the appeal is withdrawn, or

(iii) the appeal is dismissed by the Board pursuant to section 133 or 138.

(b) Where an application for permission referred to in paragraph (a) is made to a planning authority, the planning authority shall notify the applicant that the application cannot be considered by the planning authority and return the application and any other information submitted with the application in accordance with the permission regulations, and any fee paid.

(6) (a) Notwithstanding subsection (1)(a), a person who has an interest in land adjoining land [in respect of which a decision to grant permission has been made] may, within the appropriate period and on payment of the appropriate fee, apply to the Board for leave to appeal against a decision of the planning authority under section 34.

(h) Where leave to appeal is granted under this subsection, subsection (2) of section 126 shall apply subject to the modification that the reference therein to 18 weeks shall be construed as a reference to 14 weeks.

(i) Where leave to appeal is granted under this section, a planning authority that has complied with paragraph (c) shall, in respect of the appeal, be deemed to have complied with the requirements of section 128.

(c) send a prescribed number of copies of the application and the environmental impact assessment report to any prescribed authorities together with a notice stating that submissions or observations may, during the period referred to in paragraph (a)(ii), be made in writing to the Board in relation to—

(i) the implications of the proposed development for proper planning and sustainable development, and

(ii) the likely effects on the environment of the proposed development, if carried out, and

(d) where the proposed development is likely to have significant effects on the environment of a Member State of the European Communities or a state which is a party to the Transboundary Convention, send a prescribed number of copies of the application and the environmental impact assessment report to the prescribed authority of the relevant state or states together with a notice stating that submissions or observations may, during the period referred to in paragraph (a)(ii), be made in writing to the Board.

(4) The planning authority for the area (or, as the case may be, each planning authority for the areas) in which the proposed development would be situated shall, within 10 weeks from the making of the application to the Board under this section (or such longer period as may be specified by the Board), prepare and submit to the Board a report setting out the views of the authority on the effects of the proposed development on the environment and the proper planning and sustainable development of the area of the authority, having regard in particular to the matters specified in section 34(2).

(5) The chief executive of a planning authority shall, before submitting any report in relation to a proposed development to the Board under subsection (4), submit the report to the members of the authority and seek the views of the members on the proposed development.

(6) The members of the planning authority may, by resolution, decide to attach recommendations specified in the resolution to the report of the authority; where
the members so decide those recommendations (together with the meetings administrator’s record) shall be attached to the report submitted to the Board under subsection (4).

(7) In subsection (6) ‘the meetings administrator’s record’ means a record prepared by the meetings administrator (within the meaning of section 46 of the Local Government Act 2001) of the views expressed by the members on the proposed development.

(8) In addition to the report referred to in subsection (4), the Board may, where it considers it necessary to do so, require the planning authority or authorities referred to in that subsection or any planning authority or authorities on whose area or areas it would have a significant effect to furnish to the Board such information in relation to the effects of the proposed development on the proper planning and sustainable development of the area concerned and on the environment as the Board may specify.

37F.— (1) Before determining any application for permission under section 37E the Board may, at its absolute discretion and at any time—

(a) require the applicant for permission to submit further information, including a revised environmental impact assessment report,

(b) indicate that it is considering granting permission, subject to the applicant for permission submitting revised particulars, plans or drawings in relation to the development,

(c) request further submissions or observations from the applicant for permission, any person who made submissions or observations, or any other person who may, in the opinion of the Board, have information which is relevant to the determination of the application,

(d) without prejudice to subsections (2) and (3), make any information relating to the application available for inspection, notify any person or the public that the information is so available and, if it considers appropriate, invite further submissions or observations to be made to it within such period as it may specify, or

(e) hold meetings with the applicant for permission or any other person—

(i) where it appears to the Board to be expedient for the purpose of determining the application, or

(ii) where it appears to the Board to be necessary or expedient for the purpose of resolving any issue with the applicant for permission or any disagreement between the applicant and any other party, including resolving any issue or disagreement in advance of an oral hearing.

(2) Where an applicant submits a revised environmental impact assessment report to the Board in accordance with subsection (1)(a) or otherwise submits further information or revised particulars, plans or drawings in accordance with subsection (1), which, in the opinion of the Board, contain significant additional information on the effect of the proposed development on the environment to that already submitted, the Board shall—

(a) make the information, particulars, plans or drawings, as appropriate, available for inspection,

(b) give notice that the information, particulars, plans or drawings are so available, and

(c) invite further submissions or observations to be made to it within such period as it may specify.
(3) Where the Board holds a meeting in accordance with subsection (1)(e), it shall keep a written record of the meeting and make that record available for inspection.

(4) The Board, or an employee of the Board duly authorised by the Board, may appoint any person to hold a meeting referred to in subsection (1)(e).

(5) Before making a decision under section 37G in respect of proposed development comprising or for the purposes of an activity for which an integrated pollution control licence or a waste licence is required, the Board may request the Environmental Protection Agency to make observations within such period (which period shall not in any case be less than 3 weeks from the date of the request) as may be specified by the Board in relation to the proposed development.

(6) When making its decision under section 37G on the application the Board shall have regard to the observations, if any, received from the Environmental Protection Agency within the period specified under subsection (5).

(7) The Board may, at any time after the expiration of the period specified in a notice under section 37E(3)(a) for making submissions or observations, make its decision under section 37G on the application.

(8) The making of observations by the Environmental Protection Agency under this section shall not prejudice any other function of the Agency.

37G.— (1) When making a decision in respect of a proposed development for which an application is made under section 37E, the Board may consider any relevant information before it or any other matter to which, by virtue of this Act, it can have regard.

(2) Without prejudice to the generality of subsection (1), the Board shall consider—

(a) the environmental impact assessment report submitted under section 37E(1), any submissions or observations made, in response to the invitation referred to in section 37E(3), within the period referred to in that provision, the report (and the recommendations and record, if any, attached to it) submitted by a planning authority in accordance with section 37E(4), any information furnished in accordance with section 37F(1) and any other relevant information before it relating to—

(i) the likely consequences of the proposed development for proper planning and sustainable development in the area in which it is proposed to situate the development, and

(ii) the likely effects on the environment of the proposed development,

(b) any report or recommendation prepared in relation to the application in accordance with section 146, including the report of the person conducting any oral hearing of the proposed development and the written record of any meeting referred to in section 37F(3),

(c) the provisions of the development plan or plans for the area,

(d) the provisions of any special amenity area order relating to the area,

(e) if the area or part of the area is a European site or an area prescribed for the purposes of section 10(2)(c), that fact,

(f) if the proposed development would have an effect on a European site or an area prescribed for the purposes of section 10(2)(c), that fact,

(g) the matters referred to in section 143,

(h) any relevant provisions of this Act and of any regulations made under this Act.
(3) The Board may, in respect of an application under section 37E for permission—

(a) decide—

(i) to grant the permission, or

(ii) to make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified, or

(iii) to grant permission in respect of part of the proposed development (with or without specified modifications of it of the foregoing kind),

or

(b) decide to refuse to grant the permission,

and a decision to grant permission under paragraph (a)(i), (ii) or (iii) may be subject to or without conditions.

(4) Where an application under section 37E relates to proposed development which comprises or is for the purposes of an activity for which an integrated pollution control licence or a waste licence is required, the Board shall not, where it decides to grant permission, subject that permission to conditions which are for the purposes of—

(a) controlling emissions from the operation of the activity, including the prevention, limitation, elimination, abatement or reduction of those emissions, or

(b) controlling emissions related to or following the cessation of the operation or the activity.

(5) Where an application under section 37E relates to proposed development which comprises or is for the purposes of an activity for which an integrated pollution control licence or a waste licence is required, the Board may, in respect of that development, decide to refuse a grant of permission under this section, where the Board considers that the development, notwithstanding the licensing of the activity, is unacceptable on environmental grounds, having regard to the proper planning and sustainable development of the area in which the development will be situated.

(6) The Board may decide to grant a permission for development, or any part of a development, under this section even if the proposed development, or part thereof, contravenes materially the development plan relating to any area in which it is proposed to situate the development.

(7) Without prejudice to the generality of the Board’s powers to attach conditions under subsection (3) the Board may attach to a permission for development under this section—

(a) a condition with regard to any of the matters specified in section 34(4),

(b) a condition requiring the payment of a contribution or contributions of the same kind as the appropriate planning authority could require to be paid under section 48 or 49 (or both) were that authority to grant the permission (and the scheme or schemes referred to in section 48 or 49, as appropriate, made by that authority shall apply to the determination of such contribution or contributions),

(c) a condition requiring the applicant to submit further information to it or any other local or state authority, as the Board may specify before commencing development, or

(d) a condition requiring—
(i) the construction or the financing, in whole or in part, of the construction of a facility, or

(ii) the provision or the financing, in whole or in part, of the provision of a service,

in the area in which the proposed development would be situated, being a facility or service that, in the opinion of the Board, would constitute a substantial gain to the community.

(8) A condition attached pursuant to subsection (7)(d) shall not require such an amount of financial resources to be committed for the purposes of the condition being complied with as would substantially deprive the person in whose favour the permission operates of the benefits likely to accrue from the grant of the permission.

(9) In subsection(7)(b) ‘appropriate planning authority’ means whichever planning authority would, but for the enactment of section 3 of the Planning and Development (Strategic Infrastructure) Act 2006, be the appropriate planning authority to grant the permission referred to in this section.

(10) The conditions attached under this section to a permission may provide that points of detail relating to the grant of the permission may be agreed between the planning authority or authorities in whose functional area or areas the development will be situate and the person carrying out the development; if that authority or those authorities and that person cannot agree on the matter the matter may be referred to the Board for determination.

(11) Without prejudice to the generality of section 18(a) of the Interpretation Act 2005, a reference, however expressed, in this section or sections 37H to 37J to the area in which the proposed development would be situate includes, if the context admits, a reference to the 2 or more areas in which the proposed development would be situate and cognate references shall be construed accordingly.

37H.—(1) The Board shall send a copy of a decision under section 37G to the applicant, to any planning authority in whose area the development would be situate and to any person who made submissions or observations on the application for permission.

[(1A) (a) The Board shall cause to be published [as soon as may be] in one or more newspapers circulated in the area a notice informing the public of a decision under section 37G.

(b) The notice shall state that a person may question the validity of any such decision by the Board by way of an application for judicial review, under Order 84 of the Rules of the Superior Courts (S.I. No. 15 of 1986), in accordance with section 50.

(c) The notice shall identify where practical information on the review mechanism can be found.]

(2) A decision given under section 37G and the notification of the decision shall state—

(a) [subject to paragraph (ba).] the main reasons and considerations on which the decision is based,

(b) [subject to paragraph (bb).] where conditions are imposed in relation to the grant of any permission, the main reasons for the imposition of any such conditions, [...]

[(ba) in relation to the granting or refusal of any permission, where a decision (being a decision which arises from the consideration of the environmental impact assessment report concerned) by the Board to grant or refuse...
permission is different from the recommendation in a report of a person assigned to report on the application on behalf of the Board, the main reasons for not accepting the recommendation in the last-mentioned report to grant or refuse permission,

(bb) where a decision to impose a condition (being an environmental condition which arises from the consideration of the environmental impact assessment report concerned) in relation to the grant of any permission is materially different, in relation to the terms of such condition, from the recommendation in a report of a person assigned to report on the application for permission on behalf of the Board, the main reasons for not accepting, or for varying, as the case may be, the recommendation in the last-mentioned report in relation to such condition,

(bc) in relation to the granting or refusal of any permission, subject to or without conditions, that the Board is satisfied that the reasoned conclusion on the significant effects on the environment of the development was up to date at the time of the taking of the decision, and

[(c) the sum due to be paid to the Board towards the costs incurred by the Board of—

(i) conducting consultations entered into by an applicant under section 37B,

(ii) compliance by the Board with a request by an applicant for an opinion of the Board under section 37D, or

(iii) determining an application under section 37E,

and, in such amount as the Board considers to be reasonable, state the sum to be paid and direct the payment of the sum to any planning authority that incurred costs during the course of consideration of that application and to any other person as a contribution to the costs incurred by that person during the course of consideration of that application (each of which sums the Board may, by virtue of this subsection, require to be paid).]

(2A) A decision given under section 37G and the notification of the decision shall include a summary of the results of the consultations that have taken place and information gathered in the course of the environmental impact assessment and, where appropriate, the comments received from an affected Member State of the European Union or other party to the Transboundary Convention, and specify how those results have been incorporated into the decision or otherwise addressed.

(3) A reference to costs in subsection (2)(c) shall be construed as a reference to such costs as the Board in its absolute discretion considers to be reasonable costs, but does not include a reference to so much of the costs there referred to as have been recovered by the Board by way of a fee charged under section 144.

(4) A grant of permission under section 37G shall be made as soon as may be after the making of the relevant decision but shall not become operative until any requirement made under subsection (2)(c) in relation to the payment by the applicant of a sum in respect of costs has been complied with.

(5) Where an applicant for permission fails to pay a sum in respect of costs in accordance with a requirement made under subsection (2)(c) the Board, the authority or any other person concerned (as may be appropriate) may recover the sum as a simple contract debt in any court of competent jurisdiction.

(6) A person shall not be entitled solely by reason of a permission under section 37G to carry out any development.]

(b) make provision for matters of procedure relating to the making of observations by the Environmental Protection Agency under section 37F(5) and matters connected therewith.

37J. — (1) It shall be the duty of the Board, having regard to the special importance of applications relating to development that may fall within section 37A(2), to ensure that—

(b) within such other period as the Minister may prescribe either generally or in respect of a particular class or classes of matter.

(4) Where a notice has been served under subsection (3), the Board shall take all such steps as are open to it to ensure that the matter is determined before the date specified in the notice.
(5) The Minister may by regulations vary the period referred to in subsection (2)(a) either generally or in respect of a particular class or classes of applications referred to in section 37E, where it appears to him or her to be necessary, by virtue of exceptional circumstances, to do so and, for so long as the regulations are in force, this section shall be construed and have effect in accordance therewith.

(6) Where the Minister considers it to be necessary or expedient that a certain class or classes of application under section 37E that are of special strategic, economic or social importance to the State be determined as expeditiously as is consistent with proper planning and sustainable development, he or she may give a direction to the Board that priority be given to the determination of applications of the class or classes concerned, and the Board shall comply with such a direction.

(7) The Board shall include in each report made under section 118 a statement of the number of matters which the Board has determined within a period referred to in paragraph (a) or (b) of subsection (2) and such other information as to the time taken to determine such matters as the Minister may direct.

(5) Where prior to the date of the coming into operation of this section an application for substitute consent referred to in subsection (1) has been made in respect of a quarry, but no decision has been made by the Board in respect of that application prior to or on that date, an application for permission for further development of the quarry may be made under subsection (1) within 6 months of that date.

(6) No application may be made under subsection (1) where a decision has been made by the Board in respect of an application for substitute consent referred to in subsection (1) prior to or on the date of the coming into operation of this section.

(7) Where—

(a) subsection (5) applies, and

(b) the applicant informs the Board by notice in writing prior to it making its decision in respect of the application for substitute consent that the applicant intends to submit an application for permission under subsection (1),

the Board shall, notwithstanding section 177P(1), not make its decision on the application for substitute consent prior to—

(b) The Board may agree to extend the period specified in subparagraph (a), provided that such period of extension shall not exceed 6 weeks.

(c) The Board may make a decision under section 37N(3) notwithstanding that a planning authority has failed to submit a report requested under paragraph (a) within the time specified in that paragraph or within such period of extension as may have been agreed under paragraph (b).

(4) The Board may decide to grant a permission for development, or any part of a development, under this section even if the proposed development, or part thereof, contravenes materially the development plan relating to any area in which it is proposed to situate the development where it considers that—

(a) there are conflicting objectives in the development plan or the objectives are not clearly stated, insofar as the proposed development is concerned, or

(b) permission for the proposed development should be granted having regard to guidelines under section 28 or any relevant policy of the Government, the Minister or any Minister of the Government.

(c) a condition requiring the applicant to submit further information to it or any other local or state authority, as the Board may specify before commencing development.

(7) In subsection (6)(b) ‘appropriate planning authority’ means whichever planning authority would, but for the operation of section 37L, be the appropriate planning authority to grant the permission referred to in this section or, where the development is situated in the functional area of more than one planning authority, the planning authority in whose functional area the largest portion of the development, as determined by the Board by reference to area, is situated.

(8) The conditions attached under this section to a permission may provide that points of detail relating to the grant of the permission may be agreed between the planning authority or authorities in whose functional area or areas the development will situate and the person carrying out the development; if that authority or those authorities and that person cannot agree on the point of detail, the point of detail may be referred to the Board for determination.

(9) The Board shall not grant a permission in respect of an application under section 37L that—

(5) A grant of permission under section 37N shall be made as soon as may be after the making of the relevant decision.

sub section (4)(c)(ii)(II) in accordance with that subsection on the draft decision concerned.

(8) Where the Board has failed to make a decision under section 37 as read with this section in relation to the relevant appeal within the period it is required to do so by a provision of this Act and becomes aware, whether through notification by the appellant or otherwise, that it has so failed, the Board shall nevertheless proceed to make such decision and the decision so made shall be considered to have been made under section 37 notwithstanding such failure.

(9) Subject to subsection (10), a noise mitigation measure to be introduced by virtue of a decision on the relevant appeal in so far as the decision relates to the relevant regulatory decision shall—

(12) Subject to subsection (13), an operating restriction to which subsection (11) applies shall—

(a) come into effect on the day immediately following the day on which the operation of Article 8 of the Aircraft Noise Regulation ceases to further prevent the coming into effect of the operating restriction, and

(2) Where permission is granted under this Part for a structure, the grant of permission may specify the purposes for which the structure may or may not be used, and in case the grant specifies use as a dwelling as a purpose for which the structure may be used, the permission may also be granted subject to a condition specifying that the use as a dwelling shall be restricted to use by persons of a particular class or description and that provision to that effect shall be embodied in an agreement under section 47.

(3) (a) Where permission to develop land is granted under this Part for a limited period only, nothing in this Part shall be construed as requiring permission to be obtained thereunder for the resumption, at the expiration of that period, of the use of the land for the purpose for which it was normally used before the permission was granted.
(b) In determining for the purposes of this sub section the purposes for which land was normally used before the grant of permission, no account shall be taken of any use of the land begun in contravention of this Part.

(4) Notwithstanding anything in this Part, permission shall not be required under this Part, in the case of land which, on 1 October, 1964, was normally used for one purpose and was also used on occasions, whether at regular intervals or not, for any other purpose, for the use of the land for that other purpose on similar occasions after 1 October, 1964.

Limit of duration of permission.

40.—(1) Subject to subsection (2), a permission granted under this Part, shall on the expiration of the appropriate period (but without prejudice to the validity of anything done pursuant thereto prior to the expiration of that period) cease to have effect as regards—

(a) in case the development to which the permission relates is not commenced during that period, the entire development, and

(b) in case the development is commenced during that period, so much of the development as is not completed within that period.

(2) (a) Subsection (1) shall not apply—

(i) to any permission for the retention on land of any structure,

(ii) to any permission granted either for a limited period only or subject to a condition which is of a kind described in section 34(4)(n),

(b) Subsection (1) shall not affect—

(i) the continuance of any use, in accordance with a permission, of land,

(ii) where a development has been completed (whether to an extent described in paragraph (a) or otherwise), the obligation of any person to comply with any condition attached to the relevant permission whereby something is required either to be done or not to be done.

(3) [In this section and sections 42 and 42A,] “the appropriate period” means—

(a) in case in relation to the permission a period is specified pursuant to section 41, that period, and

(b) in any other case, the period of five years beginning on the date of the grant of permission.

Power to vary appropriate period.

41. (1) Without prejudice to the powers conferred on them by this Part to grant a permission to develop land for a limited period only, in deciding to grant a permission under section 34, 37, 37G or 37N, a planning authority or the Board, as may be appropriate, may, having regard to the nature and extent of the relevant development and any other material consideration, specify the period during which the permission is to have effect, being a period—
(a) in the case of all development requiring permission, of not less than 2 years, and

(b) in the case of residential development requiring permission, of not more than 10 years,

and where the planning authority or the Board exercises, or refuses to exercise, the power conferred on it by this section, the exercise or refusal shall be regarded as forming part of the relevant decision of the authority or the Board under section 34, 37, 37G or 37N.

(2) Where an application for permission relates to a residential development comprising 10 or more houses—

(a) material considerations in subsection (1) may include any information available to the planning authority or furnished to it by the applicant concerning implementation by the applicant of any housing development in the previous 5 years, and

(b) an assessment by the planning authority of the likelihood of the proposed development being implemented within the appropriate periods, being the appropriate period within the meaning provided for by section 40(3).

Power to extend appropriate period.

[42.— (1) On application to it in that behalf a planning authority shall, as regards a particular permission, extend the appropriate period by such additional period not exceeding 5 years as the authority considers requisite to enable the development to which the permission relates to be completed provided that each of the following requirements is complied with:

(a) either—

(i) the authority is satisfied that—

(I) the development to which the permission relates was commenced before the expiration of the appropriate period sought to be extended,

(II) substantial works were carried out pursuant to the permission during that period, and

(III) the development will be completed within a reasonable time,

or

(ii) the authority is satisfied—

(I) that there were considerations of a commercial, economic or technical nature beyond the control of the applicant which substantially militated against either the commencement of development or the carrying out of substantial works pursuant to the planning permission,

(II) that there have been no significant changes in the development objectives in the development plan or in regional development objectives in the [regional spatial and economic strategy] for the area of the planning authority since the date of the permission such that the development would no longer be consistent with the proper planning and sustainable development of the area,

(III) that the development would not be inconsistent with the proper planning and sustainable development of the area having regard to any guidelines issued by the Minister under section 28, notwithstanding that they were so issued after the date of the grant of permission in relation to which an application is made under this section, and

177
(IV) where the development has not commenced, that an environmental impact assessment, or an appropriate assessment, or both of those assessments, if required, was or were carried out before the permission was granted.

(b) the application is in accordance with such regulations under this Act as apply to it,

(c) any requirements of, or made under those regulations are complied with as regards the application, and

(d) the application is duly made prior to the end of the appropriate period.

(2) In extending the appropriate period under subsection (1) a planning authority may attach conditions requiring the giving of adequate security for the satisfactory completion of the proposed development, and/or may add to or vary any conditions to which the permission is already subject under section 34(4)(g).

(3) (a) Where an application is duly made under this section to a planning authority and any requirements of, or made under, regulations under section 43 are complied with as regards the application, the planning authority shall make its decision on the application as expeditiously as possible.

(b) Without prejudice to the generality of paragraph (a), it shall be the objective of the planning authority to ensure that it shall give notice of its decision on an application under this section within the period of 8 weeks beginning on—

(i) in case all of the requirements referred to in paragraph (a) are complied with on or before the day of receipt by the planning authority of the application, that day, and

(ii) in any other case, the day on which all of those requirements stand complied with.

(4) A decision to extend an appropriate period shall be made once and once only under this section and a planning authority shall not further extend the appropriate period.

(5) Particulars of any application made to a planning authority under this section and of the decision of the planning authority in respect of the application shall be recorded on the relevant entry in the register.

(6) Where a decision to extend is made under this section, section 40 shall, in relation to the permission to which the decision relates, be construed and have effect, subject to, and in accordance with, the terms of the decision.

(7) Notwithstanding subsection (1) or (4), where a decision to extend an appropriate period has been made by a planning authority prior to the coming into operation of this section, the planning authority, where an application is made to it in that behalf prior to the expiration of the period by which the appropriate period was extended, may further extend the appropriate period provided that each of the following requirements is complied with—

(i) an application is made in that behalf in accordance with regulations under section 43,

(ii) any requirements of, or made under, the regulations are complied with as regards the application, and

(iii) the authority is satisfied that the relevant development has not been completed due to circumstances beyond the control of the person carrying out the development.]
42A.—[...]  

43.—(1) The Minister may make regulations providing for any matter of procedure in relation to applications under section 42 and making such incidental, consequential or supplementary provision as may appear to him or her to be necessary or proper to give full effect to any of the provisions of section 40, 41 or 42.

(2) Without prejudice to the generality of subsection (1), regulations under this section may—

(a) specify the time at which applications under section 42 may be made, the manner in which those applications shall be made and the particulars they shall contain,

(b) require applicants to furnish to the planning authority any specified information with respect to their applications (including any information regarding any estate or interest in or right over land),

(c) require applicants to submit to a planning authority any further information relevant to their applications (including any information as to any such estate, interest or right),

(d) require the production of any evidence to verify any particulars or information given by any applicant, and

(e) require the notification (in a prescribed manner) by planning authorities of decisions on applications.

44.—(1) If the planning authority considers that it is expedient that any permission to develop land granted under this Part should be revoked or modified, it may serve a notice in accordance with subsection (3) on the applicant and on any other person who, in its opinion, will be materially affected by the revocation or modification.

(2) A planning authority shall neither revoke nor modify a permission under this section unless the development to which the permission relates no longer conforms with the provisions of the development plan.

(3) The notice referred to in subsection (1) shall—

(a) refer to the permission concerned,

(b) specify the provisions of the development plan to which the permission no longer conforms, and

(4) A planning authority may decide to revoke or modify a permission and, when making its decision, shall have regard to any submissions or observations made under subsection (3) (c).

(5) Where a planning authority decides to revoke or modify a permission under subsection (4), it shall specify in the decision the provisions of the development plan to which the permission no longer conforms, and the main reasons and considerations on which the decision is based.

(6) A person served with a notice under subsection (1) may, at any time within 4 weeks of the date of the decision, appeal to the Board against the decision.
(7) Where an appeal is brought under this section against a decision, the Board may confirm the decision with or without modifications, or annul the decision, and it shall specify the main reasons and considerations for its decision.

(8) The power conferred by this section to revoke or modify permission to develop land may be exercised—

(a) where the permission relates to the carrying out of works, at any time before those works have been commenced or, in the case of works which have been commenced and which, consequent on the making of a variation in the development plan, will contravene the plan, at any time before those works have been completed,

(b) where the permission relates to a change of the use of any land, at any time before the change has taken place,

but the revocation or modification of permission for the carrying out of works shall not affect so much of the works as have been previously carried out.

(9) A planning authority may at any time, for stated reasons, by notice in writing withdraw a notice served under this section.

(10) Particulars of a decision made under this section shall be entered in the register.

(11) The revocation or modification under this section of a permission shall be a reserved function.

44A. (1) The Minister may, upon the request of the Minister for Justice and Equality, the Minister for Foreign Affairs and Trade or the Minister for Defence and with the approval of the Government, make an order revoking or modifying a grant of permission under this Act if he or she is satisfied that—

(a) the carrying out of the development to which the grant of permission relates is likely to be harmful to—

(i) the security or defence of the State, or

(ii) the State’s relations with other states,

and

(b) the revocation or modification concerned is necessary in the public interest.

(2) The Minister may, before making an order under this section, consult with—

(a) there is good and sufficient reason for doing so, and
(b) the circumstances that resulted in the failure to make the application for leave within the period so provided were outside the control of the applicant for the extension.

(9) References in this section to the Order shall be construed as including references to the Order as amended or replaced (with or without modification) by rules of court.

Section 50: supplemental provisions.

50A. — (1) In this section—

‘Court’, where used without qualification, means the High Court (but this definition shall not be construed as meaning that subsections (2) to (6) and (9) do not extend to and govern the exercise by the Supreme Court of jurisdiction on any appeal that may be made);

‘Order’ shall be construed in accordance with section 50;

‘section 50 leave’ means leave to apply for judicial review under the Order in respect of a decision or other act to which section 50(2) applies.

(2) (a) An application for section 50 leave shall be made by motion ex parte and shall be grounded in the manner specified in the Order in respect of an ex parte motion for leave.

(b) The Court hearing the ex parte application for leave may decide, having regard to the issues arising, the likely impact of the proceedings on the respondent or another party, or for other good and sufficient reason, that the application for leave should be conducted on an inter partes basis and may adjourn the application on such terms as it may direct in order that a notice may be served on that person.

(c) If the Court directs that the leave hearing is to be conducted on an inter partes basis it shall be by motion on notice (grounded in the manner specified in the Order in respect of an ex parte motion for leave)—

(i) if the application relates to a decision made or other act done by a planning authority or local authority in the performance or purported performance of a function under this Act, to the authority concerned and, in the case of a decision made or other act done by a planning authority on an application for permission, to the applicant for the permission where he or she is not the applicant for leave,

(ii) if the application relates to a decision made or other act done by the Board on an appeal or referral, to the Board and each party or each other party, as the case may be, to the appeal or referral,

(iii) if the application relates to a decision made or other act done by the Board on an application for permission or approval, to the Board and to the applicant for the permission or approval where he or she is not the applicant for leave,

(iv) if the application relates to a decision made or other act done by the Board or a local authority in the performance or purported performance of a function referred to in section 50(2)(b) or (c), to the Board or the local authority concerned, and

(v) to any other person specified for that purpose by order of the High Court.

(d) The Court may—

(i) on the consent of all of the parties, or

(ii) where there is good and sufficient reason for so doing and it is just and equitable in all the circumstances,
treat the application for leave as if it were the hearing of the application for judicial review and may for that purpose adjourn the hearing on such terms as it may direct.]

(3) The Court shall not grant section 50 leave unless it is satisfied that—

(a) there are substantial grounds for contending that the decision or act concerned is invalid or ought to be quashed, and

(b) (i) the applicant has a sufficient interest in the matter which is the subject of the application, or

(ii) where the decision or act concerned relates to a development identified in or under regulations made under section 176, for the time being in force, as being development which may have significant effects on the environment, the applicant—

(I) is a body or organisation (other than a State authority, a public authority or governmental body or agency) the aims or objectives of which relate to the promotion of environmental protection,

(II) has, during the period of 12 months preceding the date of the application, pursued those aims or objectives, and

(III) satisfies such requirements (if any) as a body or organisation, if it were to make an appeal under section 37(4)(c), would have to satisfy by virtue of section 37(4)(d)(iii) (and, for this purpose, any requirement prescribed under section 37(4)(e)(iv) shall apply as if the reference in it to the class of matter into which the decision, the subject of the appeal, falls were a reference to the class of matter into which the decision or act, the subject of the application for section 50 leave, falls).

(4) A sufficient interest for the purposes of subsection (3)(b)(i) is not limited to an interest in land or other financial interest.

(5) If the court grants section 50 leave, no grounds shall be relied upon in the application for judicial review under the Order other than those determined by the Court to be substantial under subsection (3)(a).

(6) The Court may, as a condition for granting section 50 leave, require the applicant for such leave to give an undertaking as to damages.

(7) The determination of the Court of an application for section 50 leave or of an application for judicial review on foot of such leave shall be final and no appeal shall lie from the decision of the Court to the Supreme Court in either case save with leave of the Court which shall only be granted where the Court certifies that its decision involves a point of law of exceptional public importance and that it is desirable in the public interest that an appeal should be taken to the Supreme Court.

(8) Subsection (7) shall not apply to a determination of the Court in so far as it involves a question as to the validity of any law having regard to the provisions of the Constitution.

(9) If an application is made for judicial review under the Order in respect of part only of a decision or other act to which section 50(2) applies, the Court may, if it thinks fit, declare to be invalid or quash the part concerned or any provision thereof without declaring invalid or quashing the remainder of the decision or other act or part of the decision or other act, and if the Court does so, it may make any consequential amendments to the remainder of the decision or other act or the part thereof that it considers appropriate.

(10) The Court shall, in determining an application for section 50 leave or an application for judicial review on foot of such leave, act as expeditiously as possible consistent with the administration of justice.
(11) On an appeal from a determination of the Court in respect of an application referred to in subsection (10), the Supreme Court shall—

(a) have jurisdiction to determine only the point of law certified by the Court under subsection (7) (and to make only such order in the proceedings as follows from such determination), and

(b) in determining the appeal, act as expeditiously as possible consistent with the administration of justice.

(12) Rules of court may make provision for the expeditious hearing of applications for section 50 leave and applications for judicial review on foot of such leave.

50B.— (1) This section applies to proceedings of the following kinds:

(a) proceedings in the High Court by way of judicial review, or of seeking leave to apply for judicial review, of—

(i) any decision or purported decision made or purportedly made,

(ii) any action taken or purportedly taken, [...] 

(iii) any failure to take any action, pursuant to a [statutory provision] that gives effect to—

[(IV) paragraph 3 or 4 of Article 6 of the Habitats Directive; or]

(b) an appeal (including an appeal by way of case stated) to the Supreme Court from a decision of the High Court in a proceeding referred to in paragraph (a);

(c) proceedings in the High Court or the Supreme Court for interim or interlocutory relief in relation to a proceeding referred to in paragraph (a) or (b).

(2) Notwithstanding anything contained in Order 99 of the Rules of the Superior Courts (S.I. No. 15 of 1986) and subject to subsections (2A), (3) and (4), in proceedings to which this section applies, each party to the proceedings (including any notice party) shall bear its own costs.

(2A) The costs of proceedings, or a portion of such costs, as are appropriate, may be awarded to the applicant to the extent that the applicant succeeds in obtaining relief and any of those costs shall be borne by the respondent or notice party, or both of them, to the extent that the actions or omissions of the respondent or notice party, or both of them, contributed to the applicant obtaining relief.
(3) The Court may award costs against a party in proceedings to which this section applies if the Court considers it appropriate to do so—

(a) because the Court considers that a claim or counterclaim by the party is frivolous or vexatious,

(b) because of the manner in which the party has conducted the proceedings, or

(c) where the party is in contempt of the Court.

(4) Subsection (2) does not affect the Court’s entitlement to award costs in favour of a party in a matter of exceptional public importance and where in the special circumstances of the case it is in the interests of justice to do so.

(5) In this section a reference to ‘the Court’ shall be construed as, in relation to particular proceedings to which this section applies, a reference to the High Court or the Supreme Court, as may be appropriate.

[(6) In this section ‘statutory provision’ means a provision of an enactment or instrument under an enactment.]

PART IV

ARCHITECTURAL HERITAGE

CHAPTER I

Protected Structures

51.—(1) For the purpose of protecting structures, or parts of structures, which form part of the architectural heritage and which are of special architectural, historical, archaeological, artistic, cultural, scientific, social or technical interest, every development plan shall include a record of protected structures, and shall include in that record every structure which is, in the opinion of the planning authority, of such interest within its functional area.

(2) After consulting with the Minister for Arts, Heritage, Gaeltacht and the Islands, the Minister shall prescribe the form of a record of protected structures.

(3) Subject to any additions or deletions made to the record, either under this Part or in the course of a review of the development plan under Part II, a record of protected structures shall continue to be part of that plan or any variation or replacement of the plan.

52.—(1) The Minister for Arts, Heritage, Gaeltacht and the Islands shall, after consulting with the Minister, issue guidelines to planning authorities concerning development objectives—

(a) for protecting structures, or parts of structures, which are of special architectural, historical, archaeological, artistic, cultural, scientific, social or technical interest, and

(b) for preserving the character of architectural conservation areas,

and any such guidelines shall include the criteria to be applied when selecting proposed protected structures for inclusion in the record of protected structures.

(2) The Minister for Arts, Heritage, Gaeltacht and the Islands may, after consulting with the authorities of any religious denominations which he or she considers necessary, issue guidelines to planning authorities concerning—
(a) the issue of declarations under section 57 in respect of protected structures which are regularly used as places of public worship, and

(b) the consideration by planning authorities of applications for development affecting the interior of such protected structures.

(3) In considering development objectives, a planning authority shall have regard to any guidelines issued under this section.

(4) In this section, “development objective” means an objective which, under section 10, a planning authority proposes to include in its development plan.

53.—(1) The Minister for Arts, Heritage, Gaeltacht and the Islands may, in writing, make recommendations to a planning authority concerning the inclusion in its record of protected structures of any or all of the following—

(a) particular structures;

(b) specific parts of particular structures;

(c) specific features within the attendant grounds of particular structures.

(2) A planning authority shall have regard to any recommendations made to it under this section.

(3) A planning authority which, after considering a recommendation made to it under this section, decides not to comply with the recommendation, shall inform the Minister for Arts, Heritage, Gaeltacht and the Islands in writing of the reason for its decision.

54.—(1) A planning authority may add to or delete from its record of protected structures a structure, a specified part of a structure or a specified feature of the attendant grounds of a structure, where—

(a) the authority considers that—

(i) in the case of an addition, the addition is necessary or desirable in order to protect a structure, or part of a structure, of special architectural, historical, archaeological, artistic, cultural, scientific, social or technical interest, whether or not a recommendation has been made under section 53, or

(ii) in the case of a deletion, the protection of the structure or part is no longer warranted,

and

(b) the addition or deletion is made when making a development plan under Part II or in accordance with section 55.

(2) The making of an addition to, or a deletion from, a record of protected structures shall be a reserved function.

55.—(1) A planning authority which proposes, at any time other than in the course of making its development plan under Part II, to make an addition to or a deletion from its record of protected structures shall—

(a) serve on each person who is the owner or occupier of the proposed protected structure or the protected structure, as the case may be, a notice of the proposed addition or deletion, including the particulars,
(b) send particulars of the proposed addition or deletion to the Minister for Arts, Heritage, Gaeltacht and the Islands and to any other prescribed bodies, and

c) cause notice of the proposed addition or deletion to be published in at least one newspaper circulating in its functional area.

(2) A notice under paragraph (a) or (c) of subsection (1) shall state the following—

(a) that particulars of the proposed addition or deletion may be inspected at a specified place, during a specified period of not less than 6 weeks;

(b) that, during such period, any person may make written submissions or observations, with respect to the proposed addition or deletion, to the planning authority, and that any such submissions or observations will be taken into consideration before the making of the addition or deletion concerned;

(c) whether or not the proposed addition or deletion was recommended by the Minister for Arts, Heritage, Gaeltacht and the Islands;

(d) that, if the proposed addition or deletion was recommended by the Minister for Arts, Heritage, Gaeltacht and the Islands, the planning authority shall forward to that Minister for his or her observations a copy of any submission or observation made under paragraph (b).

(3) Before making the proposed addition or deletion, the planning authority shall—

(a) consider any written submissions or observations received under subsection (2) (b), and

(b) have regard to any observations received from the Minister for Arts, Heritage, Gaeltacht and the Islands, concerning those submissions or observations, within 4 weeks after the receipt by that Minister of a copy of the submissions or observations.

(4) Within 12 weeks after the end of the period allowed under subsection (2)(a) for inspection, the planning authority shall decide whether or not the proposed addition or deletion should be made.

(5) Within 2 weeks after making an addition to or a deletion from the record of protected structures, a planning authority shall serve on the owner and on the occupier of the structure concerned a notice of the addition or deletion, including the particulars.

56.—Where a structure, a specified part of a structure or a specified feature within the attendant grounds of a structure is included in the record of protected structures, its inclusion may be registered under the Registration of Title Act, 1964, in the appropriate register maintained under that Act, as a burden affecting registered land (within the meaning of that Act).

57.—(1) [Notwithstanding section 4(1)(a), (h), (i), [[ia)] (j), (k), or (l) and any regulations made under section 4(2),] the carrying out of works to a protected structure, or a proposed protected structure, shall be exempted development only if those works would not materially affect the character of—

(a) the structure, or

(b) any element of the structure which contributes to its special architectural, historical, archaeological, artistic, cultural, scientific, social or technical interest.

(2) An owner or occupier of a protected structure may make a written request to the planning authority, within whose functional area that structure is situated, to issue a declaration as to the type of works which it considers would or would not
materially affect the character of the structure or of any element, referred to in subsection (1)(b), of that structure.

(3) Within 12 weeks after receiving a request under subsection (2), or within such other period as may be prescribed, a planning authority shall issue a declaration under this section to the person who made the request.

(4) Before issuing a declaration under this section, a planning authority [or the Board] shall have regard to—

(a) any guidelines issued under section 52, and

(b) any recommendations made to the authority under section 53.

(5) If the declaration relates to a protected structure that is regularly used as a place of public worship, the planning authority [or the Board]

(a) in addition to having regard to the guidelines and recommendations referred to in subsection (4), shall respect liturgical requirements, and

(b) for the purpose of ascertaining those requirements shall—

(i) comply with any guidelines concerning consultation which may be issued by the Minister for Arts, Heritage, Gaeltacht and the Islands, or

(ii) if no such guidelines are issued, consult with such person or body as the planning authority [or the Board] considers appropriate.

(6) When considering an application for permission for the development of land under section 34 which—

(a) relates to the interior of a protected structure, and

(b) is regularly used as a place of public worship,

the planning authority, and the Board on appeal, shall, in addition to any other requirements of the Act, respect liturgical requirements.

(7) A planning authority may at any time review a declaration issued under this section but the review shall not affect any works carried out in reliance on the declaration prior to the review.

(8) Any person to whom a declaration under subsection (3), or a declaration reviewed under subsection (7) has been issued, may, on payment to the Board of such fee as may be prescribed, refer the declaration for review by the Board within 4 weeks from the date of the issuing of the declaration, or the declaration as reviewed, as the case may be.

(9) A planning authority shall cause—

(a) the details of any declaration issued by that authority, or of a decision by the Board on a referral, to be entered on the register kept by the authority under section 7, and

(b) a copy of the declaration or decision, as appropriate, to be made available for inspection by members of the public, during office hours, at the office of the authority, following the issue of the declaration or decision.

(10) (a) For the avoidance of doubt, it is hereby declared that a planning authority or the Board on appeal—

(i) in considering any application for permission in relation to a protected structure, shall have regard to the protected status of the structure, or
(ii) in considering any application for permission in relation to a proposed protected structure, shall have regard to the fact that it is proposed to add the structure to a record of protected structures.

(b) A planning authority, or the Board on appeal, shall not grant permission for the demolition of a protected structure or proposed protected structure, save in exceptional circumstances.

Duty of owners and occupiers to protect structures from endangerment.

58.—(1) Each owner and each occupier shall, to the extent consistent with the rights and obligations arising out of their respective interests in a protected structure or a proposed protected structure, ensure that the structure, or any element of it which contributes to its special architectural, historical, archaeological, artistic, cultural, scientific, social or technical interest, is not endangered.

(2) The duty imposed by subsection (1) in relation to a proposed protected structure arises at the time the owner or occupier is notified, under section 55 or under Part II, of the proposal to add the structure to the record of protected structures.

(3) Neither of the following shall be considered to be a breach of the duty imposed on each owner and each occupier under this section—

(a) development in respect of which permission under section 34 has been granted;

(b) development consisting only of works of a type which, in a declaration issued under section 57(3) to that owner or occupier, a planning authority has declared would not materially affect the character of the protected structure or any element, referred to in subsection (1) of this section, of that structure.

(4) Any person who, without lawful authority, causes damage to a protected structure or a proposed protected structure shall be guilty of an offence.

(5) Without prejudice to any other defence that may be available, it shall be a good defence in any proceedings for an offence under subsection (4) to prove that the damage to the structure resulted from works which were—

(a) urgently required in order to secure the preservation of the structure or any part of it,

(b) undertaken in good faith solely for the purpose of temporarily safeguarding the structure, and

(c) unlikely to permanently alter the structure or any element of it referred to in subsection (1).

Notice to require works to be carried out in relation to endangerment of protected structures.

59.—(1) Where, in the opinion of the planning authority, it is necessary to do so in order to prevent a protected structure situated within its functional area from becoming or continuing to be endangered, the authority shall serve on each person who is the owner or occupier of the protected structure a notice—

(a) specifying the works which the planning authority considers necessary in order to prevent the protected structure from becoming or continuing to be endangered, and

(b) requiring the person on whom the notice is being served to carry out those works within a specified period of not less than 8 weeks from the date the notice comes into effect under section 62.

(2) After serving notice under subsection (1) on a person, a planning authority may—

(a) at its discretion, assist the person in carrying out the works required under the notice, and
(b) provide such assistance in any form it considers appropriate, including advice, financial aid, materials, equipment and the services of the authority’s staff.

(3) Any person on whom a notice under subsection (1) has been served may, within 4 weeks from the date of service of the notice, make written representations to the planning authority concerning—

(a) the terms of the notice,

(b) the provision of assistance under subsection (2), and

(c) any other material considerations.

(4) After considering any representations made under subsection (3), the planning authority may confirm, amend or revoke the notice, and shall notify the person who made the representations of its decision.

(5) Particulars of a notice served under this section shall be entered in the register.

60.—(1) In this section, “works”, in relation to a structure or any element of a structure, includes the removal, alteration or replacement of any specified part of the structure or element, and the removal or alteration of any advertisement structure.

(2) A planning authority may serve a notice that complies with subsection (3) on each person who is the owner or occupier of a structure situated within its functional area, if—

(a) the structure is a protected structure and, in the opinion of the planning authority, the character of the structure or of any of its elements ought to be restored, or

(b) the structure is in an architectural conservation area and, in the opinion of the planning authority, it is necessary, in order to preserve the character of the area, that the structure be restored.

(3) A notice under subsection (2) shall—

(a) specify the works required to be carried out for the purposes of restoring the structure or element referred to in the notice,

(b) state that the person on whom the notice is served may, within a specified period of not less than 8 weeks from the date of the service of the notice, make written representations to the planning authority concerning the notice,

(c) invite that person to enter into discussions with the planning authority, within a specified period of not less than 8 weeks from the date of the service of the notice, concerning the notice and in particular concerning—

(i) the provision by the planning authority of advice, materials, equipment, the services of the authority’s staff or other assistance in carrying out the works specified in the notice, and

(ii) the period within which the works are to be carried out,

(d) specify the period within which, unless otherwise agreed in the discussions under paragraph (c), the works shall be carried out, being a period of not less than 8 weeks from the end of the period allowed for entering into discussions, and

(e) state that the planning authority shall pay any expenses that are reasonably incurred by that person in carrying out the works in accordance with the notice, other than works that relate to an unauthorised structure which has been constructed, erected or made 7 years or less prior to the service of the notice.
(4) In deciding whether to serve a notice under this section, a planning authority shall have regard to any guidelines issued under section 52 and any recommendations made under section 53.

(5) If the invitation under subsection (3)(c) to enter into discussions is accepted, the planning authority shall facilitate the holding of those discussions.

(6) After considering any representations made under subsection (3)(b) and any discussions held under subsection (5), the planning authority may confirm, amend or revoke the notice and shall notify the person who made the representations of its decision.

(7) Particulars of a notice served under this section shall be entered in the register.

Appeals against notices.

61. —(1) Within 2 weeks after being notified under section 59(4) or 60(6) of the confirmation or amendment of a notice, any person who made representations in relation to the notice may appeal against the notice to the District Court, on any one or more of the following grounds:

(a) that the person is not the owner or occupier of the structure in respect of which the notice has been served;

(b) that, in the case of a notice under section 59(1), compliance with the requirements of the notice would involve unreasonable expense, and that the person had stated in representations made to the planning authority under section 59(3) that he or she did not have the means to pay;

(c) that the person has already taken all reasonable steps to—

(i) in the case of a notice under section 59(1), prevent the structure from becoming, or continuing to be endangered,

(ii) in the case of a notice under section 60(2) in relation to a protected structure, restore the character of the structure or the element, or

(iii) in the case of a notice under section 60(2) in relation to a structure that forms part of a place, area, group of structures or townscape referred to in paragraph (b) of that subsection, assist in restoring the character of that place, area, group of structures or townscape, as the case may be;

(d) that the time for complying with the notice is unreasonably short.

(2) Notice of an appeal under subsection (1) shall be given to the planning authority, and it shall be entitled to appear, be heard and adduce evidence on the hearing of the appeal.

(3) On the hearing of the appeal, the District Court may, as it thinks proper—

(a) confirm the notice unconditionally,

(b) confirm the notice subject to such modifications or additions as the Court thinks reasonable, or

(c) annual the notice.

(4) Where the notice is confirmed under subsection (3)(b) subject to modifications or additions, the notice shall have effect subject to those modifications or additions.

Effective date of notices.

62. —A notice under section 59(1) or 60(2) shall not have effect until the expiry of 4 weeks from the date of service of the notice, subject to the following exceptions—
(a) if any representations have been made under section 59 or 60 in relation to the notice, and no appeal is taken within the period allowed under section 61(1), the notice has effect on the expiry of the appeal period;

(b) if an appeal is taken under section 61(1) and the notice is confirmed, the notice has effect on the date on which the decision of the District Court is pronounced, or the date on which that order is expressed to take effect, whichever is later;

(c) if an application is made to the District Court under section 65(1) and an order is made under section 65(2)(a), the notice has effect on the date on which the decision of the Court is pronounced, or the date on which that order is expressed to take effect, whichever is later.

63.—A person who fails to comply with a notice served on him or her under section 59(1) shall be guilty of an offence.

64.—Any person who is the owner of the land or structure in respect of which a notice under section 59(1) or 60(2) has been served, and his or her servants or agents, may enter that land or structure and carry out the works required under the notice.

65.—(1) A person served with a notice under section 59(1) or 60(2) may apply to the District Court for an order under subsection (2) of this section if—

(a) that person is unable, without the consent of another person, to carry out the works required under the notice, and

(b) the other person withholds consent to the carrying out of those works.

(2) If, on hearing an application under subsection (1), the District Court determines that the other person’s consent has been unreasonably withheld—

(a) the Court may, at its discretion, deem that consent to have been given, and

(b) in that case, the person making the application shall be entitled to carry out the works required under the notice.

66.—The jurisdiction conferred on the District Court—

(a) by section 61 in relation to an appeal against a notice, or

(b) by section 65 in relation to an application for an order deeming consent to have been given,

shall be exercised by a judge of that Court having jurisdiction in the district in which the structure that is the subject of the appeal or application is situated.

67.—(1) A person who has been served with a notice under section 59(1), and who has carried out the works required under the notice, may apply to a court of competent jurisdiction for an order directing that all, or such part as may be specified in the order, of the cost of those works be borne by some other person who has an interest in the structure concerned.

(2) On the hearing of an application under subsection (1), the court shall make such order as it considers just, having regard to all the circumstances of the case.
68.—The carrying out of any works specified in a notice under section 59(1) or 60(2) shall be exempted development.

69.—Where a person on whom a planning authority has served a notice under section 59(1) or 60(2) fails to comply with the notice, the planning authority may take such steps as it considers reasonable and necessary to give effect to the terms of the notice including—

(a) entry on land by authorised persons in accordance with section 252, and
(b) the carrying out, or arranging the carrying out, of the works specified in the notice.

70.—A planning authority which serves a notice under section 59(1) in respect of a protected structure may—

(a) recover (whether as a simple contract debt in a court of competent jurisdiction or otherwise), from the owner or occupier, any expenses reasonably incurred by the authority under section 69, including any assistance provided under section 59(2), and
(b) secure those expenses by—

(i) charging the protected structure under the Registration of Title Act, 1964, or
(ii) an instrument vesting any interest in the protected structure in the authority subject to a right of redemption by the owner or occupier.

71.—(1) A planning authority may acquire, by agreement or compulsorily, any protected structure situated within its functional area if—

(a) it appears to the planning authority that it is necessary to do so for the protection of the structure, and
(b) in the case of a compulsory acquisition, the structure is not lawfully occupied as a dwelling house by any person other than a person employed as a caretaker.

(2) In this section and sections 72 to 77, a reference to a protected structure shall be construed to include a reference to any land which—

(a) forms part of the attendant ground of that structure, and
(b) is, in the planning authority’s opinion, necessary to secure the protection of that structure,

whether or not the land lies within the curtilage of the structure or is specified as a feature in the record of protected structures.

72.—(1) A planning authority intending to acquire any protected structure compulsorily under this Part shall—

(a) publish in one or more newspapers circulating in its functional area a notice—

(i) stating its intention to acquire the protected structure compulsorily under this Part,
(ii) describing the structure to which the notice relates,
(iii) naming the place where a map showing the location of the protected structure is deposited and the times during which it may be inspected, and

(iv) specifying the time within which (not being less than 4 weeks), and the manner in which, objections to the acquisition of the structure may be made to the planning authority,

and

(b) serve on every owner, lessee and occupier (except tenants for one month or a period less than one month) of the structure a notice which complies with paragraph (a).

(2) In this section, “owner”, in relation to a protected structure, means—

(a) a person, other than a mortgagee not in possession, who is for the time being entitled to dispose (whether in possession or reversion) of the fee simple of the protected structure, and

(b) a person who, under a lease or agreement the unexpired term of which exceeds 5 years, holds or is entitled to the rents or profits of the protected structure.

Objection to compulsory acquisition of protected structure.

73.—(1) Any person, on whom a notice of the proposed compulsory acquisition of a protected structure has been served under section 72(1)(b), may, within the time and in the manner specified in the notice, submit to the planning authority concerned an objection to the proposed compulsory acquisition referred to in the notice.

(2) A person who has submitted an objection under subsection (1) may withdraw the objection by notice in writing sent to the planning authority concerned.

(3) Where an objection submitted to a planning authority under subsection (1) is not withdrawn, the planning authority shall not acquire the protected structure compulsorily without the consent of the Board.

(4) An application for the Board’s consent to the compulsory acquisition of a protected structure shall be made within 4 weeks after the expiry of the time allowed, under subsection (1), for submitting an objection to that acquisition, and shall be accompanied by the following—

(a) the relevant map,

(b) a copy of the objection made under subsection (1) to the planning authority,

(iv) the rates of interest on mortgages for house purchase;

(v) the relationship between the price of housing under subparagraph (ii), incomes under subparagraph (iii) and rates of interest under subparagraph (iv) for the purpose of establishing the affordability of houses in the area of the development plan;

(va) the number of households who have applied to purchase an affordable dwelling under an affordable dwelling purchase arrangement pursuant to Part 5 of the Housing (Miscellaneous Provisions) Act 2009;

(vi) such other matters as the planning authority considers appropriate or as may be prescribed for the purposes of this subsection.

(b) Regulations made for the purposes of this subsection shall not affect any housing strategy or the objectives of any development plan made before those regulations come into operation.

95.—(1) (a) In conjunction with the inclusion of the housing strategy in its development plan, a planning authority shall [, having regard to the overall strategy for the proper planning and sustainable development of the area of the development plan referred to in section 10,] ensure that sufficient and suitable land is zoned for residential use, or for a mixture of residential and other uses, to meet the requirements of the housing strategy and to ensure that a scarcity of such land does not occur at any time during the period of the development plan.

(b) A planning authority shall include objectives in the development plan in order to secure the implementation of the housing strategy, in particular, any of the matters referred to in section 94(3), including objectives requiring that a specified percentage of land zoned solely for residential use, or for a mixture of residential and other uses, be made available for the provision of housing referred to in section 94(4)(a).

(c) Specific objectives as referred to in paragraph (b) may be indicated in respect of each area zoned for residential use, or for a mixture of residential and other uses, and, where required by local circumstances relating to the amount of housing required as estimated in the housing strategy under section 94(4)(a), different specific objectives may be indicated in respect of different areas, subject to the specified percentage referred to in section 94(4)(c) not being exceeded.

(d) In order to counteract undue segregation in housing between persons of different social backgrounds, the planning authority may indicate in respect of any particular area referred to in paragraph (c) that there is no requirement for housing referred to in section 94(4)(a) in respect of that area, or that a lower percentage than that specified in the housing strategy may instead be required.

(2) Nothing in subsection (1) shall prevent any land being developed exclusively for housing referred to in section 94(4)(a)(i) or (ii).
(3) (a) The report of the chief executive under section 15(2) shall include a review of the progress achieved in implementing the housing strategy and, where the report indicates that new or revised housing needs have been identified, the chief executive may recommend that the housing strategy be adjusted and the development plan be varied accordingly.

(b) The chief executive of a planning authority shall, where he or she considers that there has been a change in the housing market, or in the regulations made by the Minister under section 100, that significantly affects the housing strategy, give a report on the matter to the members of the authority and, where he or she considers it necessary, the chief executive may recommend that the housing strategy be adjusted and the development plan be varied accordingly.

96.—(1) Subject to subsection (13) and section 97, where a development plan objective requires that a specified percentage of any land zoned solely for residential use, or for a mixture of residential and other uses, be made available for housing referred to in section 94(4)(a), the provisions of this section shall apply to an application for permission for the development of houses on land to which such an objective applies, or where an application relates to a mixture of developments, to that part of the application which relates to the development of houses on such land, in addition to the provisions of section 34.

(2) A planning authority, or the Board on appeal, shall require as a condition of a grant of permission that the applicant, or any other person with an interest in the land to which the application relates, [prior to the lodgment of a commencement notice within the meaning of Part II of the Building Control Regulations 1997,] enter into an agreement under this section with the planning authority, providing, in accordance with this section, for the matters referred to in paragraph (a) or (b) of subsection (3).

(3) (a) Subject to paragraph (b), an agreement under this section shall provide for the transfer to the planning authority of the ownership of such part or parts of the land which is subject to the application for permission as is or are specified by the agreement as being part or parts required to be reserved for the provision of housing referred to in section 94(4)(a).

(b) Instead of the transfer of land referred to in paragraph (a) and subject to paragraph (c) and the other provisions of this section, an agreement under this section may provide for—

(i) the building and transfer, on completion, to the ownership of the planning authority, or to the ownership of persons nominated by the authority in accordance with this Part, of houses on the land which is subject to the application for permission of such number and description as may be specified in the agreement,

(ii) […]

(iii) […]

(iv) the transfer to the ownership of the planning authority, or to the ownership of persons nominated by the authority in accordance with this Part, of houses on any other land within the functional area of the planning authority of such number and description as may be specified in the agreement.

(iv a) the grant to the planning authority of a lease under the Housing Acts 1966 to 2014 of houses on the land which is subject to the application for permission, or on any other land within the functional area of the planning authority, of such number and description as may be specified in the agreement.
(v) [...] 

(vi) [...] 

(vii) a combination of a transfer of land referred to in paragraph (a) (but involving a lesser amount of such land than if the agreement solely provided for a transfer under that paragraph) and the doing of one or more of the things referred to in the preceding subparagraphs,

[(viii) a combination of the doing of 2 or more of the things referred to in subparagraphs (i) to (iva).] 

[but, subject, in every case, to the provision that is made under this paragraph resulting in the aggregate of the net monetary value of the property transferred, or the reduction in rent payable over the term of a lease referred to in paragraph (iva) (excluding any reduction for maintenance, management and void periods specified in such lease), by virtue of the agreement being equivalent to the net monetary value, that is to say, the open market value less the existing use value, of the land that the planning authority would receive if the agreement solely provided for a transfer of land under paragraph (a).]

(c) In considering whether to enter into an agreement under paragraph (b), the planning authority shall consider each of the following:

(i) whether such an agreement will contribute effectively and efficiently to the achievement of the objectives of the housing strategy;

(ii) whether such an agreement will constitute the best use of the resources available to it to ensure an adequate supply of housing and any financial implications of the agreement for its functions as a housing authority;

(iii) the need to counteract undue segregation in housing between persons of different social background in the area of the authority;

(iv) whether such an agreement is in accordance with the provisions of the development plan;

(v) the time within which housing referred to in section 94(4)(a) is likely to be provided as a consequence of the agreement.

[(d) Where houses are to be transferred to the planning authority in accordance with an agreement under paragraph (b), the price of such houses shall be determined on the basis of—

(i) the site cost of the houses (calculated in accordance with subsection (6)), and

(ii) the costs, including normal construction and development costs and profit on those costs, calculated at open market rates that would have been incurred by the planning authority had it retained an independent builder to undertake the works, including the appropriate share of any common development works, as agreed between the authority and the developer.] 

(e) Where an agreement under this section provides for the transfer of [land or houses], [the houses] or the land, whether in one or more parts, shall be identified in the agreement.

(f) In so far as it is known at the time of the agreement, the planning authority shall indicate to the applicant its intention in relation to the provision of housing, including a description of the proposed houses, on the land [...] to be transferred [... or to be the subject of a lease] in accordance with paragraph (a) or (b).
(g) Nothing in this subsection shall be construed as requiring the applicant or any other person (other than the planning authority) to enter into an agreement under paragraph (b) instead of an agreement under paragraph (a).

(h) For the purposes of an agreement under this subsection, the planning authority shall consider—

(i) the proper planning and sustainable development of the area to which the application relates,

(ii) the housing strategy and the specific objectives of the development plan which relate to the implementation of the strategy,

(iii) the need to ensure the overall coherence of the development to which the application relates, where appropriate, and

(iv) the views of the applicant in relation to the impact of the agreement on the development.

(i) Government guidelines on public procurement shall not apply to an agreement made under paragraph (a) or (b) except in the case of an agreement which is subject to the requirements of Council Directive No. 93/37/EEC on the co-ordination of procedures relating to the award of Public Works Contracts and any directive amending or replacing that directive.

(4) An applicant for permission shall, when making an application to which this section applies, specify the manner in which he or she would propose to comply with a condition to which subsection (2) relates, were the planning authority to attach such a condition to any permission granted on foot of such application, and where the planning authority grants permission to the applicant subject to any such condition it shall have regard to any proposals so specified.

(5) In the case of a dispute in relation to any matter which may be the subject of an agreement under this section, other than a dispute relating to a matter that falls within subsection (7), the matter may be referred by the planning authority or any other prospective party to the agreement to the Board for determination.

(6) Where ownership of land is transferred to a planning authority pursuant to subsection (3), the planning authority shall, by way of compensation, pay to the owner of the land a sum equal to—

(a) (i) in the case of—

(I) land purchased by the applicant before 25 August 1999, or

(ii) land purchased by the applicant pursuant to a legally enforceable agreement entered into before that date or in exercise of an option in writing to purchase the land granted or acquired before that date,

the price paid for the land, or the price agreed to be paid for the land pursuant to the agreement or option, together with such sum in respect of interest thereon (including, in circumstances where there is a mortgage on the land, interest paid in respect of the mortgage) as may be determined by the property arbitrator,

(ii) in the case of land the ownership of which was acquired by the applicant by way of a gift or inheritance taken (within the meaning of the Capital Acquisitions Tax Act, 1976) before 25 August 1999, a sum equal to the market value of the land on the valuation date (within the meaning of that Act) estimated in accordance with section 15 of that Act,

(iii) in the case of—

1 O.J. No. L 199/54, 9.7.1993
(I) land purchased before 25 August 1999, or

(II) land purchased pursuant to a legally enforceable agreement to purchase the land entered into before that date, or in exercise of an option, in writing, to purchase the land granted or acquired before that date,

(where the applicant for permission is a mortgagee in possession of the land) the price paid for the land, or the price agreed to be paid for the land pursuant to the agreement or option, together with such sum in respect of interest thereon calculated from that date (including any interest accruing and not paid in respect of the mortgage) as may be determined by the property arbitrator,

or

(b) the value of the land calculated by reference to its existing use on the date on which the permission referred to in subsection (2) is granted on the basis that on that date it would have been, and would thereafter have continued to be, unlawful to carry out any development in relation to that land other than exempted development,

whichever is the greater.

(7) (a) Subject to paragraph (b), a property arbitrator appointed under section 2 of the Property Values (Arbitration and Appeals) Act, 1960, shall (in accordance with the Acquisition of Land (Assessment of Compensation) Act, 1919), in default of agreement, fix the following where appropriate:

(i) the number and price of houses to be transferred under subsection (3)(b)(i), (iv), (vii) or (viii);

[(ia) in the case of an agreement referred to in subsection (3)(b)(iva), the number of houses and the rent payable under such an agreement;]

(ii) [...]

(iii) the compensation payable under subsection (6) by a planning authority to the owner of land;

(iv) the payment of an amount to the planning authority under subsection (3)(b)(vi), (vii) or (viii); and

(v) the allowance to be made under section 99(3)(d)(i).

(b) For the purposes of paragraph (a), section 2(2) of the Acquisition of Land (Assessment of Compensation) Act, 1919, shall not apply and the value of the land shall be calculated on the assumption that it was at that time and would remain unlawful to carry out any development in relation to the land other than exempted development.

(c) Section 187 shall apply to compensation payable under subsection (6).

(8) Where it is a condition of the grant of permission that an agreement be entered into in accordance with subsection (2) and, because of a dispute in respect of any matter relating to the terms of such an agreement, the agreement is not entered into before the expiration of 8 weeks from the date of the grant of permission, [the planning authority,] the applicant or any other person with an interest in the land to which the application relates may—

(a) if the dispute relates to a matter falling within subsection (5), refer the dispute under that subsection to the Board, or

(b) if the dispute relates to a matter falling within subsection (7), refer the dispute under that subsection to the property arbitrator,
and the Board or the property arbitrator, as may be appropriate, shall determine the matter as soon as practicable.

(9) (a) Where ownership of land [...] is transferred to a planning authority in accordance with subsection (3), the authority may—

(i) provide, or arrange for the provision of, houses on the land [...] for persons referred to in section 94(4)(a),

(ii) make land [...] available to those persons for the development of houses by them for their own occupation, or

(iii) make land [...] available to a body approved for the purposes of section 6 of the Housing (Miscellaneous Provisions) Act, 1992, for the provision of houses on the land for persons referred to in section 94(4)(a).

(b) Pending the provision of houses or sites in accordance with paragraph (a)(i), or the making available of land or sites in accordance with paragraph (a)(ii) or (iii), the planning authority shall maintain the land or sites in a manner which does not detract, and is not likely to detract, to a material degree from the amenity, character or appearance of land or houses in the neighbourhood of the land or sites.

(10) (a) Where a house is transferred to a planning authority or its nominees under subsection (3)(b), it shall be used for the housing of persons to whom section 94(4)(a) applies.

(b) A nominee of a planning authority may be a person referred to in section 94(4)(a) or a body approved for the purposes of section 6 of the Housing (Miscellaneous Provisions) Act, 1992, for the provision of housing for persons referred to in section 94(4)(a).

(11) Notwithstanding any provision of this or any other enactment, if a planning authority becomes satisfied that land, a site or a house transferred to it under subsection (3) is no longer required for the purposes specified in subsection (9) or (10), it may use the land, site or house for another purpose connected with its functions or sell it for the best price reasonably obtainable and, in either case, it shall pay an amount equal to the market value of the land, site or house or the proceeds of the sale, as the case may be, into the separate account referred to in subsection (12).

[(12) Any amount referred to in subsection (11) and any amount paid to a planning authority in accordance with subsection (3)(b)(vi), (vii) or (viii) shall be accounted for in a separate account and shall only be applied as capital for its functions in relation to the provision of housing under the Housing Acts 1966 to 2009, including the making of payments under section 94 of the Housing (Miscellaneous Provisions) Act 2009 into the Affordable Dwellings Fund established under Part 5 of that Act.]

(13) This section shall not apply to applications for permission for—

(a) development consisting of the provision of houses by a body standing approved for the purposes of section 6 of the Housing (Miscellaneous Provisions) Act, 1992, for the provision of housing [required for households assessed under section 20 of the Housing (Miscellaneous Provisions) Act 2009 as being qualified for social housing support], where such houses are to be made available for letting or sale,

(b) the conversion of an existing building or the reconstruction of a building to create one or more dwellings, provided that 50 per cent or more of the existing external fabric of the building is retained,

(c) the carrying out of works to an existing house, or

(d) development of houses pursuant to an agreement under this section.
(14) A planning authority may, for the purposes of an agreement under this section, agree to sell, lease or exchange any land within its ownership to the applicant for permission, in accordance with section 211.

(15) In this section, ‘owner’ means—

(a) a person, other than a mortgagee not in possession, who is for the time being entitled to dispose (whether in possession or reversion) of the fee simple of the land, and

(b) a person who, under a lease or agreement the unexpired term of which exceeds 5 years, holds or is entitled to the rents or profits of the land.

96A. —Sections 40 to 42 shall apply to permissions granted under Part IV of the Act of 1963 or under Part III of this Act pursuant to an application made after 25 August 1999 and to which this Part would have applied if the application for permission had been made after the inclusion of a housing strategy in the development plan under section 94(1).

96B. —(1) In this section—

‘house’ means—

(a) a building or part of a building which has been built for use as a dwelling, and

(b) in the case of a block of apartments or other building or part of a building comprising 2 or more dwellings, each of those dwellings;

‘market value’, in relation to a house, means the price which the house might reasonably be expected to fetch on a sale in the open market;

‘relevant house’ means a house, permission for which would have ceased to have effect or expired but for section 4 of the Planning and Development (Amendments) Act, 2002.

(2) There shall be deemed to be attached to a permission referred to in section 96A a condition providing that there shall, in accordance with subsections (3) to (5), be paid to the planning authority an amount in respect of—

(a) unless paragraph (b) applies as respects the particular house, the first disposal of each relevant house built on foot of that permission,

(b) if, as respects a particular relevant house—

(i) it is built on foot of that permission by a person for his or her own occupation, or

(ii) it is built on foot of that permission for a person (‘the first-mentioned person’) by another for the first-mentioned person’s occupation and that other person is not the person from whom the first-mentioned person acquires his or her interest in the land on which the house is built, the completion of the building of that relevant house on foot of that permission.

(3) In subsection (2) ‘first disposal’, in relation to a relevant house, means whichever of the following first occurs after the house is built—

(a) the sale, at arm’s length, of the house (whether the agreement for that sale is entered into before or after the building of the house is completed),

(b) the granting of a tenancy or lease in respect of the house for the purpose of the grantee of the tenancy or lease occupying the house, or
(c) the sale, otherwise than at arm's length, of the house (whether the agreement for that sale is entered into before or after the building of the house is completed) or the transfer of the beneficial interest in the house.

(4) The amount of the payment referred to in subsection (2) shall be—

(a) where the disposal of the house concerned falls within subsection (3)(a)—

(i) if the consideration paid to the vendor by the purchaser equals or exceeds €270,000, an amount equal to 1 per cent of the consideration so paid,

(ii) if the consideration paid to the vendor by the purchaser is less than €270,000, an amount equal to 0.5 per cent of the consideration so paid,

(b) where either—

(i) the disposal of the house concerned falls within subsection (3)(b) or (c), or

(ii) subsection (2)(b) applies as respects the house concerned,

an amount equal to—

(I) if the market value of the house at the time of the disposal or upon the completion of its building, equals or exceeds €270,000, 1 per cent of the market value of the house at the time of that disposal or upon that completion,

(II) if the market value of the house at the time of the disposal or upon such completion is less than €270,000, 0.5 per cent of the market value of the house at the time of that disposal or upon such completion.

(5) The payment referred to in subsection (2) shall be made at such time as the planning authority specifies (and the time that is so specified may be before the date on which the disposal concerned of the relevant house is effected).

(6) Any amount paid to a planning authority in accordance with this section shall be accounted for in a separate account and shall only be applied as capital for its functions under this Part or by a housing authority for its functions in relation to the provision of housing under the Housing Acts, 1966 to 2002.

(7) (a) The planning authority shall issue, in respect of the payment to it of an amount (being the amount required to be paid under this section in a particular case), a receipt, in the prescribed form, to the payer stating that the liability for payment of that amount in the case concerned has been discharged.

(b) A document purporting to be a receipt issued under this subsection by the planning authority shall be prima facie evidence that the liability for the payment of the amount to which it relates has been discharged.

(8) Any of the following—

(b) a provision of a contract for the building for a person of a house for his or her occupation,

(c) a covenant or other provision of a conveyance of an interest in a house,

(d) a covenant or other provision of a lease or tenancy agreement in respect of a house,

(9) Any amount paid by the purchaser, person referred to in subsection (8)(b) or grantee of an interest or a lease or tenancy, pursuant to a provision or covenant referred to in subsection (8), may be recovered by him or her from the person to whom it is paid as a simple contract debt in any court of competent jurisdiction.

(10) This section shall not apply to permissions for development consisting of the provision of 4 or less houses, or for housing on land of 0.1 hectares or less.

(11) For the avoidance of doubt, in this section ‘sale’, in relation to a house, includes any transaction or series of transactions whereby the vesting by the builder in another person of the interest in the land on which the house is built by the builder is effected separately from the conclusion of the arrangements under which the house is built for that other person by the builder.

(2) For the purposes of this section—

(a) 2 or more persons shall be deemed to be acting in concert if, pursuant to an agreement, arrangement or understanding, one of them makes an application under subsection (3) or causes such an application to be made, and

(b) land in the immediate vicinity of other land shall be deemed in any particular case not to include land that is more than 400 metres from the land second-mentioned in this subsection.

(3) A person may, before applying for permission in respect of a development—

(a) consisting of the provision of [9 or fewer] houses, or

(b) for housing on land of [0.1 hectares] or less,

apply to the planning authority concerned for a certificate stating that section 96 shall not apply to a grant of permission in respect of the development concerned (in this section referred to as a “certificate”), and accordingly, where the planning authority grants a certificate, section 96 shall not apply to a grant of permission in respect of the development concerned.

(4) Subject to—

(a) subsections (6) and (12), and

(b) compliance by the applicant for a certificate with subsection (8),

a planning authority to which an application has been made under and in accordance with this section may grant a certificate to the applicant.

(5) An application for a certificate shall be accompanied by a statutory declaration made by the applicant—

(a) giving, in respect of the period of 5 years preceding the application, such particulars of the legal and beneficial ownership of the land, on which it is
proposed to carry out the development to which the application relates, as are within the applicant’s knowledge or procurement,

(b) identifying any persons with whom the applicant is acting in concert,

(c) giving particulars of—

(i) any interest that the applicant has, or had at any time during the said period, in any land in the immediate vicinity of the land on which it is proposed to carry out such development, and

(ii) any interest that any person with whom the applicant is acting in concert has, or had at any time during the said period, in any land in the said immediate vicinity, of which the applicant has knowledge,

(d) stating that the applicant is not aware of any facts or circumstances that would constitute grounds under subsection (12) for the refusal by the planning authority to grant a certificate,

(e) giving such other information as may be prescribed.

(6) (a) A planning authority may require an applicant for a certificate to provide it with such further information or documentation as is reasonably necessary to enable it to perform its functions under this section.

(b) Where an applicant refuses to comply with a requirement under paragraph (a), or fails, within a period of 8 weeks from the date of the making of the requirement, to so comply, the planning authority concerned shall refuse to grant the applicant a certificate.

(7) A planning authority may, for the purpose of performing its functions under this section, make such further inquiries as it considers appropriate.

(8) It shall be the duty of the applicant for a certificate, at all times, to provide the planning authority concerned with such information as it may reasonably require to enable it to perform its functions under this section.

(9) The Minister may make regulations in relation to the making of an application under this section.

(10) Where a planning authority fails within the period of 4 weeks from—

(a) the making of an application to it under this section, or

(b) (in the case of a requirement under subsection (6)) the date of receipt by it of any information or documentation to which the requirement relates,

to grant, or refuse to grant a certificate, the planning authority shall on the expiry of that period be deemed to have granted a certificate to the applicant concerned.

(11) Particulars of a certificate granted under this section shall be entered on the register.

(12) A planning authority shall not grant a certificate in relation to a development if the applicant for such certificate, or any person with whom the applicant is acting in concert—

(b) has carried out, or has been granted permission to carry out, a development referred to in subsection (3), not earlier than—

(i) 5 years before the date of the application, and
(ii) one year after the coming into operation of this section,

in respect of the land on which it is proposed to carry out the first-mentioned development, or land in its immediate vicinity, unless—

(I) the aggregate of any development to which paragraph (a) or (b) relates and the first-mentioned development would not, if carried out, exceed 4 houses, or

(II) (in circumstances where the said aggregate would exceed 4 houses) the aggregate of the land on which any development to which paragraph (a) or (b) relates, and the land on which it is proposed to carry out the first-mentioned development, does not exceed [0.1 hectares].

(13) Where a planning authority refuses to grant a certificate, it shall by notice in writing inform the applicant of the reasons for its so refusing.

(14) (a) Where a planning authority to which an application has been made under subsection (3) refuses to grant a certificate to the applicant, he or she may, not later than 3 weeks from the date on which the applicant receives notification of the refusal by the planning authority to grant the certificate, or such later date as may be permitted by the court, appeal to the court for an order directing the planning authority to grant to the applicant a certificate in respect of the development.

(b) The court may at the hearing of an appeal under paragraph (a)—

(i) dismiss the appeal and affirm the refusal of the planning authority to grant the certificate, or

(ii) allow the appeal and direct the planning authority to grant the applicant a certificate in respect of the development concerned.

(15) A planning authority shall comply with a direction of the court under this section.

(16) (a) Subject to paragraph (b), a planning authority shall revoke a certificate, upon application in that behalf being made to it by the owner of land to which the certificate related, or by any other person acting with the permission of such owner.

(b) A planning authority shall not revoke a certificate under this subsection where permission has been granted in respect of the development to which the certificate relates.

(17) A person who, knowingly or recklessly—

(a) makes a statutory declaration under subsection (5), or

(b) in purported compliance with a requirement under subsection (6), provides a planning authority with information or documentation,

that is false or misleading in a material respect, or who believes any such statutory declaration made, or information or documentation provided in purported compliance with such requirement, by him or her not to be true, shall be guilty of an offence and shall be liable—

(i) on summary conviction to a fine not exceeding £1,500 or to imprisonment for a term not exceeding 6 months, or to both, or

(ii) on conviction on indictment to a fine not exceeding £500,000 or to imprisonment for a term not exceeding 5 years, or to both.

(18) A person who—
(a) forges, or utters, knowing it to be forged, a certificate purporting to have been granted under this section (hereafter in this subsection referred to as a “forged certificate”),

(b) alters with intent to deceive or defraud, or utters, knowing it to be so altered, a certificate (hereafter in this subsection referred to as an “altered certificate”), or

(c) without lawful authority or other reasonable excuse, has in his or her possession a forged certificate or an altered certificate,

shall be guilty of an offence and shall be liable—

(i) on summary conviction to a fine not exceeding £1,500 or imprisonment for a term not exceeding 6 months, or to both, or

(ii) on conviction on indictment to a fine not exceeding £500,000 or imprisonment for a term not exceeding 5 years, or to both.

(19) Where a person is convicted on indictment of an offence under subsection (17) or (18), the court may in addition to any fine or term of imprisonment imposed by the court under that subsection order the payment into court by the person of an amount that in the opinion of the court is equal to the amount of any gain accruing to that person by reason of the grant of a certificate on foot of the statutory declaration, information or documentation, as the case may be, to which the offence relates, and such sum shall, when paid in accordance with such order, stand forfeited.

(20) All sums that stand forfeited under subsection (19) shall be paid to the planning authority that granted the certificate concerned and shall be accounted for in the account referred to in section 96(13) and be applied only for the purposes specified in that section.

(21) Where a person is convicted of an offence under subsection (17), the court may revoke a certificate granted on foot of a statutory declaration, information or documentation to which the offence relates, upon application being made to it in that behalf by the planning authority that granted the certificate.

(b) it otherwise appears to the authority that unauthorised development may have been, is being or may be carried out,

the authority shall issue a warning letter to the owner, the occupier or any other person carrying out the development and may give a copy, at that time or thereafter, to any other person who in its opinion may be concerned with the matters to which the letter relates.

(2) Notwithstanding subsection (1), where the development in question is of a trivial or minor nature the planning authority may decide not to issue a warning letter.

(3) A planning authority shall issue the warning letter under subsection (1) as soon as may be but not later than 6 weeks after receipt of the representation under subsection (1).

Decision on enforcement. 153.—(1) As soon as may be after the issue of a warning letter under section 152, the planning authority shall make such investigation as it considers necessary to
enable it to make a decision on whether to issue an enforcement notice [or make an application under section 160].

(2) (a) It shall be the duty of the planning authority to ensure that decisions on whether to issue an enforcement notice are taken as expeditiously as possible.

(b) Without prejudice to the generality of paragraph (a), it shall be the objective of the planning authority to ensure that the decision on whether to issue an enforcement notice shall be taken within 12 weeks of the issue of a warning letter.

Enforcement notice.

154.—(1) (a) Where a decision to enforce is made under section 153 or where urgent action is required under section 155, the planning authority shall, as soon as may be, serve an enforcement notice under this section.

(2) Where the planning authority decides not to issue an enforcement notice, it shall notify any person to whom the warning letter was copied under section 152 and any other person who made a representation under that section of the decision in writing within 2 weeks of the making of that decision.

(3) (a) An enforcement notice under subsection (1) shall be served on the person carrying out the development and, where the planning authority considers it necessary, the owner or the occupier of the land or any other person who, in the opinion of the planning authority, may be concerned with the matters to which the notice relates.

(b) If, subsequent to the service of the enforcement notice, the planning authority becomes aware that any other person may be carrying out development or is an owner or occupier of the land or may be affected by the notice, the notice may be served on that person and the period specified for compliance
with the notice shall be extended as necessary to a maximum of 6 months, and the other person or persons on whom the notice had previously been served under paragraph (a) shall be informed in writing.

(4) An enforcement notice shall take effect on the date of the service thereof.

(c) warn the person or persons served with the enforcement notice that, if within the period specified under paragraph (b) or within such extended period (not being more than 6 months) as the planning authority may allow, the steps specified in the notice to be taken are not taken, the planning authority may enter on the land and take such steps, including the removal, demolition or alteration of any structure, and may recover any expenses reasonably incurred by them in that behalf,

(d) require the person or persons served with the notice to refund to the planning authority the costs and expenses reasonably incurred by the authority in relation to the investigation, detection and issue of the enforcement notice concerned and any warning letter under section 152, including costs incurred in respect of the remuneration and other expenses of employees, consultants and advisers, and the planning authority may recover these costs and expenses incurred by it in that behalf, and

(e) warn the person or persons served with the enforcement notice that if within the period specified by the notice or such extended period, not being more than 6 months, as the planning authority may allow, the steps specified in the notice to be taken are not taken, the person or persons may be guilty of an offence.

(6) If, within the period specified under subsection (5)(b) or within such extended period, not being more than 6 months, as the planning authority may allow, the steps specified in the notice to be taken are not taken, the planning authority may enter on the land and take such steps, including the demolition of any structure and the restoration of land, and may recover any expenses reasonably incurred by it in that behalf.

(7) Any expenses reasonably incurred by a planning authority under paragraphs (c) and (d) of subsection (5) and subsection (6) may be recovered—

(a) as a simple contract debt in any court of competent jurisdiction from the person or persons on whom the notice was served, or
(b) secured by—

(iii) notify any person who made a submission or observation in accordance with paragraph (c)(III) of the determination under subsection (7)(c).]

(8) In considering a draft planning scheme under this section a planning authority or the Board, as the case may be, shall consider the proper planning and sustainable development of the area and consider the provisions of the development plan, the provisions of the housing strategy, any specific planning policy requirements contained in guidelines under subsection (1) of section 28, the provisions of any special amenity area order or the conservation and preservation of any European Site and, where appropriate—

(c) any other consideration relating to development outside the area of the planning authority, including any area outside the State.

[(8A) (a) A planning scheme that contains a provision that contravenes any specific planning policy requirement in guidelines under subsection (1) of section 28 shall be deemed to have been made, under paragraph (b) of subsection (4) of section 169, subject to the deletion of that provision.

(b) Where a planning scheme contravenes a specific planning policy requirement in guidelines under subsection (1) of section 28 by omission of a provision in compliance with that requirement, the planning scheme shall be deemed to have been made under paragraph (b) of subsection (4) of section 169 subject to the addition of that provision.]

(9) A planning scheme made under this section shall be deemed to form part of any development plan in force in the area of the scheme until the scheme is revoked, and any contrary provisions of the development plan shall be superseded.

170.—(1) Where an application is made to a planning authority under section 34 for a development in a strategic development zone, that section and any permission regulations shall apply, subject to the other provisions of this section.

(2) Subject to the provisions of Part X or Part XAB, or both of those Parts as appropriate, a planning authority shall grant permission in respect of an application for a development in a strategic development zone where it is satisfied that the development, where carried out in accordance with the application or subject to any conditions which the planning authority may attach to a permission, would be consistent with any planning scheme in force for the land in question, and no
permission shall be granted for any development which would not be consistent with such a planning scheme.

(3) Notwithstanding section 37, no appeal shall lie to the Board against a decision of a planning authority on an application for permission in respect of a development in a strategic development zone.

(4) Where the planning authority decides to grant permission for a development in a strategic development zone, the grant shall be deemed to be given on the date of the decision.

170A. (1) A planning authority may, on its own behalf where it is promoting a planning scheme, or on behalf of a development agency which is promoting a planning scheme, make an application to the Board to request an amendment under this section to a planning scheme.

(2) Where an application under subsection (1) has been made, the Board shall make a decision, in a manner provided for by this section, as to whether the making of the amendment to which the request relates would constitute the making of a material change to the planning scheme.

(3) (a) Where the amendment [fails to satisfy] each of the criteria referred to in subparagraphs (i) to (iv) of paragraph (b) [...], the Board shall require the planning authority to amend the planning scheme in compliance with the procedure laid down in section 169 and that section shall be construed and have effect accordingly.

(iii) would not significantly increase or decrease the overall floor area or density of proposed development, and

(iv) would not adversely affect or diminish the amenity of the area that is the subject of the proposed amendment.

(4) If the Board determines that the making of the amendment to a planning scheme—

(a) is a change of a minor nature and not likely to have significant effects on the environment (within the meaning of Annex II of Directive 2001/42/EC on the assessment of the effects of certain plans and programmes on the environment) or on a European site, then it may approve the making of the amendment to the planning scheme and notify the planning authority or each planning authority for the area or areas concerned, of the amendment, or

(b) constitutes the making of a material change but is within the criteria set out in subsection (3)(b), then, subject to subsection (5), it may approve the making of the amendment to the planning scheme with such amendment, or an alternate amendment, being an amendment that would be different from that to which the request relates but would not represent, in the opinion of the Board, a more significant change than that which was proposed.

(5) Before making a determination to which subsection (4)(b) would relate, the Board shall establish whether or not the extent and character—

(a) of the amendment to which subsection (1) relates, and
(b) of any alternative amendment it is considering and to which subsection (4)(b) relates,

are such that, if the amendment were to be made, it would be likely to have significant effects on the environment (within the meaning of Annex II of Directive 2001/42/EC) or on a European site and, for that purpose, the Board shall have reached a final decision as to what is the extent and character of any alternative amendment, the making of which it is also considering.

(6) If the Board determines that the making of either kind of amendment referred to in subsection (4)(b) —

(a) is not likely to have significant effects on the environment (within the meaning of Annex II of Directive 2001/42/EC) or on a European site, it shall proceed to make a determination under subsection (4)(b), or

(b) is likely to have significant effects on the environment (within the meaning of Annex II of Directive 2001/42/EC) or on a European site, then it shall require the planning authority to undertake a strategic environmental assessment or an appropriate assessment or both such assessments, as the case may be, in relation to the making of the proposed amendment or alternative amendment.

(7) Before making a determination to which subsection (4)(b) would relate, the Board shall require the planning authority concerned—

(a) to send notice and copies of the proposed amendment of the planning scheme concerned to the Minister and the prescribed authorities, and

(b) to publish a notice of that proposed amendment in one or more newspapers circulating in the area concerned,

and every such notice shall state—

(i) the reason or reasons for the proposed amendment,

(ii) that a copy of the proposed amendment, along with any assessment undertaken according to subsection (6)(b), may be inspected at a stated place or places and at stated times during a stated period of not less than 4 weeks, and

(iii) that written submissions or observations with respect to the proposed amendment may be made to the planning authority within the stated period, being a period of not less than 4 weeks, and any such submissions or observations will be taken into consideration before making a decision on the proposed amendment,

and the copy of the proposed amendment shall be made available for inspection accordingly.

(8) Not later than 8 weeks after giving notice under subsection (7), or such additional time as may be required to complete any assessment that may be required pursuant to subsection (6)(b) and agreed with the Board, the planning authority shall prepare a report on any submissions or observations received as a consequence of that notice and shall submit the report to the Board for its consideration.

(b) summarise the issues raised in the submissions or observations so made,

(c) include, where and if required for the purposes of subsection (6)(b), either or both—
(i) the environmental report and strategic environmental assessment, and
(ii) the Natura impact report and appropriate assessment,
of the planning authority, and
(d) give the response of the planning authority to the issues raised, taking account
of the proper planning and sustainable development of the area, the overall
objectives of the planning scheme, the statutory obligations of any local
authority in the area and any relevant policies or objectives for the time
being of the Government or of any Minister of the Government.

(10) The Board shall have regard to any report prepared in accordance with
subsections (8) and (9).

(11) Subject to any obligations that may arise under Part XAB, if the Board makes
a determination to make an amendment of any kind referred to in subsection (4), it
shall—
(a) approve the making of an amendment to the planning scheme accordingly,
(b) notify the planning authority or each planning authority for the area or areas
concerned of the amendment, and
(c) notify any person who made a submission or observation in accordance
subection (7)(iii) of its determination under subsection (4).

(12) The amendment of a planning scheme shall not prejudice the validity of any
planning permission granted or anything done in accordance with the terms of the
scheme before it was amended except in accordance with the terms of this Act.

(13) Without prejudice to the generality of subsection (12), sections 40 and 42 shall
apply to any permission granted under this Part.

A planning authority may reject an application under subsection (2) if in the opinion of the authority the application is incomplete in any material detail.

(c) by agreement with the applicant concerned, retaining a document,

to which that subsection relates.

176B. (1) A planning authority shall, where appropriate, carry out screening for appropriate assessment in respect of a proposed development as provided for by section 177U(10) at the same time as carrying out a screening for environmental impact assessment in respect of the development under subsection (2).

Subject to subsections (1) and (2A), a planning authority shall, on foot of an application under subsection (2) of section 176A and to which subsections (6) and (7) of that section do not relate, carry out a screening for environmental impact assessment in respect of the proposed development—

(a) where further information, views or submissions—

(i) are duly sought by the planning authority under subsection (4) or (5) of section 176A, and

(ii) are duly received by the authority within the period specified under the said subsection (4) or (5),

(2A)(a) Subject to paragraph (b), the planning authority shall not be required to comply with subsection (2)(a) or (b) within the period of 3 weeks or 4 weeks, as the case may be, referred to in that subsection where it appears to the planning authority that it would not be possible or appropriate, because of the exceptional circumstances of the proposed development (including in relation to the nature, complexity, location or size of such development) to do so.
Where paragraph (a) applies, the planning authority shall, by notice in writing served on—

(i) the applicant,

(ii) the owner of the land the subject of the proposed development, if he or she is not the applicant,

(iii) the occupier of the land the subject of the proposed development, if he or she is not the applicant or owner of such land, and

(3)(a) Before making a decision on an application under section 176A(2), the planning authority shall—

(i) consider the criteria for determining whether a development would or would not be likely to have significant effects on the environment, as set out in Schedule 7 to the Planning and Development Regulations 2001,

(ia) take into account—

(I) the information provided pursuant to section 176A(3)(d), and

(II) the available results, where relevant, of preliminary verifications or assessments of the effects on the environment carried out pursuant to European Union legislation other than the Environmental Impact Assessment Directive, and

(3A)(a) Paragraph (b) applies where the screening determination for environmental impact assessment made under this section is that the proposed development would not be likely to have significant effects on the environment and there has been provided, under section 176A(3A) or (5A), as the case may be, a description of the features, if any, of the proposed development and the measures, if any, envisaged to avoid or prevent what might otherwise have been significant adverse effects on the environment of the proposed development.

(b) A planning authority shall specify such features, if any, and such measures, if any, in its screening determination for environmental impact assessment made under this section.

(4) A planning authority shall give notice in writing of its screening determination for environmental impact assessment made under this section to—

(b) in a newspaper circulating in the area where the proposed development would be situated,

together with a notice—

(i) stating that the determination may be referred to the Board for review by—

(I) the applicant,

by way of an application for judicial review, under Order 84 of the Rules of the Superior Courts (S.I. No. 15 of 1986), in accordance with sections 50 and 50A, and

(iii) identifying where practical information on the mechanism for questioning the validity of the determination can be found.

(6)(a) Where a planning authority makes a screening determination for environmental impact assessment under this section, the following documents shall, within 3 working days, be placed on its website for inspection and be made available for inspection and purchase by members of the public during office hours for at least the minimum period referred to in paragraph (b):

176C. (1) Where a screening determination for environmental impact assessment is made by a planning authority under section 176B, any person to whom subsection (4) or (5) of that section relates may, within 3 weeks of the issuing of the determination and on payment to the Board of the appropriate fee, refer the determination for review (in this section referred to as a ‘determination review’) by the Board.

(2) Without prejudice to section 176B, where an application was made under section 176A and no screening determination for environmental impact assessment has been issued by a planning authority within the appropriate period of time provided for by section 176B(2), then—

(b) the authority concerned shall repay to the applicant the fee paid to the authority in accordance with section 176A(3).

(3) Where a determination to which subsection (1) relates or an application to which subsection (2) relates is referred to the Board under either of those subsections, the person so referring shall give notice to that effect to the planning authority concerned, and accordingly that authority shall forthwith forward to the Board—

(6A)(a) Subject to paragraph (b), the Board shall not be required to comply with subsection (6)(a) or (b) within the 5 week period or 4 week period, as the case may be, referred to in that subsection where it appears to the Board that it would not be possible or appropriate, because of the exceptional circumstances of the proposed development (including in relation to the nature, complexity, location or size of such development) to do so.

(b) Where paragraph (a) applies, the Board shall, by notice in writing served on—

(i) the applicant,

(ii) the planning authority,

(a) whether regularisation of the development concerned would circumvent the purpose and objectives of the Environmental Impact Assessment Directive or the Habitats Directive;

(b) whether the applicant had or could reasonably have had a belief that the development was not unauthorised;

(c) whether the ability to carry out an assessment of the environmental impacts of the development for the purpose of an environmental impact assessment and to provide for public participation in such an assessment has been substantially impaired;

(d) the actual or likely significant effects on the environment or adverse effects on the integrity of a European site resulting from the carrying out or continuation of the development;

(e) the extent to which significant effects on the environment or adverse effects on the integrity of a European site can be remediated;

(ii) The Board shall, by notice in writing served on the applicant before the expiration of the period concerned referred to in paragraph (a)(i) or (ii), inform him or her of the reasons why it would not be possible or appropriate to comply with that paragraph within that period and shall specify the
date before which the Board intends that the decision concerned shall be made.]

[(SA)(a) Paragraph (b) applies where the determination under subsection (1A) is that the development did not or would not be likely to have significant effects on the environment (and, accordingly, an environmental impact assessment is or was not required) and the applicant has provided under section 177C(3A) a description of the features, if any, of the development and the measures, if any, incorporated or envisaged to avoid, prevent or reduce what might otherwise be or have been significant adverse effects on the environment of the development.

(b) The Board shall specify such features, if any, and such measures, if any, in its decision under subsection (4).]

The Board shall, in deciding to grant an exemption under subsection (2I)—

(c) The notice referred to in paragraph (b) shall state that details of the decision by the Board referred to in subsection (2N) shall be published on the website of the Board as soon as may be.

(d) The notice shall state that a person may question the validity of any such decision by the Board by way of an application for judicial review, under Order 84 of the Rules of the Superior Courts (S.I. No. 15 of 1986), in accordance with sections 50, 50A and 50B.

(e) The notice shall identify where practical information on the review mechanism can be found.

(2N) A decision of the Board under subsection (2L)(a) shall state—

(a) the reasoned conclusion, in relation to the likely significant effects on the environment of the proposed development, and, where relevant, whether the development would have adverse effects on the integrity of a European site,

(b) in relation to the decision of the Board under subparagraph (i), (ii), (iii) or (iv) of paragraph (a) of subsection (2L), where a decision (being a decision which arises from the consideration of the environmental impact assessment report concerned) by the Board is different from the recommendation in a report of a person assigned to report on behalf of the Board in relation to the application for approval, the main reasons for not accepting the recommen-
ation in the last-mentioned report to approve or refuse to approve the development,

(c) where a decision to impose a condition (being a condition which arises from the consideration of the environmental impact assessment report or Natura impact statement, or both such report and such statement, in respect of the proposed development) in relation to any approval is materially different, in relation to the terms of such condition, from the recommendation in a report of a person assigned to report on behalf of the Board in relation to the application for approval, the main reasons for not accepting, or for varying, as the case may be, the recommendation in the last-mentioned report in relation to such condition,

(e) that a person may question the validity of any such decision by the Board by way of an application for judicial review, under Order 84 of the Rules of the Superior Courts (S.I. No. 15 of 1986), in accordance with sections 50, 50A and 50B, and

In any consultations under subsection (2R), the Board may give advice to the prospective applicant regarding the proposed application and, in particular, regarding—

(i) for a determination under sections 176A and 176B or section 177U, as to whether a proposed development would be likely to have a significant effect on the environment or an adverse effect on the integrity of a European site, as the case may be (and inform the prospective applicant of the determination), or

(ii) for an opinion in writing prepared by the Board on what information will be required to be contained in an environmental impact assessment report or Natura impact statement or both that report and that statement as the case may be, in relation to the proposed development.

(b) Sections 176A and 176B shall apply to a determination of the Board referred to in paragraph (a)(i) subject to the following modifications:

(iii) of conducting consultations under section 182E,

(iv) of determining the application made under section 182C (inserted by section 4 of the Act of 2006) under this section,

and, in such amount as the Board considers to be reasonable, state the sum to be paid and direct the payment of the sum to any planning authority that incurred costs during the course of consideration of that application and to any other person as a contribution to the costs incurred by that person during the course of consideration of that application (each of which the sums the Board may, by virtue of this subsection, require to be paid).

[(5A) A decision of the Board given under subsection (5) and the notification of the decision shall include a summary of the results of consultations that have taken place and information gathered in the course of the environmental impact assessment and, where appropriate, the comments received from an affected Member State of the European Union or other party to the Transboundary Convention, and state how those results have been incorporated into the decision or otherwise addressed.]

(5B) A reference to costs in subsection (5A)(c) shall be construed as a reference to such costs as the Board in its absolute discretion considers to be reasonable costs, but does not include a reference to so much of the costs referred to as have been recovered by the Board by way of a fee charged under section 144.

(5C) A notice of a decision given under subsection (5) shall be furnished to the applicant as soon as may be after it is given but shall not become operative until any requirement under subsection (5A)(c) in relation to the payment by the applicant of a sum in respect of costs has been complied with.

(5D) Where an applicant for permission fails to pay a sum in respect of costs in accordance with a requirement under subsection (5A)(c), the Board, the planning authority or any other person concerned (as may be appropriate) may recover the sum as a simple contract debt in any court of competent jurisdiction.

(6) Without prejudice to the generality of the foregoing power to attach conditions, the Board may attach to an approval under subsection (5)(a), (b) or (c) a condition requiring—

(a) the construction or the financing, in whole or in part, of the construction of a facility, or

(b) the provision or the financing, in whole or in part, of the provision of a service, in the area in which the proposed development would be situated, being a facility or service that, in the opinion of the Board, would constitute a substantial gain to the community.

(7) A condition attached pursuant to subsection (6) shall not require such an amount of financial resources to be committed for the purposes of the condition being complied with as would substantially deprive the person in whose favour the approval under this section operates of the benefits likely to accrue from the grant of the approval.

(8) The Minister may, after consultation with the Minister for Communications, Marine and Natural Resources, make regulations to provide for such matters of procedure and administration as appear to the Minister to be necessary or expedient in respect of applications under section 182C for approval.
(9) Without prejudice to the generality of subsection (8), regulations under that subsection may require the Board to give information in respect of its decision regarding the proposed development for which approval is sought.

(10) In considering under subsection (1) information furnished relating to the likely consequences for proper planning and sustainable development of a proposed development in the area in which it is proposed to situate such development, the Board shall have regard to—

(a) the provisions of the development plan for the area,

(b) the provisions of any special amenity area order relating to the area,

(c) if the area or part of the area is a European site or an area prescribed for the purposes of section 10(2)(c), that fact,

(d) if the proposed development would have an effect on a European site or an area prescribed for the purposes of section 10(2)(c), that fact,

(e) the matters referred to in section 143, and

(f) the provisions of this Act and regulations under this Act where relevant.

(11)(a) No permission under section 34 or 37G shall be required for any development which is approved under this section.

(b) Part VIII shall apply to any case where development referred to in section 182C(1) is carried out otherwise than in compliance with an approval under this section or any condition to which the approval is subject as it applies to any unauthorised development with the modification that a reference in that Part to a permission shall be construed as a reference to an approval under this section.

(12) Without prejudice to the generality of section 18(a) of the Interpretation Act 2005, a reference, however expressed, in this section to the area in which the proposed development would be situate includes, if the context admits, a reference to the 2 or more areas in which the proposed development would be situate and cognate references shall be construed accordingly.

182E.—(1) A person (a ‘prospective applicant’) who proposes to apply for approval under section 182B or 182D shall, before making the application, enter into consultations with the Board in relation to the proposed development.

(2) In any consultations under subsection (1), the Board may give advice to the prospective applicant regarding the proposed application and, in particular, regarding—

(a) the procedures involved in making such an application, and

(b) what considerations, related to proper planning and sustainable development or the environment, may, in the opinion of the Board, have a bearing on its decision in relation to the application.

(3)(a) Paragraph (b) applies where a prospective applicant requests the Board to give to him or her an opinion in writing on the scope and level of detail of the information required to be included by the prospective applicant in an environmental impact assessment report in relation to the proposed development.

(b) The Board shall—

(i) after consulting the prospective applicant and such bodies as may be specified by the Minister for the purpose, and
(ii) after taking into account the information provided by the prospective applicant, in particular on the specific characteristics of the proposed development, including its location and technical capacity, and its likely impact on the environment,

give the opinion as soon as is practicable.]}

[(3A) Where an opinion referred to in subsection (3) has been provided, the environmental impact assessment report shall be based on that opinion, and include the information that may reasonably be required for reaching a reasoned conclusion on the significant effects on the environment of the proposed development, taking into account current knowledge and methods of assessment.]

(4) A prospective applicant shall, for the purposes of—

(a) consultations under subsection (1), and

(b) the Board’s complying with a request under subsection (3),

supply to the Board sufficient information in relation to the proposed development so as to enable the Board to assess the proposed development.

(5) Neither—

(a) the holding of consultations under subsection (1), nor

(b) the provision of an opinion under subsection (3),

shall prejudice the performance by the Board of any other of its functions under this Act or regulations under this Act, or any other enactment and cannot be relied upon in the formal planning process or in legal proceedings.

(6) The Board shall keep a record in writing of any consultations under this section in relation to a proposed development, including the names of those who participated in the consultations, and a copy of such record shall be placed and kept with the documents to which any application in respect of the proposed development relates.

(7) The Board may, at its absolute discretion, consult with any person who may, in the opinion of the Board, have information which is relevant for the purposes of consultations under this section in relation to a proposed development.]}

PART XII

COMPENSATION

CHAPTER I

Compensation generally

(b) in the case of a claim under section 195, the date of the decision of the planning authority or the Board, as the case may be,

(c) in the case of a claim under section 196, the removal or alteration of the structure,

(d) in the case of a claim under section 197, the discontinuance or compliance,
(e) in the case of a claim referred to in section 198, the date of the approval of a scheme under section 85 or the date of complying with a notice under section 88, as the case may be,

(f) in the case of a claim under section 199, the date on which the action of the planning authority occurred,

(g) in the case of a claim under section 200, the date on which the order creating the public right of way commences to have effect, and

(h) in the case of a claim under section 201, the date on which the damage is suffered.

(2) The High Court may, where it considers that the interests of justice so require, extend the period within which a claim for compensation under this Part may be brought, upon application being made to it in that behalf.

**Determination of compensation claim.**

184.—A claim for compensation under this Part shall, in default of agreement, be determined by arbitration under the Acquisition of Land (Assessment of Compensation) Act, 1919, but subject to—

(a) the Second Schedule in respect of a reduction in the value of an interest in land,

(b) the proviso that the arbitrator shall have jurisdiction to make a nil award, and

(c) the application of the Second Schedule to a claim for compensation under Chapter III of this Part for a reduction in the value of an interest as if a reference to “the relevant decision under Part III” or to “the decision” was, in relation to each of the sections in that Chapter set out in column A of the Table to this section, a reference to the matter set out in column B of that Table opposite the reference in column A to that section.

**Regulations in relation to compensation.**

185.—The Minister may make regulations to provide for the following:

(a) the form in which claims for compensation are to be made;

(b) the provision by a claimant of evidence in support of his or her claim, and information as to his or her interest in the land to which the claim relates;

(c) a statement by a claimant of the names and addresses of all other persons (so far as they are known to him or her) having an interest in the land to which the claim relates and, unless the claim is withdrawn, the notification by the planning authority or the claimant of every other person (if any) appearing to it or him or her to have an interest in the land.
Prohibition of double compensation.

186.—Where a person would, but for this section, be entitled to compensation under this Part in respect of any matter or thing, and also to compensation under any other enactment in respect of the same matter or thing, he or she shall not be entitled to compensation in respect of the matter or thing both under this Part and under the other enactment, and shall not be entitled to any greater amount of compensation under this Part in respect of the matter or thing than the amount of the compensation to which he or she would be entitled under the other enactment in respect of the matter or thing.

Recovery of compensation from planning authority.

187.—(1) All compensation payable under this Part by the planning authority shall, when the amount thereof has been determined by agreement or by arbitration in accordance with this Part, be recoverable from that authority as a simple contract debt in any court of competent jurisdiction.

(2) All costs and expenses of parties to an arbitration to determine the amount of any compensation shall, in so far as the costs and expenses are payable by the planning authority, be recoverable from that authority as a simple contract debt in any court of competent jurisdiction.

(3) Section 69 to 79 of the Lands Clauses Consolidation Act, 1845, as amended or adapted by or under the Second Schedule to the Housing of the Working Classes Act, 1890, or any other Act, shall apply in relation to compensation by this section made recoverable as a simple contract debt, as if the compensation were a price or compensation under the Lands Clauses Consolidation Act, 1845, as so amended or adapted.

(4) Where money is paid into court by the planning authority under section 69 of the Lands Clauses Consolidation Act, 1845, as applied by this section, no costs shall be payable by that authority to any person in respect of any proceedings for the investment, payment of income, or payment of capital of that money.

Registration of compensation.

188.—(1) Where, on a claim for compensation under Chapter II of this Part, compensation has become payable of an amount exceeding £500, the planning authority shall prepare and retain a statement of that fact, specifying the refusal of permission or grant of permission subject to conditions, or the revocation or modification of permission, the land to which the claim for compensation relates, and the amount of the compensation.

(2) (a) A planning authority shall enter in the register particulars of a statement prepared by it under this section.

(b) Every entry under paragraph (a) shall be made within the period of 2 weeks beginning on the day of the preparation of the statement.

Recovery by planning authority of compensation on subsequent development.

189.—(1) No person shall carry out any development to which this section applies, on land in respect of which a statement (a “compensation statement”) stands registered (whether under section 72 of the Act of 1963, section 9 of the Act of 1990 or section 188 of this Act) until that amount, as is recoverable under this section in respect of the compensation specified in the compensation statement, has been paid or secured to the satisfaction of the planning authority.

(2) This section applies to any development (other than exempted development) of a kind specified in section 192(2), except that—

(a) this section shall not apply to any development by virtue of a permission to develop land under Part III referred to in section 192(5) where the permission was granted subject to conditions other than conditions of a class or description set out in the Fifth Schedule, and

(b) in a case where the compensation specified in the statement became payable in respect of the imposition of conditions on the granting of permission to
develop land, this section shall not apply to the development for which that permission was granted.

(3) Subject to subsection (4), the amount recoverable under this section in respect of the compensation specified in a compensation statement—

(a) if the land on which the development is to be carried out (the “development area”) is identical with, or includes (with other land) the whole of the land comprised in the compensation statement, shall be the amount of compensation specified in that statement, or

(b) if the development area forms part of the land comprised in the compensation statement, or includes part of that land together with other land not comprised in that statement, shall be so much of the amount of compensation specified in that statement as is attributable to land comprised in that statement and falling within the development area.

(4) The attribution of compensation under subsection (3)(b) shall be in accordance with the following—

(a) the planning authority shall (if it appears to it to be practicable to do so) apportion the amount of the compensation between the different parts of the land, according to the way in which those parts appear to it to be differently affected by the refusal of permission or grant of permission subject to conditions;

(b) if no apportionment is made, the amount of the compensation shall be treated as distributed rateably according to area over the land to which the statement relates;

(c) if an apportionment is made, the compensation shall be treated as distributed in accordance with that apportionment, as between the different parts of the land by reference to which the apportionment is made, and so much of the compensation as, in accordance with the apportionment, is attributed to a part of the land shall be treated as distributed rateably according to area over that part of the land;

(d) if any person disputes an apportionment under this subsection, the dispute shall be submitted to and decided by a property arbitrator nominated under the Property Values (Arbitration and Appeals) Act, 1960.

(5) Where, in connection with the development of any land, an amount becomes recoverable under this section in respect of the compensation specified in a compensation statement, then no amount shall be recoverable, in so far as it is attributable to that land, in connection with any subsequent development thereof.

(6) An amount recoverable under this section in respect of any compensation shall be payable to the planning authority, and—

(a) shall be so payable, either as a single capital payment or as a series of installments of capital and interest combined (the interest being determined at the same rate as for a judgment debt), or as a series of other annual or periodical payments, of such amounts, and payable at such times, as the planning authority may direct, after taking into account any representations made by the person by whom the development is to be carried out, and

(b) except where the amount is payable as a single capital payment, shall be secured by that person in such manner (whether by mortgage, covenant or otherwise) as the planning authority may direct.

(7) If any person initiates any development to which this section applies in contravention of subsection (1), the planning authority may serve a notice upon him or her, specifying the amount appearing to it to be the amount recoverable under this section in respect of the compensation in question, and requiring him or her to pay that
amount to the planning authority within such period, not being less than 12 weeks after the service of the notice, as may be specified in the notice, and, in default of the amount being paid to the planning authority within the period specified in the notice, it shall be recoverable as a simple contract debt in any court of competent jurisdiction.

CHAPTER II

Compensation in relation to decisions under Part III

Right to compensation.

190.—If, on a claim made to the planning authority, it is shown that, as a result of a decision on an appeal under Part III involving a refusal of permission to develop land or a grant of permission to develop land subject to conditions, the value of an interest of any person existing in the land to which the decision relates at the time of the decision is reduced, that person shall, subject to the other provisions of this Chapter, be entitled to be paid by the planning authority by way of compensation—

(a) such amount, representing the reduction in value, as may be agreed,

(b) in the absence of agreement, the amount of such reduction in value, determined in accordance with the Second Schedule, and

(c) in the case of the occupier of the land, the damage (if any) to his or her trade, business or profession carried out on the land.

Restriction of compensation.

191.—(1) Compensation under section 190 shall not be payable in respect of the refusal of permission for any development—

(a) of a class or description set out in the Third Schedule, or

(b) if the reason or one of the reasons for the refusal is a reason set out in the Fourth Schedule.

(2) Compensation under section 190 shall not be payable in respect of the refusal of permission for any development based on any change of the zoning of any land as a result of [the making of a new development plan under section 12 or the preparing, making, amending or revoking of a local area plan under section 18 or 20.]

(3) Compensation under section 190 shall not be payable in respect of the imposition, on the granting of permission to develop land, of any condition of a class or description set out in the Fifth Schedule.

(4) Compensation under section 190 shall not be payable in respect of the refusal of permission, or of the imposition of conditions on the granting of permission, for the retention on land of any unauthorised structures.

Notice preventing compensation.

192.—(1) Where a claim for compensation is made under section 190, the planning authority concerned may, not later than 12 weeks after the claim is received, and having regard to all the circumstances of the case, serve a notice in such form as may be prescribed on the person by whom or on behalf of whom the claim has been made stating that, notwithstanding the refusal of permission to develop land or the grant of permission to develop land subject to conditions, the land in question is in its opinion capable of other development for which permission under Part III ought to be granted.

(2) For the purpose of subsection (1), “other development” means development of a residential, commercial or industrial character, consisting wholly or mainly of the construction of houses, shops or office premises, hotels, garages and petrol filling stations, theatres or structures for the purpose of entertainment, or industrial buildings (including warehouses), or any combination thereof.
(3) A notice under subsection (1) shall continue in force for a period of 5 years commencing on the day of service of the notice, unless before the expiration of that period—

(a) the notice is withdrawn by the planning authority,

(b) a permission is granted under Part III to develop the land to which the notice relates in a manner consistent with the other development specified in the notice, subject to no conditions or to conditions of a class or description set out in the Fifth Schedule, or

(c) the notice is annulled by virtue of subsection (5).

(4) Compensation shall not be payable on a claim made under section 190 where—

(a) a notice under subsection (1) is in force in relation to that claim,

(b) a notice under subsection (1) was in force in relation to that claim but has ceased to be in force by reason of the expiration of the period referred to in subsection (3), and an application for permission under Part III to develop the land to which the notice relates, in a manner consistent with the other development specified in the notice, has not been made within that period, or

(c) a notice under subsection (1) was in force in relation to the claim but has ceased to be in force by virtue of subsection (3)(b).

(5) A notice under subsection (1) shall be annulled where, upon an application for permission under Part III to develop the land to which the notice relates in a manner consistent with the other development specified in the notice, the permission is refused or is granted subject to conditions other than conditions of a class or description set out in the Fifth Schedule.

(6) No claim for compensation under section 190 shall lie in relation to a decision under Part III referred to in subsection (5).

Special provision for structures substantially replacing structures demolished or destroyed by fire.

193.—(1) Nothing in section 191 shall prevent compensation being paid—

(a) in a case in which there has been a refusal of permission for the erection of a new structure substantially replacing a structure (other than an unauthorised structure) which has been demolished or destroyed by fire or otherwise than by an unlawful act of the owner or of the occupier with the agreement of the owner within the 2 years preceding the date of application for permission, or there has been imposed a condition in consequence of which the new structure may not be used for the purpose for which the demolished or destroyed structure was last used, or

(b) in a case in which there has been imposed a condition in consequence of which the new structure referred to in paragraph (a) or the front thereof, or the front of an existing structure (other than an unauthorised structure) which has been taken down in order to be re-erected or altered, is set back or forward.

(2) Every dispute and question as to whether a new structure would or does replace substantially within the meaning of subsection (1) a demolished or destroyed structure shall be referred to the Board for determination.

Restriction on assignment of compensation under section 190.

194.—A person shall not be entitled to assign to any other person all or any part of any prospective compensation under section 190, and every purported assignment or promise, express or implied, to pay any other person any money in respect of any such compensation is void.
195.—(1) Where permission to develop land has been revoked or modified by a decision under section 44—

(a) if, on a claim made to the planning authority, it is shown that any person interested in the land has incurred expenditure or entered into a contract to incur expenditure in respect of works which are rendered abortive by the revocation or modification, the planning authority shall pay to that person compensation in respect of that expenditure or contract,

(b) the provisions of this Part shall apply in relation to the decision where it revoked the permission or modified it by the imposition of conditions—

(i) in case it revoked the permission, as they apply in relation to refusal of permission to develop land, and

(ii) in case it modified the permission by the imposition of conditions, as they apply in relation to a grant of permission to develop land subject to conditions.

(2) For the purposes of this section, any expenditure reasonably incurred in the preparation of plans for the purposes of any works or upon other similar matters preparatory thereto shall be deemed to be included in the expenditure incurred in carrying out those works but, no compensation shall be paid by virtue of this section in respect of any works carried out before the grant of the permission which is revoked or modified, or in respect of any other loss or damage arising out of anything done or omitted to be done before the grant of that permission.

(3) This section shall apply to an order made under section 44A subject to—

(a) the modification that references to planning authority shall be construed as references to the Minister, and

(b) any other necessary modifications.

Chapter III

Compensation in relation to section 46, 85, 88, 182, 207 and 252

196.—If, on a claim made to the planning authority, it is shown that, as a result of the removal or alteration of any structure consequent upon a notice under section 46, the value of an interest of any person in the structure existing at the time of the confirmation of the notice is reduced, or that any person having an interest in the structure at that time has suffered damage by being disturbed in his or her enjoyment of the structure, that person shall, subject to the other provisions of this Part, be entitled to be paid by the planning authority by way of compensation the amount of the reduction in value or the amount of the damage.

(2) Notwithstanding subsection (1), no compensation shall be paid under this section in relation to reduction in value or damage resulting from the imposition under section 46 of conditions on the continuation of the use of land, being conditions imposed in order to avoid or reduce serious water pollution or the danger of such pollution.
(3) Subsection (1) shall not apply where the use of land is for the exhibition of advertising unless at the time of the discontinuance or compliance, the land has been used for the exhibition of advertising for less than 5 years, whether the use was continuous or intermittent or whether or not, while the land was being so used, advertising was exhibited at the same place on the land.

198.—If, on a claim made to a planning authority, it is shown that—

(a) the value of an interest of any person in land in an area of special planning control has been reduced, or

(b) as a result of complying with a notice under section 88, the value of an interest of any person in the land existing at the time of the notice has been reduced, or that any person, having an interest in the land at the time, has suffered damage by being disturbed in his or her enjoyment of the structure or other land,

that person shall be paid by the planning authority, by way of compensation, a sum equal to the amount of the reduction in value or a sum in respect of the damage suffered.

199.—If, on a claim made to the local authority, it is shown that, as a result of the action of the authority pursuant to section 182 in placing, renewing or removing any cable, wire or pipeline, attaching any bracket or fixture or affixing any notice, the value of an interest of any person in the land or structure existing at the time of the action of the planning authority is reduced, or that any person having an interest in the land or structure at that time has suffered damage by being disturbed in his or her enjoyment of the land or structure, that person shall, subject to the other provisions of this Part, be entitled to be paid by the local authority by way of compensation the amount of the reduction in value or the amount of the damage.

200.—If, on a claim made to the planning authority, it is shown that the value of an interest of any person in land, being land over which a public right of way has been created by an order under section 207 made by that authority, is reduced, or that any person having an interest in the land has suffered damage by being disturbed in his or her enjoyment of the land, in consequence of the creation of the public right of way, that person shall, subject to the other provisions of this Part, be entitled to be paid by the planning authority by way of compensation the amount of the reduction in value or the amount of the damage.

201.—If, on a claim made to the planning authority, it is shown that, as a result of anything done under section 252 or 253, any person has suffered damage, the person shall, subject to the other provisions of this Part, be entitled to be paid by the planning authority by way of compensation the amount of the damage.

PART XIII

AMENITIES

202.—(1) Where, in the opinion of the planning authority, by reason of—

(a) its outstanding natural beauty, or

(b) its special recreational value,

and having regard to any benefits for nature conservation, an area should be declared under this section to be an area of special amenity, it may, by resolution, make an order to do so and the order may state the objective of the planning authority in
relation to the preservation or enhancement of the character or special features of the area, including objectives for the prevention or limitation of development in the area.

(2) Where it appears to the Minister that an area should be declared under this section to be an area of special amenity by reason of—

(a) its outstanding natural beauty, or

(b) its special recreational value,

and having regard to any benefits for nature conservation, he or she may, if he or she considers it necessary, direct a planning authority to make an order under this section in relation to an area specified in the direction and may, if he or she thinks fit, require that objectives specified in the direction be included by the planning authority in the order in respect of matters and in a manner so specified, and if the Minister gives a direction under this subsection the planning authority concerned shall comply with the direction.

(3) An order made pursuant to a direction under subsection (2) shall be revoked or amended only with the consent of the Minister.

(4) An order under this section shall come into operation on being confirmed, whether with or without modification, under section 203.

(5) Where the functional areas of two planning authorities are continuous, either authority may, with the consent of the other, make an order under this section in respect of an area in or partly in the functional area of the other.

(6) Any order under this section may be revoked or varied by a subsequent order under this section.

(7) Subject to subsection (3), a planning authority may, from time to time, review an order made under this section (excepting any order merely revoking a previous order), for the purpose of deciding whether it is desirable to revoke or amend the order.

Confirmation of order under section 202.

203.—(1) As soon as may be after it has made an order under section 202, a planning authority shall publish in one or more newspapers circulating in the area to which the order relates a notice—

(a) stating the fact of the order having been made, and describing the area to which it relates,

(b) naming a place where a copy of the order and of any map referred to therein may be seen during office hours,

(c) specifying the period (not being less than 4 weeks) within which, and the manner in which, objections to the order may be made to the planning authority, and

(d) specifying that the order requires confirmation by the Board and that, where any objections are duly made to the order and are not withdrawn, an oral hearing will be held and the objections will be considered before the order is confirmed.

(2) As soon as may be after the period for making objections has expired, the planning authority may submit the order made under section 202 to the Board for confirmation, and, when making any such submission, it shall also submit to the Board any objections to the order which have been duly made and have not been withdrawn.

(3) (a) If no objection is duly made to the order, or if all objections so made are withdrawn, the Board may confirm the order made under section 202, with or without modifications, or refuse to confirm it.
Where any objections to the order are not withdrawn, the Board shall hold an oral hearing and shall consider the objections, and may then confirm the order, with or without modifications, or refuse to confirm it.

Any reference in this Act, or any other enactment, to a special amenity area order shall be construed as a reference to an order confirmed under this section.

204.—(1) A planning authority may, by order, for the purposes of the preservation of the landscape, designate any area or place within the functional area of the authority as a landscape conservation area.

(2) (a) Notwithstanding any exemption granted under section 4 or under any regulations made under that section, the Minister may prescribe development for the purpose of this section, which shall not be exempted development.

(b) Development prescribed under paragraph (a) may be subject to any conditions or restrictions that the Minister may prescribe.

(3) An order made by a planning authority under this section may specify, in relation to all or any part of the landscape conservation area, that any development prescribed by the Minister under subsection (2) shall be considered not to be exempted development in that area.

(4) Where a planning authority proposes to make an order under this section, it shall cause notice of the proposed order to be published in one or more newspapers circulating in the area of the proposed landscape conservation area.

(5) A notice under subsection (4) shall state that—

(a) the planning authority proposes to make an order designating a landscape conservation area, indicating the place or places and times at which a map outlining the area may be inspected, and shall give details of the location of the area and any prescribed development which it proposes to specify in the order, and

(b) submissions or observations regarding the proposed order may be made to the planning authority within a stated period of not less than 6 weeks, and that the submissions or observations will be taken into consideration by the planning authority.

(6) The members of a planning authority, having considered the proposed order and any submissions or observations made in respect of it, may, as they consider appropriate, by resolution, make the order, with or without modifications, or refuse to make the order.

Section 191.

FOURTH SCHEDULE

REASONS FOR THE REFUSAL OF PERMISSION WHICH EXCLUDE COMPENSATION

1. Development of the kind proposed on the land would be premature by reference to any one or combination of the following constraints and the period within which the constraints involved may reasonably be expected to cease—

(a) an existing deficiency in the provision of water supplies or sewerage facilities,

(b) the capacity of existing or prospective water supplies or sewerage facilities being required for prospective development as regards which a grant of a permission under Part III of this Act, an undertaking under Part VI of the Act of 1963 or a notice under section 13 of the Act of 1990 or section 192 of this Act exists,

(c) the capacity of existing or prospective water supplies or sewerage facilities being required for the prospective development of another part of the functional area of the planning authority, as indicated in the development plan,

(d) the capacity of existing or prospective water supplies or sewerage facilities being required for any other prospective development or for any development objective, as indicated in the development plan,

(e) any existing deficiency in the road network serving the area of the proposed development, including considerations of capacity, width, alignment, or the surface or structural condition of the pavement, which would render that network, or any part of it, unsuitable to carry the increased road traffic likely to result from the development,

(f) any prospective deficiency (including the considerations specified in subparagraph (e)) in the road network serving the area of the proposed development which—

(i) would arise because of the increased road traffic likely to result from that development and from prospective development as regards which a grant
of permission under Part III, an undertaking under Part VI of the Act of 1963 or a notice under section 13 of the Act of 1990 or section 192 exists, or

(ii) would arise because of the increased road traffic likely to result from that development and from any other prospective development or from any development objective, as indicated in the development plan, and

would render that road network, or any part of it, unsuitable to carry the increased road traffic likely to result from the proposed development.

2. Development of the kind proposed would be premature pending the determination by the planning authority or the road authority of a road layout for the area or any part thereof.

3. Development of the kind proposed would be premature by reference to the order of priority, if any, for development indicated in the development plan or pending the adoption of a local area plan in accordance with the development plan.

4. The proposed development would endanger public safety by reason of traffic hazard or obstruction of road users or otherwise.

5. The proposed development—

(a) could, due to the risk of a major accident or if a major accident were to occur, lead to serious danger to human health or the environment, or

(b) is in an area where it is necessary to limit the risk of there being any serious danger to human health or the environment.

6. The proposed development is in an area which is at risk of flooding.

7. The proposed development, by itself or by the precedent which the grant of permission for it would set for other relevant development, would adversely affect the use of a national road or other major road by traffic.

8. The proposed development would interfere with the character of the landscape or with a view or prospect of special amenity value or natural interest or beauty, any of which it is necessary to preserve.

9. The proposed development would cause serious air pollution, water pollution, noise pollution or vibration or pollution connected with the disposal of waste.

10. In the case of development including any structure or any addition to or extension of a structure, the structure, addition or extension would—

(a) infringe an existing building line or, where none exists, a building line determined by the planning authority or by the Board,

(b) be under a public road,

(c) seriously injure the amenities, or depreciate the value, of property in the vicinity,

(d) tend to create any serious traffic congestion,

(e) endanger or interfere with the safety of aircraft or the safe and efficient navigation thereof,

(f) endanger the health or safety of persons occupying or employed in the structure or any adjoining structure, or

(g) be prejudicial to public health.
11. The development would contravene materially a condition attached to an existing permission for development.

12. The proposed development would injure or interfere with a historic monument which stands registered in the Register of Historic Monuments under section 5 of the National Monuments (Amendment) Act, 1987, or which is situated in an archaeological area so registered.

13. The proposed development would adversely affect an architectural conservation area.

14. The proposed development would adversely affect the linguistic or cultural heritage of the Gaeltacht.

15. The proposed development would materially contravene an objective indicated in a local area plan for the area.

16. The proposed development would be contrary to any Ministerial guidelines issued to planning authorities under section 28 or any Ministerial policy directive issued to planning authorities under section 29.

17. The proposed development would adversely affect a landscape conservation area.

18. In accordance with section 35, the planning authority considers that there is a real and substantial risk that the development in respect of which permission is sought would not be completed in accordance with any permission or any condition to which such a permission would be subject.

19. The proposed development—

(a) would contravene materially a development objective indicated in the development plan for the conservation and preservation of a European site insofar as the proposed development would adversely affect one or more specific—

(i) (I) natural habitat types in Annex I of the Habitats Directive, or

(II) species in Annex II of the Habitats Directive which the site hosts,

and which have been selected by the Minister for Arts, Heritage, Gaeltacht and the Islands in accordance with Annex III (Stage 1) of that Directive,

(ii) species of bird or their habitat or other habitat specified in Article 4 of the Birds Directive, which formed the basis of the classification of that site,

or

(b) would have a significant adverse effect on any other areas prescribed for the purpose of section 10(2)(c).

20. The development would contravene materially a development objective indicated in the development plan for the zoning of land for the use solely or primarily of particular areas for particular purposes (whether residential, commercial, industrial, agricultural, recreational, as open space or otherwise or a mixture of such uses).

[20A. The proposed development would not be consistent with a planning scheme in force in respect of a strategic development zone.]

[20B. The proposed development would not be consistent with the transport strategy of the DTA.]
20C. The proposed development would cause a serious aircraft noise problem at Dublin Airport including, as appropriate, the area around Dublin Airport significantly affected by aircraft noise.

21. (a) Subject to paragraph 22, paragraphs 19 and 20 shall not apply in a case where a development objective for the use specified in paragraph 20 applied to the land at any time during the period of a development plan and the development objective of which was changed as a result of a variation of the plan during such period prior to the date on which the relevant application for permission was made to develop the land, and the development would not have contravened materially that development objective.

(b) Paragraph 20 shall not apply in a case where, as a result of a direction by the Minister under section 31(2) given within one year of the making of a development plan, a planning authority amends or revokes a development objective referred to in paragraph 19 but without prejudice to any right of compensation which may otherwise arise in respect of any refusal of permission under Part III in respect of an application made before such direction was issued by the Minister.

22. Paragraph 21 shall not apply in a case where a person acquired his or her interest in the land—

(a) after the objective referred to in paragraph 19 or 20 has come into operation, or

(b) after notice has been published,

(i) in accordance with section 12 or 13, of a proposed new development plan or of proposed variations of a development plan, as the case may be, or

(ii) in accordance with section 12, of a material alteration of the draft concerned,

indicating in draft the development objective referred to in paragraph 19 or 20, or

(c) in the case of paragraph 19, after notice has been published by the Minister for Arts, Heritage, Gaeltacht and the Islands of his or her intention to propose that the land be selected as a European site.

23. For the purposes of paragraph 22, the onus shall be on a person to prove all relevant facts relating to his or her interest in the land to the satisfaction of the planning authority.

23A. (1) The proposed development is by an applicant associated with a previous development (whether or not such previous development was within the functional area of the planning authority to which the proposed development relates) which—

(a) in the opinion of the planning authority in whose functional area the previous development is situated, has not been satisfactorily completed in the ordinary course of development, or

(b) the estate to which the previous development relates has not been taken in charge by the local authority concerned because the estate has not been completed to the satisfaction of that authority.

(2) In this paragraph ‘associated’, in relation to a previous development, means a development under the Planning and Development Acts 2000 to 2018 to which section 180 relates and in respect of which the development has not been satisfactorily completed or taken in charge by the local authority concerned due to the actions (whether of commission or omission) of—
