PART 2

Mandatory Assessment Procedures in respect of Certain Civil Actions

Chapter 1

Mandatory applications for assessment

“Relevant claim”.

9.—In this Chapter “relevant claim” means a civil action to which this Act applies.

What this Chapter does.

10.—This Chapter—

(a) specifies certain procedures that must be employed by—

(i) every claimant who wishes to recover damages in respect of a relevant claim, and

(ii) the Board in consequence of those procedures having been employed by such a claimant,

and

(b) prohibits the bringing of proceedings in respect of such a claim unless specified conditions are satisfied.

Application for assessment.

11.—(1) A claimant shall make an application under this section to the Board for an assessment to be made under section 20 of his or her relevant claim.

(2) That application shall be in the form specified by rules under section 46 and be accompanied by such documents as may be so specified.

(3) Without prejudice to the generality of section 46 as regards the documents that may be specified for the foregoing purpose, the documents that may be specified for that purpose include—

(a) a document that has been given or sent, by or on behalf of the claimant, to the person or persons whom he or she believes to be liable to pay compensation to him or her in respect of the claim, notifying the person or persons of his or her relevant claim and seeking the payment of compensation,

(b) copies of any other correspondence between the claimant and that person or those persons in relation to the relevant claim,
(c) a report prepared by a medical practitioner who has treated the claimant in respect of the personal injuries, the subject of the relevant claim, in relation to those injuries,

(d) receipts, vouchers or other documentary proof in relation to loss or damage in respect of which special damages are being sought in the relevant claim.

(4) If an enactment or a rule of court (whether passed or made before or after the passing of this Act) requires notice of any accident or occurrence that has given rise to personal injuries being sustained by a person to be given, prior to a civil action being pursued in respect of those injuries, to the person or persons alleged to be responsible for them, then the reference in subsection (3) (a) to the document mentioned in that provision shall be construed as a reference to such a notice.

(5) When it appears to the Board, in circumstances where the presumption provided for by section 18 (presumption as to full capacity) is rebutted in relation to the applicant, that an applicant under this section is not of full capacity the Board shall not deal with the applicant’s application (but without prejudice to its duty, subject to section 17, to deal with a fresh application subsequently made under this section on his or her behalf by a next friend or a committee of him or her).

12.—(1) Unless and until an application is made to the Board under section 11 in relation to the relevant claim and then only when the bringing of those proceedings is authorised under section 14, 17, 32 or 36, rules under section 46(3) or section 49 and subject to those sections or rules, no proceedings may be brought in respect of that claim.

(2) Nothing in subsection (1) or any other provision of this Act is to be read as affecting the right of a claimant or a respondent to invoke, subject to and in accordance with this section, the jurisdiction of any court to make an order referred to in subsection (3) that could be made if proceedings, but for subsection (1), were to be brought or were about to be brought in respect of the relevant claim and the court shall, accordingly, have jurisdiction, subject to and in accordance with this section, to make such an order despite the enactment of subsection (1).

(3) The order mentioned in subsection (2) is any order of an interlocutory kind or power to make which is provided for by rules of court or otherwise inherent in the court’s general jurisdiction in civil proceedings and, in particular, an order restraining the transfer of assets to a place outside the State for the purpose of defeating the rights of another arising out of the relevant claim or the dissipation of assets for that purpose and an order requiring evidence to be preserved.

(4) In relation to the invocation of the foregoing jurisdiction of the court the following provisions have effect—

(a) the application for the order concerned shall be made by motion on notice or, as appropriate, ex parte motion,

(b) without prejudice to the principles or rules that govern generally the exercise of that jurisdiction, the court shall not exercise that jurisdiction to make any order (not being an order relating to the transfer or dissipation of assets) unless it is satisfied that—

(i) the making of the application therefor is bona fide and for the sole purpose of ensuring the fair and just disposition of any proceedings that could be brought in the event of the issue of an authorisation referred to in subsection (1), and

(ii) the making of the order is required so as to enable the fair and just disposition of those proceedings,
and the court shall ensure that the manner in which any such application is dealt with does not prejudice any procedures which are being or may be followed under this Act in relation to the relevant claim,

(c) on the hearing of any such application the court shall have power to grant the relief sought or, subject to this section, make any other interlocutory order that is appropriate to the application or may adjourn, from time to time, the hearing of the application or dismiss the application and, in any of the foregoing cases, may make such order as to costs as it considers appropriate,

(d) the person making any such application shall be subject to the same duties as he or she would be subject to if the application were to be made in the course of proceedings brought in respect of the relevant claim and may (in addition to any undertaking he or she may be regarded as having given by operation of law) be required to give such undertakings as the court may specify in the circumstances,

(e) in the event of proceedings being brought in respect of the relevant claim pursuant to an authorisation referred to in subsection (1), any order made in exercise of the foregoing jurisdiction shall be deemed to be an order made in the course of those proceedings and the court may, accordingly, continue to exercise jurisdiction in respect of the order, and

(f) in the event of no proceedings being brought in respect of the relevant claim, the court may make such order as to the discharge of the order referred to in paragraph (e), to any other matters in consequence of the order so referred to and to the costs of the matter as in necessary or appropriate in the circumstances.

F5[(5) The issuing of a notice of motion or the moving of a motion for the purposes of an application referred to in subsection (4) shall not be regarded as the commencement of proceedings in respect of the relevant claim for the purposes of any applicable limitation period in relation to such claim (including any limitation period under the Statute of Limitations 1957, section 9(2) of the Civil Liability Act 1961, the Statute of Limitations (Amendment) Act 1991 and an international agreement or convention by which the State is bound).]

13.—F6[(1) (a) As soon as practicable after receipt of an application under section 11, the Board may serve a preliminary notice on the person or each of the persons who the claimant alleges in the application is or are liable to him or her in respect of the relevant claim (who or each of whom is referred to in this Part as a ‘respondent’) notifying the respondent of the relevant claim.

(b) As soon as practicable after receipt of—
(i) an application under section 11,
(ii) a report prepared by a medical practitioner under section 11(3)(c), and
(iii) the charge imposed on the claimant pursuant to regulations made under section 22(1),
the Board shall serve the following notice on the respondent.]
(2) F6[That notice under subsection (1)(b)] is a notice stating that the Board has received an application made under section 11 by the claimant and requesting the respondent to state to the Board in writing, within the period specified in the notice, whether he or she consents to an assessment being made under section 20 of the claimant’s relevant claim.

Procedures on foot of notification under section 13.

14.—(1) If a respondent—

(a) states in writing, in response to F7[a notice served under section 13(1)(b)], within the period specified in it, that he or she does consent to an assessment being made under section 20 of the claimant’s relevant claim, or

(b) fails to state in writing, in response to that notice, within the period specified in it, whether or not he or she does so consent,

then the Board shall, subject to sections 17 and 18, arrange for an assessment to be made under section 20 of that claim.

(2) If a respondent states in writing, in response to F7[a notice served under section 13(1)(b)], within the period specified in it, that he or she does not consent to an assessment being made under section 20 of the claimant’s relevant claim, it shall be the duty of the Board, as soon as may be after that statement is received by it, to issue to the claimant a document that contains the statement and operates to have the effect mentioned in subsection (4).

(3) Such a document is referred to in this Act as an “authorisation”.

(4) An authorisation under this section shall state that the claimant is authorised to, and operate to authorise the claimant to, bring proceedings in respect of his or her relevant claim.

Procedures if not everyone of 2 or more respondents consents to assessment being made.

15.—If there are 2 or more respondents as respects a relevant claim and one or more but not all of them makes a statement in writing of the kind referred to in section 14(2) the following provisions have effect—

(a) the Board, despite the making of such a statement, shall, subject to sections 17 and 18, arrange for an assessment to be made under section 20 of the claimant’s relevant claim,

(b) the assessment made under that section, though subsequently accepted, if such be the case, by the other respondent or respondents, shall not be binding on the respondent or respondents who made such a statement, (the “non-participating respondent or respondents”), and
(c) section 14 shall have effect as if the following subsections were substituted for subsection (4):

“(4) An authorisation under this section shall state that the claimant is authorised to, and operate to authorise the claimant to, bring proceedings in respect of his or her relevant claim against only the non-participating respondent or respondents (within the meaning of section 15) but this subsection is subject to the following subsection.

(5) Subsection (4) does not prejudice the operation of section 41 (which relates to the application of section 16 of the Act of 1961 (satisfaction by one wrongdoer discharging the other wrongdoer or wrongdoers)) and, accordingly, the proceedings authorised by that subsection to be brought—

(a) shall cease to be maintainable if the amount or amounts specified in an order to pay that may eventually be issued by the Board in respect of the relevant claim are paid to the claimant, or

(b) if only a portion of the amount or amounts specified in such an order to pay that may eventually be issued is paid to the claimant, shall be maintainable in respect of only the balance outstanding.”.

16.—Neither a statement referred to in paragraph (a) of subsection (1) of section 14 nor a failure of the kind mentioned in paragraph (b) of that subsection shall constitute an admission of liability by the respondent concerned or be capable of being used in evidence against him or her in any proceedings or operate in any manner to prejudice any proceedings.

17.—(1) Despite—

(a) the making by a respondent of a statement referred to in section 14(1)(a), or

(b) the fact that a failure by him or her of the kind referred to in section 14(1)(b) has occurred,

the Board shall not be required to arrange for the making of an assessment under section 20 of the relevant claim concerned (or, as appropriate, shall discontinue any such assessment the making of which it has arranged) if—

(i) in its opinion, there does not exist, or there has not been previously entered into, in relation to the type of personal injury or injuries to which the relevant claim relates, a sufficient body of case law or, as the case may be, a sufficient number of settlements to which regard may be had by the assessors for the purpose of making such an assessment, or

(ii) in its opinion, it would not be appropriate to do so—

(I) because of the particular complexity of the issues that would require to be addressed were an assessment of the relevant claim to be made such as (without limiting the generality of this clause) issues involving the interaction between each of a number of injuries the claimant alleges he or she sustained in the accident or incident concerned or the interaction between one or more such injuries and any existing condition or disease the claimant suffered from or any injury he or she previously sustained, or

(II) because the injury or injuries alleged to be sustained consist wholly or in part of psychological damage the nature or extent of which it would be difficult to determine by the means of assessment to which the assessors are limited to employing by this Act, or
(III) because aggravated or exemplary damages are bona fide (and not for the purpose of circumventing the operation of this Act) sought to be recovered in the relevant claim, or

(IV) in case the relevant claim arises out of a trespass to the person, because the making of an assessment of the claim by the means to which assessors are limited to employing by this Act would not respect the dignity of the claimant, or

(V) because the gravity of any injury or illness of the claimant is such that, were proceedings to be brought in respect of his or her relevant claim, an early trial of the claim would, in the Board's opinion, be ordered to be held to meet the contingency of the claimant's dying before the time the claim would otherwise, in the ordinary course of events, come on for trial, or

(iii) in its opinion, the period of time for which the making of such an assessment would have to be deferred (in order for a long term prognosis in respect of the personal injury or injuries to which the relevant claim relates to be made) would be likely to result in section 49 not being complied with, or

(iv) in its opinion, the person purporting to act as a next friend, or as the case may be, a guardian of the claimant or a respondent has a conflict of interest in the matter, or otherwise would not be entitled to act as a next friend or guardian of the claimant or respondent were the relevant claim to be the subject of proceedings, and steps are unlikely to be taken in a timely fashion to secure an appropriate replacement for him or her, or

(v) in its opinion, the relevant claim falls within a class of relevant claims as respects which the Board has, with the consent of the Minister and the Minister for Justice, Equality and Law Reform, for the time being declared there to be other good and substantial reasons for its not arranging the making of such an assessment in respect of

(vi) the notice under section 13(1)(b) on the person or each of the persons who the claimant alleges in the application is or are liable to him or her in respect of the relevant claim cannot be served on, or given, or issued to the person in accordance with section 79, or

(vii) the respondent has notified the Board of his or her intention not to accept the assessment when made, or

(viii) in its opinion, the relevant claim falls within a class of relevant claims to which Regulation (EC) No. 864/2007 of the European Parliament and of the Council of 11 July 2007 on the law applicable to non-contractual obligations (Rome II) applies, or

(ix) in its opinion, the relevant claim falls within a class of relevant claims where a settlement has been negotiated for the benefit of a minor or person of unsound mind (including a dependant minor or person of unsound mind where the relevant claim arises from fatal injuries) to be approved by the court.

(2) As soon as may be after the Board forms an opinion referred to in any of paragraphs (i) to (v) of subsection (1), the Board shall record that opinion in writing and the reasons therefor.

(3) In addition to the grounds specified in subsection (1) for its not doing so, the Board may, in its discretion, decide not to arrange for the making of an assessment under section 20 of a relevant claim if a charge imposed by it pursuant to regulations under section 22(1) on a respondent has not been paid to it; any such decision shall be recorded in writing by the Board as soon as may be after it is made.

\[\text{OJ No. L 199, 31.7.2007, p.40.}\]
(4) It shall be the duty of the Board, as soon as may be after recording an opinion or a decision referred to in subsection (1) or (3), to issue to the claimant concerned a document that contains the statement and operates to have the effect mentioned in subsection (6).

(5) Such a document is also referred to in this Act as an “authorisation”.

(6) An authorisation under this section shall state that the claimant is authorised to, and operate to authorise the claimant to, bring proceedings in respect of his or her relevant claim.

(7) If an authorisation would fall to be issued under both—

(a) this section, and

(b) but for this subsection, section 14 as it has effect by virtue of section 15,

then an authorisation shall only be issued under this section.

Annotations

Amendments:

18.—(1) Subject to subsections (2) and (3), for the purpose of the performance of every function under this Part the Board shall presume that the claimant and the respondent or respondents are each of full capacity.

(2) If—

(a) rules under section 46 require an application under section 11 to include a statement that the claimant is of full age, or

(b) rules under that section require the Board, before it deals with a claimant or a respondent under this Part, to seek confirmation from the claimant or the respondent that he or she is of full age,

then subsection (1), in so far as it relates to a person’s being of full age, shall not apply unless and until that requirement of those rules is complied with or that confirmation is given by the claimant or the respondent.

(3) Subject to subsection (4), if, during the course of the performance by the Board of its functions under this Part, a medical opinion in writing is furnished to the Board to the effect that the claimant or a respondent is not of sound mind then the presumption in subsection (1) shall be regarded as rebutted and the Board shall, as appropriate—

(a) not arrange for the making of an assessment of the relevant claim concerned, or

(b) if any step in the making of that assessment, or consequent on the making of that assessment, has already been taken, cause no further step to be taken in the making of that assessment or consequent on its making,

unless, in the case of such an opinion that has been furnished in respect of one or more than one of 2 or more respondents, no such opinion has been furnished in respect of the other or others or the claimant.
(4) Nothing in subsection (1) or paragraph (a) or (b) of subsection (3) applies if—

(a) in the case of a claimant, a next friend or a committee of the claimant is acting on his or her behalf, and

(b) in the case of a respondent, a guardian or a committee of the respondent is acting on his or her behalf.

(5) No action or proceeding shall lie against the Board or any of its members or employees in respect of anything which the Board, the member or the employee could have lawfully done or omitted to do had the circumstances presumed by virtue of subsection (1) to pertain pertain in fact.

(6) If such an opinion as is referred to in subsection (3) is furnished in respect of one or more than one, but not all, of 2 or more respondents and subsection (4) does not apply then the Board shall record in writing the fact of its having received that opinion and no assessment made under this Part in relation to the relevant claim shall bind the respondent or respondents to whom the opinion relates.

Chapter 2

Procedure for assessment

What this Chapter contains.

19.—This Chapter contains the principal provisions relating to the making of an assessment of a relevant claim the making of which has been arranged by the Board under section 14(1).

Assessment.

20.—(1) In this section “assessment”, in relation to a relevant claim, means an assessment of the amount of damages the claimant is entitled to in respect of the claim on the assumption that the respondent or respondents are fully liable to the claimant in respect of the claim.

(2) An assessment of a relevant claim shall be made by such one or more of the employees of the Board for the time being assigned the performance of functions under this Chapter as the Board directs (in subsequent sections of this Part referred to as “assessors”).

(3) That employee or those employees may be assisted in the making of the assessment by one or more of the persons the services of whom are engaged by the Board under section 80 (in subsequent sections of this Part referred to as “retained experts”).

(4) An assessment shall be made on the same basis and by reference to the same principles governing the measure of damages in the law of tort and the same enactments as would be applicable in an assessment of damages were proceedings to be brought in relation to the relevant claim concerned.

Section 20: supplemental provisions.

21.—(1) The assessors shall make their assessment by reference to the information, records or other documents required or authorised by this Act to be furnished to them; no hearing shall be conducted by them for that purpose.

(2) The assessors may also have regard, for that purpose, to relevant information, records or documents that came, before the commencement of this section, into the possession of the board known as the “Interim Personal Injuries Assessment Board” established on 27 November 2002 by the Minister for Enterprise, Trade and Employment.

(3) If the assessment is an assessment of a relevant claim relating to a proposed action for damages under section 48 of the Act of 1961 the assessment shall specify
the proportion of the amount of damages it provides for to which each of the
dependants concerned is to be entitled.

(4) An assessment shall not, in respect of the damages which it provides for, specify
that they shall be paid in 2 or more instalments.

22.—(1) The Minister may make regulations enabling the Board to impose the
charges referred to in subsection (2) in respect of the dealing by the Board with an
application under section 11 in relation to a relevant claim.

(2) Those charges are—

(a) a charge on the claimant of an amount specified in the regulations under
subsection (1),

(b) a charge on the respondent or, as the case may be, each of the respondents
of an amount specified in those regulations, and

(c) a charge, additional to that referred to in paragraph (b), on the respondent
or, as the case may be, each of the respondents, for the purpose of defraying
any amount of the expenses incurred by the Board, or on its behalf, in the
making of the assessment concerned that, in its opinion, is of an exceptional
kind.

(3) For the purpose of subsection (2)(c) and regulations under that provision—

(a) “an exceptional kind”, in relation to an amount, means an exceptional kind
relative to the amounts of expenses typically incurred by the Board, or on
its behalf, in the making of assessments,

(b) without prejudice to paragraph (a), any amount of expenses incurred by the
Board, or on its behalf, in the arranging of, or the carrying out of, a medical
examination referred to in section 24(2) is an amount of an exceptional kind.

(4) Different amounts may be specified in regulations under subsection (1)—

(a) for the purposes of subsection (2)(b)—

(i) in relation to different classes of relevant claim, and

(ii) in relation to different stages of a relevant claim,

and

(b) for the purposes of subsection (2)(a) and (b) in relation to the submission of
documents in electronic and paper form.

(5) The Board may refuse to deal with an application under section 11 if a charge
imposed by it pursuant to regulations under subsection (1) in relation to the application
has not been paid to it.

(6) Any amount of charges imposed pursuant to regulations under subsection (1)
may be recovered by the Board from the person concerned as a simple contract debt
in any court of competent jurisdiction.

(7) Charges may be imposed pursuant to regulations under subsection (1) even
though, before the making of an assessment of the claim would otherwise have fallen
to be made under section 20, a settlement is entered into in respect of the relevant
claim concerned.

(8) In subsection (2) “respondent” includes a non-accepting respondent (within the
meaning of section 34).
23.—(1) The assessors may request the claimant to furnish to them such information or documents in the possession or control of the claimant, additional to the information contained in, or the documents which accompanied, his or her application under section 11, as they consider necessary for the making of the assessment.

(2) The assessors may request the respondent or respondents to furnish to them such information or documents in the possession or control of the respondent or respondents as the assessors consider necessary for the making of the assessment.

(3) If retained experts are assisting the assessors in the making of the assessment the assessors may make the following request if they consider that it is necessary to do so for the purpose of enabling those experts to assist them in the making of the assessment.

(4) That request is a request of the claimant or the respondent or respondents to—

(a) provide such assistance to the retained experts,

(b) furnish such information or documents to those experts, additional to that or those referred to in subsection (1) or (2), or

(c) otherwise co-operate with those experts in such manner, as is or are specified in the request.
24.—(1) The assessors may make the request referred to in subsection (2) if—

(a) any information or documents furnished by the claimant, whether initially or pursuant to a request made under section 23, and consisting of any medical opinion (whether a diagnosis or prognosis) in relation to the claimant’s injuries is not accepted as being correct by a respondent, or

(b) the assessors otherwise consider it appropriate to do so.

(2) The request mentioned in subsection (1) is a request of the claimant to submit himself or herself to a medical examination which the Board may arrange to be carried out in relation to the claimant by one or more medical practitioners.

(3) That medical practitioner or those medical practitioners shall be a person or persons who have no pecuniary interest or other beneficial interest in, or material to, any matter which could reasonably be affected (whether favourably or unfavourably) by the outcome of the assessment.

(4) For the avoidance of doubt the medical examinations which the Board may arrange to be carried out under this section include a medical examination to be carried out in a place outside the State.

25.—(1) If a claimant fails to comply with—

(a) a request under section 23(1), the assessors shall proceed to make the assessment as best they may in the absence of the information or document to which the request related,

(b) a request under section 23(3), the assessors shall proceed to make the assessment as best they may in the absence of the information or document to which the request related having been furnished to the retained experts or, as the case may be, the assistance or co-operation to which the request related having been afforded to those experts,

(c) a request under section 24(1)(a), the assessors shall, unless they see good reason for not doing so, make the assessment on the basis that the contention of the respondent concerning the information or document referred to in section 24(1) and which gave rise to the making of the request was correct,

(d) a request under section 24(1)(b), the assessors shall proceed to make the assessment as best they may in the absence of the information that would have been provided to them had the medical examination to which the request related been carried out.

(2) If a respondent fails to comply with a request under section 23(2) or (3), the assessors shall proceed to make the assessment as best they may in the absence of the information or document to which the request related having been furnished to them or the retained experts or, as the case may be, in the absence of the assistance or co-operation to which the request related, having been afforded to those experts.

26.—(1) The assessors may request any person (including a Department of State or any other public body (other than the Revenue Commissioners)) to furnish to them
such records, documents or other information in his or her possession or control as they reasonably request for the purpose of—

(a) verifying any item of loss alleged by the claimant in his or her relevant claim, or

(b) complying with the provisions of any enactment that requires specified amounts to be deducted or specified matters to be taken account of in the making of an assessment of damages,

and the records, documents or other information that may be the subject of such a request include records, documents or information that came into existence, or into the possession of the person requested, before the passing of this Act, and it shall be the duty of such person to comply with such request.

(2) Without prejudice to the generality of subsection (1), the assessors may, for the purpose specified in subsection (3), request the Department of the Environment, Heritage and Local Government to furnish to them relevant particulars in relation to a mechanically propelled vehicle contained in a database that is maintained by it for the purposes of any Community act.

(3) The purpose mentioned in subsection (2) is the purpose of the Board’s ascertaining the identity of the insurance company or undertaking, if any, which has entered in to an approved policy of insurance (within the meaning of the Road Traffic Act 1961) in respect of the vehicle referred to in that subsection.

(4) If the database referred to in subsection (2) is maintained for the time being by another person on behalf of the Department of the Environment, Heritage and Local Government the reference in that subsection to that Department of State shall, for so long as the database is maintained by that other person, be construed as a reference to that person.

Section 26: supplemental provisions.

27.—(1) If a person fails or refuses to comply with a request made by the assessors under section 26 the assessors may apply to the District Court for an order under subsection (2).

(2) On the hearing of an application under this section, the District Court may, if it thinks fit, make an order directing the person concerned to comply with the relevant request.

(3) A person who fails or refuses to comply with an order made under subsection (2) is guilty of an offence.

(4) The jurisdiction of the District Court under this section shall be exercised by the judge of the District Court for the time being assigned to the district court district in which the person against whom the order concerned is sought resides or carries on business.

Limited power to require certain other information.

28.—(1) A claimant, by virtue of his or her having made an application under section 11, shall be deemed to have consented to the Revenue Commissioners complying with the following request.

(2) That request is a request by the assessors (which by virtue of this section they have power to make) of the Revenue Commissioners to furnish to the assessors particulars or other information in their possession or control in relation to the amount of income of the claimant for the purpose, and the purpose only of, the assessors' verifying any item of financial loss that is alleged by the claimant in his or her relevant claim and which relates to that income.

(3) Notwithstanding any enactment, it shall be the duty of the Revenue Commissioners to comply with such a request unless the consent referred to in subsection (1) is deemed to have been revoked by virtue of subsection (4).
(4) That consent shall be deemed to have been revoked if, at the date of the making of the request of the Revenue Commissioners, the application under section 11 of the claimant concerned stands withdrawn by him or her in accordance with section 47.

(5) The particulars or other information that may be the subject of a request under this section include particulars or other information that came into existence, or into the possession of the Revenue Commissioners, before the passing of this Act.

29.—(1) If the Board considers it to be a reasonable inference from the manner in which a claimant or a respondent has completed, or is completing or attempting to complete, a step required to be taken by him or her by or under this Act that he or she does not have a sufficient appreciation of the legal consequences the taking of that step, or the following of the procedures generally under this Act, may have in respect of his or her rights or obligations as regards the relevant claim, it shall be the duty of the Board to do one, or more than one, as it considers appropriate, of the following things.

(2) Those things are—

(a) to advise the claimant or respondent, as appropriate, of the desirability of his or her obtaining legal advice in the matter,

(b) to provide an explanation to the claimant or the respondent of the legal consequences generally a failure to complete properly the step concerned or to follow properly the procedures generally under this Act may have in respect of a claimant’s or respondent’s rights or obligations as regards a relevant claim,

(c) to provide such assistance as the Board considers reasonable to the claimant or the respondent, as appropriate, in completing the step concerned properly or, as the case may be, re-taking that step in a proper manner.

(3) The respondent or respondents or, as appropriate, the claimant shall be informed by the Board, as soon as may be after the doing of that or those things, of the fact that one or more of the things referred to in subsection (2) (but not the doing alone of the thing referred to in paragraph (a) of that subsection) has been done.

(4) The Board shall ensure that the doing of the thing referred to in paragraph (b) or (c) of subsection (2) is accompanied by a statement to the claimant or the respondent, as appropriate, that the doing of that thing does not absolve the Board of the duty to cause an assessment of the relevant claim concerned to be made impartially.

(5) For the avoidance of doubt no statement contained in any medical report or other document furnished to the assessors in respect of the relevant claim concerned, of itself, gives rise to any duty on the part of the Board to do one or more of the things specified in subsection (2).

30.—(1) Having made their assessment of a relevant claim the assessors shall reduce the assessment to writing and the Board shall serve the assessment on the claimant and the respondent or each of the respondents, together with the following notice.

(2) That notice is a notice requesting—

(a) in the case of a notice served on the claimant, the claimant to state to the Board in writing within 28 days, or such greater period as may be specified by rules under section 46, from the service of the notice whether he or she accepts the assessment, and
(b) in the case of a notice served on a respondent, the respondent to state to the
Board in writing within 21 days from the service of the notice whether he or
she accepts the assessment.

(3) If—

(a) a next friend or, as appropriate, a guardian of the claimant or the respondent,
(or, as the case may be, any one or more of 2 or more respondents) who is
a minor or a person of unsound mind is acting on behalf of the claimant or
that respondent or those respondents in the matter, or

(b) a committee of the claimant or the respondent (or, as the case may be, any
one or more of 2 or more respondents) who is a person of unsound mind is
acting on behalf of the claimant or that respondent or those respondents in
the matter,

the notice referred to in subsection (1) shall also include a direction to the next
friend, guardian or committee that he or she or it obtain legal advice from a person
who is independent of him or her or it as to whether the assessment ought to be
accepted.

(4) The reference in subsection (2)(a) to a statement as to the acceptance of the
assessment is, if the claim concerned falls within subsection (3) \[F11\] [or is one relating
to a proposed action for damages under section 48 of the Act of 1961], a reference
to a statement as to the acceptance (subject to the approval of the court under section
35 of the assessment) of the assessment.

(b) the respondent or, as the case may be and subject to section 34, each of the respondents,

on the expiry of the following period.

(2) That period is the period specified in the notice mentioned in section 30(2)(a) that was served on the claimant.

(3) The assessment shall not be binding on a person who proves that, at the time of his or her acceptance, or deemed acceptance, in accordance with this Part, of the assessment he or she was not of sound mind.

(4) Subsection (3) does not apply if—

(a) in the case of a claimant, a next friend or a committee of the claimant is acting on his or her behalf, and

(b) in the case of a respondent, a guardian or a committee of the respondent is acting on his or her behalf.

Position of respondent or respondents who do not accept assessment.

34.—If there are 2 or more respondents as respects a relevant claim and one or more but not all of them makes a statement of the kind referred to in section 32(1)(b) the following provisions have effect—

(a) the assessment made under section 20, though accepted by the other respondent or respondents, shall not be binding on the respondent or respondents who made such a statement (the “non-accepting respondent or respondents”),

(b) section 32 shall have effect as if the following subsections were substituted for subsection (3):

“(3) An authorisation under this section shall state that the claimant is authorised to, and operate to authorise the claimant to, bring proceedings in respect of his or her relevant claim against only the non-accepting respondent or respondents (within the meaning of section 34) and such an authorisation shall be in addition to any authorisation issued under section 14 to the claimant (but this subsection is subject to the following subsection).

(4) Subsection (3) does not prejudice the operation of section 41 (which relates to the application of section 16 of the Act of 1961 (satisfaction by one wrongdoer discharging the other wrongdoer or wrongdoers)) and, accordingly, the proceedings authorised by that subsection to be brought—

(a) shall cease to be maintainable if the amount or amounts specified in an order to pay issued by the Board in respect of the relevant claim are paid to the claimant, or

(b) if only a portion of the amount or amounts specified in such an order to pay is paid to the claimant, shall be maintainable in respect of only the balance outstanding.”.

Approval of court required for certain assessments.

35.—(1) This section applies to a relevant claim where—

(a) a next friend or the committee of a minor or a person of unsound mind is acting on behalf of the minor or person in respect of the claim, or
(b) the claim relates to a proposed action for damages under section 48 of the
Act of 1961,

and the next friend, committee or, as the case may be, the person proposing to
bring that action for damages accepts, subject to the assessment being approved
under this section, the assessment made under section 20 of the relevant claim.

(2) Where any enactment or rule of court requires any settlement of a relevant
claim to which this section applies to be approved by the court then that enactment
or rule of court shall apply, with the necessary modifications, to the assessment
referred to in subsection (1) as if proceedings had been brought in relation to the
claim, and the court shall have jurisdiction to approve the assessment accordingly on
application in that behalf being made by the next friend, committee or other person
referred to in that subsection.

(3) The court shall order that the costs of such an application by the applicant shall
be borne by the respondent or respondents.

(4) Unless and until an assessment of a relevant claim to which this section applies
has been approved by the court, the assessment, despite section 33, shall not become
binding on the claimant and the respondent or respondents.

(5) In this section “court” means the court which has jurisdiction to make an award
of damages of the amount of the assessment the subject of the application for approval
or, if 2 or more courts have jurisdiction to make such an award, whichever of them
possesses the lesser or the least jurisdiction to make an award of damages in respect
of relevant claims.

36.—(1) If the court does not approve an assessment the subject of an application
to it under section 35, then it shall be the duty of the Board, as soon as may be after
the court refuses to approve the assessment, to issue to the claimant concerned a
document that contains the statement and operates to have the effect mentioned in
subsection (3).

(2) Such a document is also referred to in this Act as an “authorisation”.

(3) An authorisation under this section shall state that the claimant is authorised
to, and operate to authorise the claimant to, bring proceedings in respect of his or
her relevant claim against the respondent or respondents who accepted, or, in
accordance with this Part, is or are deemed to have accepted, the assessment
concerned and such an authorisation shall be in addition to any authorisation issued
under another provision of the Act to the claimant.

37.—(1) In neither of the cases referred to in subsection (2) shall the statement
concerned of the claimant or, as the case may be, the respondent (or, as appropriate
the deemed acceptance by the respondent) be capable of being used in evidence
against the claimant or the respondent (or, in the case of the respondent, constitute
an admission of liability by him or her) or operate in any manner to prejudice any
proceedings.

(2) The cases referred to in subsection (1) are—

(a) a case in which a statement in writing, in response to a notice under section
30, is made by a claimant that he or she accepts an assessment in circum-
stances where a statement in writing, in response to such a notice, is made
by a respondent that he or she does not accept that assessment, and

(b) a case in which either—

(i) a statement in writing, in response to a notice under section 30, is made
by a respondent that he or she does accept an assessment, or
(ii) a respondent is deemed, by virtue of section 31, to have accepted an assessment,

in circumstances where a statement in writing, in response to such a notice, is made by a claimant that he or she does not accept that assessment.

38.—(1) Within one month after an assessment becomes binding on the claimant and the respondent or, as the case may be, each of the respondents the Board shall issue to the respondent or each of the respondents a document (in this Act referred to as an “order to pay”).

F12[(2) An order to pay shall state that the respondent to whom it is issued is liable to pay—

F13[(a) to the Minister for Social Protection, the amount of recoverable benefits specified in the relevant statement of recoverable benefits, if any, in accordance with the provisions of Part 11B (amended by section 12 of the Social Welfare (Miscellaneous Provisions) Act 2015) of the Social Welfare Consolidation Act 2005, and]

(b) to the claimant—

(i) the amount of damages specified in the assessment less the amount referred to in paragraph (a), and

(ii) the amount, if any, directed to be paid under section 44 or 45 or both of those sections.]

(3) If the assessment is binding on more than one respondent, the liability of the respondents for payment of that amount or those amounts shall be joint and several and an order to pay shall include a statement to that effect.
**Primary legal effect of order to pay.**

40.—(1) As between—

(a) the claimant and the respondent or respondents, and

(b) 2 or more respondents,

an order to pay shall, without prejudice to the other provisions of this Chapter, operate as if it were a judgment of a court given for the amount or amounts concerned.

(2) Accordingly the provisions of every enactment (and in particular section 26 of the Debtors (Ireland) Act 1840 but not section 22 of the Courts Act 1981) and every instrument under an enactment shall, with any adaptations of them that may be made under subsection (3), apply to an order to pay as they apply to a judgment of a court.

(3) The authority for the time being having power to make rules regulating the practice and procedure of any court (being a court which would have jurisdiction to make an award of the amount or amounts specified in the order to pay concerned) may make rules providing for such adaptations of any enactment or instrument referred to in subsection (2) as are necessary for the purpose of enabling each of the methods that are available for the enforcement of a judgment of that court available for the purpose of the enforcement of an order to pay.

**Order to pay to operate as satisfaction of claimant’s claim.**

41.—(1) If the amount or amounts specified in an order to pay are paid to the claimant such payment shall constitute a satisfaction of the claimant’s relevant claim for the purposes of section 16 of the Act of 1961 as if the claimant had agreed that that payment would be a payment of the full damages to him or her in respect of the claim.

(2) If only a portion of the amount or amounts specified in an order to pay are paid to the claimant such payment shall constitute a partial satisfaction of the claimant’s relevant claim for the purposes of section 16 of the Act of 1961.

**Application of section 22 of Act of 1961 (claims for contributions between concurrent wrongdoers).**

42.—(1) As between—

(a) one or more respondents and either or both—

(i) one or more non-participating respondents,

(ii) one or more non-accepting respondents,

(b) one or more non-participating respondents or non-accepting respondents and either or both—

(i) one or more other non-participating respondents,

(ii) one or more other non-accepting respondents,

and

(c) any one or more of the foregoing persons and one or more other persons (not falling within either of the preceding paragraphs) who are concurrent wrongdoers as respects the relevant claim,

an order to pay shall, for the purposes of section 22 of the Act of 1961, be regarded as a settlement by the first-mentioned respondent or respondents in paragraph (a) with the claimant of his or her relevant claim.

(2) In this section and the following section—

“non-accepting respondent” has the same meaning as it has in section 34;

“non-participating respondent” has the same meaning as it has in section 15.
43.—For the purposes of the application of section 18 of the Act of 1961 in circumstances where a claimant is not barred from bringing proceedings against a non-participating or non-accepting respondent or respondents, an assessment of the claimant’s relevant claim or, if an order to pay in respect of it has been issued, that order to pay, shall be deemed to be an award of damages, of the amount or amounts specified in the assessment or the order to pay, made by the judgment first given (within the meaning of that section).

Chapter 4

Miscellaneous

44.—(1) Without prejudice to section 45, on an assessment having been made the Board may include in the notice it serves under section 30 in relation to the assessment the following statement.

(2) That statement (“the statement”) is one to the effect that the Board will direct, if the assessment is accepted by the claimant and accepted or deemed to be accepted by the respondent or one or more of the respondents, that the respondent or respondents who accept or are deemed to have accepted the assessment shall pay to the claimant, in addition to the amount of the assessment, a specified amount, being the whole or part, as the Board, in its discretion, determines, of the amount of the following fees or expenses of the claimant.

(3) Those fees or expenses are fees or expenses that, in the opinion of the Board, have been reasonably and necessarily incurred by the claimant in complying with the provisions of this Part or any rules under section 46 in relation to his or her relevant claim.

(4) If the assessment is accepted or deemed to be accepted, in accordance with this Part, by the claimant and the respondent or one or more of the respondents the Board shall direct that that respondent or those respondents shall pay to the claimant the amount specified in the statement.

(5) The statement shall indicate, in brief terms, the nature of the fees or expenses to which the amount specified in the statement relates; not later than 10 days before the expiry of the period mentioned in section 30(2)(b) a respondent may request the Board to furnish to him or her such further details as he or she may reasonably specify in relation to the nature of those fees or expenses and the manner in which the foregoing amount was calculated by the Board and the Board shall comply with such a request.

(6) In this section “fees or expenses” do not include fees or expenses to which section 45 applies.

45.—(1) If a direction to the next friend or committee of the claimant of the kind referred to in subsection (3) of section 30 is included in a notice under that section that direction shall include the following statement.

(2) That statement is one to the effect that the Board will direct, if the assessment concerned is accepted by the claimant and accepted or deemed to be accepted by the respondent or one or more of the respondents, that the respondent or respondents who accept or are deemed to have accepted the assessment shall pay to the claimant, in addition to the amount of the assessment and any amount directed to be paid under section 44, the whole of the fees or expenses reasonably incurred by the next friend or committee in complying with the direction referred to in subsection (1).

(3) If the assessment is accepted or deemed to be accepted, in accordance with this Part, by the claimant and the respondent or one or more of the respondents the Board
shall direct that that respondent or those respondents shall pay to the claimant the whole of the fees or expenses referred to in subsection (2).

(4) If a direction under subsection (3) is given, and the respondent or respondents concerned and the next friend or committee of the claimant cannot agree as to what is the amount, for the purposes of this section, of the fees or expenses reasonably incurred by the next friend or committee in complying with the direction referred to in subsection (1), those fees and expenses shall be taxed by a Taxing Master of the High Court or, if the Board determines it would be more appropriate, having regard to the limited amounts involved, for a county registrar to do so and so directs, the county registrar for the circuit of the Circuit Court in which the respondent or any of the respondents concerned resides or carries on business.

(5) A reference in this Act to an amount specified in an order to pay shall, in so far as the reference relates to an amount the subject of a direction under subsection (3), be deemed to be a reference to the amount, as agreed between the parties concerned or taxed under subsection (4), in respect of the fees or expenses the subject of that direction.

Rules.

46.—(1) Subject to the provisions of this Part, the Board may make rules concerning the procedure to be followed under this Part in relation to—

(a) the making of applications under section 11,
(b) the making of assessments under section 20, and
(c) matters consequential on, or incidental to the foregoing.

(2) Rules under this section shall enable the Board to supply a copy of any records or other documents furnished by a claimant or a respondent to it, pursuant to this Act or the exercise by it or any member of its staff of powers under this Act, to a respondent or, as the case may be, a claimant in relation to the relevant claim concerned.

(3) Rules under this section shall enable the Board (subject to rules under subsection (4)) to issue to a claimant a document (in this Act also referred to as an “authorisation”), in circumstances where the claimant is not otherwise authorised under a provision of this Act to bring proceedings in respect of his or her relevant claim, in either or both of the following cases, namely—

(a) section 18(3) or (6) applies in respect of one or more of the respondents to the relevant claim and the claimant wishes to bring proceedings in respect of that claim against that respondent or those respondents (acting, unless he, she or they are no longer of unsound mind, by a guardian or a committee),
(b) the claimant wishes to bring proceedings in respect of his or her relevant claim against one or more persons whom he or she omitted, through a genuine oversight or ignorance of all of the facts relating to the matter, to specify in his or her application under section 11 as being a person or persons liable to him or her in respect of that claim.

(4) Rules under this section shall enable the Board to defer making a decision as to whether to issue an authorisation referred to in subsection (3) unless and until the relevant claim concerned has been the subject of an assessment or, as appropriate, a fresh assessment under this Act (which rules under this section may include a requirement for (but subject to those rules permitting the Board to waive that requirement where, due to lapse of time or other circumstances, compliance with that requirement would unduly interfere with the claimant’s right to bring proceedings)).

(5) An authorisation referred to in subsection (3) shall state that the claimant is authorised to, and operate to authorise the claimant to, bring proceedings in respect of his or her relevant claim against the person or persons concerned and such an
authorisation shall be in addition to any authorisation issued under another provision of this Act to the claimant.

Editorial Notes:

Withdrawal of application under section 11.

47.—(1) A claimant may, in accordance with rules under section 46, withdraw an application made by him or her under section 11 at any time before an assessment is made in respect of the relevant claim concerned and, where a claimant does so, the Board shall cause no step or no further step under this Part in relation to the claim to be taken.

(2) If such an application is so withdrawn the claimant may not, in relation to the relevant claim concerned, either—

(a) make a fresh application under section 11, or

(b) bring proceedings.

(3) Where a claimant indicates that he or she wishes to withdraw an application made by him or her, the Board shall, by notice served on him or her, notify the claimant of the desirability of obtaining legal advice before withdrawing the application and the application shall not be regarded as withdrawn unless and until, 14 or more days having elapsed from the service of that notice, a withdrawal by the claimant, in the form specified by rules under section 46, of the application is received by the Board.

Assessment of relevant claims where proceedings concerned brought before commencement of section 6.

48.—(1) Rules under section 46 may enable the Board to cause an assessment of a relevant claim referred to in subsection (2) to be made under section 20 on the joint application of the parties to the proceedings concerned and provide, with any necessary modifications, for the application of such provisions of this Act as, in the opinion of the Board, are necessary and expedient in relation to the making of such an assessment and the assessment so made.

(2) The relevant claim mentioned in subsection (1) is one the subject of proceedings brought before the commencement of section 6.

Assessments to be made expeditiously.

49.—(1) It shall be the duty of the Board to ensure that assessments in respect of relevant claims are made as expeditiously as may be and, for that purpose, to take all such steps as are open to it to ensure that, in so far as is practicable, there are no avoidable delays at any stage in the making of assessments.

(2) In particular, and without prejudice to the generality of subsection (1), it shall, subject to subsection (4), be the duty of the Board to ensure that every assessment is made within a period of 9 months beginning on (without prejudice to subsection (3))—

(a) if there is only one respondent as respects the relevant claim concerned, the date on which it receives the respondent's consent to an assessment being made under section 20 in relation to that claim,

(b) if there are 2 or more respondents as respects the relevant claim concerned—
(i) where only one of them consents to such an assessment being made in relation to that claim (irrespective of whether there is a failure of the kind mentioned in subsection (3) on the part of the other or others), the date on which it receives that consent,

(ii) where 2 or more of the respondents consent to such an assessment being made in relation to that claim (irrespective of whether there is a failure of the foregoing kind on the part of the other or others), the date it receives those consents or, if the dates on which it receives those consents are not the same, the earlier or earliest of the dates on which it receives one of those consents.

(3) If a failure of the kind referred to in section 14(1)(b) occurs on the part of the respondent or, if there are 2 or more respondents as respects the relevant claim concerned, on the part of each of them the period of 9 months referred to in subsection (2) begins on the expiry of the period specified in F14[the notice served under section 13(1)(b)] on the respondent or, as the case may be, each of the respondents.

(4) Where it appears to the Board that it would not be possible or appropriate, because of the particular circumstances of the relevant claim concerned, to make an assessment in respect of it within the period referred to in subsection (2), the Board shall, by notice in writing served on the claimant and the respondent or respondents before the expiration of that period, inform each of them of the reasons why it would not be possible or appropriate (as the case may be) to make the assessment within that period and shall specify the date before which the Board intends that the assessment shall be made; the date so specified shall not be a date that falls more than 6 months after the end of the period referred to in subsection (2).

(5) Where a notice has been served under subsection (4), the Board shall take all such steps as are open to it to ensure that the assessment is made before the date specified in the notice.

(6) If the assessment is not made before that date, then unless the claimant consents in writing to the Board's continuing to deal with the matter, it shall be the duty of the Board, as soon as may be after that date, to issue to the claimant a document that contains the statement and operates to have the effect mentioned in subsection (8).

(7) Such a document is also referred to in this Act as an “authorisation”.

(8) An authorisation under this section shall state that the claimant is authorised to, and operate to authorise the claimant to, bring proceedings in respect of his or her relevant claim.
