INTERCEPTION OF TELECOMMUNICATIONS MESSAGES

Introductory

22.— In this Part, unless the context otherwise requires—

“Act of 1983” means the Postal and Telecommunications Services Act 1983;

“Act of 1993” means the Interception of Postal Packets and Telecommunications Messages (Regulation) Act 1993;

“competent authority” means the person or body in a member state who or which in the opinion of the Minister is the competent authority for the purposes of Title III of the 2000 Convention;
“interception” means the interception of telecommunication messages to or from a person specified in the authorisation of the interception at a telecommunications address so specified;

“telecommunications address” has the meaning that it has in the Act of 1993.

Requests for interception where technical assistance required

23.— (1) This section applies where—

(a) for the purpose of a criminal investigation the Minister has given an authorisation of an interception under section 2 of the Act of 1993,

(b) the person specified in the authorisation is present in the State or a member state, and

(c) technical assistance from a member state is needed to intercept the telecommunications messages concerned.

(2) Where this section applies, the Minister may cause a request to be made to a competent authority in the member state for—

(a) the interception by that authority and immediate transmission to the Commissioner of the Garda Síochána or a member of the Garda Síochána nominated by him or her of telecommunications messages to or from the telecommunications address concerned, or

(b) the interception and recording of the messages and the transmission of the recording to the Commissioner or member.

(3) The request shall—

(a) confirm that an authorisation of an interception has been given by the Minister under the Act of 1993 for the purpose of a criminal investigation,

(b) give sufficient information to identify the person whose telecommunications messages are to be intercepted,

(c) give an indication of the criminal conduct under investigation,

(d) state the desired duration of the interception,

(e) provide sufficient technical data, including the network connection number of the telecommunications address concerned, to ensure that the request can be met, and

(f) where the request—

(i) relates to a specified person who is present in the member state concerned, or

(ii) is a request under subsection (2)(b),

provide a summary of the facts relating to the offence being investigated and any further information that the competent authority may require to enable it to decide whether the requested interception would be authorised by it in similar circumstances.

(4) If the request relates to a person who is present in a member state other than that from which the technical assistance is required, that other member state shall be notified of the authorisation in accordance with section 26.
(5) Information received in response to the request is deemed to be official information for the purposes of the Official Secrets Act 1963.

(6) For the removal of doubt, it is declared that an authorisation may be given under section 2 of the Act of 1993 where the person whose telecommunications messages are to be intercepted is present in a member state.

Request to State for interception.

24.— (1) This section applies where—

(a) a criminal investigation is taking place in a member state,

(b) a lawful interception order or warrant for the interception of telecommunications messages to or from a specified person or telecommunications address has been issued in the member state in connection with the investigation,

(c) a competent authority in the member state makes a request to the Minister for—

(i) the interception and immediate transmission to the authority or a person nominated by it of telecommunications messages to or from the telecommunications address concerned, or

(ii) the interception and recording of the messages and the transmission of the recording to the authority or the person nominated by it, and

(d) the specified person—

(i) is present in the member state or another member state and the competent authority in the former member state needs the technical assistance of the State to intercept the telecommunications messages, or

(ii) is present in the State and the interception can be made therein.

(2) The request shall—

(a) indicate the name of the competent authority,

(b) confirm that a lawful interception order or warrant has been issued in connection with a criminal investigation,

(c) give sufficient information to identify the person whose telecommunication messages are to be intercepted,

(d) give an indication of the criminal conduct under investigation,

(e) state the desired duration of the interception,

(f) provide sufficient technical data, including the network connection number of the telecommunications address concerned, to ensure that the request can be met, and

(g) if the person is present in a member state other than that in which the lawful interception order or warrant has been issued and from which no technical assistance is required to carry out the interception, confirm that that member state has been informed of the order or warrant pursuant to Article 20(2)(a) of the 2000 Convention.

(3) Where—

(a) the person whose telecommunications messages are to be intercepted is present in the State, or

(b) the request is for the interception and recording of the messages and transmission of the recording,
the request shall also include a summary of the facts relating to the offence being investigated and any further information that the Minister may require to enable him or her to decide whether the conduct constituting the offence, if it occurred in the State, would constitute a serious offence within the meaning of the Act of 1993 and otherwise justify the giving of an authorisation under that Act.

25.— (1) Subject to subsection (3), where the request is for the interception and immediate transmission of specified telecommunications messages, the Minister may give an authorisation of the interception if of opinion that section 24 applies and is complied with in relation to the case.

(2) Subject to subsection (3), where—

(a) the request is for the interception and recording of specified telecommunications messages and transmission of the recording, and

(b) immediate transmission of the interception is not possible—

(i) from the State,

(ii) to the member state, or

(iii) in both of those cases,

the Minister may give an authorisation of the interception if of opinion that section 24 applies and is complied with in relation to the case.

(3) Where in a case referred to in subsection (1) or (2), the person who is the subject of the request is present in the State, the Minister may give an authorisation of the interception only if of opinion that—

(a) the conduct being investigated in the requesting state would, if it occurred in the State, constitute a serious offence within the meaning of the Act of 1993 and otherwise justify the giving of an authorisation under that Act, and

(b) section 24 applies and is complied with in relation to the case.

(4) If a declaration is made by the State under the 2000 Convention that it is bound by paragraph 6 (as given effect to by subsections (2) and (3)) of Article 18 of the Convention only where immediate transmission from the State of the interception concerned is not possible, paragraphs (b)(ii) and (b)(iii) of subsection (2) thereupon cease to have effect.

(5) Where the person who is the subject of the request is present in the State, the Minister may make the authorisation subject to any condition (including a condition related to the use of the intercepted messages) that would apply if the authorisation were one given under section 2 of the Act of 1993 in relation to a person present in the State.

(6) Where an authorisation is given, the Commissioner of the Garda Síochána shall—

(a) arrange for the transmission of the telecommunications messages concerned to the competent authority in the member state or a person nominated by it, or

(b) as appropriate, arrange for the recording of the messages and transmission of the recording to that authority or person.

(7) In considering any request under Article 18.8 of the 2000 Convention for a transcript of such a recording, the Minister shall have regard to all the circumstances of the particular case; and the granting of such a request may be subject to any condition to which authorisation of the interception may be subject.
The authorisation is deemed to be an authorisation under section 2 of the Act of 1993, and that Act and section 110 of the Act of 1983 (in so far as it relates to directions related to such authorisations) have effect accordingly, with any necessary modifications, for all purposes as if the authorisation and any such directions had been given under the Act of 1993 and the Act of 1983.

Notifications of other interceptions

26.— (1) Where—

(a) for the purpose of a criminal investigation the Minister has given an authorisation of an interception under section 2 of the Act of 1993,

(b) the telecommunications address of the person specified in the authorisation is being used on the territory of a member state, and

(c) technical assistance from the member state is not required to carry out the interception,

the Minister shall inform the competent authority in the member state of the authorisation—

(i) before the interception, if the Minister is then aware that the person is present on that territory, or

(ii) in any other case, immediately after the Minister becomes so aware.

(2) The notification shall include the following information:

(a) confirmation that authorisation of an interception has been given by warrant under section 2 of the Act of 1993 in connection with a criminal investigation;

(b) details sufficient to identify the subject of the interception;

(c) an indication of the criminal conduct under investigation; and

(d) the expected duration of the interception.

(3) The Minister shall comply with any condition, requirement or request imposed or made by the competent authority in relation to the interception pursuant to Article 20.4 of the 2000 Convention.

(4) Pending a decision by the competent authority on whether to consent to the interception or to its continuance—

(a) any interception made may be continued, but

(b) material intercepted may not be used unless—

(i) otherwise agreed between the Minister and the competent authority, or

(ii) in connection with taking urgent measures to prevent an immediate and serious threat to public security (including measures in respect of any serious offence), in which case the Minister shall inform the competent authority of any such use and the reasons justifying it.

(5) In subsection (4)(b)(ii), “serious offence” means an offence specified in the Schedule to the Bail Act 1997 for which a person of full capacity and not previously convicted may be punished by a term of imprisonment for a term of 5 years or by a more severe penalty.
If so requested by the competent authority, the Minister shall supply it with a summary of the facts of the case and any further information necessary to enable it to decide whether an interception would be authorised by it in similar circumstances.

Subsection (6) is without prejudice to subsection (4), unless otherwise agreed between the Minister and the competent authority.

Where the Minister is of opinion that the information to be provided under subsection (2) is of a particularly sensitive nature, the information may, with the agreement of the competent authority concerned, be transmitted to it through a specific person or body.

This section does not apply in relation to a member state which has declared in accordance with the 2000 Convention that it is not necessary to provide it with information on interceptions as envisaged in Article 20 of that Convention.

This section applies where—

(a) the competent authority in a member state has authorised an interception,

(b) the telecommunications address of the person specified in the authorisation is being used on the territory of the State,

(c) technical assistance from the State is not required to carry out the interception, and

(d) the competent authority notifies the Minister accordingly in accordance with Article 20 of the 2000 Convention.

Where this section applies, the Minister, without delay and at the latest within a period specified in subsection (7), shall proceed in accordance with subsection (3) or subsections (4) and (5), as appropriate.

If an authorisation would be given under section 2 of the Act of 1993 in similar circumstances, the Minister shall authorise the interception to be carried out or continued.

If—

(a) an authorisation under the said section 2 would not be given,

(b) section 3 applies, or

(c) the offence concerned is a political offence or revenue offence,

the Minister shall require that the interception not be carried out or be terminated and give the reasons for so requiring in writing.

Where subsection (4) applies, the Minister shall require that any material already intercepted while the telecommunications address was being used in the State may not be used or may be used only under specified conditions, the justification for which shall be communicated by the Minister to the competent authority in writing.

The Minister may request the competent authority to supply a summary of the facts of the case and any further information necessary to enable him or her to decide whether an authorisation would be given under section 2 of the Act of 1993 in similar circumstances.

The following period is specified for the purposes of subsection (2):
(b) where it is necessary to determine whether an authorisation under section 2 of the Act of 1993 would be given in similar circumstances, a period not exceeding in total 12 days.

(8) Where paragraph (b) of subsection (7) applies, the Minister shall communicate in writing to the competent authority the conditions which justify the request for an extension of the period mentioned in paragraph (a) of that subsection.

(9) Information provided under this section by the competent authority is deemed to be official information for the purposes of the Official Secrets Act 1963.

CHAPTER 2

Freezing of Property

32.— (1) This section applies where criminal proceedings have been instituted, or a criminal investigation is taking place, in the State.

(2) Where this section applies, the Director of Public Prosecutions or a member of the Garda Síochána not below the rank of inspector may apply ex parte and otherwise than in public to a judge of the High Court for an order (a “freezing order”) prohibiting the destruction, transformation, moving, transfer, disposal or use by any person of specified property, whether in or outside the State, that could be evidence in those proceedings or, as the case may be, in any such proceedings that may be instituted.

(3) The judge may make the order applied for if satisfied—
(a) that criminal proceedings have been instituted or a criminal investigation is taking place,

(b) that evidence relating to the offence concerned—
   (i) is on specified premises,
   (ii) is likely to be of substantial value (whether by itself or together with other evidence) to the proceedings or investigation, and
   (iii) is likely to be admissible at a trial for the offence,

and

(c) in case the evidence is in a designated state, that a request has been or will be made for it to be transferred to the Commissioner of the Garda Síochána.

(4) An order under this section does not apply in relation to any documents subject to legal privilege.

(5) The High Court may vary or discharge an order under this section on application by—
   (a) a member of the Garda Síochána not below the rank of inspector, or
   (b) any person affected by it,

and shall discharge it if its continuance in force would not be in the interests of justice.

(6) If—
   (a) an order under this section is transmitted for enforcement in a designated state pursuant to [section 33], and
   (b) the order is later varied or discharged in relation to property in the designated state,

the Court shall cause the Central Authority to be informed as soon as practicable of the variation or discharge, and that Authority shall thereupon notify the appropriate authority in the designated state accordingly.

33. — (1) If—
   (a) any property to which an application for a freezing order relates is in a member state, and
   (b) the application is granted,

the applicant may request the judge concerned to cause a certificate to be completed.

(2) The certificate shall—
   (a) bear a signature (which may be an electronic signature) by or on behalf of the court concerned, and
   (b) include a statement as to the accuracy of the information in the certificate.

(3) If the freezing order is an order under section 32 for the protection of evidence, the court concerned may indicate to the judicial authority of the member state any formalities and procedures in enforcing the order that are necessary to ensure that the evidence is admissible in criminal proceedings.
(4) The freezing order and certificate shall be sent by a registrar of the Court to the applicant, who shall send them to the Central Authority for transmission to the appropriate authority in the member state concerned with a view to having the freezing order enforced.

(5) If a freezing order relates to property in a designated state (other than a member state), the Director of Public Prosecutions may send to the Central Authority, for transmission to the appropriate authority in the designated state with a view to having the freezing order enforced—

(a) a duly authenticated copy of the order, and

(b) such other information as may be required by the appropriate authority in accordance with the relevant international instrument.

Transmission of external freezing orders to State for enforcement.

34.— (1) An external freezing order from a member state and a certificate duly completed and certified as accurate by the issuing judicial authority together with a request or instruction relating to the subsequent treatment of the evidence or property concerned shall, unless otherwise provided by a declaration by the State under Article 4.2 of the [2003 Framework Decision], be transmitted to the Central Authority in connection with a request for enforcement of the order.

(2) A request from any other designated state for the enforcement of an external freezing order shall be accompanied by—

(a) a duly certified copy of the order,

(b) a statement of the grounds—

(i) for making the order, and

(ii) for believing that the evidence or property concerned will be subject to an order of confiscation,

and any other information required by the relevant international instrument.

(3) Transmission of the documents mentioned in subsection (1) or (2) shall be by any means capable of producing a written record under conditions which allow the Central Authority or the High Court to establish the documents’ authenticity.

(4) An issuing judicial authority is deemed to have complied with subsection (3) if facsimile copies of the external freezing order, the certificate (where appropriate) and any translation thereof are transmitted in compliance with any regulations that may be made under subsection (6).

(5) If the Central Authority or the High Court is not satisfied that a facsimile copy of a document transmitted in accordance with this section corresponds to the document of which it purports to be such a copy, the Central Authority or the Court shall—

(a) request the issuing judicial authority to cause the original or a copy of the document to be transmitted to the Central Authority, and

(b) agree with that judicial authority on the manner in which the original or copy is to be so transmitted.

(6) The Minister may, if he or she considers it necessary for the purposes of ensuring the accuracy of documents transmitted in accordance with this section, make regulations—

(a) prescribing procedures to be followed in connection with the transmission of documents in accordance with this section, and

(b) specifying features to be present in any equipment being used in that connection.
Recognition and enforcement of external freezing orders.

35.— (1) The Central Authority shall, on receipt of an external freezing order, certificate (where appropriate), any other supporting or related documents and any translation, forthwith cause an application to be made to the High Court for an order (in this Part referred to as a “freezing co-operation order”) recognising the external freezing order and prohibiting any person from dealing with the property specified in the external freezing order.

(2) The application may be made ex parte and otherwise than in public and shall be accompanied by the documents mentioned in subsection (1) or copies thereof and, in the case of a designated state (other than a member state), shall be made with the consent of the Minister.

(3) An application from a member state for the enforcement of an external freezing order shall be dealt with as soon as possible and, whenever practicable, within 24 hours of receipt of the order and a duly completed certificate.

(4) On an application under this section the Court may, subject to subsection (5), make a freezing co-operation order, subject to any conditions that may be specified in the order.

(5) The Court may—

(a) refuse to make a freezing co-operation order on a ground mentioned in section 3 or 46, or

(b) postpone its making on a ground mentioned in section 47.

(6) Where a request from a member state concerns an offence referred to in Article 3(2) of the [2003 Framework Decision] which is punishable in that state by a maximum term of imprisonment of not less than 3 years, the Court may not refuse to make a freezing co-operation order solely on the ground that the conduct constituting the offence concerned does not constitute an offence under the law of the State.

(7) Where—

(a) an external freezing order is for the protection of evidence,

(b) it is necessary to ensure that the evidence is admissible in the proceedings concerned, and

(c) for that purpose certain formalities and procedures in the enforcement of the external freezing order are expressly indicated by the issuing judicial authority,

the freezing co-operation order shall make provision for observing those formalities and procedures, unless their observance would be contrary to the fundamental principles of the law of the State.

(8) The Court shall cause notice of the freezing co-operation order to be given to any person who appears to be or is affected by it, unless the Court is satisfied that it is not reasonably possible to ascertain the person’s whereabouts.

Application, etc., of freezing co-operation orders.

36.— (1) A freezing co-operation order may apply—

(a) where particular property is specified in the external freezing order, to the property so specified, and

(b) in any other case—

(i) to realisable property held by a specified person, whether the property is described in the freezing co-operation order or not, and

(ii) to any realisable property held by a specified person, being property transferred to the person after the external freezing order was made.
(2) A freezing co-operation order may make such provision as the Court thinks fit for the living expenses and legal expenses of the person possessing the property concerned.

(3) The Court—

(a) may at any time appoint a receiver—

(i) to take possession of any realisable property to which a freezing co-operation order applies, and

(ii) in accordance with the Court’s directions, to manage or otherwise deal with the property, subject to such exceptions and conditions as it may specify,

and

(b) may require any person having possession or control of the property to give up possession of it to the receiver.

(4) Where the Court has made a freezing co-operation order, a member of the Garda Síochána or an officer of customs and excise may seize any realisable property for the purpose of preventing its removal from the State.

(5) Property taken possession of under subsection (4) shall be dealt with in accordance with the Court’s directions.

37. (1) Where a freezing co-operation order is made in relation to land, or an order is made varying or discharging such an order, the registrar of the High Court shall send to the Property Registration Authority a notice of the making of the order, together with a copy of the order.

(2) On receipt of those documents the Authority shall—

(a) if the land is registered land, cause an entry to be made in the register kept by it under the Registration of Deeds and Title Acts 1964 and 2006 inhibiting, until the order is discharged, any dealing with the land and any charge thereon, and

(b) if the order is subsequently varied or discharged, cause the entry to be varied accordingly or cancelled, as the case may be.

(3) If subsection (2)(a) does not apply, the Authority shall cause the notice of the making, variation or discharge of the freezing co-operation order to be registered in the register of deeds maintained by the Authority under section 35 of the Registration of Deeds and Title Act 2006.

(4) Where a freezing co-operation order is made which affects an interest in a company or its property, or an order is made varying or discharging such an order, the registrar of the High Court shall send to the Registrar of Companies a notice of the making of the order, together with a copy of the order.

(5) On receipt of those documents the Registrar of Companies shall, if the company is a registered company, cause the notice to be entered in the Register of Companies and—

(a) if the company is an existing company within the meaning of the Companies Acts 1963 to 2006, send a copy of the notice to each director and the secretary of the company at the company’s registered office, or

(b) in any other case, send a copy of the notice by post to the person resident in the State who has been authorised to accept, on behalf of the company concerned, service of process and any notices required to be served on it.
(6) In this section—

“Register of Companies” means the Register of Companies maintained under the Companies Acts 1963 to 2006;

“registered company” means—

(a) a company formed and registered under those Acts,

(b) an existing company within the meaning of those Acts, or

(c) a company registered under Part XI of the Companies Act 1963 or the European Communities (Branch Disclosure) Regulations 1993 (S.I. No. 395 of 1993).

38.— (1) The powers of the High Court under section 36 or of a receiver appointed under that section shall be exercised, subject to this section, with a view to making available for recovery property which may become liable to be recovered under any confiscation co-operation order [or, in the case of an external confiscation order transmitted by or on behalf of a court in a designated state that is a member state, that external confiscation order] that may be made in the defendant’s case.

(2) The powers shall be exercised with a view to allowing any person, other than the defendant or the recipient of a gift, to retain or recover the value of any property held by the person.

(3) In the case of realisable property held by a person to whom the defendant has directly or indirectly made a gift, the powers shall be exercised with a view to realising no more than the value for the time being of the gift.

(4) In exercising the powers no account shall be taken of any obligations of the defendant or the recipient of any gift that conflict with the obligation to satisfy [any order referred to in subsection (1)] that may be made in the defendant’s case.

39.— A receiver appointed under section 36 who takes any action—

(a) in relation to property which is not realisable property, being an action which he or she would be entitled to take if it were such property,

(b) believing, and having reasonable grounds for believing, that he or she is entitled to take that action in relation to that property,

is not liable to any person in respect of any loss or damage resulting from the action except in so far as the loss or damage is caused by his or her negligence.

40.— (1) Where a person who holds realisable property is adjudicated bankrupt—

(a) property for the time being subject to a freezing co-operation order made before the order adjudicating the person bankrupt, and

(b) any proceeds of property realised by virtue of section 36, for the time being in the hands of a receiver,

is excluded from the property of the bankrupt for the purposes of the Bankruptcy Act 1988.

(2) Where a person has been adjudicated bankrupt, the powers of the High Court under section 36 or of a receiver appointed under that section shall not be exercised in relation to property of the bankrupt for the purposes of the said Act of 1988.

(3) Where a person is adjudicated bankrupt and has directly or indirectly made a gift—
(a) no decision as to whether the gift is void shall be made under section 57, 58 or 59 of the said Act of 1988 in respect of the making of the gift at any time when property of the person to whom the gift was made is subject to a freezing co-operation order, and

(b) any decision as to whether it is void made under any of those sections after the discharge of the freezing co-operation order shall take into account any realisation under this Act of property held by the person to whom the gift was made.

(4) In any case in which a petition in bankruptcy was presented, or an adjudication in bankruptcy was made, before 1 January 1989, this section has effect with the modification that for references to the property of the bankrupt for the purposes of the said Act of 1988 there shall be substituted references to the property of the bankrupt vesting in the assignees for the purposes of the law of bankruptcy existing before that date.

41. — (1) Without prejudice to the generality of any provision of any other enactment, where—

(a) the Official Assignee or a trustee appointed under Part V of the Bankruptcy Act 1988 seizes or disposes of any property in relation to which his or her functions are not exercisable because it is for the time being subject to a freezing co-operation order, and

(b) at the time of the seizure or disposal he or she believes, and has reasonable grounds for believing, that he or she is entitled (whether under an order of the court or otherwise) to seize or dispose of the property,

he or she is not liable to any person in respect of any loss or damage resulting from the seizure or disposal except in so far as the loss or damage is caused by his or her negligence in so acting, and he or she has a lien on the property, or the proceeds of its sale, for such of his or her expenses as were incurred in connection with the bankruptcy or other proceedings in relation to which the seizure or disposal purported to take place and for so much of his or her remuneration as may reasonably be assigned for his or her acting in connection with those proceedings.

(2) Where the Official Assignee or a trustee appointed as aforesaid incurs expenses in respect of any property mentioned in subsection (1)(a) and, when doing so, does not know and has no reasonable grounds for believing that the property is subject to a freezing co-operation order, he or she is entitled (whether or not he or she has seized or disposed of that property so as to have a lien) to payment of those expenses under section 42.

42. — (1) Money paid or recovered in respect of a freezing co-operation order (including any variation of such an order) may, to the extent necessary, be applied to meet expenses incurred in exercising any powers under this Act and the remuneration of any person employed for that purpose.

(2) Money paid or recovered in respect of a freezing co-operation order, after payment of any expenses or remuneration in accordance with subsection (1)—

(a) shall be applied towards satisfaction of the order, and

(b) shall, subject to any provision to the contrary in the relevant international instrument, be paid into or disposed of for the benefit of the Exchequer in accordance with the directions of the Minister for Finance unless, on request by or on behalf of the designated state concerned, the Court provides otherwise.
Winding up of company holding realisable property.

43.— (1) Where realisable property is held by a company and an order for its winding up has been made or a resolution has been passed by it for a voluntary winding up, the functions of the liquidator (or any provisional liquidator) are not exercisable in relation to—

(a) property for the time being subject to a freezing co-operation order made before the relevant time, and

(b) any proceeds of property realised by virtue of section 36 for the time being in the hands of a receiver.

(2) Where such an order has been made or such a resolution passed, the powers conferred on the High Court under section 36 or on a receiver appointed under that section shall not be exercised in relation to any realisable property held by the company in relation to which the functions of the liquidator are exercisable—

(a) so as to inhibit him or her from exercising those functions for the purpose of distributing any property held by the company to the company’s creditors, or

(b) so as to prevent the payment out of any property of expenses (including the remuneration of the liquidator or any provisional liquidator) properly incurred in the winding up in respect of the property.

(3) In this section—

“company” means any company which may be wound up under the Companies Acts 1963 to 2006;

“relevant time” means—

(a) where no order for the winding up of the company has been made, the time of the passing of the resolution for its voluntary winding up,

(c) in any other case where such an order has been made, the time of the making of the order.

Duration of freezing co-operation order.

44.— A freezing co-operation order remains in force—

(a) where the external freezing order is for the purpose of securing evidence, until the evidence is transferred to the issuing state or a request for such a transfer is refused,

[(b) where the order is for the purpose of subsequent confiscation of property—

(i) in the case of confiscation on foot of an external confiscation order transmitted by or on behalf of a court in a designated state that is a member state, until the execution of that external confiscation order or until the Central Authority has informed the competent authority in the designated state concerned of one of the matters under paragraphs (c), (d), (e), (f) and (g) of section 51G, and

(ii) in any other case, until a confiscation co-operation order is made or the request for such an order is refused and the refusal is upheld on any appeal against it, or]

(c) until the freezing co-operation order is discharged in accordance with section 45.
Variation or discharge of freezing co-operation order.

45.— (1) Subject to the provisions of this section, the High Court, on application by [the Central Authority or] any person affected by a freezing co-operation order—

(a) may vary or discharge it, and

(b) shall discharge it—

(i) if proceedings in respect of the offence are not instituted, or an application for the transfer of the evidence or for a confiscation order is not made, within such time as the court considers reasonable, or

(ii) if the court considers that for any other reason the continuance in force of the order would not be in the interests of justice.

(2) Notice of an application under this section and of the grounds for it shall be given by the applicant, in such manner as may be prescribed by rules of court or as the Court may direct, to the Central Authority for transmission to the issuing authority.

(3) The making of an application under this section does not have suspensive effect.

(4) The substantive grounds for making the external freezing order may be reviewed only by a judicial authority in the issuing state concerned.

(5) The registrar of the Court shall inform the issuing judicial authority of the outcome of the application.

Refusal to make freezing co-operation order.

46.— (1) Without prejudice to section 3, the High Court may refuse to make a freezing co-operation order only if—

(a) the offence to which the external freezing order relates is not an offence to which the relevant international instrument relates,

(b) where the external freezing order was made in a member state, the certificate is not produced, is incomplete or manifestly does not correspond to the external freezing order,

(c) there is an immunity or privilege under the law of the State which makes it impossible to make a freezing co-operation order,

(d) it is immediately clear from the information provided in a certificate that compliance with a request for the transfer of evidence or confiscation of property in relation to the offence in respect of which the external freezing order has been made would infringe the ne bis in idem principle, or

(e) in the case of an external freezing order from a designated state (other than a member state), there is not a reasonable basis for believing—

(i) that there are sufficient grounds for making the order, or

(ii) that the property will be subject to an external confiscation order.

(2) In a case referred to in subsection (1)(b), the High Court may—

(a) specify a deadline for presentation of a certificate or for its completion or correction,

(b) accept an equivalent document, or

(c) if the Court considers that the information provided is sufficient, dispense with the requirement to produce the certificate.

(3) Where—

(a) the High Court refuses to make a freezing co-operation order, or
(b) notwithstanding consultation with the issuing judicial authority concerned, it is not possible to make such an order because—

(i) the evidence or property has disappeared, has been destroyed or cannot be found in the location indicated in the certificate, or

(ii) its location has not been indicated in a sufficiently precise manner,

the Court shall direct the Central Authority to inform the judicial authority accordingly by any means capable of producing a written record.

47. — (1) The High Court may postpone the making of a freezing co-operation order—

(a) where making it might prejudice an ongoing criminal investigation in the State, until such time as the Court deems reasonable,

(b) where the property or evidence concerned is already subject to a freezing order in criminal proceedings in the State, until that order is discharged, or

(c) subject to subsection (2), where, in the case of an external freezing order freezing property with a view to its subsequent confiscation, the property is already subject to an order made in other proceedings in the State, until that order is discharged.

(2) Subsection (1)(c) applies only if the order made in such other proceedings would have priority over a subsequent freezing order in criminal proceedings.

(3) Where the ground for postponement ceases to exist, the Court shall forthwith make a freezing co-operation order.

(4) The Court shall direct the Central Authority to inform the issuing judicial authority by any means capable of producing a written record of—

(a) any postponement under this section of the making of a freezing co-operation order, the reasons for the postponement and its expected duration,

(b) the making of a freezing co-operation order under subsection (3), and

(c) any other measure of restraint to which the property concerned may be subject.

48. — (1) A request to transfer evidence subject to a freezing co-operation order to the issuing state shall be treated as a request for assistance in obtaining evidential material under section 75.

(2) A request to make a confiscation co-operation order in relation to property subject to such an order shall be dealt with in accordance with [this Part].

(3) Notwithstanding subsection (1), where—

(a) a request from a member state concerns an offence to which Article 3(2) of the [2003 Framework Decision] applies, and

(b) the offence is punishable in the issuing state by a term of imprisonment of not less than 3 years,

the High Court may not refuse a request for evidence to be transferred to that state on the ground that the conduct constituting the offence is not an offence under the law of the State.

CHAPTER 3

Confiscation of Property
49.—(1) If a confiscation order relates to property in a designated state, the registrar or clerk of the court concerned shall, on request and subject to any conditions that may be specified by rules of court, give to the Director of Public Prosecutions—

(a) a duly authenticated copy of the order, and

(b) a certificate signed by the registrar or clerk and stating that the prescribed time for lodging an appeal has expired or, as the case may be, will expire on a specified date.

(2) If such a confiscation order has not been satisfied, the Director of Public Prosecutions may send to the Central Authority, for transmission to the competent authority in the designated state concerned—

(a) the documents mentioned in subsection (1),

(b) a document signed by or on behalf of the Director stating—

(i) that the order is in force and has not been satisfied, and

(ii) that the defendant appeared or was represented at the proceedings in which the order was made or, if not, the date on which the court proceedings began and the date on which the defendant received notice of them,

(c) a brief description of the conduct which resulted in the making of the order, and

(d) a request that the property concerned be realised and the proceeds applied in accordance with the law of that state.

[(2A) Where the Director of Public Prosecutions sends a request to the Central Authority under subsection (2) the Director of Public Prosecutions shall inform the Central Authority—

(a) if there is a risk that the amount that may be realised in pursuance of such a request is greater than the amount ordered to be paid under the confiscation order, stating that there is that risk and requesting that the amount to be realised not exceed the amount specified in the request,

(b) if all or part of the confiscation order has been executed in the State or in another designated state, stating the amount of the proceeds of realisation and requesting that the amount to be realised in the designated state concerned not exceed the difference between the amount specified in the confiscation order and those proceeds of realisation,

(c) if the defendant has made any voluntary payment in respect of the confiscation order after it was transmitted, stating the amount of that voluntary payment and requesting that the amount to be realised in the designated state concerned not exceed the difference between the amount specified in the confiscation order and the amount paid voluntarily, or

(d) if the confiscation order ceases to be enforceable, stating that fact.]}

(3) If—

(a) property is realised in pursuance of such a request, and

(b) the amount realised is less than, or equal to, the amount ordered to be paid under the confiscation order,

the amount so ordered is deemed to be reduced by an amount equal to the proceeds of realisation or, as the case may be, the confiscation order is deemed to be discharged.
(4) In any proceedings a certificate purporting to be issued by a competent authority in the designated state and stating—

(a) that property has been realised pursuant to the request,

(b) the date of realisation, and

(c) the proceeds of realisation,

is admissible, without further proof, as evidence of those matters.

[(4A) Transmission of documents referred to in subsections (2) and (2A) shall be by any means capable of producing a written record under conditions which allow the competent authority or competent authorities concerned to establish the documents’ authenticity.]

(5) If the proceeds of realisation are stated in the certificate otherwise than in euro, they are to be taken as their euro equivalent calculated at the baseline rate of exchange prevailing on the date of realisation.

**Transmission to State of external confiscation order.**

50.— (1) An external confiscation order may be transmitted by or on behalf of the court that made it to the Central Authority with a request for its enforcement.

(2) The external confiscation order shall be accompanied by—

(a) a duly certified copy of the order,

(b) a statement by or on behalf of the court that made the order—

(i) that it is in force and not subject to appeal, and

(ii) that, if the person against whom it was made did not appear in the proceedings concerned, notice thereof was received by the person in good time to defend the proceedings,

(c) a brief description of the conduct constituting the offence which resulted in the making of the order, and

(d) any required translations,

and shall include any further information required by the relevant international instrument.

**Confiscation co-operation order.**

51. (1) The Central Authority, on receipt of an external confiscation order and accompanying documents transmitted by or on behalf of a court in a designated state other than a member state, may cause an application to be made to the High Court for an order (a ‘confiscation co-operation order’) for the confiscation of realisable property to which the external confiscation order relates and that is in the State.

(2) The application shall be accompanied by the request, the accompanying documents and any other related documents or by copies thereof.

(3) On the application the Court may, subject to section 51B, 51C or 51D, as may be appropriate, make a confiscation co-operation order.

51A. (1) Where the Central Authority receives an external confiscation order that has been transmitted by or on behalf of a court in a designated state that is a member state, it shall, subject to subsection (2), transmit the external confiscation order to the Director of Public Prosecutions for execution under this Act.

(2) Where the Central Authority considers that there are grounds for refusal, postponement, variation or termination of the execution of an external confiscation order
transmitted by or on behalf of a court in a designated state that is a member state, in accordance with the relevant international instrument, the Central Authority shall cause an application to be made to the High Court for an order under section 51B, 51C, 51E or 51F, as the case may be.

51B. (1) On application made in accordance with section 51(1) or 51A(2) and without prejudice to section 3, the High Court shall refuse to make a confiscation co-operation order in respect of an external confiscation order, or shall make an order refusing the execution of an external confiscation order made by or on behalf of a court in a designated state that is a member state, as the case may be, if—

(a) subject to subsection (4), the conduct which resulted in the making of the external confiscation order is not an offence to which the relevant international instrument relates,

(b) there is immunity or privilege under the law of the State which makes it impossible to make the confiscation co-operation order or execute the external confiscation order, as the case may be,

(c) it is immediately clear from the information provided in a certificate that compliance with the external confiscation order in relation to the offence that resulted in the making of that order would infringe the ne bis in idem principle,

(d) the defendant did not appear in person at the trial resulting in the external confiscation order, unless the certificate from the court in the designated state concerned states that—

(i) he or she was notified of the time when, and place at which, the proceedings were to take place, or he or she was otherwise aware of the scheduled proceedings, and he or she was informed that an external confiscation order could be made even if he or she did not appear,

(ii) he or she was aware of the proceedings concerned and was represented at those proceedings by a lawyer whom he or she has appointed,

(iii) after having been served with the external confiscation order and expressly informed of his or her right to a retrial or an appeal in which he or she would have been able to participate and which could have led to the original decision being reversed, he or she—

(I) expressly stated that he or she did not contest the external confiscation order, or

(II) did not request the retrial or appeal within the time limit for exercising that right,

or

(iv) in a case where he or she was not personally served with the external confiscation order, an undertaking has been given by the designated state concerned that he or she will be personally served with the external confiscation order without delay and will be expressly informed of his or her right to a retrial or an appeal in which he or she will be able to participate and which could lead to a reversal of the order, and of the time limit for exercising that right,

(e) the criminal conduct concerned was either committed outside the territory of the designated state concerned or committed wholly or partly in the State, or

(f) the enforcement of the confiscation co-operation order, or the execution of the external confiscation order, as the case may be, is statute barred.
(2) Where the copy of the external confiscation order is not accompanied by the documents required under section 50(2), or is incomplete or does not correspond to the external confiscation order, the High Court—

(a) may permit the certified copy of the order, or a completed or corrected certified copy of the order, to be produced by or on behalf of the court concerned in accordance with a specified deadline, or

(b) shall refuse to make a confiscation co-operation order or, as the case may be, to execute the external confiscation order, unless it is satisfied, by the production of an equivalent document or otherwise, that the information provided by or on behalf of the court concerned is sufficient.

(3) The High Court shall not make a confiscation co-operation order or, as the case may be, shall make an order refusing the execution of the external confiscation order if it is satisfied that the rights of any person holding an interest in the property the subject of the external confiscation order concerned make it impossible to execute that order.

(4) Where an external confiscation order is transmitted by or on behalf of a court in a designated state that is a member state, and the offence that resulted in the making of the order is an offence referred to in Article 6(1) of the 2006 Framework Decision punishable in that designated state by a maximum term of imprisonment of not less than 3 years, the High Court shall not make an order refusing the execution of the external confiscation order solely on the ground that the conduct constituting the offence that resulted in the making of that external confiscation order does not constitute an offence under the law of the State.

51C. (1) Where an application is made in accordance with section 51(1) or 51A(2), the High Court may order the postponement of confiscation under this Chapter until such time as the Court considers reasonable, where to proceed with the confiscation, on foot of, as the case may be, a confiscation co-operation order or an external confiscation order transmitted by or on behalf of a court in a designated state that is a member state, might prejudice an ongoing criminal investigation in the State.

(2) The High Court may order the postponement of confiscation under this Chapter where the realisable property concerned is already subject to confiscation proceedings in the State.

(3) An order of the High Court postponing confiscation shall include an order that such measures as may be necessary to provide for the availability of the realisable property for the execution of the external confiscation order concerned be taken during the postponement period.

(4) When the grounds for the postponement cease to exist, the High Court shall, without delay—

(a) where the designated state is a member state, make an order for the execution of the external confiscation order concerned, or

(b) in any other case, make a confiscation co-operation order in respect of the external confiscation order concerned.

(5) For the purposes of this section the ‘postponement of confiscation’ means—

(a) the postponement of the execution of an external confiscation order transmitted by or on behalf of a court in a designated state that is a member state, and

(b) in any other case, the postponement of the making of a confiscation co-operation order in respect of an external confiscation order.
Variation or discharge of confiscation co-operation orders

51D. (1) Where a confiscation co-operation order has been made, the High Court, on application by the Central Authority or any person affected by the confiscation co-operation order—

(a) may vary or discharge it,

(b) shall vary it to the extent of any amount in respect of which there has already been confiscation in any state, if the High Court is satisfied that there has been such confiscation where—

(i) the person concerned has provided evidence that there has been such confiscation, in part, in that other state, and

(ii) the High Court has consulted with the competent authority in the designated state where the external confiscation order concerned was made, and that competent authority has confirmed that there has been confiscation in that other state and the extent of that confiscation,

and

(c) shall discharge it if the High Court is satisfied that there is no need for the confiscation co-operation order where—

(i) the person concerned has provided evidence that there has been confiscation in any state, the High Court has consulted with the competent authority in the designated state where the external confiscation order was made and that competent authority has confirmed that that external confiscation order has been satisfied by confiscation in that other state, or

(ii) it has been informed by the competent authority in the designated state where the external confiscation order concerned was made that that order has ceased to be enforceable.

(2) Notice of an application under this section and of the grounds for it shall be given by the applicant, in such manner as may be prescribed by rules of court or as the High Court may direct, to the Central Authority for transmission to the designated state concerned.

(3) The making of an application under subsection (1) shall not suspend the execution of the confiscation co-operation order concerned.

Variation or discharge of external confiscation orders from member states

51E. (1) A person who claims to be affected by an external confiscation order that has been transmitted by or on behalf of a court in a designated state that is a member state to the Central Authority and then transmitted to the Director of Public Prosecutions under section 51A for execution in the State may make an application to the High Court to vary or discharge that external confiscation order.

(2) The High Court shall consider an application made under subsection (1) and may vary or discharge the external confiscation order concerned only if it is informed by the competent authority in the designated state where the external confiscation order concerned was made that it has reviewed the substantive grounds for the order and has concluded that the external confiscation order concerned should be varied or discharged.

(3) Notice of an application under this section and of the grounds for it shall be given by the applicant, in such manner as may be prescribed by rules of court or as the High Court may direct, to the Central Authority for transmission to the designated state concerned.

(4) The making of an application under subsection (1) shall not suspend the execution of the external confiscation order concerned.
51F. Where an external confiscation order has been transmitted by or on behalf of a court in a designated state that is a member state to the Central Authority and the Central Authority has transmitted it to the Director of Public Prosecutions under section 51A for execution in the State, the execution of that external confiscation order shall be terminated by order of the High Court only if a request to terminate it has been received from the competent authority of the designated state concerned.

51G. The Central Authority shall inform, by any means capable of producing a written record, the competent authority in the designated state that transmitted an external confiscation order of the following:

(a) where the external confiscation order was transmitted by or on behalf of a court in a designated state that is a member state, when the Central Authority receives the external confiscation order;

(b) where the external confiscation order was transmitted by or on behalf of a court in a designated state that is a member state, when the execution of the external confiscation order has been completed;

(c) where it is impossible to execute the external confiscation order under section 51A because, after consultation with that competent authority, the realisable property the subject of that order has been destroyed or cannot be found in the location indicated in the documents accompanying that order or that location has not been indicated in a sufficiently precise manner;

(d) where the High Court refuses under section 51B to make a confiscation co-operation order, or makes an order refusing the execution of an external confiscation order made by or on behalf of a designated state because, after consultation with that competent authority, the realisable property the subject of that external confiscation order has been destroyed or cannot be found in the location indicated in the documents accompanying the external confiscation order or that location has not been indicated in a sufficiently precise manner;

(e) where there has been postponement of confiscation ordered in respect of that external confiscation order under section 51C, or the grounds for such a postponement have ceased and an order has therefore been made under subsection (4) of that section;

(f) where there has been variation or discharge in respect of that external confiscation order under section 51D or 51E; or

(g) where the execution of the external confiscation order has been terminated under section 51F.

52. (1) Where the High Court makes a confiscation co-operation order for the payment of a sum of money, the order may, without prejudice to section 38 enabling property of the defendant in the hands of a receiver appointed under this Act to be applied in satisfaction of the order, be enforced by the Director of Public Prosecutions at any time after it is made (or, if the order provides for payment at a later time, then at any time after the later time) as if it were a judgment of the Court for the payment to the State of the sum specified in the order or of any lesser sum remaining due under it.

(2) Nothing in subsection (1) enables a person to be imprisoned.

(3) Subject to subsections (4) and (5), if, at any time after payment of a sum due under a confiscation co-operation order has become enforceable in the manner provided for by subsection (1), it is reported to the Court by the Director of Public Prosecutions that any such sum or any part of it remains unpaid, the Court may, without prejudice to the validity of anything previously done under the order or to the power to enforce the order subsequently in accordance with subsection (1), order...
that the defendant be imprisoned for a period not exceeding that set out in the second column of the table to this section opposite to the amount remaining unpaid under the confiscation co-operation order as set out in the first column thereof.

(4) An order under subsection (3) shall not be made unless—

(a) the defendant has been given a reasonable opportunity to make any representations to the Court, and

(b) the Court has taken into account those representations and any representations made by the Director of Public Prosecutions in reply.

(5) A defendant shall not be imprisoned for non-compliance with a confiscation co-operation order if the request for the enforcement of the external confiscation order so specifies and the relevant international instrument so provides.

(6) Any term of imprisonment imposed under subsection (3) of this section shall be reduced in proportion to any sum or sums paid or recovered from time to time under the confiscation co-operation order.

### 53. — (1) Where—

(a) [an external confiscation order or] a confiscation co-operation order for the payment of a sum of money has not been satisfied, or

(b) such an order is for the confiscation of property other than such a sum,

the High Court may, on application by the Director of Public Prosecutions, appoint a person to be a receiver in respect of realisable property.

(2) The Court may empower the receiver to take possession of any realisable property subject to such conditions or exceptions as may be specified by the Court.

(3) The Court may order any person having possession or control of any realisable property to give possession of it to the receiver.

(4) The Court may empower the receiver to realise any realisable property in such manner as the Court may direct.

(5) The Court may order any person holding an interest in realisable property to make such payment to the receiver as the Court may direct in respect of any beneficial interest held by the defendant or the recipient of any gift caught by this Act and the Court may, on the payment being made, by order transfer, grant or extinguish any interest in the property.
(6) The Court shall not, in respect of any property, exercise the powers conferred by this section unless a reasonable opportunity has been given to persons holding any interest in the property to make representations to it.

(7) Where property recovered by the execution of an external confiscation order or confiscation co-operation order is not a sum of money, the receiver may—

(a) cause the property recovered to be transferred to the state concerned, or

(b) cause the property recovered to be sold and, subject to subsection (8), the proceeds transferred to the state concerned.

(8) Where property recovered by the execution of an external confiscation order transmitted by or on behalf of a court in a designated state that is a member state is a sum of money or the proceeds of a sale under subsection (7)(b)—

(a) if that sum is less than €10,000, it shall be paid into or disposed of for the benefit of the Exchequer in such manner as the Minister for Finance may direct, and

(b) if that sum is €10,000 or more, 50 per cent of the sum shall be transferred to the designated state concerned and the remaining 50 per cent shall be paid into or disposed of for the benefit of the Exchequer in such manner as the Minister for Finance may direct.

54.—(1) Subject to subsection (2), if any sum required to be paid by a person under a confiscation co-operation order is not paid when it is required to be paid (whether on the making of the order or at a later time specified by the Court), the person shall be liable to pay interest on the sum for the period for which it remains unpaid and the amount of the interest shall for the purposes of enforcement be treated as part of the amount to be recovered from the person under the order.

(2) The amount of interest payable under subsection (1) shall be disregarded when calculating the term of imprisonment to be imposed under section 52.

(3) The rate of interest payable under subsection (1) is that for the time being applying in relation to a High Court civil judgment debt.

55.—(1) Where a sum of money payable or remaining to be paid under an external confiscation order is expressed in a currency other than the euro, the confiscation co-operation order shall require payment of an equivalent euro amount, calculated at the baseline rate of exchange prevailing between that currency and the euro on the date of the making of the confiscation co-operation order.

(2) For the purposes of subsection (1), a certificate—

(a) purporting to be signed by an officer of a financial institution (within the meaning of Part 2) in the State, and

(b) stating the baseline rate of exchange prevailing on a specified date between a specified currency and the euro,

is admissible, without further proof, as evidence of the exchange rate so prevailing on that date.

56.—(1) The powers of the High Court under section 53 or of a receiver appointed under that section shall be exercised, subject to this section, with a view to recovering property which is liable to be recovered under the confiscation co-operation order concerned.
(2) The powers shall be exercised with a view to allowing any person, other than the defendant or the recipient of a gift, to retain or recover the value of any property held by the person.

(3) In the case of realisable property held by a person to whom the defendant has directly or indirectly made a gift, the powers shall be exercised with a view to realising no more than the value for the time being of the gift.

(4) In exercising the powers no account shall be taken of any obligations of the defendant or the recipient of any gift that conflict with the obligation to satisfy the confiscation co-operation order.

(5) Where realisable property is the subject of an external confiscation order and a request under section 75, whether or not transmitted from the same designated state, the request under section 75 shall have priority over the external confiscation order.

Section 57: Application to confiscation co-operation orders of certain provisions relating to freezing co-operation orders.

Sections 39, 40, 41, 42 and 43 apply in relation to confiscation co-operation orders as they apply in relation to freezing co-operation orders, and accordingly—

(a) references to section 36 in sections 39, 40 and 43 shall be construed as references to section 53, and

(b) references in sections 40, 41, 42 and 43 to a freezing co-operation order shall be construed as references to [an external confiscation order or] a confiscation co-operation order.

Section 57A: Application of provisions on enforcement and realisation to execution of external confiscation order from member states.

Sections 52, 54, 55, 56 and 57 apply in relation to external confiscation orders transmitted by or on behalf of courts in designated states that are member states (except where the execution of such orders is subject to refusal, postponement, variation or discharge, or termination under sections 51B, 51C, 51E and 51F respectively) as they apply in relation to confiscation co-operation orders.

Chapter 4

Forfeiture of Property

Section 58: Transmission of external forfeiture order to designated state for enforcement.

(1) If an order of a court relates to the forfeiture of property in a designated state, the registrar or clerk of the court concerned shall, on request and subject to any conditions that may be specified by rules of court, give to the Director of Public Prosecutions—

(a) a duly authenticated copy of the order, and

(b) a certificate signed by the registrar or clerk and stating that the prescribed time for lodging an appeal has expired or, as the case may be, will expire on a specified date.

(2) The Director of Public Prosecutions may send to the Central Authority, for transmission to the appropriate authority in the designated state concerned—

(a) the documents mentioned in subsection (1),

(b) a document signed by or on behalf of the Director stating—

(i) that the order is in force and has not been satisfied, and

(ii) that the defendant appeared or was represented at the proceedings in which the order was made or, if not, the date on which the court
proceedings began and the date on which the defendant received notice of them,

(c) a brief description of the conduct which resulted in the making of the order,

(d) any other information required by the relevant international instrument, and

(e) a request for forfeiture of the property concerned and its disposal.

Transmission of external forfeiture order to State for enforcement.

59.— (1) An external forfeiture order may be transmitted by or on behalf of the court that made it to the Central Authority with a request for its enforcement.

(2) The external forfeiture order shall be accompanied by—

(a) a duly certified copy of the order,

(b) a statement by or on behalf of the court that made the order—

(i) that it is in force and not subject to appeal, and

(ii) that, if the person against whom it was made did not appear in the proceedings concerned, notice thereof was received by the person in good time to defend the proceedings,

(c) a brief description of the conduct constituting the offence which resulted in the making of the order, and

(d) any required translations,

and shall include any further information required by the relevant international instrument.

Forfeiture co-operation order.

60.— (1) The Central Authority, on receipt of an external forfeiture order and accompanying documents, may cause an application to be made to the High Court for an order (a “forfeiture co-operation order”) for the forfeiture of realisable property in the State to which the external forfeiture order relates.

(2) The application shall be accompanied by the request, the accompanying documents and any other related documents or by copies thereof.

(3) On the application the Court may, subject to subsection (4), make a forfeiture co-operation order.

(4) The Court may not make a forfeiture co-operation order unless—

(a) it is satisfied—

(i) that the application is made with the consent of the Minister,

(ii) as to the matters mentioned in section 59(2)(b),

(iii) that the conduct which resulted in the making of the external forfeiture order constitutes criminal conduct, and

(iv) that the making of the order is otherwise in accordance with the relevant international instrument,

and

(b) an opportunity has been given to any person claiming to own, or have an interest in, the property subject to the external forfeiture order to show cause why the order should not be made.
(5) A forfeiture co-operation order operates to deprive the defendant in the proceedings in which the external forfeiture order was made of any right or interest in the property and to vest the property in the Commissioner of the Garda Síochána.

(6) The forfeited property or the proceeds of any sale of the property shall be disposed of for the benefit of the Exchequer in accordance with the directions of the Minister for Finance, unless, on request by or on behalf of the designated state concerned and in accordance with the relevant international instrument, the Court provides otherwise.

(7) The Court—

(a) may vary or discharge a forfeiture co-operation order on the application of any person claiming to own or have an interest in the property concerned or to be otherwise affected by the order and may in that connection consult the court which made the external forfeiture order, and

(b) shall—

(i) vary a forfeiture co-operation order in accordance with any variation in the external forfeiture order, and

(ii) if satisfied that the external forfeiture order has been revoked, discharge it.

(8) The Police (Property) Act 1897 does not apply to property which vests in the Commissioner of the Garda Síochána by virtue of this section.

(9) This section applies to any property which is in the possession of the Garda Síochána under section 61(4) of the Act of 1994.

(10) Nothing in this section affects any enactment whereby property is, or may be ordered to be, forfeited as a result of a conviction for an offence.

(a) a duly authenticated copy of the order, and

(b) a certificate signed by the registrar or clerk and stating that the prescribed time for lodging an appeal has expired or, as the case may be, will expire on a specified date.

(2) If the financial penalty which is the subject of the financial penalty order has not been paid in whole or in part, the Central Authority may transmit to the competent authority in the member state concerned—

(a) the documents mentioned in subsection (1),

(b) a certificate, and

(c) a request that the financial penalty order be executed in accordance with the 2005 Framework Decision.

(3) Where the Central Authority makes a request under subsection (2) —

(a) if all or part of the financial penalty order has not been executed in the State or in another member state, stating the amount paid and requesting that the amount to be paid in the member state concerned not exceed the difference between the amount specified in the financial penalty order and the amount paid, and

(b) if the defendant has made any voluntary payment in respect of the financial penalty order after it was transmitted, stating the amount of that voluntary payment and requesting that the amount to be paid to the member state concerned not exceed the difference between the amount specified in the financial penalty order and the amount paid voluntarily, and

(6) Transmission of documents referred to in subsections (2) and (3) shall be by any means capable of producing a written record under conditions which allow the competent authority concerned to establish the documents’ authenticity.

Transmission to State of external financial penalty order

60C. (1) An external financial penalty order may be transmitted by the competent authority of an issuing state to the Central Authority with a request for its execution.

(2) The external financial penalty order shall be accompanied by—

(a) a certificate signed and certified as accurate by the competent authority in the issuing state and any supporting documentation, and

(b) any required translations,

and shall include any further information required by the 2005 Framework Decision.

(3) Transmission of the documents referred to in subsections (1) and (2) shall be by any means capable of producing a written record under conditions which allow the Central Authority or the appropriate court to establish the documents’ authenticity.

(4) Subsection (3) is deemed to have been complied with if facsimile copies of those documents and any translation thereof are transmitted in compliance with any regulations that may be made under subsection (6).

(5) If the Central Authority or the appropriate court is not satisfied that a facsimile copy of a document transmitted in accordance with this section corresponds to the document of which it purports to be such a copy, the Central Authority or the appropriate court shall—

(a) request the competent authority in the issuing state to cause the original or a copy of the document to be transmitted to the Central Authority, and

(b) agree with that competent authority regarding the manner in which the original or copy is to be so transmitted.

(6) The Minister may, if he or she considers it necessary for the purposes of ensuring the accuracy of documents transmitted in accordance with this section, make regulations—

(a) prescribing procedures to be followed in connection with the transmission of documents in accordance with this section, and

(b) specifying features to be present in any equipment being used in that connection.]
60D. (1) Where the Central Authority receives an external financial penalty order that has been transmitted by a competent authority in an issuing state, it shall proceed to the execution of that order as though it were an order of an appropriate court.

(2) Where the Central Authority considers that there are grounds for refusal, variation or termination of the execution of an external financial penalty order transmitted to it in accordance with the 2005 Framework Decision, the Central Authority shall cause an application to be made to the appropriate court for an order under section 60E, 60F or 60G.

(3) Where the Central Authority proceeds to execute an external financial penalty order that has been transmitted by a competent authority in an issuing state, the Fines (Payment and Recovery) Act 2014 shall apply to the execution of that financial penalty order as though it were an order of an appropriate court.

(4) Where a sum of money payable or remaining to be paid under an external financial penalty order is expressed in a currency other than euro, the external financial penalty order shall require payment of an equivalent euro amount, calculated at the baseline rate of exchange prevailing between that currency and the euro on the date of the making of the external financial penalty order.

60E. (1) On application made under section 60D(2) and without prejudice to section 3, the appropriate court shall make an order refusing the execution of an external financial penalty order made by an issuing judicial authority if—

(a) a financial penalty order has been made in the State against the defendant in respect of the conduct which resulted in the making of the external financial penalty order,

(b) a financial penalty order has been made in a state other than the issuing state or the State, in respect of the conduct which resulted in the making of the external financial penalty order, and has been executed,

(c) the conduct which resulted in the making of the external financial penalty order is not an offence in the State,

(d) the execution of the financial penalty order is statute barred in the State,

(e) the criminal conduct concerned was either committed outside the territory of the issuing state concerned or committed wholly or partly in the State,

(f) there is immunity or privilege under the law of the State which makes it impossible to execute the external financial penalty order,

(g) the defendant could not have been convicted in the State of an offence in respect of the conduct which resulted in the making of the external financial penalty order because of his or her age,

(h) the defendant did not appear in person at the proceedings resulting in the external financial penalty order, unless the certificate from the issuing judicial authority states that—

(i) he or she was summoned to attend in person the proceedings, or he or she was otherwise made aware, by official notification, of the time when, and the place at which, those proceedings were to take place, and he or she was informed that an external financial penalty order could be made even if he or she did not appear,

(ii) he or she was aware of the proceedings concerned and was represented at those proceedings by a lawyer whom he or she appointed,

(iii) after having been served with the external financial penalty order and expressly informed of his or her right to a retrial or an appeal at which he
or she would have been able to participate (and which would have been an examination of the case on its merits, including the possibility of adding fresh evidence), and which could have led to a reversal of the original decision, he or she—

(I) expressly stated that he or she did not contest the external financial penalty order, or

(II) did not request the retrial or appeal within the time limit for exercising that right,

or

(iv) where he or she was not personally served with the external financial penalty order, an undertaking has been given by the issuing state concerned that he or she will be personally served with the external financial penalty order without delay and will be expressly informed of his or her right to a retrial or an appeal in which he or she will be able to participate (and which will be an examination of the case on its merits, including the possibility of adding fresh evidence), and which could lead to a reversal of the order, and of the time limit for exercising that right,

or

(i) the amount of the financial penalty the subject of the external financial penalty order is less than €70.

(2) If the certificate did not accompany the external financial penalty order, or is incomplete or manifestly does not correspond to the external financial penalty order, the appropriate court—

(a) may permit the certificate, or a completed or corrected certificate, to be produced by or on behalf of the court concerned in accordance with a specified deadline, or

(b) may refuse to execute the external financial penalty order, unless it is satisfied, by the production of an equivalent document or otherwise, that the information provided by or on behalf of the court concerned is sufficient.

60F. On application made under section 60D(2) and without prejudice to section 3, the appropriate court may make an order—

(a) where that court is satisfied that, had the conduct which was the subject of the conviction on which that external financial penalty order was made been carried out in the State, the maximum amount of a penalty that could have been imposed was less than the sum mentioned in that order, reducing the amount that the defendant is to pay to that maximum amount,

(b) where the court is satisfied that there has been partial payment of the sum mentioned in the external financial penalty order, reducing the amount that the defendant is to pay to the difference between the sum mentioned in the order and the amount already paid, or

(c) where the court is satisfied that, in all the circumstances, the defendant should be excused from paying all or part of the sum mentioned in the external financial penalty order, ordering that the amount be so reduced.

60G. Where an external financial penalty order has been transmitted to the Central Authority for execution in the State, the execution of the external financial penalty order shall terminate as soon as may be after the Central Authority is informed by the competent authority of the issuing state concerned that that external financial penalty order has ceased to be enforceable or has been withdrawn by that issuing
state or where the court is satisfied on an application made under section 60D(2) that, in all the circumstances, the defendant should be excused from paying all or part of the sum mentioned in the external financial penalty order, ordering that the amount be so reduced.]

60H. The Central Authority shall inform, by any means capable of producing a written record, the competent authority in the issuing state that transmitted an external financial penalty order of the following:

(a) the Central Authority has received the external financial penalty order, as soon as may be after the Central Authority receives it;

(b) an order refusing the execution of the financial penalty order under section 60E, or reducing the amount to be paid on foot of it under section 60F, has been made, as soon as may be after it is made;

(c) an order terminating the execution of the external financial penalty order has been made, as soon as may be after it is made;

(d) the execution of the external financial penalty order is complete, as soon as may be after it is complete; or

(e) imprisonment or another alternative sanction has been imposed by a court in the State on the defendant in accordance with Article 10 of the 2005 Framework Decision, as soon as may be after it is imposed.]

60I. An amount paid on foot of an external financial penalty order shall be paid into or disposed of for the benefit of the Exchequer in such manner as the Minister for Finance may direct, unless an agreement is made between the Central Authority and the competent authority in the issuing state concerned that all or part of that amount will be paid to that issuing state.]

PART 5

PROVISION OF EVIDENCE

CHAPTER 1

Interpretation

61.— In this Part—

“evidence” does not include information provided under Part 2 in relation to financial transactions;

“place” includes premises;

“witness” includes an expert witness and a person suspected of the offence which has given rise to the request concerned.

CHAPTER 2

Taking of Evidence
Evidence from person in designated state.

62.— (1) Where it appears to a judge at a sitting of any court that criminal proceedings have been instituted or a criminal investigation is taking place in the State, the judge may issue a letter (a “letter of request”) requesting assistance in obtaining from a person in a designated state such evidence as is specified in the letter for use in the proceedings or investigation.

(2) Application for a letter of request may be made by the Director of Public Prosecutions or a person charged in any such proceedings that have been instituted.

(3) The letter of request shall be sent to the Central Authority for transmission to the appropriate authority.

(4) Notwithstanding subsections (1) to (3), where proceedings in respect of an offence have been instituted or a criminal investigation is taking place, the Director of Public Prosecutions may issue and transmit a letter of request directly to the appropriate authority.

(5) The letter of request shall include—

(a) a statement that the evidence is required for the purpose of criminal proceedings or a criminal investigation,

(b) a brief description of the conduct constituting the offence concerned, and

(c) any other available information that may assist the appropriate authority in complying with the request.

(6) Evidence obtained by virtue of this section shall not, without the consent of the appropriate authority, be used for any purpose other than that permitted by the relevant international instrument or specified in the letter of request.

(7) When any such evidence is no longer required for that purpose (or for any other purpose for which such consent has been obtained), it shall be returned to the appropriate authority unless the authority indicates that it need not be returned.

(8) A statement of the evidence of a witness—

(a) taken in accordance with a letter of request, and

(b) certified by or on behalf of the court, tribunal or authority by which it was taken to be an accurate statement of the evidence,

is admissible, without further proof, in proceedings relating to the offence concerned as evidence of any fact stated therein of which oral evidence would be so admissible.

(9) A court, when considering whether any evidence taken from a person pursuant to a letter of request should be excluded in the exercise of its discretion to exclude evidence otherwise admissible, shall, where appropriate, have regard to—

(a) whether the law of the state concerned allowed the person and any other party concerned, when the evidence was being taken, to be legally represented and cross-examined, and

(b) any other respects in which the taking of the evidence may have differed from the taking of comparable evidence in the State.

(10) Nothing in this section prevents the Director of Public Prosecutions from issuing a letter of request for assistance in obtaining a statement of evidence or taking possession of material evidence in a designated state for the purposes of criminal proceedings or a criminal investigation where the witness or witnesses concerned will give evidence in those proceedings or any proceedings that may be instituted after the investigation.

(11) In this section, “appropriate authority”, in relation to the place where the evidence is to be obtained, means—
(a) a court or tribunal specified in the letter of request and exercising jurisdiction in that place, or

(b) any other authority recognised by the government of the state concerned as the appropriate authority for receiving the letter.

63.—(1) This section applies, subject to section 64, in relation to a request for assistance in obtaining evidence in the State from a person (in this section referred to as a “witness”) for the purpose of criminal proceedings, or a criminal investigation, in a designated state.

(2) On receipt of such a request the Minister, if of opinion that this section applies in relation to it, may, subject to subsection (3)—

(a) request the President of the District Court to nominate a judge of that Court to receive the evidence to which the request relates, and

(b) send the judge a copy of the request and of any accompanying or related documents.

(3) The Minister shall not exercise the power conferred by subsection (2) unless an assurance is given by the requesting authority that any evidence that may be supplied in response to the request will not, without the consent of the nominated judge or the witness, be used for any purpose other than that permitted by the relevant international instrument or specified in the letter of request.

(4) For the purposes of this section the nominated judge—

(a) has the powers of the District Court in criminal proceedings, including its powers—

(i) in relation to securing the attendance of witnesses, the production of documents or other articles, taking evidence on oath, compelling witnesses to give evidence or to produce documents or other things and the conduct generally of the proceedings for the taking of evidence, and

(ii) under any enactment or rule of law relating to the protection of witnesses against intimidation,

(b) may direct that the evidence, or any part of it, be received otherwise than in public if of opinion that such a direction is necessary to protect—

(i) the witness or other person, or

(ii) confidential or sensitive information, and

(c) shall inform the witness of his or her rights under section 64.

(5) The evidence may be given through a live television link in any case where it may be so given in proceedings under any enactment.

(6) Any person who is summoned to give evidence and who, without reasonable excuse, does not answer any question or comply with a requirement to produce any document or other thing is guilty of an offence and liable, on summary conviction, to a fine not exceeding €2,500 or imprisonment for a term not exceeding 6 months or both.

(7) The Bankers’ Books Evidence Act 1879 applies to proceedings under this section as it applies to other proceedings before a court.

(8) No order for costs may be made in the proceedings.
Privilege of witnesses.

64.—(1) A person is not compelled to give any evidence in proceedings under section 63 which he or she could not be compelled to give—

(a) in criminal proceedings in the State, or

(b) subject to subsection (2), in criminal proceedings in the state concerned.

(2) Subsection (1)(b) does not apply unless the claim of the person to be exempt from giving the evidence is conceded by the requesting authority.

(3) Where the claim is not conceded, the person may (subject to the other provisions of this section) be required to give the evidence to which the claim relates, but the evidence shall not be transmitted to the requesting authority if a court in the state concerned, on the matter being referred to it, upholds the claim.

(4) Without prejudice to subsection (1), a person may not be compelled under this section to give any evidence—

(a) in his or her capacity as an officer or servant of the State, or

(b) if to do so would be prejudicial to the security of the State.

(5) In any proceedings referred to in subsection (1) a certificate purporting to be signed by or on behalf of the Minister to the effect that it would be prejudicial to the security of the State for a person to give any evidence is admissible, without further proof, as evidence of that fact.

(6) In this section references to giving evidence include references to answering any question and to producing any document or other thing, and the reference in subsection (3) to the transmission of evidence given by a person is to be construed accordingly.

Evidence of prisoners

65.—(1) In this section, “prisoner” means a person who is detained in custody in a designated state—

(a) under a sentence or order of a court exercising criminal jurisdiction in that state, or

(b) having been transferred there from the State under section 5 (issue of warrants for the transfer of sentenced prisoners outside State) of the Transfer of Sentenced Prisoners Act 1995.

(2) Where—

(a) a witness order has been made or a witness summons issued in criminal proceedings in respect of a prisoner, or

(b) it appears to the Minister that it is desirable for a prisoner to be identified in, or otherwise to assist by his or her presence, such proceedings or a criminal investigation,

the Minister, at the request of the Director of Public Prosecutions or a person charged in any such proceedings, may issue a warrant providing for the prisoner to be transferred to the State.

(3) A warrant shall not be issued unless the appropriate authority in the designated state concerned provides a written statement by the prisoner consenting to be transferred for that purpose.

(4) A warrant issued under this section shall be transmitted by the Central Authority to the authority in the designated state that appears to the Central Authority to be
the appropriate authority for receiving it, together with a request for the transfer of the prisoner to the State.

(5) The warrant is authority for—

(a) bringing the prisoner to the State,

(b) taking the prisoner to, and detaining him or her in, a prison,

(c) taking the prisoner to and from the place where the prisoner’s evidence is to be heard, and

(d) returning the prisoner in custody to the designated state.

(6) A prisoner is deemed to be in lawful custody while in the State.

(7) A prisoner who escapes from custody or is unlawfully at large may be arrested without warrant by a member of the Garda Síochána and taken in custody to a prison.

(8) A person (other than a member of the Garda Síochána) who is authorised to have custody of a prisoner by or for the purposes of a warrant under this section is deemed to be such a member for the purposes of this section.

(9) The law relating to—

(a) the control of entry into the State of non-nationals (within the meaning of the Immigration Act 1999),

(b) the duration and conditions of their stay in the State,

(c) their obligations while in the State, and

(d) their removal from the State,

does not apply in relation to a prisoner who is a non-national while he or she is present in the State in pursuance of a warrant under this section but, if the warrant ceases to have effect while the prisoner is so present, that law shall thereupon apply, with any necessary modifications, in relation to him or her.

(10) A prisoner while in the State pursuant to the warrant may not be proceeded against, sentenced, detained or subjected to any other restriction on his or her personal freedom in respect of any offence committed before arriving in the State.

66.— (1) The Minister may, on receipt of a request in that behalf, issue a warrant for the transfer of a person serving a sentence of imprisonment in a prison (a “prisoner”) to a designated state for the purpose of—

(a) giving evidence in criminal proceedings, or assisting in a criminal investigation, in that state, or

(b) being identified in, or otherwise assisting by his or her presence, such proceedings or investigation.

(2) A warrant may be issued only if the prisoner has made a written statement consenting to his or her being transferred for that purpose.

(3) Where, by reason of the prisoner’s youth or physical or mental condition, it appears to the Minister inappropriate for the prisoner to act for himself or herself, the consent shall be given by a person appearing to the Minister to be an appropriate person to act on the prisoner’s behalf.

(4) A warrant is authority for—
(a) taking the prisoner from the prison and delivering him or her into the custody of a person representing the requesting authority concerned at a place of departure from the State,

(b) detaining the prisoner in the designated state, and

(c) bringing the prisoner back to the State and returning him or her to the prison.

(5) A warrant may not be issued unless an assurance is given by the requesting authority that the prisoner will not be proceeded against, sentenced, detained or subjected to any other restriction on his or her personal freedom in respect of any offence under the law of the designated state committed before the prisoner’s departure from the State.

(6) The period spent in custody under the warrant is included in the period of imprisonment or detention to be served by the prisoner in the State.

(7) A prisoner is deemed to be in lawful custody when being taken from or to a prison under the warrant.

(8) A prisoner who escapes from custody or is unlawfully at large may be arrested without warrant by a member of the Garda Síochána and taken in custody to a prison.

(9) A person (other than a member of the Garda Síochána) who is authorised to have custody of a prisoner by or for the purposes of a warrant under this section is deemed to be such a member for the purposes of this section.

Evidence through television link

67.—(1) This section applies where—

(a) criminal proceedings have been instituted in the State against a person,

(b) a witness in the proceedings is in a designated state, and

(c) it is not desirable or practicable for the witness to give evidence in person.

(2) Where this section applies, an application may be made by or on behalf of the Director of Public Prosecutions or the accused to a judge of the court of trial at a sitting of the court to issue a letter (a “letter of request”) requesting the provision of facilities in the designated state concerned to enable the witness to give evidence in the proceedings through a live television link.

(3) The judge may grant the application if satisfied that it is not desirable or practicable for the witness to give evidence in person.

(4) The letter of request shall be accompanied by a document signed by the judge and stating—

(a) the name, address and, if known, the nationality of the witness,

(b) the court which is to hear the evidence,

(c) the name of the judge conducting the hearing,

(d) why it is not desirable or practicable for the witness to give evidence in person, and

(e) the likely date of the hearing.

(5) The request shall be sent to the Central Authority for transmission—

(a) in urgent cases, to the court or tribunal specified in the request, or
(b) in any other case, to any authority recognised by the state concerned as the appropriate authority for receiving such requests.

(6) If the name of the judge conducting the hearing is not available at the time the letter of request is issued, it shall be sent to the Central Authority for such transmission as soon as it becomes available.

(7) The accused shall be given an opportunity to cross-examine and re-examine the witness at the hearing.

(8) Evidence given through the live television link at the hearing shall be videorecorded.

(9) The videorecording of the evidence or, if the accused consents, an edited version of it, is admissible at the trial of the offence as evidence of any fact of which direct oral evidence would be admissible, unless the trial judge is of the opinion that to do so would not be in the interests of justice.

(10) The provisions of the relevant international instrument concerning a hearing through a live television link, in so far as they relate to a requesting state and are not incorporated in this section, have effect in the State, with the necessary modifications, in relation to a hearing under this section.

(11) A witness who makes a statement which is material in the proceedings and which he or she knows to be false or does not believe to be true is guilty of an offence and liable—

(a) on summary conviction, to a fine not exceeding €2,500 or imprisonment for a term not exceeding 6 months or both, or

(b) on conviction on indictment, to a fine not exceeding €10,000 or imprisonment for a term not exceeding 5 years or both.

(12) Proceedings for an offence under subsection (11) may be taken, and the offence may for all incidental purposes be treated as having been committed, in any place in the State.

(13) In this section “videorecording” means any recording, on any medium, from which a moving image may be produced and includes the accompanying soundtrack, and cognate words shall be construed accordingly.

(1) This section applies to a request for a witness who is present in the State to give evidence through a television link in criminal proceedings before a court or tribunal in a designated state.

(2) The request shall include the following information:

(a) the name, address and, if known, the nationality of the witness;

(c) the name of the person or persons who will conduct the hearing;

(d) a statement as to why it is not desirable or practicable for the witness to give evidence in person;

(e) the likely date of the hearing.

(1) That it is not desirable or practicable for the witness to give evidence in person in the state concerned, and
may request the President of the District Court to nominate a judge of that Court to summon the witness to attend at a suitable venue within the judge’s district for the purpose of giving effect to the request.

Taking of the evidence.

70.— (1) The nominated judge of the District Court shall summon the witness concerned to give evidence through a live television link at a suitable venue within the district to which the judge is assigned.

(2) For the purpose of ensuring compliance with the request the nominated judge has the powers of the District Court in criminal proceedings, including its powers—

(a) in relation to securing the attendance of the witness, taking evidence on oath and compelling the witness to give evidence or to produce documents or other things, and

(b) under any enactment or rule of law relating to the protection of witnesses against intimidation.

(3) The evidence shall be given in accordance with the laws and procedures of the requesting state to the extent that they do not contravene the fundamental principles of the law of the State.

(4) In particular, the witness may not be compelled to give any evidence which he or she could not be compelled to give in criminal proceedings in the State or the designated state.

(5) Where necessary for the protection of the witness and in agreement with the requesting authority, the evidence may be taken otherwise than in public.

(6) Subject to subsection (7), the proceedings shall be conducted directly by, or under the direction of, a judge of the designated state in accordance with its own laws.

(7) Where the nominated judge is of opinion that the taking of evidence is not in accordance with the fundamental principles of the law of the State, he or she shall take immediate action to ensure that those principles are complied with.

(8) The nominated judge and the witness shall be assisted by an interpreter, where necessary.

(9) When the evidence has been taken, the nominated judge shall send a record of the evidence given by the witness to the Minister for transmission to the requesting authority, indicating—

(a) the date and place of the taking of the evidence,

(b) the name of the witness,

(c) the name and function of any other person present and participating in the proceedings,

(d) whether an oath was administered to the witness, and

(e) the technical conditions under which the proceedings took place.

(10) A witness who—

(a) makes a statement material in the proceedings which he or she knows to be false or does not believe to be true, or

(b) does not testify when under an obligation to do so,
is guilty of an offence and liable—

(i) on summary conviction, to a fine not exceeding €2,500 or imprisonment for a term not exceeding 6 months or both, or

(ii) on conviction on indictment, to a fine not exceeding €10,000 or imprisonment for a term not exceeding 5 years or both.

Evidence by telephone link for use outside State

71.— (1) This section applies to a request for a witness who is present in the State to give evidence by telephone link in criminal proceedings before a court or tribunal in a designated state.

(d) a statement that the witness is willing to give evidence by telephone link in the proceedings;

(e) the likely date of the hearing.

Taking of evidence.

72.— (1) The Minister, if of opinion that the witness is willing to give evidence by telephone link in the proceedings concerned, may request the President of the District Court to nominate a judge of that Court to summon the witness to attend at a suitable venue within the judge’s district for the purpose of giving effect to the request.

(2) Before the evidence is taken, the witness shall be asked to confirm that he or she is willing to give the evidence by telephone link.

(3) Section 70 applies in relation to taking evidence under this section by telephone link as it applies in relation to taking evidence under that section by television link.

Search for evidence

73.— (1) Where it appears to a judge at a sitting of any court that—

(a) criminal proceedings have been instituted or a criminal investigation is taking place, and

(b) evidence for the purposes of the proceedings or investigation may be obtained at a place in a designated state,

the judge may, in accordance with the relevant international instrument, issue a letter (a “letter of request”) requesting assistance in obtaining the evidence.

(2) Application for a letter of request may be made by the Director of Public Prosecutions or a person charged in any such proceedings that have been instituted.

(3) The letter of request shall be sent to—

(5) The letter of request shall include—

(a) a statement that the evidence is required for the purpose of criminal proceedings or a criminal investigation and will be returned to the appropriate authority when no longer required for that purpose, unless the authority indicates otherwise,

(b) information relating to the nature and location of the evidence concerned,

(c) a brief description of the conduct constituting the offence concerned, and

(d) any other available information that may assist the appropriate authority in complying with the letter of request.

(6) Evidence obtained by virtue of this section shall not, without the consent of the appropriate authority, be used for any purpose other than that permitted by the relevant international instrument or specified in the letter of request.

(7) When any such evidence is no longer required for that purpose (or for any other purpose for which such consent has been obtained), it shall be returned to the appropriate authority unless the authority indicates that it need not be returned.

(8) In any proceedings relating to the offence—

(a) evidence (other than documentary evidence) which purports—

(i) to have been obtained as a result of a request under this section, and

(ii) to be certified by or on behalf of the appropriate authority to be such evidence,

(4) The Minister, if of opinion that this section applies to the request, may, subject to subsection (5), send the request and any accompanying and related documents to the Commissioner of the Garda Síochána to arrange for the request to be complied with.

(5) In the case of a request from a designated state, the Minister may not proceed in accordance with subsection (4) unless an assurance is given by the requesting authority—

(a) that any evidence that may be supplied in response to the request will not, without the Minister’s prior consent, be used for any purpose other than that permitted by the relevant international instrument or specified in the request, and

(b) that the evidence will be returned when no longer required for the purpose so specified (or any other purpose for which such consent has been obtained), unless the Minister indicates that its return is not required.

(6) A member of the Garda Síochána shall not enter any place in furtherance of the request without the consent of the occupier or the entry being authorised by a warrant under this section.

(7) Unless the evidence sought is already in the possession of the Garda Síochána, a member of the Garda Síochána not below the rank of inspector shall, on production of a copy of the request and of any accompanying or related documents, apply to the judge of the District Court for the district where the place concerned is situated for a warrant under subsection (8).

(8) If, on the application, the judge is satisfied that this section applies to the request and it appears to him or her that there are reasonable grounds for believing that entry to any place is necessary for the purposes of complying with it, the judge may issue a warrant for the search of the place and any persons found there.

(9) The warrant shall be expressed and operate to authorise a named member of the Garda Síochána, accompanied by such other members or persons or both as the member thinks necessary—

(e) to take such other steps as appear to the member to be necessary for preserving any such material and preventing interference with it.

(10) Where material referred to in subsection (9) consists of or includes information in non-legible form, the warrant has effect as an order to produce the material, or to give access to it, in a form which is legible and in which it can be taken away.

(11) The warrant—

(a) does not confer any right to examine, seize, take away or retain documents which are subject to legal privilege or to have them produced or to be given access to them, and

(a) in so far as it may empower a member of the Garda Síochána to take away a document or to be given access to it, authorises him or her to make a copy of it and to take the copy away,
(b) does not confer any right to production of, or access to, any evidential material subject to legal privilege, and

c) subject to paragraph (b) and subsection (17), has effect notwithstanding any other obligation as to secrecy or other restriction on disclosure of information imposed by statute or otherwise.

(13) Any evidential material taken away by a member of the Garda Síochána under this section shall be dealt with in accordance with the request.

(a) proceedings for an offence are not instituted against that person within the period of 12 months from the taking of the identification evidence concerned from him or her and the failure to institute such proceedings within that period is not due to the fact that he or she has absconded or cannot be found;

(11A) If a judge of the District Court is satisfied, on an application in that behalf by the Commissioner, that there is good reason why identification evidence transmitted pursuant to a request should not be destroyed by the requesting authority in accordance with subsection (10), or a request to do so under subsection (11R), the judge may make an order authorising the retention of the identification evidence for such purpose permitted by this section for such period as he or she considers appropriate.

(11B) If the Commissioner intends to make an application under subsection (11A), he or she shall inform by notice in writing the person from whom the identification evidence concerned was taken, and any person who gave consent to the taking of that identification evidence from that person, of that intention.

(11C) If, on an application under subsection (11A), the person from whom the identification evidence was taken, or any other person who gave consent to the taking of that identification evidence from that person, applies to be heard by the judge of the District Court, an order shall not be made under that subsection unless a reasonable opportunity has been given to that person to be heard.

HAVE AGREED ON THE FOLLOWING PROVISIONS:

TITLE I

GENERAL PROVISIONS

Article 1

Relationship to other conventions on mutual assistance

1. The purpose of this Convention is to supplement the provisions and facilitate the application between the Member States of the European Union, of:

(a) the European Convention on Mutual Assistance in Criminal Matters of 20 April 1959, hereinafter referred to as the ‘European Mutual Assistance Convention’;
(b) the Additional Protocol of 17 March 1978 to the European Mutual Assistance Convention;

(c) the provisions on mutual assistance in criminal matters of the Convention of 19 June 1990 implementing the Schengen Agreement of 14 June 1985 on the gradual abolition of checks at common borders (hereinafter referred to as the ‘Schengen Implementation Convention’) which are not repealed pursuant to Article 2(2);

(d) Chapter 2 of the Treaty on Extradition and Mutual Assistance in Criminal Matters between the Kingdom of Belgium, the Grand Duchy of Luxembourg and the Kingdom of the Netherlands of 27 June 1962, as amended by the Protocol of 11 May 1974, (hereinafter referred to as the ‘Benelux Treaty’), in the context of relations between the Member States of the Benelux Economic Union.

2. This Convention shall not affect the application of more favourable provisions in bilateral or multilateral agreements between Member States or, as provided for in Article 26(4) of the European Mutual Assistance Convention, arrangements in the field of mutual assistance in criminal matters agreed on the basis of uniform legislation or of a special system providing for the reciprocal application of measures of mutual assistance in their respective territories.

Article 2

Provisions relating to the Schengen acquis

1. The provisions of Articles 3, 5, 6, 7, 12 and 23 and, to the extent relevant to Article 12, of Articles 15 and 16, to the extent relevant to the Articles referred to, of Article 1 constitute measures amending or building upon the provisions referred to in Annex A to the Agreement concluded by the Council of the European Union and the Republic of Iceland and the Kingdom of Norway concerning the latters’ association with the implementation, application and development of the Schengen acquis.

2. The provisions of Articles 49(a), 52, 53 and 73 of the Schengen Implementation Convention are hereby repealed.

Article 3

Proceedings in connection with which mutual assistance is also to be afforded

1. Mutual assistance shall also be afforded in proceedings brought by the administrative authorities in respect of acts which are punishable under the national law of the requesting or the requested Member State, or both, by virtue of being infringements of the rules of law, and where the decision may give rise to proceedings before a court having jurisdiction in particular in criminal matters.

2. Mutual assistance shall also be afforded in connection with criminal proceedings and proceedings as referred to in paragraph 1 which relate to offences or infringements for which a legal person may be held liable in the requesting Member State.

Article 4

Formalities and procedures in the execution of requests for mutual assistance

1. Where mutual assistance is afforded, the requested Member State shall comply with the formalities and procedures expressly indicated by the requesting Member State, unless otherwise provided in this Convention and provided that such formalities and procedures are not contrary to the fundamental principles of law in the requested Member State.
2. The requested Member State shall execute the request for assistance as soon as possible, taking as full account as possible of the procedural deadlines and other deadlines indicated by the requesting Member State. The requesting Member State shall explain the reasons for the deadline.

3. If the request cannot, or cannot fully, be executed in accordance with the requirements set by the requesting Member State, the authorities of the requested Member State shall promptly inform the authorities of the requesting Member State and indicate the conditions under which it might be possible to execute the request. The authorities of the requesting and the requested Member State may subsequently agree on further action to be taken concerning the request, where necessary by making such action subject to the fulfilment of those conditions.

4. If it is foreseeable that the deadline set by the requesting Member State for executing its request cannot be met, and if the reasons referred to in paragraph 2, second sentence, indicate explicitly that any delay will lead to substantial impairment of the proceedings being conducted in the requesting Member State, the authorities of the requested Member State shall promptly indicate the estimated time needed for execution of the request. The authorities of the requesting Member State shall promptly indicate whether the request is to be upheld nonetheless. The authorities of the requesting and requested Member States may subsequently agree on further action to be taken concerning the request.

Article 5

Sending and service of procedural documents

1. Each Member State shall send procedural documents intended for persons who are in the territory of another Member State to them directly by post.

2. Procedural documents may be sent via the competent authorities of the requested Member State only if:

(a) the address of the person for whom the document is intended is unknown or uncertain; or

(b) the relevant procedural law of the requesting Member State requires proof of service of the document on the addressee, other than proof that can be obtained by post; or

(c) it has not been possible to serve the document by post; or

(d) the requesting Member State has justified reasons for considering that dispatch by post will be ineffective or is inappropriate.

3. Where there is reason to believe that the addressee does not understand the language in which the document is drawn up, the document, or at least the important passages thereof, must be translated into (one of) the language(s) of the Member State in the territory of which the addressee is staying. If the authority by which the procedural document was issued knows that the addressee understands only some other language, the document, or at least the important passages thereof, must be translated into that other language.

4. All procedural documents shall be accompanied by a report stating that the addressee may obtain information from the authority by which the document was issued or from other authorities in that Member State regarding his or her rights and obligations concerning the document. Paragraph 3 shall also apply to that report.

5. This Article shall not affect the application of Articles 8, 9 and 12 of the European Mutual Assistance Convention and Articles 32, 34 and 35 of the Benelux Treaty.

Article 6
Transmission of requests for mutual assistance

1. Requests for mutual assistance and spontaneous exchanges of information referred to in Article 7 shall be made in writing, or by any means capable of producing a written record under conditions allowing the receiving Member State to establish authenticity. Such requests shall be made directly between judicial authorities with territorial competence for initiating and executing them, and shall be returned through the same channels unless otherwise specified in this Article. Any information laid by a Member State with a view to proceedings before the courts of another Member State within the meaning of Article 21 of the European Mutual Assistance Convention and Article 42 of the Benelux Treaty may be the subject of direct communications between the competent judicial authorities.

2. Paragraph 1 shall not prejudice the possibility of requests being sent or returned in specific cases:

(a) between a central authority of a Member State and a central authority of another Member State; or

(b) between a judicial authority of one Member State and a central authority of another Member State.

3. Notwithstanding paragraph 1, the United Kingdom and Ireland, respectively, may, when giving the notification provided for in Article 27(2), declare that requests and communications to it, as specified in the declaration, must be sent via its central authority. These Member States may at any time by a further declaration limit the scope of such a declaration for the purpose of giving greater effect to paragraph 1. They shall do so when the provisions on mutual assistance of the Schengen Implementation Convention are put into effect for them. Any Member State may apply the principle of reciprocity in relation to the declarations referred to above.

4. Any request for mutual assistance may, in case of urgency, be made via the International Criminal Police Organisation (Interpol) or any body competent under provisions adopted pursuant to the Treaty on European Union.

5. Where, in respect of requests pursuant to Articles 12, 13 or 14, the competent authority is a judicial authority or a central authority in one Member State and a police or customs authority in the other Member State, requests may be made and answered directly between these authorities. Paragraph 4 shall apply to these contacts.

6. Where, in respect of requests for mutual assistance in relation to proceedings as envisaged in Article 3(1), the competent authority is a judicial authority or a central authority in one Member State and an administrative authority in the other Member State, requests may be made and answered directly between these authorities.

7. Any Member State may declare, when giving the notification provided for in Article 27(2), that it is not bound by the first sentence of paragraph 5 or by paragraph 6 of this Article, or both or that it will apply those provisions only under certain conditions which it shall specify. Such a declaration may be withdrawn or amended at any time.

8. The following requests or communications shall be made through the central authorities of the Member States:

(a) requests for temporary transfer or transit of persons held in custody as referred to in Article 9 of this Convention, in Article 11 of the European Mutual Assistance Convention and in Article 33 of the Benelux Treaty;

(b) notices of information from judicial records as referred to in Article 22 of the European Mutual Assistance Convention and Article 43 of the Benelux Treaty. However, requests for copies of convictions and measures as referred to in
Article 4 of the Additional Protocol to the European Mutual Assistance Convention may be made directly to the competent authorities.

Article 7

**Spontaneous exchange of information**

1. Within the limits of their national law, the competent authorities of the Member States may exchange information, without a request to that effect, relating to criminal offences and the infringements of rules of law referred to in Article 3(1), the punishment or handling of which falls within the competence of the receiving authority at the time the information is provided.

2. The providing authority may, pursuant to its national law, impose conditions on the use of such information by the receiving authority.

3. The receiving authority shall be bound by those conditions.

**TITLE II**

Article 8

**Restitution**

1. At the request of the requesting Member State and without prejudice to the rights of bona fide third parties, the requested Member State may place articles obtained by criminal means at the disposal of the requesting State with a view to their return to their rightful owners.

2. In applying Articles 3 and 6 of the European Mutual Assistance Convention and Articles 24(2) and 29 of the Benelux Treaty, the requested Member State may waive the return of articles either before or after handing them over to the requesting Member State if the restitution of such articles to the rightful owner may be facilitated thereby. The rights of bona fide third parties shall not be affected.

3. In the event of a waiver before handing over the articles to the requesting Member State, the requested Member State shall exercise no security right or other right of recourse under tax or customs legislation in respect of these articles.

A waiver as referred to in paragraph 2 shall be without prejudice to the right of the requested Member State to collect taxes or duties from the rightful owner.

Article 9

**Temporary transfer of persons held in custody for purpose of investigation**

1. Where there is agreement between the competent authorities of the Member States concerned, a Member State which has requested an investigation for which the presence of the person held in custody on its own territory is required may temporarily transfer that person to the territory of the Member State in which the investigation is to take place.

2. The agreement shall cover the arrangements for the temporary transfer of the person and the date by which he or she must be returned to the territory of the requesting Member State.

3. Where consent to the transfer is required from the person concerned, a statement of consent or a copy thereof shall be provided promptly to the requested Member State.
4. The period of custody in the territory of the requested Member State shall be deducted from the period of detention which the person concerned is or will be obliged to undergo in the territory of the requesting Member State.

5. The provisions of Articles 11(2) and (3), 12 and 20 of the European Mutual Assistance Convention shall apply mutatis mutandis to this Article.

6. When giving the notification provided for in Article 27(2), each Member State may declare that, before an agreement is reached under paragraph 1 of this Article, the consent referred to in paragraph 3 of this Article will be required or will be required under certain conditions indicated in the declaration.

Article 10

Hearing by videoconference

1. If a person is in one Member State’s territory and has to be heard as a witness or expert by the judicial authorities of another Member State, the latter may, where it is not desirable or possible for the person to be heard to appear in its territory in person, request that the hearing take place by videoconference, as provided for in paragraphs 2 to 8.

2. The requested Member State shall agree to the hearing by videoconference provided that the use of the videoconference is not contrary to fundamental principles of its law and on condition that it has the technical means to carry out the hearing. If the requested Member State has no access to the technical means for videoconferencing, such means may be made available to it by the requesting Member State by mutual agreement.

3. Requests for a hearing by videoconference shall contain, in addition to the information referred to in Article 14 of the European Mutual Assistance Convention and Article 37 of the Benelux Treaty, the reason why it is not desirable or possible for the witness or expert to attend in person, the name of the judicial authority and of the persons who will be conducting the hearing.

4. The judicial authority of the requested Member State shall summon the person concerned to appear in accordance with the forms laid down by its law.

5. With reference to hearing by videoconference, the following rules shall apply:

(a) a judicial authority of the requested Member State shall be present during the hearing, where necessary assisted by an interpreter, and shall also be responsible for ensuring both the identification of the person to be heard and respect for the fundamental principles of the law of the requested Member State. If the judicial authority of the requested Member State is of the view that during the hearing the fundamental principles of the law of the requested Member State are being infringed, it shall immediately take the necessary measures to ensure that the hearing continues in accordance with the said principles;

(b) measures for the protection of the person to be heard shall be agreed, where necessary, between the competent authorities of the requesting and the requested Member States;

(c) the hearing shall be conducted directly by, or under the direction of, the judicial authority of the requesting Member State in accordance with its own laws;

(d) at the request of the requesting Member State or the person to be heard the requested Member State shall ensure that the person to be heard is assisted by an interpreter, if necessary;
(e) the person to be heard may claim the right not to testify which would accrue to him or her under the law of either the requested or the requesting Member State.

6. Without prejudice to any measures agreed for the protection of the persons, the judicial authority of the requested Member State shall on the conclusion of the hearing draw up minutes indicating the date and place of the hearing, the identity of the person heard, the identities and functions of all other persons in the requested Member State participating in the hearing, any oaths taken and the technical conditions under which the hearing took place. The document shall be forwarded by the competent authority of the requested Member State to the competent authority of the requesting Member State.

7. The cost of establishing the video link, costs related to the servicing of the video link in the requested Member State, the remuneration of interpreters provided by it and allowances to witnesses and experts and their travelling expenses in the requested Member State shall be refunded by the requesting Member State to the requested Member State, unless the latter waives the refunding of all or some of these expenses.

8. Each Member State shall take the necessary measures to ensure that, where witnesses or experts are being heard within its territory in accordance with this Article and refuse to testify when under an obligation to testify or do not testify according to the truth, its national law applies in the same way as if the hearing took place in a national procedure.

9. Member States may at their discretion also apply the provisions of this Article, where appropriate and with the agreement of their competent judicial authorities, to hearings by videoconference involving an accused person. In this case, the decision to hold the videoconference, and the manner in which the videoconference shall be carried out, shall be subject to agreement between the Member States concerned, in accordance with their national law and relevant international instruments, including the 1950 European Convention for the Protection of Human Rights and Fundamental Freedoms.

Any Member State may, when giving its notification pursuant to Article 27(2), declare that it will not apply the first subparagraph. Such a declaration may be withdrawn at any time. Hearings shall only be carried out with the consent of the accused person. Such rules as may prove to be necessary, with a view to the protection of the rights of accused persons, shall be adopted by the Council in a legally binding instrument.

Article 11

Hearing of witnesses and experts by telephone conference

1. If a person is in one Member State’s territory and has to be heard as a witness or expert by judicial authorities of another Member State, the latter may, where its national law so provides, request assistance of the former Member State to enable the hearing to take place by telephone conference, as provided for in paragraphs 2 to 5.

2. A hearing may be conducted by telephone conference only if the witness or expert agrees that the hearing take place by that method.

5. The practical arrangements regarding the hearing shall be agreed between the Member States concerned.

When agreeing such arrangements, the requested Member State shall undertake to:

(a) notify the witness or expert concerned of the time and the venue of the hearing;

(b) ensure the identification of the witness or expert;

(c) verify that the witness or expert agrees to the hearing by telephone conference.

The requested Member State may make its agreement subject, fully or in part, to the relevant provisions of Article 10(5) and (8). Unless otherwise agreed, the provisions of Article 10(7) shall apply mutatis mutandis.

Article 12

Controlled deliveries

1. Each Member State shall undertake to ensure that, at the request of another Member State, controlled deliveries may be permitted on its territory in the framework of criminal investigations into extraditable offences.

2. The decision to carry out controlled deliveries shall be taken in each individual case by the competent authorities of the requested Member State, with due regard for the national law of that Member State.

3. Controlled deliveries shall take place in accordance with the procedures of the requested Member State. The right to act and to direct and control operations shall lie with the competent authorities of that Member State.

Article 13

Joint investigation teams

1. By mutual agreement, the competent authorities of two or more Member States may set up a joint investigation team for a specific purpose and a limited period, which may be extended by mutual consent, to carry out criminal investigations in one or more of the Member States setting up the team. The composition of the team shall be set out in the agreement.

A joint investigation team may, in particular, be set up where:

(a) a Member State’s investigations into criminal offences require difficult and demanding investigations having links with other Member States;

(b) a number of Member States are conducting investigations into criminal offences in which the circumstances of the case necessitate coordinated, concerted action in the Member States involved.

A request for the setting up of a joint investigation team may be made by any of the Member States concerned. The team shall be set up in one of the Member States in which the investigations are expected to be carried out.

2. In addition to the information referred to in the relevant provisions of Article 14 of the European Mutual Assistance Convention and Article 37 of the Benelux Treaty, requests for the setting up of a joint investigation team shall include proposals for the composition of the team.

3. A joint investigation team shall operate in the territory of the Member States setting up the team under the following general conditions:
(a) the leader of the team shall be a representative of the competent authority participating in criminal investigations from the Member State in which the team operates. The leader of the team shall act within the limits of his or her competence under national law;

(b) the team shall carry out its operations in accordance with the law of the Member State in which it operates. The members of the team shall carry out their tasks under the leadership of the person referred to in subparagraph (a), taking into account the conditions set by their own authorities in the agreement on setting up the team;

(c) the Member State in which the team operates shall make the necessary organisational arrangements for it to do so.

4. In this Article, members of the joint investigation team from Member States other than the Member State in which the team operates are referred to as being ‘seconded’ to the team.

5. Seconded members of the joint investigation team shall be entitled to be present when investigative measures are taken in the Member State of operation. However, the leader of the team may, for particular reasons, in accordance with the law of the Member State where the team operates, decide otherwise.

6. Seconded members of the joint investigation team may, in accordance with the law of the Member State where the team operates, be entrusted by the leader of the team with the task of taking certain investigative measures where this has been approved by the competent authorities of the Member State of operation and the seconding Member State.

7. Where the joint investigation team needs investigative measures to be taken in one of the Member States setting up the team, members seconded to the team by that Member State may request their own competent authorities to take those measures. Those measures shall be considered in that Member State under the conditions which would apply if they were requested in a national investigation.

8. Where the joint investigation team needs assistance from a Member State other than those which have set up the team, or from a third State, the request for assistance may be made by the competent authorities of the State of operations to the competent authorities of the other State concerned in accordance with the relevant instruments or arrangements.

9. A member of the joint investigation team may, in accordance with his or her national law and within the limits of his or her competence, provide the team with information available in the Member State which has seconded him or her for the purpose of the criminal investigations conducted by the team.

10. Information lawfully obtained by a member or seconded member while part of a joint investigation team which is not otherwise available to the competent authorities of the Member States concerned may be used for the following purposes:

(a) for the purposes for which the team has been set up;

(b) subject to the prior consent of the Member State where the information became available, for detecting, investigating and prosecuting other criminal offences. Such consent may be withheld only in cases where such use would endanger criminal investigations in the Member State concerned or in respect of which that Member State could refuse mutual assistance;

(c) for preventing an immediate and serious threat to public security, and without prejudice to subparagraph (b) if subsequently a criminal investigation is opened;
(d) for other purposes to the extent that this is agreed between Member States setting up the team.

11. This Article shall be without prejudice to any other existing provisions or arrangements on the setting up or operation of joint investigation teams.

12. To the extent that the laws of the Member States concerned or the provisions of any legal instrument applicable between them permit, arrangements may be agreed for persons other than representatives of the competent authorities of the Member States setting up the joint investigation team to take part in the activities of the team. Such persons may, for example, include officials of bodies set up pursuant to the Treaty on European Union. The rights conferred upon the members or seconded members of the team by virtue of this Article shall not apply to these persons unless the agreement expressly states otherwise.

**Article 14**

**Covert investigations**

1. The requesting and the requested Member State may agree to assist one another in the conduct of investigations into crime by officers acting under covert or false identity (covert investigations).

2. The decision on the request is taken in each individual case by the competent authorities of the requested Member State with due regard to its national law and procedures. The duration of the covert investigation, the detailed conditions, and the legal status of the officers concerned during covert investigations shall be agreed between the Member States with due regard to their national law and procedures.

3. Covert investigations shall take place in accordance with the national law and procedures of the Member States on the territory of which the covert investigation takes place. The Member States involved shall cooperate to ensure that the covert investigation is prepared and supervised and to make arrangements for the security of the officers acting under covert or false identity.

4. When giving the notification provided for in Article 27(2), any Member State may declare that it is not bound by this Article. Such a declaration may be withdrawn at any time.

**Article 15**

**Criminal liability regarding officials**

During the operations referred to in Articles 12, 13 and 14, officials from a Member State other than the Member State of operation shall be regarded as officials of the Member State of operation with respect of offences committed against them or by them.

**Article 16**

**Civil liability regarding officials**

1. Where, in accordance with Articles 12, 13 and 14, officials of a Member State are operating in another Member State, the first Member State shall be liable for any damage caused by them during their operations, in accordance with the law of the Member State in whose territory they are operating.

2. The Member State in whose territory the damage referred to in paragraph 1 was caused shall make good such damage under the conditions applicable to damage caused by its own officials.
3. The Member State whose officials have caused damage to any person in the territory of another Member State shall reimburse the latter in full any sums it has paid to the victims or persons entitled on their behalf.

4. Without prejudice to the exercise of its rights vis-à-vis third parties and with the exception of paragraph 3, each Member State shall refrain in the case provided for in paragraph 1 from requesting reimbursement of damages it has sustained from another Member State.

TITLE III
INTERCEPTION OF TELECOMMUNICATIONS

Article 17

Authorities competent to order interception of telecommunications

For the purpose of the application of the provisions of Articles 18, 19 and 20, ‘competent authority’ shall mean a judicial authority, or, where judicial authorities have no competence in the area covered by those provisions, an equivalent competent authority, specified pursuant to Article 24(1)(e) and acting for the purpose of a criminal investigation.

Article 18

Requests for interception of telecommunications

1. For the purpose of a criminal investigation, a competent authority in the requesting Member State may, in accordance with the requirements of its national law, make a request to a competent authority in the requested Member State for:

   (a) the interception and immediate transmission to the requesting Member State of telecommunications; or

   (b) the interception, recording and subsequent transmission to the requesting Member State of the recording of telecommunications.

2. Requests under paragraph 1 may be made in relation to the use of means of telecommunications by the subject of the interception, if this subject is present in:

   (a) the requesting Member State and the requesting Member State needs the technical assistance of the requested Member State to intercept his or her communications;

   (b) the requesting Member State and his or her communications can be intercepted in that Member State;

   (c) a third Member State which has been informed pursuant to Article 20(2)(a) and the requesting Member State needs the technical assistance of the requested Member State to intercept his or her communications.

3. By way of derogation from Article 14 of the European Mutual Assistance Convention and Article 37 of the Benelux Treaty, requests under this Article shall include the following:

   (a) an indication of the authority making the request;

   (b) confirmation that a lawful interception order or warrant has been issued in connection with a criminal investigation;

   (c) information for the purpose of identifying the subject of this interception;

   (d) an indication of the criminal conduct under investigation;
(e) the desired duration of the interception; and

(f) if possible, the provision of sufficient technical data, in particular the relevant network connection number, to ensure that the request can be met.

4. In the case of a request pursuant to paragraph 2(b), a request shall also include a summary of the facts. The requested Member State may require any further information to enable it to decide whether the requested measure would be taken by it in a similar national case.

5. The requested Member State shall undertake to comply with requests under paragraph 1(a):

(a) in the case of a request pursuant to paragraph 2(a) and 2(c), on being provided with the information in paragraph 3. The requested Member State may allow the interception to proceed without further formality;

(b) in the case of a request pursuant to paragraph 2(b), on being provided with the information in paragraphs 3 and 4 and where the requested measure would be taken by it in a similar national case. The requested Member State may make its consent subject to any conditions which would have to be observed in a similar national case.

6. Where immediate transmission is not possible, the requested Member State shall undertake to comply with requests under paragraph 1(b) on being provided with the information in paragraphs 3 and 4 and where the requested measure would be taken by it in a similar national case. The requested Member State may make its consent subject to any condition which would have to be observed in a similar national case.

7. When giving the notification provided for in Article 27(2), any Member State may declare that it is bound by paragraph 6 only when it is unable to provide immediate transmission. In this case the other Member State may apply the principle of reciprocity.

8. When making a request under paragraph 1(b), the requesting Member State may, where it has a particular reason to do so, also request a transcription of the recording. The requested Member State shall consider such requests in accordance with its national law and procedures.

9. The Member State receiving the information provided under paragraphs 3 and 4 shall keep that information confidential in accordance with its national law.

**Article 19**

Interceptions of telecommunications on national territory by the use of service providers

1. Member States shall ensure that systems of telecommunications services operated via a gateway on their territory, which for the lawful interception of the communications of a subject present in another Member State are not directly accessible on the territory of the latter, may be made directly accessible for the lawful interception by that Member State through the intermediary of a designated service provider present on its territory.

2. In the case referred to in paragraph 1, the competent authorities of a Member State shall be entitled, for the purposes of a criminal investigation and in accordance with applicable national law and provided that the subject of the interception is present in that Member State, to carry out the interception through the intermediary of a designated service provider present on its territory without involving the Member State on whose territory the gateway is located.
3. Paragraph 2 shall also apply where the interception is carried out upon a request made pursuant to Article 18(2)(b).

4. Nothing in this Article shall prevent a Member State from making a request to the Member State on whose territory the gateway is located for the lawful interception of telecommunications in accordance with Article 18, in particular where there is no intermediary in the requesting Member State.

Article 20
Interception of telecommunications without the technical assistance of another Member State

1. Without prejudice to the general principles of international law as well as to the provisions of Article 18(2)(c), the obligations under this Article shall apply to interception orders made or authorised by the competent authority of one Member State in the course of criminal investigations which present the characteristics of being an investigation following the commission of a specific criminal offence, including attempts in so far as they are criminalised under national law, in order to identify and arrest, charge, prosecute or deliver judgment on those responsible.

2. Where for the purpose of a criminal investigation, the interception of telecommunications is authorised by the competent authority of one Member State (the ‘intercepting Member State’), and the telecommunications address of the subject specified in the interception order is being used on the territory of another Member State (the ‘notified Member State’) from which no technical assistance is needed to carry out the interception, the intercepting Member State shall inform the notified Member State of the interception:

(a) prior to the interception in cases where it knows when ordering the interception that the subject is on the territory of the notified Member State;

(b) in other cases, immediately after it becomes aware that the subject of the interception is on the territory of the notified Member State.

3. The information to be notified by the intercepting Member State shall include:

(a) an indication of the authority ordering the interception;

(b) confirmation that a lawful interception order has been issued in connection with a criminal investigation;

(c) information for the purpose of identifying the subject of the interception;

(d) an indication of the criminal conduct under investigation; and

(e) the expected duration of the interception.

4. The following shall apply where a Member State is notified pursuant to paragraphs 2 and 3:

(a) Upon receipt of the information provided under paragraph 3 the competent authority of the notified Member State shall, without delay, and at the latest within 96 hours, reply to the intercepting Member State, with a view to:

(i) allowing the interception to be carried out or to be continued. The notified Member State may make its consent subject to any conditions which would have to be observed in a similar national case;

(ii) requiring the interception not to be carried out or to be terminated where the interception would not be permissible pursuant to the national law of the notified Member State, or for the reasons specified in Article 2 of the European Mutual Assistance Convention. Where the notified Member
State imposes such a requirement, it shall give reasons for its decision in writing;

(iii) in cases referred to in point (ii), requiring that any material already intercepted while the subject was on its territory may not be used, or may only be used under conditions which it shall specify. The notified Member State shall inform the intercepting Member State of the reasons justifying the said conditions;

(iv) requiring a short extension, of up to a maximum period of eight days, to the original 96-hour deadline, to be agreed with the intercepting Member State, in order to carry out internal procedures under its national law. The notified Member State shall communicate, in writing, to the intercepting Member State, the conditions which, pursuant to its national law, justify the requested extension of the deadline.

(b) Until a decision has been taken by the notified Member State pursuant to points (i) or (ii) of subparagraph (a), the intercepting Member State:

(i) may continue the interception; and

(ii) may not use the material already intercepted, except:

— if otherwise agreed between the Member States concerned; or

— for taking urgent measures to prevent an immediate and serious threat to public security. The notified Member State shall be informed of any such use and the reasons justifying it.

(c) The notified Member State may request a summary of the facts of the case and any further information necessary to enable it to decide whether interception would be authorised in a similar national case. Such a request does not affect the application of subparagraph (b), unless otherwise agreed between the notified Member State and the intercepting Member State.

(d) The Member States shall take the necessary measures to ensure that a reply can be given within the 96-hour period. To this end they shall designate contact points, on duty twenty-four hours a day, and include them in their statements under Article 24(1)(e).

5. The notified Member State shall keep the information provided under paragraph 3 confidential in accordance with its national law.

6. Where the intercepting Member State is of the opinion that the information to be provided under paragraph 3 is of a particularly sensitive nature, it may be transmitted to the competent authority through a specific authority where that has been agreed on a bilateral basis between the Member States concerned.

7. When giving its notification under Article 27(2), or at any time thereafter, any Member State may declare that it will not be necessary to provide it with information on interceptions as envisaged in this Article.

Article 21
Responsibility for charges made by telecommunications operators

Costs which are incurred by telecommunications operators or service providers in executing requests pursuant to Article 18 shall be borne by the requesting Member State.

Article 22
Bilateral arrangements
Nothing in this Title shall preclude any bilateral or multilateral arrangements between Member States for the purpose of facilitating the exploitation of present and future technical possibilities regarding the lawful interception of telecommunications.

2. This Article shall also apply to personal data not communicated but obtained otherwise under this Convention.

3. In the circumstances of the particular case, the communicating Member State may require the Member State to which the personal data have been transferred to give information on the use made of the data.

4. Where conditions on the use of personal data have been imposed pursuant to Articles 7(2), 18(5)(b), 18(6) or 20(4), these conditions shall prevail. Where no such conditions have been imposed, this Article shall apply.

5. The provisions of Article 13(10) shall take precedence over this Article regarding information obtained under Article 13.

6. This Article does not apply to personal data obtained by a Member State under this Convention and originating from that Member State.

7. Luxembourg may, when signing the Convention, declare that where personal data are communicated by Luxembourg under this Convention to another Member State, the following applies:

Luxembourg may, subject to paragraph 1(c), in the circumstances of a particular case require that unless that Member State concerned has obtained the consent of the data subject, the personal data may only be used for the purposes referred to in paragraph 1(a) and (b) with the prior consent of Luxembourg in respect of proceedings for which Luxembourg could have refused or limited the transmission or use of the personal data in accordance with the provisions of this Convention or the instruments referred to in Article 1.

If, in a particular case, Luxembourg refuses to give its consent to a request from a Member State pursuant to the provisions of paragraph 1, it must give reasons for its decision in writing.

Each Member State shall, under the conditions set out in this Article, take the measures necessary to determine, in answer to a request sent by another Member State, whether a natural or legal person that is the subject of a criminal investigation holds or controls one or more accounts, of whatever nature, in any bank located in its territory and, if so, provide all the details of the identified accounts.

The information shall also, if requested and to the extent that it can be provided within a reasonable time, include accounts for which the person that is the subject of the proceedings has powers of attorney.

2. The obligation set out in this Article shall apply only to the extent that the information is in the possession of the bank keeping the account.

3. The obligation set out in this Article shall apply only if the investigation concerns:

   — to the extent that it may not be covered by the Europol Convention, an offence referred to in the 1995 Convention on the Protection of the European Communities' Financial Interests, the 1996 Protocol thereto, or the 1997 Second Protocol thereto.

4. The authority making the request shall, in the request:

   — state why it considers that the requested information is likely to be of substantial value for the purpose of the investigation into the offence,

   — state on what grounds it presumes that banks in the requested Member State hold the account and, to the extent available, which banks may be involved,

   — include any information available which may facilitate the execution of the request.

5. Member States may make the execution of a request according to this Article dependent on the same conditions as they apply in respect of requests for search and seizure.

2. If a Member State has made the execution of a request for search and seizure dependent on the condition that the offence giving rise to the request is also punishable under its law, this condition shall be fulfilled, with regard to offences referred to in paragraph 1, if the offence corresponds to an offence of the same nature under its law.

The request may not be refused on the ground that the law of the requested Member State does not impose the same kind of tax or duty or does not contain a tax, duty, customs and exchange regulation of the same kind as the law of the requesting Member State.

3. Article 50 of the Schengen Implementation Convention is hereby repealed.

Article 10

Execution of requests

1. The requested State shall promptly execute a request in accordance with the relevant provisions of this Agreement. The competent authorities of the requested State shall take every possible measure in their power to ensure the execution of a request.

2. A request shall be executed by using measures that are in accordance with the laws of the requested State. The particular manner or procedure described in the request referred to in paragraph 4(g) or paragraph 5(a) of Article 8 shall be followed to the extent that it is not contrary to the laws of the requested State, and where it is practically possible. In case the execution of the request in the manner or procedure described in the request poses a practical problem for the requested State, the requested State shall consult with the requesting State in order to solve the practical problem.

3. If the execution of a request is deemed to interfere with an ongoing investigation, prosecution or other proceeding, including judicial proceeding, in the requested State, the requested State may postpone the execution. The requested State shall inform the requesting State of the reasons for the postponement and consult the further procedure. Instead of postponing the execution, the requested State may make the execution subject to conditions deemed necessary after consultations with the requesting State. If the requesting State accepts such conditions, the requesting State shall comply with them.

4. The requested State shall make its best efforts to keep confidential the fact that a request has been made, the contents of the request, the outcome of the execution of the request and other relevant information concerning the execution of the request if such confidentiality is requested by the requesting State. The requested State shall provide originals or, if there are reasonable grounds, certified copies of records or documents. If a request cannot be executed in whole or in part, the requested State shall inform the requesting State of the reasons therefore.

Article 11

Grounds for refusal of assistance

1. Assistance may be refused if the requested State considers that:

(a) a request concerns a political offence or an offence connected with a political offence;
(b) the execution of a request is likely to prejudice its sovereignty, security, order or other essential interests. For the purpose of this subparagraph, the requested State may consider that the execution of a request concerning an offence punishable by death under the laws of the requesting State or, in the relations between one Member State, set out in Annex IV to this Agreement, and Japan, an offence punishable by life imprisonment under the laws of the requesting State, could prejudice essential interests of the requested State, unless the requested State and the requesting State agree on the conditions under which the request can be executed;

(c) there are well-founded reasons to suppose that the request for assistance has been made with a view to prosecuting or punishing a person by reason of race, religion, nationality, ethnic origin, political opinions or sex, or that such person’s position may be prejudiced for any of those reasons;

(d) the person, who is subject to criminal investigations, prosecutions or other proceedings, including judicial proceedings, for which the assistance is requested, in the requesting State, has already been finally convicted or acquitted for the same facts in a Member State or Japan; or

(e) a request does not conform to the requirements of this Agreement.

2. The requested State may refuse assistance which would necessitate coercive measures under its laws if it considers that the conduct that is the subject of the investigation, prosecution or other proceeding, including judicial proceeding, in the requesting State would not constitute a criminal offence under the laws of the requested State. In the relations between Japan and two Member States, set out in Annex IV to this Agreement, assistance may be refused if the requested State considers that the conduct that is the subject of the investigation, prosecution or other proceeding, including judicial proceeding, in the requesting State would not constitute a criminal offence under the laws of the requested State.

3. Assistance shall not be refused on the ground of bank secrecy.

4. Before refusing assistance pursuant to this Article, the requested State shall consult with the requesting State when the requested State considers that assistance may be provided subject to certain conditions. If the requesting State accepts such conditions, the requesting State shall comply with them.

5. If assistance is refused, the requested State shall inform the requesting State of the reasons for the refusal.

Article 12

Costs

1. The requested State shall bear all costs related to the execution of a request, unless otherwise agreed between the requesting State and the requested State.

2. Notwithstanding the provisions of paragraph 1, the requesting State shall bear:

(b) the costs of translation, interpretation and transcription;

(c) the allowances and expenses related to travel of persons pursuant to Articles 22 and 24;

(d) the costs of establishing a video link and costs related to the servicing of a video link in the requested State; and

(e) the costs of an extraordinary nature;
unless otherwise agreed between the requesting State and the requested State.

3. If the execution of a request would impose costs of an extraordinary nature, the requesting State and the requested State shall consult in order to determine the conditions under which the request will be executed.

Article 13

Limitations on use of testimony, statements, items or information

1. The requesting State shall not use testimony, statements, items or any information, including personal data, provided or otherwise obtained under this Agreement other than in the investigation, prosecution or other proceeding, including judicial proceeding, described in the request without prior consent of the requested State. In giving such prior consent, the requested State may impose such conditions as it deems appropriate.

2. The requested State may request that testimony, statements, items or any information, including personal data, provided or otherwise obtained under this Agreement be kept confidential or be used only subject to other conditions it may specify. If the requesting State agrees to such confidentiality or accepts such conditions, it shall comply with them.

3. In exceptional circumstances a State may, at the time it is providing testimony, statements, items or any information, including personal data, request that the receiving State will give information on the use made of them.

Article 14

Transport, maintenance and return of items

1. The requested State may request that the requesting State transport and maintain items provided under this Agreement in accordance with the conditions specified by the requested State, including the conditions deemed necessary to protect third-party interests in the items to be transferred.

2. The requested State may request that the requesting State return any items provided under this Agreement in accordance with the conditions specified by the requested State, after such items have been used for the purpose described in a request.

3. The requesting State shall comply with a request made pursuant to paragraph 1 or 2. When such a request has been made, the requesting State shall not examine the items without the prior consent of the requested State if the examination impairs or could impair the item.

Article 15

Taking of testimony or statements

1. The requested State shall take testimony or statements. The requesting State shall employ coercive measures in order to do so, if such measures are necessary and the requesting State provides the requested State with information justifying those measures under the laws of the requested State.

2. The requested State shall make its best efforts to make possible the presence of such persons as specified in a request for taking testimony or statements during the execution of the request, and to allow such persons to question the person from whom testimony or statements are sought. In the case that such direct questioning is not permitted, such persons shall be allowed to submit questions to be posed to the person from whom testimony or statements are sought.
3. If a person, from whom testimony or statements are sought pursuant to this Article, asserts a claim of immunity, incapacity or privilege under the laws of the requesting State, testimony or statements may nevertheless be taken, unless the request includes a statement from the requesting State that when such immunity, incapacity or privilege is claimed, the testimony or statements cannot be taken.

Article 16

Hearing by videoconference

1. If a person is in the requested State and has to be heard as a witness or an expert witness by the competent authorities of the requesting State, the requested State may enable testimony or a statement to be taken from that person by those competent authorities by videoconference, if such hearing is necessary for the proceedings of the requesting State. The requesting and the requested States shall consult, if necessary, in order to facilitate resolution of legal, technical or logistical issues that may arise in the execution of the request.

2. The following rules shall apply to the hearing by videoconference unless otherwise agreed between the requesting State and the requested State:

(a) the authority of the requested State will identify the person to be heard specified in the request, and invite the person to facilitate his or her appearance;

(b) the hearing will be conducted directly by, or under the direction of, the competent authority of the requesting State in accordance with its own laws and the fundamental principles of the law of the requested State;

(c) the authority of the requested State will be present during the hearing, where necessary assisted by an interpreter, and will observe the hearing. If the authority of the requested State is of the view that during the hearing the fundamental principles of the law of the requested State are being infringed, it will immediately take the necessary measures to ensure that the hearing continues in accordance with the said principles;

(d) at the request of the requesting State or the person to be heard, the requested State will ensure, if necessary, that the person is assisted by an interpreter; and

(e) the person to be heard may claim the right not to testify which would accrue to him or her under the laws of either the requesting or the requested State. Other measures necessary for the protection of the person as agreed upon between the authorities of the requesting and the requested States will also be taken.

Article 17

Obtaining of items

1. The requested State shall obtain items. The requested State shall employ coercive measures, including search and seizure in order to do so, if such measures are necessary and the requesting State provides the requested State with information justifying those measures under the laws of the requested State.

2. The requested State shall make its best efforts to make possible the presence of such persons as specified in a request for obtaining items during the execution of the request.

SCHEDULE 5

TEXT OF FRAMEWORK DECISION
THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Article 31(a) and Article 34(2)(b) thereof,

Having regard to the initiative by the Republic of France, the Kingdom of Sweden and the Kingdom of Belgium,

Having regard to the opinion of the European Parliament,

Whereas:

(1) The European Council, meeting in Tampere on 15 and 16 October 1999, endorsed the principle of mutual recognition, which should become the cornerstone of judicial cooperation in both civil and criminal matters within the Union.

(2) The principle of mutual recognition should also apply to pre-trial orders, in particular to those which would enable competent judicial authorities quickly to secure evidence and to seize property which are easily movable.

(3) On 29 November 2000 the Council, in accordance with the Tampere conclusions, adopted a programme of measures to implement the principle of mutual recognition in criminal matters, giving first priority (measures 6 and 7) to the adoption of an instrument applying the principle of mutual recognition to the freezing of evidence and property.

(4) Cooperation between Member States, based on the principle of mutual recognition and immediate execution of judicial decisions, presupposes confidence that the decisions to be recognised and enforced will always be taken in compliance with the principles of legality, subsidiarity and proportionality.

(5) Rights granted to the parties or bona fide interested third parties should be preserved.

(6) This Framework Decision respects the fundamental rights and observes the principles recognised by Article 6 of the Treaty and reflected by the Charter of Fundamental Rights of the European Union, notably Chapter VI thereof. Nothing in this Framework Decision may be interpreted as prohibiting refusal to freeze property for which a freezing order has been issued when there are reasons to believe, on the basis of objective elements, that the freezing order is issued for the purpose of prosecuting or punishing a person on account of his or her sex, race, religion, ethnic origin, nationality, language, political opinions or sexual orientation, or that that person’s position may be prejudiced for any of these reasons.

This Framework Decision does not prevent any Member State from applying its constitutional rules relating to due process, freedom of association, freedom of the press and freedom of expression in other media,

HAS ADOPTED THIS FRAMEWORK DECISION:

TITLE I

SCOPE

Article 1

Objective

The purpose of the Framework Decision is to establish the rules under which a Member State shall recognise and execute in its territory a freezing order issued by a judicial authority of another Member State in the framework of criminal proceedings. It shall not have the effect of amending the obligation to respect the fundamental rights and fundamental legal principles as enshrined in Article 6 of the Treaty.
Article 2

For cases not covered by paragraph 2, the executing State may subject the recognition and enforcement of a freezing order made for purposes referred to in paragraph 1(b) to the condition that the acts for which the order was issued constitute an offence
which, under the laws of that State, allows for such freezing, whatever the constituent elements or however described under the law of the issuing State.

TITLE II
PROCEDURE FOR EXECUTING FREEZING ORDERS

Article 4
Transmission of freezing orders

1. A freezing order within the meaning of this Framework Decision, together with the certificate provided for in Article 9, shall be transmitted by the judicial authority which issued it directly to the competent judicial authority for execution by any means capable of producing a written record under conditions allowing the executing State to establish authenticity.

2. The United Kingdom and Ireland, respectively, may, before the date referred to in Article 14(1), state in a declaration that the freezing order together with the certificate must be sent via a central authority or authorities specified by it in the declaration. Any such declaration may be modified by a further declaration or withdrawn any time. Any declaration or withdrawal shall be deposited with the General Secretariat of the Council and notified to the Commission. These Member States may at any time by a further declaration limit the scope of such a declaration for the purpose of giving greater effect to paragraph 1. They shall do so when the provisions on mutual assistance of the Convention implementing the Schengen Agreement are put into effect for them.

3. If the competent judicial authority for execution is unknown, the judicial authority in the issuing State shall make all necessary inquiries, including via the contact points of the European Judicial Network, in order to obtain the information from the executing State.

4. When the judicial authority in the executing State which receives a freezing order has no jurisdiction to recognise it and take the necessary measures for its execution, it shall, ex officio, transmit the freezing order to the competent judicial authority for execution and shall so inform the judicial authority in the issuing State which issued it.

Article 5
Recognition and immediate execution

1. The competent judicial authorities of the executing State shall recognise a freezing order, transmitted in accordance with Article 4, without any further formality being required and shall forthwith take the necessary measures for its immediate execution in the same way as for a freezing order made by an authority of the executing State, unless that authority decides to invoke one of the grounds for non-recognition or non-execution provided for in Article 7 or one of the grounds for postponement provided for in Article 8.

Whenever it is necessary to ensure that the evidence taken is valid and provided that such formalities and procedures are not contrary to the fundamental principles of law in the executing State, the judicial authority of the executing State shall also observe the formalities and procedures expressly indicated by the competent judicial authority of the issuing State in the execution of the freezing order.

A report on the execution of the freezing order shall be made forthwith to the competent authority in the issuing State by any means capable of producing a written record.
2. Any additional coercive measures rendered necessary by the freezing order shall be taken in accordance with the applicable procedural rules of the executing State.

3. The competent judicial authorities of the executing State shall decide and communicate the decision on a freezing order as soon as possible and, whenever practicable, within 24 hours of receipt of the freezing order.

Article 6

Duration of the freezing

1. The property shall remain frozen in the executing State until that State has responded definitively to any request made under Article 10(1)(a) or (b).

2. However, after consulting the issuing State, the executing State may in accordance with its national law and practices lay down appropriate conditions in the light of the circumstances of the case in order to limit the period for which the property will be frozen. If, in accordance with those conditions, it envisages lifting the measure, it shall inform the issuing State, which shall be given the opportunity to submit its comments.

3. The judicial authorities of the issuing State shall forthwith notify the judicial authorities of the executing State that the freezing order has been lifted. In these circumstances it shall be the responsibility of the executing State to lift the measure as soon as possible.

Article 7

Grounds for non-recognition or non-execution

1. The competent judicial authorities of the executing State may refuse to recognise or execute the freezing order only if:

   (a) the certificate provided for in Article 9 is not produced, is incomplete or manifestly does not correspond to the freezing order;

   (b) there is an immunity or privilege under the law of the executing State which makes it impossible to execute the freezing order;

   (c) it is instantly clear from the information provided in the certificate that rendering judicial assistance pursuant to Article 10 for the offence in respect of which the freezing order has been made, would infringe the _ne bis in idem_ principle;

   (d) if, in one of the cases referred to in Article 3(4), the act on which the freezing order is based does not constitute an offence under the law of the executing State; however, in relation to taxes or duties, customs and exchange, execution of the freezing order may not be refused on the ground that the law of the executing State does not impose the same kind of tax or duty or does not contain a tax, duty, customs and exchange regulation of the same kind as the law of the issuing State.

2. In case of paragraph 1(a), the competent judicial authority may:

   (a) specify a deadline for its presentation, completion or correction; or

   (b) accept an equivalent document; or

   (c) exempt the issuing judicial authority from the requirement if it considers that the information provided is sufficient.
3. Any decision to refuse recognition or execution shall be taken and notified forthwith to the competent judicial authorities of the issuing State by any means capable of producing a written record.

4. In case it is in practice impossible to execute the freezing order for the reason that the property or evidence have disappeared, have been destroyed, cannot be found in the location indicated in the certificate or the location of the property or evidence has not been indicated in a sufficiently precise manner, even after consultation with the issuing State, the competent judicial authorities of the issuing State shall likewise be notified forthwith.

Article 8

Grounds for postponement of execution

1. The competent judicial authority of the executing State may postpone the execution of a freezing order transmitted in accordance with Article 4:

   (a) where its execution might damage an ongoing criminal investigation, until such time as it deems reasonable;

   (b) where the property or evidence concerned have already been subjected to a freezing order in criminal proceedings, and until that freezing order is lifted;

   (c) where, in the case of an order freezing property in criminal proceedings with a view to its subsequent confiscation, that property is already subject to an order made in the course of other proceedings in the executing State and until that order is lifted. However, this point shall only apply where such an order would have priority over subsequent national freezing orders in criminal proceedings under national law.

2. A report on the postponement of the execution of the freezing order, including the grounds for the postponement and, if possible, the expected duration of the postponement, shall be made forthwith to the competent authority in the issuing State by any means capable of producing a written record.

3. As soon as the ground for postponement has ceased to exist, the competent judicial authority of the executing State shall forthwith take the necessary measures for the execution of the freezing order and inform the competent authority in the issuing State thereof by any means capable of producing a written record.

4. The competent judicial authority of the executing State shall inform the competent authority of the issuing State about any other restraint measure to which the property concerned may be subjected.

Article 9

Certificate

1. The certificate, the standard form for which is given in the Annex, shall be signed, and its contents certified as accurate, by the competent judicial authority in the issuing State that ordered the measure.

2. The certificate must be translated into the official language or one of the official languages of the executing State.

3. Any Member State may, either when this Framework Decision is adopted or at a later date, state in a declaration deposited with the General Secretariat of the Council that it will accept a translation in one or more other official languages of the institutions of the European Communities.

Article 10
Subsequent treatment of the frozen property

1. The transmission referred to in Article 4:

(a) shall be accompanied by a request for the evidence to be transferred to the issuing State; or

(b) shall be accompanied by a request for confiscation requiring either enforcement of a confiscation order that has been issued in the issuing State or confiscation in the executing State and subsequent enforcement of any such order; or

(c) shall contain an instruction in the certificate that the property shall remain in the executing State pending a request referred to in (a) or (b). The issuing State shall indicate in the certificate the (estimated) date for submission of this request. Article 6(2) shall apply.

2. Requests referred to in paragraph 1(a) and (b) shall be submitted by the issuing State and processed by the executing State in accordance with the rules applicable to mutual assistance in criminal matters and the rules applicable to international cooperation relating to confiscation.

3. However, by way of derogation from the rules on mutual assistance referred to in paragraph 2, the executing State may not refuse requests referred to under paragraph 1(a) on grounds of absence of double criminality, where the requests concern the offences referred to in Article 3(2) and those offences are punishable in the issuing State by a prison sentence of at least three years.

Article 11

Legal remedies

1. Member States shall put in place the necessary arrangements to ensure that any interested party, including bona fide third parties, have legal remedies without suspensive effect against a freezing order executed pursuant to Article 5, in order to preserve their legitimate interests; the action shall be brought before a court in the issuing State or in the executing State in accordance with the national law of each.

2. The substantive reasons for issuing the freezing order can be challenged only in an action brought before a court in the issuing State.

3. If the action is brought in the executing State, the judicial authority of the issuing State shall be informed thereof and of the grounds of the action, so that it can submit the arguments that it deems necessary. It shall be informed of the outcome of the action.

4. The issuing and executing States shall take the necessary measures to facilitate the exercise of the right to bring an action mentioned in paragraph 1, in particular by providing adequate information to interested parties.

5. The issuing State shall ensure that any time limits for bringing an action mentioned in paragraph 1 are applied in a way that guarantees the possibility of an effective legal remedy for the interested parties.

Without prejudice to Article 11(2), where the executing State under its law is responsible for injury caused to one of the parties mentioned in Article 11 by the execution of a freezing order transmitted to it pursuant to Article 4, the issuing State shall reimburse to the executing State any sums paid in damages by virtue of that responsibility to the said party except if, and to the extent that, the injury or any part of it is exclusively due to the conduct of the executing State.
2. Paragraph 1 is without prejudice to the national law of the Member States on claims by natural or legal persons for compensation of damage.

on the application of the principle of mutual recognition to financial penalties

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Articles 31(a) and 34(2)(b) thereof,

Having regard to the initiative of the United Kingdom of Great Britain and Northern Ireland, the French Republic and the Kingdom of Sweden¹,

Having regard to the opinion of the European Parliament²,

Whereas:

(1) The European Council meeting in Tampere on 15 and 16 October 1999 endorsed the principle of mutual recognition, which should become the cornerstone of judicial cooperation in both civil and criminal matters within the Union.

(2) The principle of mutual recognition should apply to financial penalties imposed by judicial or administrative authorities for the purpose of facilitating the enforcement of such penalties in a Member State other than the State in which the penalties are imposed.

(3) On 29 November 2000 the Council, in accordance with the Tampere conclusions, adopted a programme of measures to implement the principle of mutual recognition of decisions in criminal matters³, giving priority to the adoption of an instrument applying the principle of mutual recognition to financial penalties (measure 18).

(4) This Framework Decision should also cover financial penalties imposed in respect of road traffic offences.

(5) This Framework Decision respects fundamental rights and observes the principles recognised by Article 6 of the Treaty and reflected by the Charter of Fundamental Rights of the European Union⁴, in particular Chapter VI thereof. Nothing in this Framework Decision may be interpreted as prohibiting refusal to execute a decision when there are reasons to believe, on the basis of objective elements, that the financial penalty has the purpose of punishing a person on the grounds of his or her sex, race, religion, ethnic origin, nationality, language, political opinions or sexual orientation, or that that person’s position may be prejudiced for any of these reasons.

(6) This Framework Decision does not prevent a Member State from applying its constitutional rules relating to due process, freedom of association, freedom of the press and freedom of expression in other media,

HAS ADOPTED THIS FRAMEWORK DECISION:

Article 1

Definitions

For the purposes of this Framework Decision:

(a) ‘decision’ shall mean a final decision requiring a financial penalty to be paid by a natural or legal person where the decision was made by:

(i) a court of the issuing State in respect of a criminal offence under the law of the issuing State;

¹ OJ C 278, 2.10.2001, p. 4.
(ii) an authority of the issuing State other than a court in respect of a criminal offence under the law of the issuing State, provided that the person concerned has had an opportunity to have the case tried by a court having jurisdiction in particular in criminal matters;

(iii) an authority of the issuing State other than a court in respect of acts which are punishable under the national law of the issuing State by virtue of being infringements of the rules of law, provided that the person concerned has had an opportunity to have the case tried by a court having jurisdiction in particular in criminal matters;

(iv) a court having jurisdiction in particular in criminal matters, where the decision was made regarding a decision as referred to in point (iii);

(b) ‘financial penalty’ shall mean the obligation to pay:

(i) a sum of money on conviction of an offence imposed in a decision;

(ii) compensation imposed in the same decision for the benefit of victims, where the victim may not be a civil party to the proceedings and the court is acting in the exercise of its criminal jurisdiction;

(iii) a sum of money in respect of the costs of court or administrative proceedings leading to the decision;

(iv) a sum of money to a public fund or a victim support organisation, imposed in the same decision.

A financial penalty shall not include:

— orders for the confiscation of instrumentalities or proceeds of crime,

— orders that have a civil nature and arise out of a claim for damages and restitution and which are enforceable in accordance with Council Regulation (EC) No 44/2001 of 22 December 2000 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters;

(c) ‘issuing State’ shall mean the Member State in which a decision within the meaning of this Framework Decision was delivered;

(d) ‘executing State’ shall mean the Member State to which a decision has been transmitted for the purpose of enforcement.

**Article 2**

**Determination of the competent authorities**

1. Each Member State shall inform the General Secretariat of the Council which authority or authorities, under its national law, are competent according to this Framework Decision, when that Member State is the issuing State or the executing State.

2. Notwithstanding Article 4, each Member State may designate, if it is necessary as a result of the organisation of its internal system, one or more central authorities responsible for the administrative transmission and reception of the decisions and to assist the competent authorities.

3. The General Secretariat of the Council shall make the information received available to all Member States and the Commission.

**Article 3**

**Fundamental rights**

This Framework Decision shall not have the effect of amending the obligation to respect fundamental rights and fundamental legal principles as enshrined in Article 6 of the Treaty.

**Article 4**

**Transmission of decisions and recourse to the central authority**

1. A decision, together with a certificate as provided for in this Article, may be transmitted to the competent authorities of a Member State in which the natural or legal person against whom a decision has been passed has property or income, is normally resident or, in the case of a legal person, has its registered seat.

2. The certificate, the standard form for which is given in the Annex, must be signed, and its contents certified as accurate, by the competent authority in the issuing State.

3. The decision or a certified copy of it, together with the certificate, shall be transmitted by the competent authority in the issuing State directly to the competent authority in the executing State by any means which leaves a written record under conditions allowing the executing State to establish its authenticity. The original of the decision, or a certified copy of it, and the original of the certificate, shall be sent to the executing State if it so requires. All official communications shall also be made directly between the said competent authorities.

4. The issuing State shall only transmit a decision to one executing State at any one time.

5. If the competent authority in the executing State is not known to the competent authority in the issuing State, the latter shall make all necessary inquiries, including via the contact points of the European Judicial Network in order to obtain the information from the executing State.

6. When an authority in the executing State which receives a decision has no jurisdiction to recognise it and take the necessary measures for its execution, it shall, ex officio, transmit the decision to the competent authority and shall inform the competent authority in the issuing State accordingly.

7. The United Kingdom and Ireland, respectively, may state in a declaration that the decision together with the certificate must be sent via its central authority or authorities specified by it in the declaration. These Member States may at any time by a further declaration limit the scope of such a declaration for the purpose of giving greater effect to paragraph 3. They shall do so when the provisions on mutual assistance of the Schengen Implementation Convention are put into effect for them. Any declaration shall be deposited with the General Secretariat of the Council and notified to the Commission.

**Article 5**

**Scope**

1. The following offences, if they are punishable in the issuing State and as they are defined by the law of the issuing State, shall, under the terms of this Framework Decision and without verification of the double criminality of the act, give rise to recognition and enforcement of decisions:

2. The Council may decide to add other categories of offences to the lists in paragraph 1 at any time, acting unanimously after consultation of the European Parliament under the conditions laid down in Article 39(1) of the EU Treaty.

The Council shall consider, in the light of the report submitted to it pursuant to Article 20(5), whether the list should be extended or amended. The Council shall consider the issue further at a later stage on the basis of a report on the practical application of the Framework Decision established by the Commission within 5 years after the date mentioned in Article 20(1).

3. For offences other than those covered by paragraph 1, the executing State may make the recognition and execution of a decision subject to the condition that the decision is related to conduct which would constitute an offence under the law of the executing State, whatever the constituent elements or however it is described.

Article 6

Recognition and execution of decisions
The competent authorities in the executing State shall recognise a decision which has been transmitted in accordance with Article 4 without any further formality being required and shall forthwith take all the necessary measures for its execution, unless the competent authority decides to invoke one of the grounds for non-recognition or non-execution provided for in Article 7.

Article 7

Grounds for non-recognition and non-execution

1. The competent authorities in the executing State may refuse to recognise and execute the decision if the certificate provided for in Article 4 is not produced, is incomplete or manifestly does not correspond to the decision.

2. The competent authority in the executing State may also refuse to recognise and execute the decision if it is established that:

   (a) decision against the sentenced person in respect of the same acts has been delivered in the executing State or in any State other than the issuing or the executing State, and, in the latter case, that decision has been executed;

   (b) in one of the cases referred to in Article 5(3), the decision relates to acts which would not constitute an offence under the law of the executing State;

   (c) the execution of the decision is statute-barred according to the law of the executing State and the decision relates to acts which fall within the jurisdiction of that State under its own law;

   (d) the decision relates to acts which:

      (i) are regarded by the law of the executing State as having been committed in whole or in part in the territory of the executing State or in a place treated as such, or

      (ii) have been committed outside the territory of the issuing State and the law of the executing State does not allow prosecution for the same offences when committed outside its territory;

   (e) there is immunity under the law of the executing State, which makes it impossible to execute the decision;

   (f) the decision has been imposed on a natural person who under the law of the executing State due to his or her age could not yet have been held criminally liable for the acts in respect of which the decision was passed;

   (g) according to the certificate provided for in Article 4, the person concerned

      (i) in case of a written procedure was not, in accordance with the law of the issuing State, informed personally or via a representative, competent according to national law, of his right to contest the case and of time limits of such a legal remedy, or

      (ii) did not appear personally, unless the certificate states:

         — that the person was informed personally, or via a representative, competent according to national law, of the proceedings in accordance with the law of the issuing State, or

         — that the person has indicated that he or she does not contest the case;

   (h) the financial penalty is below EUR 70 or the equivalent to that amount.
3. In cases referred to in paragraphs 1 and 2(c) and (g), before deciding not to recognise and to execute a decision, either totally or in part, the competent authority in the executing State shall consult the competent authority in the issuing State, by any appropriate means, and shall, where appropriate, ask it to supply any necessary information without delay.

Article 8

Determination of the amount to be paid

1. Where it is established that the decision is related to acts which were not carried out within the territory of the issuing State, the executing State may decide to reduce the amount of the penalty enforced to the maximum amount provided for acts of the same kind under the national law of the executing State, when the acts fall within the jurisdiction of that State.

2. The competent authority of the executing State shall, if necessary, convert the penalty into the currency of the executing State at the rate of exchange obtaining at the time when the penalty was imposed.

Article 9

Law governing enforcement

1. Without prejudice to paragraph 3 of this Article, and to Article 10, the enforcement of the decision shall be governed by the law of the executing State in the same way as a financial penalty of the executing State. The authorities of the executing State alone shall be competent to decide on the procedures for enforcement and to determine all the measures relating thereto, including the grounds for termination of enforcement.

2. In the case where the sentenced person is able to furnish proof of a payment, totally or in part, in any State, the competent authority of the executing State shall consult the competent authority of the issuing State in the way provided for in Article 7(3). Any part of the penalty recovered in whatever manner in any State shall be deducted in full from the amount, which is to be enforced in the executing State.

3. A financial penalty imposed on a legal person shall be enforced even if the executing State does not recognise the principle of criminal liability of legal persons.

Article 10

Imprisonment or other alternative sanction by way of substitution for non-recovery of the financial penalty

Where it is not possible to enforce a decision, either totally or in part, alternative sanctions, including custodial sanctions, may be applied by the executing State if its laws so provide in such cases and the issuing State has allowed for the application of such alternative sanctions in the certificate referred to in Article 4. The severity of the alternative sanction shall be determined in accordance with the law of the executing State, but shall not exceed any maximum level stated in the certificate transmitted by the issuing State.

Article 11

Amnesty, pardon, review of sentence

1. Amnesty and pardon may be granted by the issuing State and also by the executing State.

2. Without prejudice to the Article 10, only the issuing State may determine any application for review of the decision.
Article 12

**Termination of enforcement**

1. The competent authority of the issuing State shall forthwith inform the competent authority of the executing State of any decision or measure as a result of which the decision ceases to be enforceable or is withdrawn from the executing State for any other reason.

2. The executing State shall terminate enforcement of the decision as soon as it is informed by the competent authority of the issuing State of that decision or measure.

Article 13

**Accrual of monies obtained from enforcement of decisions**

Monies obtained from the enforcement of decisions shall accrue to the executing State unless otherwise agreed between the issuing and the executing State, in particular in the cases referred to in Article 1(b)(ii).

Article 14

**Information from the executing State**

The competent authority of the executing State shall without delay inform the competent authority of the issuing State by any means which leaves a written record:

(a) of the transmission of the decision to the competent authority, according to Article 4(6);

(b) of any decision not to recognise and execute a decision, according to Articles 7 or 20(3), together with the reasons for the decision;

(c) of the total or partial non-execution of the decision for the reasons referred to in Article 8, Article 9(1) and (2), and Article 11(1);

(d) of the execution of the decision as soon as the execution has been completed;

(e) of the application of alternative sanction, according to Article 10.

Article 15

**Consequences of transmission of a decision**

1. Subject to paragraph 2, the issuing State may not proceed with the execution of a decision transmitted pursuant to Article 4.

2. The right of execution of the decision shall revert to the issuing State:

   (a) upon it being informed by the executing State of the total or partial non-execution or the non-recognition or the non-enforcement of the decision in the case of Article 7, with the exception of Article 7(2) (a), in the case of Article 11(1), and in the case of Article 20(3); or

   (b) when the executing State has been informed by the issuing State that the decision has been withdrawn from the executing State pursuant to Article 12.

3. If, after transmission of a decision in accordance with Article 4, an authority of the issuing State receives any sum of money which the sentenced person has paid voluntarily in respect of the decision, that authority shall inform the competent authority in the executing State without delay. Article 9(2) shall apply.

Article 16
Languages

1. The certificate, the standard form for which is given in the Annex, must be translated into the official language or one of the official languages of the executing State. Any Member State may, either when this Framework Decision is adopted or at a later date, state in a declaration deposited with the General Secretariat of the Council that it will accept a translation in one or more other official languages of the Institutions of the Union.

2. The execution of the decision may be suspended for the time necessary to obtain its translation at the expense of the executing State.

Article 17

Costs

Member States shall not claim from each other the refund of costs resulting from application of this Framework Decision.

Article 18

Relationship with other agreements and arrangements

This Framework Decision shall not preclude the application of bilateral or multilateral agreements or arrangements between Member States in so far as such agreements or arrangements allow the prescriptions of this Framework Decision to be exceeded and help to simplify or facilitate further the procedures for the enforcement of financial penalties.

Article 19

Territorial application

This Framework Decision shall apply to Gibraltar.

Article 20

Implementation

1. Member States shall take the necessary measures to comply with the provisions of this Framework Decision by 22 March 2007.

2. Each Member State may for a period of up to five years from the date of entry into force of this Framework Decision limit its application to:

(a) decisions mentioned in Article 1(a) (i) and (iv) ; and/or

(b) with regard to legal persons, decisions related to conduct for which a European instrument provides for the application of the principle of liability of legal persons.

Any Member State that wants to make use of this paragraph, shall notify a declaration to that effect to the Secretary General of the Council upon the adoption of this Framework Decision. The declaration shall be published in the Official Journal of the European Union.

3. Each Member State may, where the certificate referred to in Article 4 gives rise to an issue that fundamental rights or fundamental legal principles as enshrined in Article 6 of the Treaty may have been infringed, oppose the recognition and the execution of decisions. The procedure referred to in Article 7(3) shall apply.

4. Any Member State may apply the principle of reciprocity in relation to any Member State making use of paragraph 2.
5. Member States shall transmit to the General Secretariat of the Council and to the Commission the text of the provisions transposing into their national law the obligations imposed on them under this Framework Decision. On the basis of a report established on the basis of this information by the Commission, the Council shall, no later than 22 March 2008, assess the extent to which Member States have complied with this Framework Decision.

6. The General Secretariat of the Council shall notify the Member States and the Commission of the declarations made pursuant to Articles 4(7) and 16.

7. Without prejudice to Article 35(7) of the Treaty, a Member State which has experienced repeated difficulties or lack of activity by another Member State in the mutual recognition and execution of decisions, which have not been solved through bilateral consultations, may inform the Council with a view to evaluating the implementation of this Framework Decision at Member State level.

8. Any Member State which during a calendar year has applied paragraph 3, shall in the beginning of the following calendar year inform the Council and the Commission of cases in which the grounds referred to in that provision for non-recognition or non-execution of a decision have been applied.

9. Within seven years after the entry into force of this Framework Decision, the Commission shall establish a report on the basis of the information received, accompanied by any initiatives it may deem appropriate. COUNCIL FRAMEWORK DECISION 2006/783/JHA of 6 October 2006 on the application of the principle of mutual recognition to confiscation orders

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Articles 31(1)(a) and 34(2)(b) thereof,

Having regard to the initiative of the Kingdom of Denmark¹,

Having regard to the opinion of the European Parliament²,

Whereas:

(1) The European Council, meeting in Tampere on 15 and 16 October 1999, stressed that the principle of mutual recognition should become the cornerstone of judicial cooperation in both civil and criminal matters within the Union.

(2) According to paragraph 51 of the conclusions of the Tampere European Council, money laundering is at the very heart of organised crime, and should be rooted out wherever it occurs; the European Council is determined to ensure that concrete steps are taken to trace, freeze, seize and confiscate the proceeds of crime. In that connection, in paragraph 55 of the conclusions, the European Council calls for the approximation of criminal law and procedures on money laundering (e.g. tracing, freezing and confiscating funds).

(3) All Member States have ratified the Council of Europe Convention of 8 November 1990 on Laundering, Search, Seizure and Confiscation of the Proceeds from Crime (the 1990 Convention). The Convention obliges signatories to recognise and enforce a confiscation order made by another party, or to submit a request to its competent authorities for the purpose of obtaining an order of confiscation and, if such order is granted, enforce it. The Parties may refuse requests for confiscation inter alia if the offence to which the request relates would not be an offence under the law of the requested Party, or if under the law of the requested Party confiscation is not provided for in respect of the type of offence to which the request relates.

(4) On 30 November 2000 the Council adopted a programme of measures to implement the principle of mutual recognition of decisions in criminal matters, giving first priority (measures 6 and 7) to the adoption of an instrument applying the principle of mutual recognition to the freezing of evidence and property. Moreover, pursuant to paragraph 3.3 of the programme, the aim is to improve, in accordance with the principle of mutual recognition, execution in one Member State of a confiscation order issued in another Member State, inter alia for the purpose of restitution to a victim of a criminal offence, taking into account the existence of the 1990 Convention. With a view to achieving this aim, this Framework Decision, within its field of application, reduces the grounds for refusal of enforcement and suppresses, among Member States, any system of conversion of the confiscation order into a national one.

(5) Council Framework Decision 2001/500/JHA lays down provisions on money laundering, the identification, tracing, freezing, seizing and confiscation of instrumentalties and the proceeds from crime. Under that Framework Decision, Member States are also obliged not to make or uphold reservations in respect of Article 2 of the 1990 Convention, in so far as the offence is punishable by deprivation of liberty or a detention order for a maximum of more than one year.

(7) The main motive for organised crime is financial gain. In order to be effective, therefore, any attempt to prevent and combat such crime must focus on tracing, freezing, seizing and confiscating the proceeds from crime. It is not enough merely to ensure mutual recognition within the European Union of temporary legal measures such as freezing and seizure; effective control of economic crime also requires the mutual recognition of orders to confiscate the proceeds from crime.

(8) The purpose of this Framework Decision is to facilitate cooperation between Member States as regards the mutual recognition and execution of orders to confiscate property so as to oblige a Member State to recognise and execute in its territory confiscation orders issued by a court competent in criminal matters of another Member State. This Framework Decision is linked to Council Framework Decision 2005/212/JHA of 24 February 2005 on Confiscation of Crime-Related Proceeds, Instrumentalties and Property. The purpose of that Framework Decision is to ensure that all Member States have effective rules governing the confiscation of proceeds from crime, inter alia in relation to the onus of proof regarding the source of assets held by a person convicted of an offence related to organised crime.

(9) Cooperation between Member States, based on the principle of mutual recognition and immediate execution of judicial decisions, presupposes confidence that the decisions to be recognised and executed will always be taken in compliance with the principles of legality, subsidiarity and proportionality. It also presupposes that the rights granted to the parties or bona fide interested third parties will be preserved. In this context, due consideration should be given to preventing successful dishonest claims by legal or natural persons.

(10) The proper practical operation of this Framework Decision presupposes close liaison between the competent national authorities involved, in particular in cases of simultaneous execution of a confiscation order in more than one Member State.

(11) The terms ‘proceeds’ and ‘instrumentalities’ used in this Framework Decision are sufficiently broadly defined to include objects of offences whenever necessary.

(12) Where there are doubts with regard to the location of property which is the subject of a confiscation order, Member States should use all available means in order to identify the correct location of that property, including the use of all available information systems.

(13) This Framework Decision respects fundamental rights and observes the principles recognised by Article 6 of the Treaty on European Union and reflected by the Charter of Fundamental Rights of the European Union, in particular Chapter VI thereof. Nothing in this Framework Decision may be interpreted as prohibiting refusal to confiscate property for which a confiscation order has been issued when objective grounds exist for believing that the confiscation order was issued for the purpose of prosecuting or punishing a person on account of his or her sex, race, religion, ethnic origin, nationality, language, political opinion or sexual orientation, or that that person’s position may be prejudiced for any of these reasons.

5 OJ L 68, 15.3.2005, p. 49.
This Framework Decision does not prevent any Member State from applying its constitutional rules relating to due process, freedom of association, freedom of the press and freedom of expression in other media.

This Framework Decision does not address the restitution of property to its rightful owner.

This Framework Decision does not prejudice the end to which the Member States apply the amounts obtained as a consequence of its application.

This Framework Decision does not affect the exercise of the responsibilities incumbent upon Member States with regard to the maintenance of law and order and the safeguarding of internal security in accordance with Article 33 of the Treaty on European Union.

HAS ADOPTED THIS FRAMEWORK DECISION:

Article 1

Objective

1. The purpose of this Framework Decision is to establish the rules under which a Member State shall recognise and execute in its territory a confiscation order issued by a court competent in criminal matters of another Member State.

2. This Framework Decision shall not have the effect of modifying the obligation to respect fundamental rights and fundamental legal principles as enshrined in Article 6 of the Treaty on European Union, and any obligations incumbent on judicial authorities in this respect shall remain unaffected.

— the issuing State,

or

— the executing State.

2. Notwithstanding Articles 4(1) and (2), each Member State may designate, if it is necessary as a result of the organisation of its internal system, one or more central authorities responsible for the administrative transmission and reception of the confiscation orders and to assist the competent authorities.

3. The General Secretariat of the Council shall make the information received available to all Member States and the Commission.

Article 4

Transmission of confiscation orders

1. A confiscation order, together with the certificate provided for in paragraph 2, the standard form for which is given in the Annex, may, in the case of a confiscation order concerning an amount of money, be transmitted to the competent authority of a Member State in which the competent authority of the issuing State has reasonable grounds to believe that the natural or legal person against whom the confiscation order has been issued has property or income.

In the case of a confiscation order concerning specific items of property, the confiscation order and the certificate may be transmitted to the competent authority of a Member State in which the competent authority of the issuing State has reasonable grounds to believe that property covered by the confiscation order is located.

---

order may be transmitted to the competent authority of the Member State where the natural or legal person against whom the confiscation order has been issued is normally resident or has its registered seat respectively.

2. The confiscation order or a certified copy thereof, together with the certificate, shall be transmitted by the competent authority of the issuing State directly to the authority of the executing State which is competent to execute it, by any means capable of producing a written record, under conditions allowing the executing State to establish authenticity. 3. The certificate, shall be signed, and its contents certified as accurate, by the competent authority of the issuing State.

4. If the authority competent to execute the confiscation order is not known to the competent authority of the issuing State, the latter shall make all necessary enquiries, including via the contact points of the European judicial network, in order to obtain information from the executing State.

5. Where the authority of the executing State which receives a confiscation order has no jurisdiction to recognise it and take the necessary measures for its execution, it shall, ex officio, transmit the order to the authority competent to execute it, and shall inform the competent authority of the issuing State accordingly.

Article 5

Transmission of a confiscation order to one or more executing States

1. Subject to paragraphs 2 and 3, a confiscation order may only be transmitted pursuant to Article 4 to one executing State at any one time.

2. A confiscation order concerning specific items of property may be transmitted to more than one executing State at the same time in cases where:

   — the competent authority of the issuing State has reasonable grounds to believe that different items of property covered by the confiscation order are located in different executing States,

   — the confiscation of a specific item of property covered by the confiscation order involves action in more than one executing State,

   or

   — the competent authority of the issuing State has reasonable grounds to believe that a specific item of property covered by the confiscation order is located in one of two or more specified executing States.

3. A confiscation order concerning an amount of money may be transmitted to more than one executing State at the same time, where the competent authority of the issuing State deems there is a specific need to do so, for example where:

   — the property concerned has not been frozen under Council Framework Decision 2003/577/JHA of,

   or

   — the value of the property which may be confiscated in the issuing State and any one executing State is not likely to be sufficient for the execution of the full amount covered by the confiscation order.

Article 6
Offences

1. If the acts giving rise to the confiscation order constitute one or more of the following offences, as defined by the law of the issuing State, and are punishable in the issuing State by a custodial sentence of a maximum of at least three years, the confiscation order shall give rise to execution without verification of the double criminality of the acts:
   - participation in a criminal organisation,
   - terrorism,
   - trafficking in human beings,
   - sexual exploitation of children and child pornography,
   - illicit trafficking in narcotic drugs and psychotropic substances,

The Council shall consider, in the light of the report submitted by the Commission pursuant to Article 22, whether the list should be extended or amended.

3. For offences other than those covered by paragraph 1, the executing State may make the recognition and execution of a confiscation order subject to the condition that the acts giving rise to the confiscation order constitute an offence which permits confiscation under the law of the executing State, whatever its constituent elements or however it is described under the law of the issuing State.

Article 7

Recognition and execution
1. The competent authorities in the executing State shall without further formality recognise a confiscation order which has been transmitted in accordance with Articles 4 and 5, and shall forthwith take all the necessary measures for its execution, unless the competent authorities decide to invoke one of the grounds for non-recognition or non-execution provided for in Article 8, or one of the grounds for postponement of execution provided for in Article 10.

2. If a request for confiscation concerns a specific item of property, the competent authorities of the issuing and the executing States may, if provided for under the law of those States, agree that confiscation in the executing State may take the form of a requirement to pay a sum of money corresponding to the value of the property.

3. If a confiscation order concerns an amount of money, the competent authorities of the executing State shall, if payment is not obtained, execute the confiscation order in accordance with paragraph 1 on any item of property available for that purpose.

4. If a confiscation order concerns an amount of money, the competent authorities of the executing State shall, if necessary, convert the amount to be confiscated into the currency of the executing State at the rate of exchange obtaining at the time when the confiscation order was issued.

5. Each Member State may state in a declaration deposited with the General Secretariat of the Council that its competent authorities will not recognise and execute confiscation orders under circumstances where confiscation of the property was ordered under the extended powers of confiscation referred to in Article 2(d) (iv). Any such declaration may be withdrawn at any time.

Article 8

Reasons for non-recognition or non-execution

1. The competent authority of the executing State may refuse to recognise and execute the confiscation order if the certificate provided for in Article 4 is not produced, is incomplete, or manifestly does not correspond to the order.

2. The competent judicial authority of the executing State, as defined in the law of that State, may also refuse to recognise and execute the confiscation order if it is established that:

(a) execution of the confiscation order would be contrary to the principle of ne bis in idem;

(b) in one of the cases referred to in Article 6(3), the confiscation order relates to acts which do not constitute an offence which permits confiscation under the law of the executing State; however, in relation to taxes, duties, customs duties and exchange activities, execution of a confiscation order may not be refused on the ground that the law of the executing State does not impose the same kind of tax or duty or does not contain the same types of rules concerning taxes, duties, customs duties and exchange activities as the law of the issuing State;

(c) there is immunity or privilege under the law of the executing State which would prevent the execution of a domestic confiscation order on the property concerned;

(d) the rights of any interested party, including bona fide third parties, under the law of the executing State make it impossible to execute the confiscation order, including where this is a consequence of the application of legal remedies in accordance with Article 9;
(e) according to the certificate provided for in Article 4(2), the person concerned
did not appear personally and was not represented by a legal counsellor in
the proceedings resulting in the confiscation order, unless the certificate
states that the person was informed personally, or via his representative
competent according to national law, of the proceedings in accordance with
the law of the issuing State, or that the person has indicated that he or she
does not contest the confiscation order;

(f) the confiscation order is based on criminal proceedings in respect of criminal
offences which:

— under the law of the executing State, are regarded as having been
committed wholly or partly within its territory, or in a place equivalent
to its territory,
or

— were committed outside the territory of the issuing State, and the law of
the executing State does not permit legal proceedings to be taken in
respect of such offences where they are committed outside that State's
territory;

(g) the confiscation order, in the view of that authority, was issued in cir-
stances where confiscation of the property was ordered under the extended
powers of confiscation referred to in Article 2(d) (iv);

(h) the execution of a confiscation order is barred by statutory time limitations
in the executing State, provided that the acts fall within the jurisdiction of
that State under its own criminal law.

3. If it appears to the competent authority of the executing State that:

— the confiscation order was issued in cir-
stances where confiscation of the
property was ordered under the extended powers of confiscation referred
to in Article 2(d) (iii),

and

— the confiscation order falls outside the scope of the option adopted by the
executing State under Article 3(2) of Framework Decision 2005/212/JHA,
it shall execute the confiscation order at least to the extent provided for in similar
domestic cases under national law.

4. The competent authorities of the executing State shall give specific consideration
to consulting, by any appropriate means, the competent authorities of the issuing
State before deciding not to recognise and execute a confiscation order pursuant to
paragraph 2, or to limit the execution thereof pursuant to paragraph 3. Consultation
is obligatory where the decision is likely to be based on:

— paragraph 1,
— paragraph 2(a), (e), (f) or (g),
— paragraph 2(d) and information is not being provided under Article 9(3),
or
— paragraph 3.

5. Where it is impossible to execute the confiscation order for the reason that the
property to be confiscated has already been confiscated, has disappeared, has been
destroyed, cannot be found in the location indicated in the certificate or the location
of the property has not been indicated in a sufficiently precise manner, even after consultation with the issuing State, the competent authority of the issuing State shall be notified forthwith.

**Article 9**

**Legal remedies in the executing State against recognition and execution**

1. Each Member State shall put in place the necessary arrangements to ensure that any interested party, including bona fide third parties, has legal remedies against the recognition and execution of a confiscation order pursuant to Article 7, in order to preserve his or her rights. The action shall be brought before a court in the executing State in accordance with the law of that State. The action may have suspensive effect under the law of the executing State.

2. The substantial reasons for issuing the confiscation order cannot be challenged before a court in the executing State.

3. If action is brought before a court in the executing State, the competent authority of the issuing State shall be informed thereof.

**Article 10**

**Postponement of execution**

1. The competent authority of the executing State may postpone the execution of a confiscation order transmitted in accordance with Articles 4 and 5:

   (a) if, in the case of a confiscation order concerning an amount of money, it considers that there is a risk that the total value derived from its execution may exceed the amount specified in the confiscation order because of simultaneous execution of the confiscation order in more than one Member State;

   (b) in the cases of legal remedies referred to in Article 9;

   (c) where the execution of the confiscation order might damage an ongoing criminal investigation or proceedings, until such time as it deems reasonable;

   (d) where it is considered necessary to have the confiscation order or parts thereof translated at the expense of the executing State, for the time necessary to obtain its translation,

   or

   (e) where the property is already the subject of confiscation proceedings in the executing State.

2. The competent authority of the executing State shall, for the duration of postponement, take all the measures it would take in a similar domestic case to prevent the property from no longer being available for the purpose of execution of the confiscation order.

3. In the case of postponement pursuant to paragraph 1(a), the competent authority of the executing State shall inform the competent authority of the issuing State thereof immediately by any means capable of producing a written record, and the competent authority of the issuing State shall comply with the obligations referred to in Article 14(3).

4. In the cases referred to in paragraph 1(b), (c), (d) and (e), a report on the postponement, including the grounds for the postponement and, if possible, the expected duration of the postponement, shall be made forthwith by the competent authority.
of the executing State to the competent authority of the issuing State by any means capable of producing a written record.

As soon as the ground for postponement has ceased to exist, the competent authority of the executing State shall forthwith take the necessary measures for the execution of the confiscation order and inform the competent authority of the issuing State thereof by any means capable of producing a written record.

Article 11

Multiple confiscation orders

If the competent authorities of the executing State are processing:

— two or more confiscation orders concerning an amount of money, which have been issued against the same natural or legal person, and the person concerned does not have sufficient means in the executing State to enable all the orders to be executed,

or

— two or more confiscation orders concerning the same specific item of property,

the decision on which of the confiscation orders is or are to be executed shall be taken by the competent authority of the executing State according to the law of the executing State, with due consideration of all the circumstances, which may include the involvement of frozen assets, the relative seriousness and the place of the offence, the dates of the respective orders and the dates of transmission of the respective orders.

Article 12

Law governing execution

1. Without prejudice to paragraph 3, the execution of the confiscation order shall be governed by the law of the executing State and its authorities alone shall be competent to decide on the procedures for execution and to determine all the measures relating thereto.

2. In the case where the person concerned is able to furnish proof of confiscation, totally or in part, in any State, the competent authority of the executing State shall consult the competent authority of the issuing State by any appropriate means. Any part of the amount, in the case of confiscation of proceeds, that is recovered pursuant to the confiscation order in any State other than the executing State shall be deducted in full from the amount to be confiscated in the executing State.

3. A confiscation order issued against a legal person shall be executed even if the executing State does not recognise the principle of criminal liability of legal persons.

4. The executing State may not impose measures as an alternative to the confiscation order, including custodial sanctions or any other measure limiting a person's freedom, as a result of a transmission pursuant to Articles 4 and 5, unless the issuing State has given its consent.

Article 13

Amnesty, pardon, review of confiscation order

1. Amnesty and pardon may be granted by the issuing State and also by the executing State.

2. Only the issuing State may determine any application for review of the confiscation order.
Article 14

Consequences of transmission of confiscation orders

1. The transmission of a confiscation order to one or more executing States in accordance with Articles 4 and 5 does not restrict the right of the issuing State to execute the confiscation order itself.

2. In the case of transmission of a confiscation order concerning an amount of money to one or more executing States, the total value derived from its execution may not exceed the maximum amount specified in the confiscation order.

3. The competent authority of the issuing State shall immediately inform the competent authority of any executing State concerned by any means capable of producing a written record:

   (a) if it considers that there is a risk that execution beyond the maximum amount may occur, for example on the basis of information notified to it by an executing State pursuant to Article 10(3). In the event of the application of Article 10(1) (a), the competent authority of the issuing State shall as soon as possible inform the competent authority of the executing State whether the risk referred to has ceased to exist;

   (b) if all or a part of the confiscation order has been executed in the issuing State or in another executing State. The amount for which the confiscation order has not yet been executed shall be specified;

   (c) if, after transmission of a confiscation order in accordance with Articles 4 and 5, an authority of the issuing State receives any sum of money which the person concerned has paid voluntarily in respect of the confiscation order. Article 12(2) shall apply.

Article 15

Termination of execution

The competent authority of the issuing State shall forthwith inform the competent authority of the executing State by any means capable of reducing a written record of any decision or measure as a result of which the order ceases to be enforceable or shall be withdrawn from the executing State for any other reason. The executing State shall terminate execution of the order as soon as it is informed by the competent authority of the issuing State of that decision or measure.

Article 16

Disposal of confiscated property

1. Money which has been obtained from the execution of the confiscation order shall be disposed of by the executing State as follows:

   (a) if the amount obtained from the execution of the confiscation order is below EUR 10 000, or the equivalent to that amount, the amount shall accrue to the executing State;

   (b) in all other cases, 50% of the amount which has been obtained from the execution of the confiscation order shall be transferred by the executing State to the issuing State.

2. Property other than money, which has been obtained from the execution of the confiscation order, shall be disposed of in one of the following ways, to be decided by the executing State:
(a) the property may be sold. In that case, the proceeds of the sale shall be disposed of in accordance with paragraph 1;

(b) the property may be transferred to the issuing State. If the confiscation order covers an amount of money, the property may only be transferred to the issuing State when that State has given its consent;

(c) when it is not possible to apply (a) or (b), the property may be disposed of in another way in accordance with the law of the executing State.

3. Notwithstanding paragraph 2, the executing State shall not be required to sell or return specific items covered by the confiscation order which constitute cultural objects forming part of the national heritage of that State.

4. Paragraphs 1, 2 and 3 apply unless otherwise agreed between the issuing State and the executing State.

Article 17

(d) as soon as the execution of the order has been completed;

(e) of the application of alternative measures, according to Article 12(4).

Article 18

Reimbursement

1. Without prejudice to Article 9(2), where the executing State under its law is responsible for injury caused to one of the interested parties mentioned in Article 9 by the execution of a confiscation order transmitted to it pursuant to Articles 4 and 5, the issuing State shall reimburse to the executing State any sums paid in damages by virtue of that responsibility to the said party except if, and to the extent that, the injury or any part of it is exclusively due to the conduct of the executing State.

2. Paragraph 1 is without prejudice to the law of the Member States on claims by natural or legal persons for compensation of damage.

Article 19

Article 20

Costs

1. Without prejudice to Article 16, Member States may not claim from each other the refund of costs resulting from application of this Framework Decision.

2. Where the executing State has had costs which it considers large or exceptional, it may propose to the issuing State that the costs be shared. The issuing State shall take into account any such proposal on the basis of detailed specifications given by the executing State.

Article 21

5. The Member States, acting as executing States, shall inform the Council and the Commission, at the beginning of the calendar year, of the number of cases in which Article 17(b) has been applied and a summary of reasons for this.

By 24 November 2013, the Commission shall establish a report on the basis of the information received, accompanied by any initiatives it may deem appropriate.

TEXT OF TITLE III OF EC/SWISS CONFEDERATION AGREEMENT

TITLE III

MUTUAL LEGAL ASSISTANCE

ARTICLE 25

Relationship with other Agreements

1. The provisions of this Title are intended to supplement the European Convention on Mutual Assistance in Criminal Matters of 20 April 1959, and the Convention on Laundering, Search, Seizure and Confiscation of the Proceeds from Crime of 8 November 1990, and to facilitate their implementation between the Contracting Parties.

2. More favourable provisions of bilateral or multilateral Agreements between the Contracting Parties are not affected.

ARTICLE 26

Procedures in which mutual legal assistance shall also be afforded

1. Mutual legal assistance shall also be afforded:

(a) in proceedings brought by the administrative authorities in respect of acts which are punishable under the national law of one of the two Contracting Parties, or of both, by virtue of being infringements of the rules of law, and where the decision may give rise to proceedings before a court having jurisdiction in particular in criminal matters;

(b) in civil actions joined to criminal proceedings, as long as the criminal court has not yet taken a final decision in the criminal proceedings;

(c) for offences or infringements for which a legal person of the requesting Contracting Party may be liable.

2. Assistance shall also be given for the purposes of investigations and proceedings for the seizure and confiscation of the instruments and products of these illegal activities.

ARTICLE 27

Transmission of requests

1. Requests under this Title shall be presented by the authority of the requesting Contracting Party either via a relevant central authority of the requested Contracting Party, or direct to the Contracting Party's authority which is empowered to execute the requesting Contracting Party's request. The authority of the requesting Contracting Party and, where appropriate, the authority of the Contracting Party requested shall send a copy of the request to its central authority for information.

2. All documents relating to requests or the execution thereof may be sent by the same channels. They, or at least a copy, must be sent directly to the authority of the requesting Contracting Party.

3. If the authority of the Contracting Party receiving a request has no power to authorise assistance, it shall forthwith forward it to the competent authority.
4. Defective or incomplete requests shall be applied if they contain the information needed to satisfy them, without prejudice to subsequent regularisation by the authority of the requesting Contracting Party. The authority of the Contracting Party requested shall inform the authority of the requesting Contracting Party of the defects and allow it time to regularise them.

The authority of the Contracting Party requested shall without delay send the authority of the requesting Contracting Party all other indications that may help it to complete its request or extend it to include other measures.

5. The Contracting Parties, when making the notification provided for by Article 44(2), shall announce which are the competent central authorities for the purposes of this Article.

ARTICLE 28

Service by post

1. As a rule the Contracting Parties shall, in proceedings for illegal activities covered by this Agreement, send procedural documents intended for persons who are in the territory of the other Contracting Party directly by post.

2. If the authority of the Contracting Party that issued the documents knows or has reason to believe that the addressee understands only some other language, the documents, or at least the most important passages thereof, shall be accompanied by a translation into that other language.

3. The authority of the serving Contracting Party shall advise the addressee that no measure of restraint or punishment may be enforced directly by that authority in the territory of the other Contracting Party.

4. All procedural documents shall be accompanied by a report indicating that the addressee may obtain information from the authority identified in the report regarding his or her rights and obligations concerning the documents.

ARTICLE 29

Provisional measures

1. Within the limits of its domestic law and its respective powers and at the request of the authority of the requesting Contracting Party, the competent authority of the requested Contracting Party shall order the necessary provisional measures for the purpose of maintaining an existing situation, protecting endangered legal interests or preserving evidence, if the request for mutual assistance does not appear manifestly inadmissible.

2. Preventive freezing and seizure of instrumentalities and proceeds of offences shall be ordered in cases where assistance is requested. If the proceeds of an offence no longer exist in whole or in part, the same measures shall be ordered in relation to assets located within the territory of the requested Contracting Party corresponding in value to the proceeds in question.

ARTICLE 30

Presence of the authorities of the requesting Contracting Party

1. The requested Contracting Party shall, at the request of the requesting Contracting Party, authorise the representatives of the latter Party's authorities to attend the execution of the request for mutual legal assistance. Their presence shall not require the consent of the person concerned by the measure.

Conditions may be attached to the authorisation.
2. The persons present shall have access to the same premises and the same documents as the representatives of the requested Contracting Party, through them and for the sole purposes of execution of the request for mutual legal assistance. In particular they may be authorised to put or propose questions and suggest measures of investigation.

3. Their presence shall not result in facts being divulged to persons other than those authorised by virtue of the preceding paragraphs in breach of judicial confidentiality or the rights of the person concerned. The information brought to the knowledge of the authority of the requesting Contracting Party may not be used as evidence until the decision on transmission of the documents relating to execution has acquired the force of res judicata.

ARTICLE 31

Searches and seizures

1. The Contracting Parties may not make the admissibility of letters rogatory for search or seizure dependent on conditions other than the following:

(a) the act giving rise to the letters rogatory is punishable under the law of both Contracting Parties by a penalty involving deprivation of liberty or a detention order of a maximum period of at least six months, or is punishable under the law of one of the two Contracting Parties by an equivalent penalty and under the law of the other Contracting Party by virtue of being an infringement of the rules of law which is being prosecuted by the administrative authorities, and where the decision may give rise to proceedings before a court having jurisdiction in particular in criminal matters;

(b) execution of the letters rogatory is consistent with the law of the requested Contracting Party.

2. Letters rogatory for purposes of search and seizure for laundering offences within the scope of this Agreement shall also be admissible provided that the activities making up the precursor offence are punishable under the law of the two Contracting Parties by a penalty involving deprivation of liberty or a detention order of a maximum period of more than six months.

ARTICLE 32

Requests for banking and financial information

1. Where the conditions of Article 31 are met, the requested Contracting Party shall execute requests for assistance in obtaining and transmitting banking and financial information, including:

(a) the identification of, and information concerning, bank accounts opened at banks established in its territory and where persons under investigation are the account holders, authorised signatories or in effective control;

(b) the identification of, and all information concerning, banking transactions and operations conducted from, to or via one or more bank accounts or by specified persons during a specified period.

2. To the extent authorised by virtue of its law governing criminal proceedings for similar domestic cases, the requested Contracting Party may order surveillance of banking operations conducted from, to or via one or more bank accounts or by specified persons during a specified period, and transmission of the results to the requesting Contracting Party. The decision to monitor transactions and transmit the results shall be taken in each individual case by the competent authorities of the requested Contracting Party and shall comply with that Contracting Party’s national law. The practical details regarding the monitoring shall be determined by agreement...
between the competent authorities of the requesting and requested Contracting Parties.

3. Each Contracting Party shall take the necessary measures to ensure the financial institutions do not disclose to the customer concerned or to other third persons that measures are being executed at the request of the requesting Contracting Party or that an investigation is under way, for such time as is necessary to avoid compromising the results.

4. The authority of the Contracting Party issuing the request shall:

   (a) state why it considers that the requested information is likely to be of substantial value for the purpose of the investigation into the offence;

   (b) state on what grounds it presumes that banks in the requested Contracting Party hold the account and, to the extent available, which banks may be involved;

   (c) include all information available which may facilitate the execution of the request.

5. A Contracting Party shall not invoke banking secrecy as grounds for rejecting all cooperation on a request for mutual assistance from another Contracting Party.

ARTICLE 33

Controlled deliveries

1. The competent authority in the requested Contracting Party shall undertake to ensure that, at the request of the authority of the requesting Contracting Party, controlled deliveries may be permitted in its territory within the framework of criminal investigations into extraditable offences.

2. The decision to carry out controlled deliveries shall be taken in each individual case by the competent authorities of the requested Contracting Party, with due regard for its national law.

3. Controlled deliveries shall take place in accordance with the procedures provided for in the law of the requested Contracting Party. The right to act and to direct and control operations shall lie with the competent authorities of that Contracting Party.

ARTICLE 34

Handing-over for confiscation or return

1. At the request of the requesting Contracting Party, all objects, documents, funds or other items of value that have been seized on a precautionary basis may be handed over for confiscation or for return to the rightful owner.

2. The requested Contracting Party may not refuse to return funds on the sole ground that they correspond to a tax or customs debt.

3. Rights asserted by a third party in good faith shall remain reserved.

ARTICLE 35

Speeding up assistance

1. The authority of the requested Contracting Party shall execute the request for mutual legal assistance as soon as possible, taking as full account as possible of the procedural deadlines and other deadlines indicated by the authority of the requesting Contracting Party. The requesting Contracting Party shall explain the reasons for the deadline.
2. If the request cannot, or cannot fully, be executed in accordance with the requirements set by the authority of the requesting Contracting Party, the authority of the requested Contracting Party shall promptly inform the authority of the requesting Contracting Party and indicate the conditions under which it might be possible to execute the request. The authorities of the requesting and the requested Contracting Parties may subsequently agree on further action to be taken concerning the request, where necessary by making such action subject to the fulfilment of those conditions.

If it is foreseeable that the deadline set by the authority of the requesting Contracting Party for executing its request cannot be met and if the reasons referred to in the second sentence of paragraph 1, indicate explicitly that any delay will lead to substantial impairment of the proceedings being conducted by that authority, the authority of the requested Contracting Party shall promptly indicate the estimated time needed for execution of the request. The authority of the requesting Contracting Party shall promptly indicate whether the request is to be upheld nonetheless. The authorities of the requesting and requested Contracting Parties may subsequently agree on further action to be taken concerning the request.

ARTICLE 36

Use of information and evidence

Information and evidence transmitted in the course of the assistance procedure may be used for the following purposes in addition to the purposes of the assistance procedure for which it was supplied:

(a) in criminal proceedings in the requesting Contracting Party against other persons who participated in the commission of the offence for which assistance was given;

(b) where the infringements on which the request is based constitute another offence for which assistance ought also to be given;

(c) in proceedings for the confiscation of the instrumentalities and proceeds of offences for which assistance ought to be given and in proceedings for damages in respect of infringements for which assistance had been given.

ARTICLE 37

Spontaneous transmission

1. Within the limits of their national law and their powers, the judicial authorities of a Contracting Party may spontaneously transmit information or evidence to the judicial authorities of another Contracting Party, when they consider that such information or evidence might assist the receiving Contracting Party’s authority in initiating or carrying out investigations or proceedings, or might lead to a request for mutual legal assistance by the receiving authority.

2. The authority of the Contracting Party transmitting the information may, pursuant to its national law, impose conditions on the use of such information by the authority of the receiving Contracting Party.

3. All the authorities of the Contracting Parties shall be bound by such conditions.

ARTICLE 38

Procedures in the requested Contracting Party

The request for assistance shall be without prejudice to such rights as the requesting Contracting Party may enjoy as a result of its status as “partie civile” in domestic
judicial criminal proceedings commenced before the authorities of the requested Contracting Party.

SCHEDULE 7

TEXT OF 2005 COUNCIL DECISION

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Articles 29, 30(1), 31 and 34(2)(c) thereof,

Having regard to the proposal from the Commission,

Having regard to the Opinion of the European Parliament,

Whereas:

(1) At its extraordinary meeting on 21 September 2001, the European Council stated that terrorism was a real challenge to the world and to Europe and that the fight against terrorism would be a priority objective of the European Union.

(2) On 19 October 2001 the European Council stated that it was determined to combat terrorism in every form throughout the world and that it would continue its efforts to strengthen the coalition of the international community to combat terrorism in every shape and form, for example by increased cooperation between the operational services responsible for combating terrorism: Europol, Eurojust, the intelligence services, police forces and judicial authorities.

(3) It is essential in the fight against terrorism for the relevant services to have the fullest and most up-to-date information possible in their respective fields. The Member States' specialised national services, the judicial authorities and relevant bodies of the European Union such as Europol and Eurojust absolutely need information if they are to perform their tasks.

(4) Council Decision 2003/48/JHA of 19 December 2002 on the implementation of specific measures for police and judicial cooperation to combat terrorism in accordance with Article 4 of Common Position 2001/931/CFSP is a major step forward. The persistence of the terrorist threat and the complexity of the phenomenon raise the need for ever greater exchanges of information. The scope of information exchanges must be extended to all stages of criminal proceedings, including convictions, and to all persons, groups or entities investigated, prosecuted or convicted for terrorist offences.

(5) Since the objectives of this decision cannot be sufficiently achieved by the Member States acting alone and can therefore, given the need for reciprocity, be better achieved at Community level, the Community may adopt measures, act in accordance with the principle of subsidiarity as set out in Article 5 of the Treaty. In accordance with the principle of proportionality, as set out in that Article, this Decision does not go beyond what is necessary to achieve those objectives.

(6) In the execution of the exchange of information, this Decision is without prejudice to essential national security interests, and it should not jeopardise the safety of individuals or the success of a current investigation or specific intelligence activities in the field of State security.

(7) This Decision respects the fundamental rights and observes the principles recognised in particular by the Charter of Fundamental Rights of the European Union,
HAS DECIDED AS FOLLOWS:

**Article 1**

**Definitions**

For the purposes of this Decision, the following definitions shall apply:

(a) ‘terrorist offences’: the offences specified in Articles 1, 2 and 3 of Council Framework Decision 2002/475/JHA of 13 June 2002 on combating terrorism;

(b) ‘Europol Convention’: the Convention of 26 July 1995 on the establishment of a European Police Office;

(c) ‘Eurojust Decision’: Council Decision 2002/187/JHA of 28 February 2002 setting up Eurojust with a view to reinforcing the fight against serious crime;

(d) ‘group or entity’: ‘terrorist groups’ within the meaning of Article 2 of Council Framework Decision 2002/475/JHA and the groups and entities listed in the Annex to Council Common Position 2001/931/CFSP of 27 December 2001 on the application of specific measures to combat terrorism.

**Article 2**

**Provision of information concerning terrorist offences to Eurojust, Europol and the Member States**

1. Each Member State shall designate a specialised service within its police services or other law enforcement authorities, which, in accordance with national law, will have access to and collect all relevant information concerning and resulting from criminal investigations conducted by its law enforcement authorities with respect to terrorist offences and send it to Europol in accordance with paragraphs 3 and 4.

2. Each Member State shall designate one, or where its legal system so provides more than one authority, as Eurojust national correspondent for terrorism matters or an appropriate judicial or other competent authority which, in accordance with national law, shall have access to and can collect all relevant information concerning prosecutions and convictions for terrorist offences and send it to Eurojust in accordance with paragraph 5.

3. Each Member State shall take the necessary measures to ensure that at least the information referred to in paragraph 4 concerning criminal investigations and the information referred to in paragraph 5 concerning prosecutions and convictions for terrorist offences which affect or may affect two or more Member States, gathered by the relevant authority, is transmitted to:

   (a) Europol, in accordance with national law and with the provisions of the Europol Convention, for processing; and

   (b) Eurojust, in accordance with national law and where the provisions of the Eurojust Decision so allow.

4. The information to be transmitted in accordance with paragraph 3 to Europol shall be the following:

   (a) data which identify the person, group or entity;

   (b) acts under investigation and their specific circumstances;

   (c) the offence concerned;

   (d) links with other relevant cases;
(e) the use of communication technologies;

(c) information about final convictions for terrorist offences and the specific circumstances surrounding those offences;
(d) links with other relevant cases;
(e) requests for judicial assistance, including letters rogatory, addressed to or by another Member State and the response.

6. Each Member State shall take the necessary measures to ensure that any relevant information included in documents, files, items of information, objects or other means of evidence, seized or confiscated in the course of criminal investigations or criminal proceedings in connection with terrorist offences can be made accessible as soon as possible, taking account of the need not to jeopardise current investigations, to the authorities of other interested Member States in accordance with national law and relevant international legal instruments where investigations are being carried out or might be initiated or where prosecutions are in progress in connection with terrorist offences.

Article 3

Joint investigation teams

In appropriate cases Member States shall take the necessary measures to set up joint investigation teams to conduct criminal investigations into terrorist offences.

Article 4

Requests for judicial assistance and enforcement of judgments

Each Member State shall take the necessary measures to ensure that requests from other Member States for mutual legal assistance and recognition and enforcement of judgments in connection with terrorist offences are dealt with as a matter of urgency and are given priority.

Article 5

Decision 2003/48/JHA is hereby repealed.

Article 6

Implementation

Member States shall take the necessary measures to comply with the provisions of this Decision at the latest by 30 June 2006.

TEXT OF THE 2008 COUNCIL DECISION (SPECIAL INTERVENTION UNITS)

COUNCIL DECISION 2008/617/JHA

of 23 June 2008

on the improvement of cooperation between the special intervention units of the Member States of the European Union in crisis situations

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Articles 30, 32 and 34(2) (c) thereof,

Having regard to the initiative of the Republic of Austria¹,

Having regard to the opinion of the European Parliament²,

Whereas:

(1) Article 29 of the Treaty states that the Union’s objective is to provide citizens with a high level of safety within an area of freedom, security and justice by developing common action among the Member States in the fields of police and judicial cooperation in criminal matters.

(2) In their Declaration on Solidarity against Terrorism of 25 March 2004, the Heads of State and Government of the Member States of the European Union declared their firm intention that the Member States mobilise all the instruments at their disposal to assist a Member State or an acceding State in its territory at the request of its political authorities in the event of a terrorist attack.

(3) Following the attacks of 11 September 2001, the special intervention units of all law enforcement authorities of the Member States have already initiated cooperation activities under the aegis of the Police Chiefs Task Force. Since 2001, their network, called ‘Atlas’, has conducted various seminars, studies, exchanges of materials, and joint exercises.

(4) No single Member State has all the means, resources and expertise at its disposal to deal effectively with all possible kinds of specific or large-scale crisis situations requiring special intervention. It is therefore of crucial importance that each Member State be able to request the assistance of another Member State.

(5) Council Decision 2008/615/JHA of 23 June 2008 on the stepping up of cross-border cooperation, particularly in combating terrorism and cross-border crime ¹ (Prüm Decision), and in particular Article 18 thereof, regulates forms of police assistance between Member States in connection with mass gatherings and similar major events, disasters and serious accidents. This Decision does not cover mass gatherings, natural disasters or serious accidents within the meaning of Article 18 of the Prüm Decision but complements those provisions of the Prüm Decision envisaging forms of police assistance between Member States through special intervention units in other situations, namely in man-made crisis situations presenting a serious direct physical threat to persons, property, infrastructure or institutions, in particular hostage taking, hijacking and similar events.

(6) The availability of this legal framework and of a compilation indicating the competent authorities will allow Member States to react speedily and gain time should such a crisis situation arise. Moreover, with a view to enhancing Member States' ability to prevent and respond to such crisis situations, and in particular terrorist incidents, it is essential for the special intervention units to meet regularly and organise joint trainings, so as to benefit from mutual experiences.

HAS DECIDED AS FOLLOWS:

Article 1

Subject matter

This Decision lays down general rules and conditions to allow for special intervention units of one Member State to provide assistance and/or operate on the territory of another Member State (hereinafter referred to as the requesting Member State) in cases where they have been invited by the requesting Member State and have agreed to do so in order to deal with a crisis situation. The practical details and implementing arrangements complementing this Decision shall be agreed directly between the requesting Member State and the requested Member State.

Article 2

Definitions

For the purpose of this Decision:

(a) 'special intervention unit' shall mean any law enforcement unit of a Member State which is specialised in the control of a crisis situation;

(b) 'crisis situation' shall mean any situation in which the competent authorities of a Member State have reasonable grounds to believe that there is a criminal offence presenting a serious direct physical threat to persons, property, infrastructure or institutions in that Member State, in particular those situations referred to in Article 1(1) of Council Framework Decision 2002/475/JHA of 13 June 2002 on combating terrorism ²;

(c) 'competent authority' shall mean the national authority which may make requests and give authorisations regarding the deployment of the special intervention units.

Article 3

Assistance to another Member State

1. Through a request via the competent authorities, setting out the nature of the assistance requested as well as the operational necessity therefor, a Member State may ask to be assisted by a special intervention unit of another Member State with

---

a view to dealing with a crisis situation. The competent authority of the requested Member State may accept or refuse such a request or may propose a different kind of assistance.

2. Subject to agreement between the Member States concerned, assistance may consist of providing the requesting Member State with equipment and/or expertise and/or of carrying out actions on the territory of that Member State, using weapons if so required.

3. In the case of actions on the territory of the requesting Member State, officers of the assisting special intervention unit shall be authorised to operate in a supporting capacity on the territory of the requesting Member State and take all necessary measures to provide the requested assistance in so far as they:

(a) operate under the responsibility, authority and direction of the requesting Member State and in accordance with the law of the requesting Member State; and

(b) operate within the limits of their powers under their national law.

Article 4

Civil and criminal liability

When officers of a Member State operate within another Member State and/or equipment is used under this Decision, the provisions on civil and criminal liability, set out in Articles 21(4) and (5) and 22 of the Prüm Decision shall apply.

Article 5

Meetings and joint training

The participating Member States shall ensure that their special intervention units hold meetings and organise joint training and exercises, whenever necessary, with a view to exchanging experience, expertise and general, practical and technical information on dealing with a crisis situation. Such meetings, training and exercises may be funded under possibilities offered by the financial programmes of the Union to obtain grants from the budget of the European Union. In this context, the Member State holding the Presidency of the Union shall endeavour to ensure that such meetings, training and exercises take place.

Article 6

Costs

The requesting Member State shall bear the operational costs incurred by the requested Member State's special intervention units in connection with the application of Article 3, including transport and accommodation costs, unless otherwise agreed between the Member States concerned.

Article 7

Relation to other instruments

1. Without prejudice to their commitments under other acts adopted pursuant to Title VI of the Treaty, in particular the Prüm Decision:

(a) Member States may continue to apply bilateral or multilateral agreements or arrangements on cross-border cooperation in force on 23 June 2008 in so far as such agreements or arrangements are not incompatible with the objectives of this Decision;
(b) Member States may conclude or bring into force bilateral or multilateral agreements or arrangements on cross-border cooperation after 23 December 2008 in so far as such agreements or arrangements provide for the objectives of this Decision to be extended or enlarged.

2. The agreements and arrangements referred to in paragraph 1 may not affect relations with Member States which are not parties thereto.

3. Member States shall inform the Council and the Commission of the agreements or arrangements referred to in paragraph 1.

Article 8

Final provisions

The General Secretariat of the Council shall compile and keep up to date the list of the competent authorities of the Member States which may make requests and give authorisations for providing assistance as referred to in Article 3.

The General Secretariat of the Council shall inform the authorities mentioned in paragraph 1 of any change to the list established pursuant to this Article.

Article 9

Entry into force

This Decision shall enter into force on 23 December 2008.

TEXT OF 2009 COUNCIL DECISION

COUNCIL DECISION 2009/426/JHA

of 16 December 2008

on the strengthening of Eurojust and amending Decision 2002/187/JHA setting up Eurojust with a view to reinforcing the fight against serious crime

[...]]

[SCHEDULE 7C

Text of 2018 Regulation

REGULATION (EU) 2018/1727 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL

221
of 14 November 2018

on the European Union Agency for Criminal Justice Cooperation (Eurojust), and replacing and repealing Council Decision 2002/187/JHA

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 85 thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Acting in accordance with the ordinary legislative procedure (1),

Whereas:

(1) Eurojust was set up by Council Decision 2002/187/JHA (2) as a Union body with legal personality, to stimulate and to improve coordination and cooperation between competent judicial authorities of the Member States, particularly in relation to serious organised crime. Eurojust’s legal framework has been amended by Council Decisions 2003/659/JHA (3) and 2009/426/JHA (4).

(2) Article 85 of the Treaty on the Functioning of the European Union (TFEU) provides for Eurojust to be governed by a regulation, adopted in accordance with the ordinary legislative procedure. It also requires determining arrangements for involving the European Parliament and national parliaments in the evaluation of Eurojust’s activities.

(3) Article 85 TFEU also provides that Eurojust’s mission is to support and strengthen coordination and cooperation between national investigating and prosecuting authorities in relation to serious crime affecting two or more Member States or requiring prosecution on common bases, on the basis of operations conducted and information supplied by the Member States’ authorities and by the European Union Agency for Law Enforcement Cooperation (Europol).

(4) This Regulation aims to amend and expand the provisions of Decision 2002/187/JHA. Since the amendments to be made are of substantial number and nature, Decision 2002/187/JHA should in the interests of clarity be replaced in its entirety in relation to the Member States bound by this Regulation.

(5) As the European Public Prosecutor’s Office (EPPO) has been established by means of enhanced cooperation, Council Regulation (EU) 2017/1939 (5)) is binding in its entirety and directly applicable only to Member States that participate in enhanced cooperation. Therefore, for those Member States which do not participate in the

EPPO, Eurojust remains fully competent for forms of serious crime listed in Annex I to this Regulation.

(6) Article 4(3) of the Treaty on European Union (TEU) recalls the principle of sincere cooperation by virtue of which the Union and the Member States are, in full mutual respect, to assist each other in carrying out tasks which flow from the TEU and the TFEU.

(7) In order to facilitate cooperation between Eurojust and the EPPO, Eurojust should address issues of relevance to the EPPO whenever necessary.

(8) In light of the establishment of the EPPO by means of enhanced cooperation, the division of competences between the EPPO and Eurojust with respect to crimes affecting the financial interests of the Union needs to be clearly established. From the date on which the EPPO assumes its tasks, Eurojust should be able to exercise its competence in cases which concern crimes for which the EPPO is competent, where those crimes involve both Member States which participate in enhanced cooperation on the establishment of the EPPO and Member States which do not participate in such enhanced cooperation. In such cases, Eurojust should act at the request of the non-participating Member States or at the request of the EPPO. Eurojust should in any case remain competent for offences affecting the financial interests of the Union whenever the EPPO is not competent or where, although the EPPO is competent, it does not exercise its competence. The Members States which do not participate in enhanced cooperation on the establishment of the EPPO may continue to request Eurojust’s support in all cases regarding offences affecting the financial interests of the Union. The EPPO and Eurojust should develop close operational cooperation in line with their respective mandates.

(9) In order for Eurojust to fulfil its mission and develop its full potential in the fight against serious cross-border crime, its operational functions should be strengthened by reducing the administrative workload of national members, and its European dimension enhanced through the Commission’s participation in the Executive Board and the increased involvement of the European Parliament and national parliaments in the evaluation of its activities.

(10) Therefore, this Regulation should determine the arrangements for parliamentary involvement, modernising Eurojust’s structure and simplifying its current legal framework, while maintaining those elements that have proven to be efficient in its operation.

(11) The forms of serious crime affecting two or more Member States for which Eurojust is competent should be clearly laid down. In addition, cases which do not involve two or more Member States, but which require a prosecution on common bases, should be defined. Such cases may include investigations and prosecutions affecting only one Member State and a third country where an agreement has been concluded with that third country or where there may be a specific need for Eurojust’s involvement. Such prosecution may also refer to cases which affect one Member State and have repercussions at Union level.

(12) When exercising its operational functions in relation to concrete criminal cases, at the request of the competent authorities of Member States or on its own initiative, Eurojust should act either through one or more of the national members or as a College. By acting on its own initiative, Eurojust may take a more proactive role in coordinating cases, such as by supporting the national authorities in their investigations and prosecutions. This may include involving Member States that might not initially have been included in the case and discovering links between cases based on the information it receives from Europol, the European Anti-Fraud Office (OLAF), the EPPO and national authorities. This also allows Eurojust to produce guidelines, policy documents and casework-related analyses as part of its strategic work.
At the request of a Member State’s competent authority or of the Commission, it should also be possible for Eurojust to assist with investigations involving only that Member State but which have repercussions at Union level. Examples of such investigations include cases where a member of a Union institution or body is involved. Such investigations also cover cases which involve a significant number of Member States and could potentially require a coordinated European response.

The written opinions of Eurojust are not binding on Member States, but should be responded to in accordance with this Regulation.

To ensure Eurojust can support and coordinate cross-border investigations appropriately, it is necessary that all national members have the necessary operational powers with respect to their Member State and in accordance with the law of that Member State in order to cooperate between themselves and with national authorities in a more coherent and effective way. National members should be granted those powers that allow Eurojust to appropriately achieve its mission. Those powers should include accessing relevant information in national public registers, directly contacting and exchanging information with competent authorities and participating in joint investigation teams. National members may, in accordance with their national law, retain the powers which are derived from their capacity as national authorities. In agreement with the competent national authority or in urgent cases, national members may also order investigative measures and controlled deliveries, and issue and execute requests for mutual legal assistance or mutual recognition. Since those powers are to be exercised in accordance with national law, the courts of Member States should be competent to review those measures, in accordance with the requirements and procedures laid down by national law.

It is necessary to provide Eurojust with an administrative and management structure that allows it to perform its tasks more effectively, complies with the principles applicable to Union agencies, and fully respects fundamental rights and freedoms, while maintaining Eurojust’s special characteristics and safeguarding its independence in the exercise of its operational functions. To that end, the functions of the national members, the College and the Administrative Director should be clarified and an Executive Board established.

Provisions should be laid down to clearly distinguish between the operational and the management functions of the College, thus reducing the administrative burden on national members to a minimum so that the focus is put on Eurojust’s operational work. The management tasks of the College should include in particular the adoption of Eurojust’s work programmes, budget, annual activity report, and working arrangements with partners. The College should exercise the power of appointing authority with respect to the Administrative Director. The College should also adopt Eurojust’s rules of procedure. Since those rules of procedure may have an impact on the judicial activities of the Member States, implementing powers should be conferred on the Council to approve those rules.

To improve Eurojust’s governance and streamline procedures, an Executive Board should be established to assist the College in its management functions and to allow for streamlined decision-making on non-operational and strategic issues.

The Commission should be represented in the College when the College exercises its management functions. The Commission’s representative in the College should be also its representative on the Executive Board, to ensure non-operational supervision of Eurojust and to provide it with strategic guidance.

In order to ensure the efficient day-to-day administration of Eurojust, the Administrative Director should be its legal representative and manager, accountable to the College. The Administrative Director should prepare and implement the decisions of the College and the Executive Board. The Administrative Director should be appointed on the basis of merit, and of his or her documented administrative and managerial skills, as well as relevant competence and experience.
(21) A President and two Vice-Presidents of Eurojust should be elected by the College from among the national members for a term of office of four years. When a national member is elected President, the Member State concerned should be able to second another suitably qualified person to the national desk and to apply for compensation from Eurojust’s budget.

(22) Suitably qualified persons are persons who have the necessary qualifications and experience to perform the tasks required to ensure that the national desk functions effectively. They may have the status of a deputy or Assistant to the national member who has been elected President or they may have a more administrative or technical function. Each Member State should be able to decide on its own requirements in this regard.

(23) Quorum and voting procedures should be regulated in Eurojust’s rules of procedure. In exceptional cases, where a national member and his or her deputy are absent, the Assistant of the national member concerned should be entitled to vote in the College if the Assistant has the status of a magistrate, i.e. a prosecutor, judge or representative of a judicial authority.

(24) Since the compensation mechanism has a budgetary impact, this Regulation should confer implementing powers to determine that mechanism on the Council.

(25) The setting up of an on-call coordination mechanism within Eurojust is necessary to make Eurojust more efficient and enable it to be available around the clock to intervene in urgent cases. Each Member State should ensure that their representatives in the on-call coordination mechanism are available to act 24 hours a day, seven days a week.

(26) Eurojust national coordination systems should be set up in the Member States to coordinate the work carried out by the national correspondents for Eurojust, the national correspondent for terrorism matters, any national correspondent for issues relating to the competence of the EPPO, the national correspondent for the European Judicial Network and up to three other contact points, as well as representatives in the network for joint investigation teams and representatives in the networks set up by Council Decisions 2002/494/JHA (1), 2007/845/JHA (2) and 2008/852/JHA (3). Member States may decide that one or more of those tasks are to be performed by the same national correspondent.

(27) For the purposes of stimulating and strengthening coordination and cooperation between national investigating and prosecuting authorities, it is crucial that Eurojust receive information from national authorities that is necessary for the performance of its tasks. To that end, competent national authorities should inform their national members of the setting up and results of joint investigation teams without undue delay. Competent national authorities should also inform national members without undue delay of cases falling under the competence of Eurojust that directly involve at least three Member States and for which requests or decisions on judicial cooperation have been transmitted to at least two Member States. Under certain circumstances, they should also inform national members of conflicts of jurisdiction, controlled deliveries and repeated difficulties in judicial cooperation.

Directive (EU) 2016/680 of the European Parliament and of the Council (1) sets out harmonised rules for the protection and the free movement of personal data processed for the purposes of the prevention, investigation, detection or prosecution of criminal offences or the execution of criminal penalties, including the safeguarding against and the prevention of threats to public security. In order to ensure the same level of protection for natural persons through legally enforceable rights throughout the Union and to prevent divergences hampering the exchange of personal data between Eurojust and competent authorities in Member States, the rules for the protection and the free movement of operational personal data processed by Eurojust should be consistent with Directive (EU) 2016/680.

(29) The general rules of the distinct Chapter of Regulation (EU) 2018/1725 of the European Parliament and of the Council (2) on the processing of operational personal data should apply without prejudice to the specific data protection rules of this Regulation. Such specific rules should be regarded as lex specialis to the provisions in that Chapter of Regulation (EU) 2018/1725 (lex specialis derogat legi generali). In order to reduce legal fragmentation, specific data protection rules in this Regulation should be consistent with the principles underpinning that Chapter of Regulation (EU) 2018/1725, as well as with the provisions of that Regulation relating to independent supervision, remedies, liability and penalties.

(30) The protection of the rights and freedoms of data subjects requires a clear attribution of responsibilities for data protection under this Regulation. Member States should be responsible for the accuracy of data they have transmitted to Eurojust and which have been processed unaltered by Eurojust, for keeping such data up to date and for the legality of transmitting those data to Eurojust. Eurojust should be responsible for the accuracy of data provided by other data suppliers or resulting from Eurojust’s own analyses or data collection and for keeping such data up to date. Eurojust should ensure that data are processed fairly and lawfully, and are collected and processed for a specific purpose. Eurojust should also ensure that the data are adequate, relevant, not excessive in relation to the purpose for which they are processed, stored no longer than is necessary for that purpose, and processed in a manner that ensures appropriate security of personal data and confidentiality of data processing.

(31) Appropriate safeguards for the storage of operational personal data for archiving purposes in the public interest or statistical purposes should be included in Eurojust’s rules of procedure.

(32) A data subject should be able to exercise the right of access referred to in Regulation (EU) 2018/1725 to operational personal data relating to him or her which are processed by Eurojust. The data subject may make such a request at reasonable intervals, free of charge, to Eurojust or to the national supervisory authority in the Member State of the data subject’s choice.

(33) The data protection provisions of this Regulation are without prejudice to the applicable rules on the admissibility of personal data as evidence in criminal pre-trial and court proceedings.

(34) All processing of personal data by Eurojust, within the framework of its competence, for the fulfilment of its tasks should be considered as processing of operational personal data.

(35) As Eurojust also processes administrative personal data unrelated to criminal investigations, the processing of such data should be subject to the general rules of Regulation (EU) 2018/1725.

(36) Where operational personal data are transmitted or supplied to Eurojust by the Member State, the competent authority, the national member or the national correspondent for Eurojust should have the right to request rectification or erasure of those operational personal data.

(37) In order to demonstrate compliance with this Regulation, Eurojust or the authorised processor should maintain records regarding all categories of processing activities under its responsibility. Eurojust and each authorised processor should be obliged to cooperate with the European Data Protection Supervisor (the ‘EDPS’) and to make those records available to it on request, so that they might serve for monitoring those processing operations. Eurojust or its authorised processor, when processing personal data in non-automated processing systems, should have in place effective methods of demonstrating the lawfulness of the processing, of enabling self-monitoring and of ensuring data integrity and data security, such as logs or other forms of records.

(38) The Executive Board of Eurojust should designate a Data Protection Officer who should be a member of the existing staff. The person designated as Data Protection Officer of Eurojust should have received specialised training in data protection law and practice for acquiring expert knowledge in that field. The necessary level of expert knowledge should be determined in relation to the data processing carried out and the protection required for the personal data processed by Eurojust.

(39) The EDPS should be responsible for monitoring and ensuring the complete application of the data protection provisions of this Regulation with regard to processing of operational personal data by Eurojust. The EDPS should be granted powers allowing him or her to fulfil this duty effectively. The EDPS should have the right to consult Eurojust regarding submitted requests, to refer matters to Eurojust for the purpose of addressing concerns that have emerged regarding its processing of operational personal data, to make proposals for improving the protection of the data subjects, and to order Eurojust to carry out specific operations with regard to processing of operational personal data. As a result, the EDPS requires the means to have the orders complied with and executed. He or she should therefore also have the power to warn Eurojust. To warn means to issue an oral or written reminder of Eurojust’s obligation to execute the EDPS’ orders or to comply with the proposals of the EDPS and a reminder of the measures to be applied upon any non-compliance or refusal by Eurojust.

(40) The duties and powers of the EDPS, including the power to order Eurojust to carry out the rectification, restriction of processing or erasure of operational personal data which have been processed in breach of the data protection provisions contained in this Regulation, should not extend to the personal data contained in national case files.

(41) In order to facilitate cooperation between the EDPS and the national supervisory authorities, but without prejudice to the independence of the EDPS or to his or her responsibility for supervision of Eurojust with regard to data protection, the EDPS and national supervisory authorities should regularly meet within the European Data Protection Board, in line with the rules on coordinated supervision laid down in Regulation (EU) 2018/1725.

(42) As the first recipient on the territory of the Union of data provided by or retrieved from third countries or international organisations, Eurojust should be
responsible for the accuracy of such data. Eurojust should take measures to verify as far as possible the accuracy of the data upon receiving the data or when making data available to other authorities.

(43) Eurojust should be subject to the general rules on contractual and non-contractual liability applicable to Union institutions, bodies, offices and agencies.

(44) Eurojust should be able to exchange relevant personal data and maintain cooperative relations with other Union institutions, bodies, offices or agencies to the extent necessary for the fulfilment of its or their tasks.

(45) To guarantee purpose limitation, it is important to ensure that personal data can be transferred by Eurojust to third countries and international organisations only if necessary for preventing and combating crime that falls within Eurojust’s tasks. To this end, it is necessary to ensure that, when personal data are transferred, the recipient gives an undertaking that the data will be used by the recipient or transferred onward to a competent authority of a third country solely for the purpose for which they were originally transferred. Further onward transfer of the data should take place in compliance with this Regulation.

(46) All Member States are affiliated to the International Criminal Police Organisation (Interpol). To fulfil its mission, Interpol receives, stores and circulates personal data to assist competent authorities in preventing and combating international crime. It is therefore appropriate to strengthen cooperation between the Union and Interpol by promoting an efficient exchange of personal data while ensuring respect for fundamental rights and freedoms regarding the automatic processing of personal data. Where operational personal data are transferred from Eurojust to Interpol, and to countries which have delegated members to Interpol, this Regulation, in particular the provisions on international transfers, should apply. This Regulation should be without prejudice to the specific rules laid down in Council Common Position 2005/69/JHA (1) and Council Decision 2007/533/JHA (2).

(47) When Eurojust transfers operational personal data to an authority of a third country or to an international organisation by virtue of an international agreement concluded pursuant to Article 218 TFEU, adequate safeguards should be provided for with respect to the protection of privacy and fundamental rights and freedoms of individuals to ensure that the applicable data protection rules are complied with.

(48) Eurojust should ensure that a transfer to a third country or to an international organisation takes place only if necessary for the prevention, investigation, detection or prosecution of criminal offences or the execution of criminal penalties, including the safeguarding against and the prevention of threats to public security, and that the controller in the third country or international organisation is an authority competent within the meaning of this Regulation. A transfer should be carried out only by Eurojust acting as controller. Such a transfer may take place in cases where the Commission has decided that the third country or international organisation in question ensures an adequate level of protection, where appropriate safeguards have been provided, or where derogations for specific situations apply.

(49) Eurojust should be able to transfer personal data to an authority of a third country or an international organisation on the basis of a Commission decision finding that the country or international organisation in question ensures an adequate level of data protection (‘adequacy decision’), or, in the absence of an adequacy decision, an international agreement concluded by the Union pursuant to Article 218 TFEU, or a cooperation agreement allowing for the exchange of personal data concluded

between Eurojust and the third country prior to the date of application of this Regulation.

(50) Where the College identifies an operational need for cooperation with a third country or an international organisation, it should be able to suggest that the Council draw the attention of the Commission to the need for an adequacy decision or for a recommendation for the opening of negotiations on an international agreement pursuant to Article 218 TFEU.

(51) Transfers not based on an adequacy decision should be allowed only where appropriate safeguards have been provided in a legally binding instrument which ensures the protection of personal data or where Eurojust has assessed all the circumstances surrounding the data transfer and, on the basis of that assessment, considers that appropriate safeguards with regard to the protection of personal data exist. Such legally binding instruments could, for example, be legally binding bilateral agreements which have been concluded by the Member States and implemented in their legal order and which could be enforced by their data subjects, ensuring compliance with data protection requirements and the rights of the data subjects, including the right to obtain effective administrative or judicial redress. Eurojust should be able to take into account cooperation agreements concluded between Eurojust and third countries which allow for the exchange of personal data when carrying out the assessment of all the circumstances surrounding the data transfer. Eurojust should be able to also take into account the fact that the transfer of personal data will be subject to confidentiality obligations and the principle of specificity, ensuring that the data will not be processed for other purposes than for the purposes of the transfer. In addition, Eurojust should take into account that the personal data will not be used to request, hand down or execute a death penalty or any form of cruel and inhuman treatment. While those conditions could be considered to be appropriate safeguards allowing the transfer of data, Eurojust should be able to require additional safeguards.

(52) Where no adequacy decision or appropriate safeguards exist, a transfer or a category of transfers could take place only in specific situations, if necessary to protect the vital interests of the data subject or another person, or to safeguard legitimate interests of the data subject where the law of the Member State transferring the personal data so provides; for the prevention of an immediate and serious threat to the public security of a Member State or a third country; in an individual case for the purposes of the prevention, investigation, detection or prosecution of criminal offences or the execution of criminal penalties, including the safeguarding against and the prevention of threats to public security; or in an individual case for the establishment, exercise or defence of legal claims. Those derogations should be interpreted restrictively and should not allow frequent, massive and structural transfers of personal data, or large-scale transfers of data, but should be limited to data strictly necessary. Such transfers should be documented and should be made available to the EDPS on request in order to monitor the lawfulness of the transfer.

(53) In exceptional cases, Eurojust should be able to extend the deadlines for the storage of operational personal data in order to achieve its objectives, subject to observance of the purpose limitation principle applicable to processing of personal data in the context of all its activities. Such decisions should be taken following careful consideration of all interests at stake, including those of the data subjects. Any extension of a deadline for processing personal data in cases where prosecution is time-barred in all Member States concerned should be decided only where there is a specific need to provide assistance under this Regulation.

(54) Eurojust should maintain privileged relations with the European Judicial Network based on consultation and complementarity. This Regulation should help clarify the respective roles of Eurojust and the European Judicial Network and their mutual relations, while maintaining the specificity of the European Judicial Network.
(55) Eurojust should maintain cooperative relations with other Union institutions, bodies, offices and agencies, with the EPPO, with the competent authorities of third countries and with international organisations, to the extent required for the fulfilment of its tasks.

(56) To enhance operational cooperation between Eurojust and Europol, and particularly to establish links between data already in the possession of either agency, Eurojust should enable Europol to have access, on the basis of a hit/no-hit system, to data held by Eurojust. Eurojust and Europol should ensure that the necessary arrangements are established to optimise their operational cooperation, taking due account of their respective mandates and any restrictions provided by the Member States. These working arrangements should ensure access to, and the possibility of searching, all information that has been provided to Europol for the purpose of cross-checking in accordance with the specific safeguards and data protection guarantees provided for in this Regulation. Any access by Europol to data held by Eurojust should be limited by technical means to information falling within the respective mandates of those Union agencies.

(57) Eurojust and Europol should keep each other informed of any activity involving the financing of joint investigation teams.

(58) Eurojust should be able to exchange personal data with Union institutions, bodies, offices and agencies to the extent necessary for the fulfilment of its tasks, with full respect for the protection of privacy and other fundamental rights and freedoms.

(59) Eurojust should enhance its cooperation with competent authorities of third countries and international organisations on the basis of a strategy drawn up in consultation with the Commission. For that purpose, provision should be made for Eurojust to post liaison magistrates to third countries in order to achieve objectives similar to those assigned to liaison magistrates seconded by the Member States on the basis of Council Joint Action 96/277/JHA (1).

(60) Provision should be made for Eurojust to coordinate the execution of requests for judicial cooperation issued by a third country, where those requests require execution in at least two Member States as part of the same investigation. Eurojust should only undertake such coordination with the agreement of the Member States concerned.

(61) To guarantee the full autonomy and independence of Eurojust, it should be granted an autonomous budget sufficient to properly carry out its work, with revenue coming essentially from a contribution from the budget of the Union, except as regards the salaries and emoluments of the national members, deputies and Assistants, which are borne by their Member State. The Union budgetary procedure should be applicable as far as the Union contribution and other subsidies chargeable to the general budget of the Union are concerned. The auditing of accounts should be undertaken by the Court of Auditors and approved by the Committee on Budgetary Control of the European Parliament.

(62) In order to increase the transparency and democratic oversight of Eurojust, it is necessary to provide a mechanism pursuant to Article 85(1) TFEU for the joint evaluation of Eurojust’s activities by the European Parliament and national parliaments. The evaluation should take place in the framework of an inter-parliamentary committee meeting in the premises of the European Parliament in Brussels, with the participation of members of the competent committees of the European Parliament and of the national parliaments. The interparliamentary committee meeting should

---

fully respect Eurojust’s independence as regards actions to be taken in specific operational cases and as regards the obligation of discretion and confidentiality.

(63) It is appropriate to evaluate the application of this Regulation regularly.

(64) Eurojust’s functioning should be transparent in accordance with Article 15(3) TFEU. Specific provisions on how the right of public access to documents is ensured should be adopted by the College. Nothing in this Regulation is intended to restrict the right of public access to documents in so far as it is guaranteed in the Union and in the Member States, in particular under Article 42 of the Charter of Fundamental Rights of the European Union (the ‘Charter’). The general rules on transparency that apply to Union agencies should also apply to Eurojust in a way that does not jeopardise in any manner the obligation of confidentiality in its operational work. Administrative inquiries conducted by the European Ombudsman should respect the obligation of confidentiality of Eurojust.

(65) In order to increase Eurojust’s transparency vis-à-vis Union citizens and its accountability, Eurojust should publish a list of its Executive Board members on its website and, where appropriate, summaries of the outcome of the meetings of the Executive Board, while respecting data protection requirements.

(68) The necessary provisions regarding accommodation for Eurojust in the Member State in which it has its headquarters, that is to say in the Netherlands, and the specific rules applicable to all Eurojust’s staff and members of their families should be laid down in a headquarters agreement. The host Member State should provide the best possible conditions to ensure the functioning of Eurojust, including multilingual, European-oriented schooling and appropriate transport connections, so as to attract high-quality human resources from as wide a geographical area as possible.

(69) Eurojust as established by this Regulation should be the legal successor of Eurojust as established by Decision 2002/187/JHA with respect to all its contractual obligations, including employment contracts, liabilities and properties acquired. International agreements concluded by Eurojust as established by that Decision should remain in force.

(70) Since the objective of this Regulation, namely the setting up of an entity responsible for supporting and strengthening coordination and cooperation between judicial authorities of the Member States in relation to serious crime affecting two or more Member States or requiring a prosecution on common bases, cannot be sufficiently achieved by the Member States but can rather, by reason of the scale and effects of the action, be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 TEU. In accor-

---

dance with the principle of proportionality as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve that objective.

(71) In accordance with Articles 1 and 2 and Article 4a(1) of Protocol No 21 on the position of the United Kingdom and Ireland in respect of the area of freedom, security and justice, annexed to the TEU and to the TFEU, and without prejudice to Article 4 of that Protocol, those Member States are not taking part in the adoption of this Regulation and are not bound by it or subject to its application.

(72) In accordance with Articles 1 and 2 of the Protocol No 22 on the position of Denmark, annexed to the TEU and to the TFEU, Denmark is not taking part in the adoption of this Regulation and is not bound by it or subject to its application.

(73) The EDPS was consulted in accordance with Article 28(2) of Regulation (EC) No 45/2001 of the European Parliament and of the Council (1) and delivered an opinion on 5 March 2014.

(74) This Regulation fully respects the fundamental rights and safeguards and observes the principles recognised in particular by the Charter,

HAVE ADOPTED THIS REGULATION:

CHAPTER I
ESTABLISHMENT, OBJECTIVES AND TASKS OF EUROJUST

Article 1

Establishment of the European Union Agency for Criminal Justice Cooperation

1. The European Union Agency for Criminal Justice Cooperation (Eurojust) is hereby established.

2. Eurojust as established by this Regulation shall replace and succeed Eurojust as established by Decision 2002/187/JHA.

3. Eurojust shall have legal personality.

Article 2

Tasks

1. Eurojust shall support and strengthen coordination and cooperation between national investigating and prosecuting authorities in relation to serious crime which Eurojust is competent to deal with in accordance with Article 3(1) and (3), where that crime affects two or more Member States, or requires prosecution on common bases, on the basis of operations conducted and information supplied by the Member States’ authorities, by Europol, by the EPPO and by OLAF.

2. In carrying out its tasks, Eurojust shall:

   (a) take into account any request emanating from a competent authority of a Member State, any information provided by Union authorities, institutions, bodies, offices and agencies competent by virtue of provisions adopted within the framework of the Treaties and any information collected by Eurojust itself;

(b) facilitate the execution of requests for, and decisions on, judicial cooperation, including requests and decisions based on instruments that give effect to the principle of mutual recognition.

3. Eurojust shall carry out its tasks at the request of the competent authorities of the Member States, on its own initiative or at the request of the EPPO within the limits of the EPPO’s competence.

Article 3

Competence of Eurojust

1. Eurojust shall be competent with respect to the forms of serious crime listed in Annex I. However, as of the date on which the EPPO assumes its investigative and prosecutorial tasks in accordance with Article 120(2) of Regulation (EU) 2017/1939, Eurojust shall not exercise its competence with regard to crimes for which the EPPO exercises its competence, except in those cases where Member States which do not participate in enhanced cooperation on the establishment of the EPPO are also involved and at the request of those Member States or at the request of the EPPO.

2. Eurojust shall exercise its competence for crimes affecting the financial interests of the Union in cases involving Member States which participate in enhanced cooperation on the establishment of the EPPO but in respect of which the EPPO does not have competence or decides not to exercise its competence.

Eurojust, the EPPO and the Member States concerned shall consult and cooperate with each other to facilitate Eurojust’s exercise of competence under this paragraph. The practical details of its exercise of competence under this paragraph shall be governed by a working arrangement as referred to in Article 47(3).

3. As regards forms of crime other than those listed in Annex I, Eurojust may also, in accordance with its tasks, assist with investigations and prosecutions where requested by a competent authority of a Member State.

4. Eurojust’s competence shall cover criminal offences related to the criminal offences listed in Annex I. The following categories of offences shall be regarded as related criminal offences:

(a) criminal offences committed in order to procure the means of committing the serious crimes listed in Annex I;

(b) criminal offences committed in order to facilitate or commit the serious crimes listed in Annex I;

(c) criminal offences committed in order to ensure the impunity of those committing the serious crimes listed in Annex I.

5. At the request of a Member State’s competent authority, Eurojust may also assist with investigations and prosecutions that only affect that Member State and a third country, provided that a cooperation agreement or arrangement establishing cooperation pursuant to Article 52 has been concluded with that third country or provided that in a specific case there is an essential interest in providing such assistance.

6. At the request of either the competent authority of a Member State or the Commission, Eurojust may assist in investigations and prosecutions that only affect that Member State but which have repercussions at Union level. Before acting at the request of the Commission, Eurojust shall consult the competent authority of the Member State concerned. That competent authority may, within a deadline set by Eurojust, oppose the execution of the request by Eurojust, justifying its position in every case.

Article 4
Operational functions of Eurojust

1. Eurojust shall:

(a) inform the competent authorities of the Member States of investigations and prosecutions of which it has been informed which have repercussions at Union level or which might affect Member States other than those directly concerned;

(b) assist the competent authorities of the Member States in ensuring the best possible coordination of investigations and prosecutions;

(c) assist in improving cooperation between the competent authorities of the Member States, in particular on the basis of Europol’s analyses;

(d) cooperate and consult with the European Judicial Network in criminal matters, including by making use of and contributing to the improvement of the documentary database of the European Judicial Network;

(e) cooperate closely with the EPPO on matters relating to its competence;

(f) provide operational, technical and financial support to Member States’ cross-border operations and investigations, including to joint investigation teams;

(g) support, and where appropriate participate in, the Union centres of specialised expertise developed by Europol and other Union institutions, bodies, offices and agencies;

(h) cooperate with Union institutions, bodies, offices and agencies, as well as networks established in the area of freedom, security and justice regulated under Title V of the TFEU;

(i) support Member States’ action in combating forms of serious crime listed in Annex I.

2. In carrying out its tasks, Eurojust may ask the competent authorities of the Member States concerned, giving its reasons, to:

(a) undertake an investigation or prosecution of specific acts;

(b) accept that one of them may be in a better position to undertake an investigation or to prosecute specific acts;

(c) coordinate between the competent authorities of the Member States concerned;

(d) set up a joint investigation team in accordance with the relevant cooperation instruments;

(e) provide it with any information that is necessary for carrying out its tasks;

(f) take special investigative measures;

(g) take any other measure justified for the investigation or prosecution.

3. Eurojust may also:

(a) provide Europol with opinions based on analyses carried out by Europol;

(b) supply logistical support, including translation, interpretation and the organisation of coordination meetings.

4. Where two or more Member States cannot agree as to which of them should undertake an investigation or prosecution following a request under points (a) or (b)
of paragraph 2, Eurojust shall issue a written opinion on the case. Eurojust shall send the opinion to the Member States concerned immediately.

5. At the request of a competent authority, or on its own initiative, Eurojust shall issue a written opinion on recurrent refusals or difficulties concerning the execution of requests for, and decisions on, judicial cooperation, including requests and decisions based on instruments giving effect to the principle of mutual recognition, provided that it is not possible to resolve such cases through mutual agreement between the competent national authorities or through the involvement of the national members concerned. Eurojust shall send the opinion to the Member States concerned immediately.

6. The competent authorities of the Member States concerned shall respond to requests from Eurojust under paragraph 2 and to the written opinions referred to in paragraph 4 or 5 without undue delay. The competent authorities of the Member States may refuse to comply with such requests or to follow the written opinion if doing so would harm essential national security interests, would jeopardise the success of an ongoing investigation or would jeopardise the safety of an individual.

**Article 5**

**Exercise of operational and other functions**

1. Eurojust shall act through one or more of the national members concerned when taking any of the actions referred to in Article 4(1) or (2). Without prejudice to paragraph 2 of this Article, the College shall focus on operational issues and any other issues that are directly linked to operational matters. The College shall only be involved in administrative matters to the extent necessary to ensure that its operational functions are fulfilled.

2. Eurojust shall act as a College:

   (a) when taking any of the actions referred to in Article 4(1) or (2):

      (i) at the request of one or more of the national members concerned by a case dealt with by Eurojust;

      (ii) where the case involves investigations or prosecutions which have repercussions at Union level or which might affect Member States other than those directly concerned;

   (b) when taking any of the actions referred to in Article 4(3), (4) or (5);

   (c) where a general question relating to the achievement of its operational objectives is involved;

   (d) when adopting Eurojust’s annual budget, in which case the decision shall be taken by a majority of two thirds of its members;

   (e) when adopting the programming document referred to in Article 15 or the annual report on Eurojust’s activities, in which cases the decision shall be taken by a majority of two thirds of its members;

   (f) when electing or dismissing the President and Vice-Presidents under Article 11;

   (g) when appointing the Administrative Director or, where relevant, extending his or her term of office or removing him or her from office under Article 17;

   (h) when adopting working arrangements under Articles 47(3) and 52;
(i) when adopting rules for the prevention and management of conflicts of interest in respect of its members, including in relation to their declaration of interests;

(j) when adopting reports, policy papers, guidelines for the benefit of national authorities and opinions pertaining to the operational work of Eurojust, whenever those documents are of a strategic nature;

(k) when appointing liaison magistrates in accordance with Article 53;

(l) when taking any decision which is not expressly attributed to the Executive Board by this Regulation or which is not under the responsibility of the Administrative Director in accordance with Article 18;

(m) when otherwise provided for in this Regulation.

3. When it fulfils its tasks, Eurojust shall indicate whether it is acting through one or more of the national members or as a College.

4. The College may assign additional administrative tasks to the Administrative Director and the Executive Board beyond those provided for in Articles 16 and 18, in accordance with its operational needs.

Where exceptional circumstances so require, the College may decide to suspend temporarily the delegation of the appointing authority powers to the Administrative Director and of those powers that have been sub-delegated by the latter, and to exercise them itself or to delegate them to one of its members or to a staff member other than the Administrative Director.

5. The College shall adopt Eurojust’s rules of procedure on the basis of a two-thirds majority of its members. In the event that agreement cannot be reached by a two-thirds majority, the decision shall be taken by simple majority. Eurojust’s rules of procedure shall be approved by the Council by means of implementing acts.

CHAPTER II

STRUCTURE AND ORGANISATION OF EUROJUST

SECTION I

Structure

Article 6

Structure of Eurojust

Eurojust shall comprise:

(a) the national members;
(b) the College;
(c) the Executive Board;
(d) the Administrative Director.

SECTION II

National members

Article 7

Status of national members
1. Eurojust shall have one national member seconded by each Member State in accordance with its legal system. That national member shall have his or her regular place of work at the seat of Eurojust.

2. Each national member shall be assisted by one deputy and by one Assistant. In principle, the deputy and the Assistant shall have their regular place of work at the seat of Eurojust. Each Member State may decide that the deputy or Assistant or both will have their regular place of work in their Member State. If a Member State takes such a decision, it shall notify the College. If the operational needs of Eurojust so require, the College may request the Member State to assign the deputy or Assistant or both to work at the seat of Eurojust for a specified period. The Member State shall comply with such a request from the College without undue delay.

3. Additional deputies or Assistants may assist the national member and, if necessary, and with the agreement of the College, may have their regular place of work at Eurojust. Member States shall notify Eurojust and the Commission of the appointment of national members, deputies and Assistants.

4. National members and deputies shall have the status of a prosecutor, a judge or a representative of a judicial authority with competences equivalent to those of a prosecutor or judge under their national law. The Member States shall grant them at least the powers referred to in this Regulation in order to be able to fulfil their tasks.

5. The terms of office of the national members and their deputies shall be five years, renewable once. In cases where a deputy is unable to act on behalf of a national member or is unable to substitute for a national member, the national member shall remain in office upon expiry of his or her term of office until the renewal of his or her term or his or her replacement, subject to the consent of their Member State.

6. Member States shall appoint national members and deputies on the basis of a proven high level of relevant, practical experience in the field of criminal justice.

7. The deputy shall be able to act on behalf of or to substitute for the national member. An Assistant may also act on behalf of or substitute for the national member if he or she has a status referred to in paragraph 4.

8. Operational information exchange between Eurojust and Member States shall take place through the national members.

9. The salaries and emoluments of the national members, deputies and Assistants shall be borne by their Member State without prejudice to Article 12.

10. Where national members, deputies and Assistants act within the framework of Eurojust’s tasks, the relevant expenditure related to those activities shall be regarded as operational expenditure.

Article 8

Powers of national members

1. The national members shall have the power to:

(a) facilitate or otherwise support the issuing or execution of any request for mutual legal assistance or mutual recognition;

(b) directly contact and exchange information with any competent national authority of the Member State or any other competent Union body, office or agency, including the EPPO;

This time shall be taken into account when the date of appearance is being fixed and when the summons is being transmitted.

**Article 8**

A witness or expert who has failed to answer a summons to appear, service of which has been requested, shall not, even if the summons contains a notice of penalty, be subjected to any punishment or measure of restraint, unless subsequently he voluntarily enters the territory of the requesting Party and is there again duly summoned.

Article 19

Reasons shall be given for any refusal of mutual assistance.

Article 20

Subject to the provisions of Article 10, paragraph 3, execution of requests for mutual assistance shall not entail refunding of expenses except those incurred by the attendance of experts in the territory of the requested Party or the transfer of a person in custody carried out under Article 11.

Chapter VI — Laying of information in connection with proceedings

2 This Convention does not apply to arrests, the enforcement of verdicts or offences under military law which are not offences under ordinary criminal law.

3 Mutual assistance may also be afforded in proceedings brought by the administrative authorities in respect of acts which are punishable under the national law of the requesting or the requested Party by virtue of being infringements of the rules of law, where the decision may give rise to proceedings before a court having jurisdiction in particular in criminal matters.

4 Mutual assistance shall not be refused solely on the grounds that it relates to acts for which a legal person may be held liable in the requesting Party.”

Article 2 — Presence of officials of the requesting Party

Article 4 of the Convention shall be supplemented by the following text, the original Article 4 of the Convention becoming paragraph 1 and the provisions below becoming paragraph 2:

“2 Requests for the presence of such officials or interested persons should not be refused where that presence is likely to render the execution of the request for assistance more responsive to the needs of the requesting Party and, therefore, likely to avoid the need for supplementary requests for assistance.”
Article 3 — Temporary transfer of detained persons to the territory of the requesting Party

Article 11 of the Convention shall be replaced by the following provisions:

"1 A person in custody whose personal appearance for evidentiary purposes other than for standing trial is applied for by the requesting Party shall be temporarily transferred to its territory, provided that he or she shall be sent back within the period stipulated by the requested Party and subject to the provisions of Article 12 of this Convention, in so far as these are applicable.

Transfer may be refused if:

a the person in custody does not consent;

b his or her presence is necessary at criminal proceedings pending in the territory of the requested Party;

c transfer is liable to prolong his or her detention, or

d there are other overriding grounds for not transferring him or her to the territory of the requesting Party.

2 Subject to the provisions of Article 2 of this Convention, in a case coming within paragraph 1, transit of the person in custody through the territory of a third Party, shall be granted on application, accompanied by all necessary documents, addressed by the Ministry of Justice of the requesting Party to the Ministry of Justice of the Party through whose territory transit is requested. A Party may refuse to grant transit to its own nationals.

3 The transferred person shall remain in custody in the territory of the requesting Party and, where applicable, in the territory of the Party through which transit is requested, unless the Party from whom transfer is requested applies for his or her release."

Article 4 — Channels of communication

Article 15 of the Convention shall be replaced by the following provisions:

"1 Requests for mutual assistance, as well as spontaneous information, shall be addressed in writing by the Ministry of Justice of the requesting Party to the Ministry of Justice of the requested Party and shall be returned through the same channels. However, they may be forwarded directly by the judicial authorities of the requesting Party to the judicial authorities of the requested Party and returned through the same channels.

2 Applications as referred to in Article 11 of this Convention and Article 13 of the Second Additional Protocol to this Convention shall in all cases be addressed by the Ministry of Justice of the requesting Party to the Ministry of Justice of the requested Party and shall be returned through the same channels.

Requests provided for in paragraph 2 of Article 13 of this Convention shall be addressed by the Ministry of Justice of the requesting Party to the Ministry of Justice of the requested Party.

6 Requests for copies of convictions and measures as referred to in Article 4 of the Additional Protocol to the Convention may be made directly to the competent authorities. Any Contracting State may, at any time, by a declaration addressed to the Secretary General of the Council of Europe, define what authorities it will, for the purpose of this paragraph, deem competent authorities.

7 In urgent cases, where direct transmission is permitted under this Convention, it may take place through the International Criminal Police Organisation (Interpol).

8 Any Party may, at any time, by a declaration addressed to the Secretary General of the Council of Europe, reserve the right to make the execution of requests, or specified requests, for mutual assistance dependent on one or more of the following conditions:

a) that a copy of the request be forwarded to the central authority designated in that declaration;

c) that, in case of direct transmission for reasons of urgency, a copy shall be transmitted at the same time to its Ministry of Justice;

d) that some or all requests for assistance shall be sent to it through channels other than those provided for in this article.

9 Requests for mutual assistance and any other communications under this Convention or its Protocols may be forwarded through any electronic or other means of telecommunication provided that the requesting Party is prepared, upon request, to produce at any time a written record of it and the original. However, any Contracting State, may by a declaration addressed at any time to the Secretary General of the Council of Europe, establish the conditions under which it shall be willing to accept and execute requests received by electronic or other means of telecommunication.

10 The provisions of this article are without prejudice to those of bilateral agreements or arrangements in force between Parties which provide for the direct transmission of requests for assistance between their respective authorities.”

Article 5 — Costs

Article 20 of the Convention shall be replaced by the following provisions:

“1 Parties shall not claim from each other the refund of any costs resulting from the application of this Convention or its Protocols, except:

b costs incurred by the transfer of a person in custody carried out under Articles 13 or 14 of the Second Additional Protocol to this Convention, or Article 11 of this Convention;
c costs of a substantial or extraordinary nature.

2 However, the cost of establishing a video or telephone link, costs related to the servicing of a video or telephone link in the requested Party, the remuneration of interpreters provided by it and allowances to witnesses and their travelling expenses in the requested Party shall be refunded by the requesting Party to the requested Party, unless the Parties agree otherwise.

3 Parties shall consult with each other with a view to making arrangements for the payment of costs claimable under paragraph 1.c above.

It subsequently may, at any time and in the same manner, change the terms of its declaration.”

**Chapter II**

**Article 7 — Postponed execution of requests**

1 The requested Party may postpone action on a request if such action would prejudice investigations, prosecutions or related proceedings by its authorities.

2 Before refusing or postponing assistance, the requested Party shall, where appropriate after having consulted with the requesting Party, consider whether the request may be granted partially or subject to such conditions as it deems necessary.

3 If the request is postponed, reasons shall be given for the postponement. The requested Party shall also inform the requesting Party of any reasons that render impossible the execution of the request or are likely to delay it significantly.

**Article 8 — Procedure**

Notwithstanding the provisions of Article 3 of the Convention, where requests specify formalities or procedures which are necessary under the law of the requesting Party, even if unfamiliar to the requested Party, the latter shall comply with such requests to the extent that the action sought is not contrary to fundamental principles of its law, unless otherwise provided for in this Protocol.

**Article 9 — Hearing by video conference**

1 If a person is in one Party’s territory and has to be heard as a witness or expert by the judicial authorities of another Party, the latter may, where it is not desirable or possible for the person to be heard to appear in its territory in person, request that the hearing take place by video conference, as provided for in paragraphs 2 to 7.

2 The requested Party shall agree to the hearing by video conference provided that the use of the video conference is not contrary to fundamental principles of its law and on condition that it has the technical means to carry out the hearing. If the requested Party has no access to the technical means for video conferencing, such means may be made available to it by the requesting Party by mutual agreement.
3 Requests for a hearing by video conference shall contain, in addition to the information referred to in Article 14 of the Convention, the reason why it is not desirable or possible for the witness or expert to attend in person, the name of the judicial authority and of the persons who will be conducting the hearing.

4 The judicial authority of the requested Party shall summon the person concerned to appear in accordance with the forms laid down by its law.

5 With reference to hearing by video conference, the following rules shall apply:

   a a judicial authority of the requested Party shall be present during the hearing, where necessary assisted by an interpreter, and shall also be responsible for ensuring both the identification of the person to be heard and respect for the fundamental principles of the law of the requested Party. If the judicial authority of the requested Party is of the view that during the hearing the fundamental principles of the law of the requested Party are being infringed, it shall immediately take the necessary measures to ensure that the hearing continues in accordance with the said principles;

   b measures for the protection of the person to be heard shall be agreed, where necessary, between the competent authorities of the requesting and the requested Parties;

   c the hearing shall be conducted directly by, or under the direction of, the judicial authority of the requesting Party in accordance with its own laws;

   d at the request of the requesting Party or the person to be heard, the requested Party shall ensure that the person to be heard is assisted by an interpreter, if necessary;

   e the person to be heard may claim the right not to testify which would accrue to him or her under the law of either the requested or the requesting Party.

6 Without prejudice to any measures agreed for the protection of persons, the judicial authority of the requested Party shall on the conclusion of the hearing draw up minutes indicating the date and place of the hearing, the identity of the person heard, the identities and functions of all other persons in the requested Party participating in the hearing, any oaths taken and the technical conditions under which the hearing took place. The document shall be forwarded by the competent authority of the requested Party to the competent authority of the requesting Party.

7 Each Party shall take the necessary measures to ensure that, where witnesses or experts are being heard within its territory, in accordance with this article, and refuse to testify when under an obligation to testify or do not testify according to the truth, its national law applies in the same way as if the hearing took place in a national procedure.

8 Parties may at their discretion also apply the provisions of this article, where appropriate and with the agreement of their competent judicial authorities, to hearings by video conference involving the accused person or the suspect. In this case, the decision to hold the video conference, and the manner in which the video conference shall be carried out, shall be subject to agreement between the Parties concerned, in accordance with their national law and relevant international instruments. Hearings involving the accused person or the suspect shall only be carried out with his or her consent.

9 Any Contracting State may, at any time, by means of a declaration addressed to the Secretary General of the Council of Europe, declare that it will not avail itself of the possibility provided in paragraph 8 above of also applying the provisions of this article to hearings by video conference involving the accused person or the suspect.
1 If a person is in one Party's territory and has to be heard as a witness or expert by judicial authorities of another Party, the latter may, where its national law so provides, request the assistance of the former Party to enable the hearing to take place by telephone conference, as provided for in paragraphs 2 to 6.

2 A hearing may be conducted by telephone conference only if the witness or expert agrees that the hearing take place by that method.

3 The requested Party shall agree to the hearing by telephone conference where this is not contrary to fundamental principles of its law.

4 A request for a hearing by telephone conference shall contain, in addition to the information referred to in Article 14 of the Convention, the name of the judicial authority and of the persons who will be conducting the hearing and an indication that the witness or expert is willing to take part in a hearing by telephone conference.

5 The practical arrangements regarding the hearing shall be agreed between the Parties concerned. When agreeing such arrangements, the requested Party shall undertake to:

   a notify the witness or expert concerned of the time and the venue of the hearing;
   b ensure the identification of the witness or expert;
   c verify that the witness or expert agrees to the hearing by telephone conference.

6 The requested Party may make its agreement subject, fully or in part, to the relevant provisions of Article 9, paragraphs 5 and 7.

Article 11 — Spontaneous information

1 Without prejudice to their own investigations or proceedings, the competent authorities of a Party may, without prior request, forward to the competent authorities of another Party information obtained within the framework of their own investigations, when they consider that the disclosure of such information might assist the receiving Party in initiating or carrying out investigations or proceedings, or might lead to a request by that Party under the Convention or its Protocols.

2 The providing Party may, pursuant to its national law, impose conditions on the use of such information by the receiving Party.

3 The receiving Party shall be bound by those conditions.

4 However, any Contracting State may, at any time, by means of a declaration addressed to the Secretary General of the Council of Europe, declare that it reserves the right not to be bound by the conditions imposed by the providing Party under paragraph 2 above, unless it receives prior notice of the nature of the information to be provided and agrees to its transmission.

Article 12 — Restitution

1 At the request of the requesting Party and without prejudice to the rights of bona fide third parties, the requested Party may place articles obtained by criminal means at the disposal of the requesting Party with a view to their return to their rightful owners.

2 In applying Articles 3 and 6 of the Convention, the requested Party may waive the return of articles either before or after handing them over to the requesting Party if the restitution of such articles to the rightful owner may be facilitated thereby. The rights of bona fide third parties shall not be affected.
3 In the event of a waiver before handing over the articles to the requesting Party, the requested Party shall exercise no security right or other right of recourse under tax or customs legislation in respect of these articles.

4 A waiver as referred to in paragraph 2 shall be without prejudice to the right of the requested Party to collect taxes or duties from the rightful owner.

**Article 13 — Temporary transfer of detained persons to the requested Party**

1 Where there is agreement between the competent authorities of the Parties concerned, a Party which has requested an investigation for which the presence of a person held in custody on its own territory is required may temporarily transfer that person to the territory of the Party in which the investigation is to take place.

2 The agreement shall cover the arrangements for the temporary transfer of the person and the date by which the person must be returned to the territory of the requesting Party.

3 Where consent to the transfer is required from the person concerned, a statement of consent or a copy thereof shall be provided promptly to the requested Party.

4 The transferred person shall remain in custody in the territory of the requested Party and, where applicable, in the territory of the Party through which transit is requested, unless the Party from which the person was transferred applies for his or her release.

5 The period of custody in the territory of the requested Party shall be deducted from the period of detention which the person concerned is or will be obliged to undergo in the territory of the requesting Party.

6 The provisions of Article 11, paragraph 2, and Article 12 of the Convention shall apply *mutatis mutandis*.

7 Any Contracting State may at any time, by means of a declaration addressed to the Secretary General of the Council of Europe, declare that before an agreement is reached under paragraph 1 of this article, the consent referred to in paragraph 3 of this article will be required, or will be required under certain conditions indicated in the declaration.

**Article 14 — Personal appearance of transferred sentenced persons**

The provisions of Articles 11 and 12 of the Convention shall apply *mutatis mutandis* also to persons who are in custody in the requested Party, pursuant to having been transferred in order to serve a sentence passed in the requesting Party, where their personal appearance for purposes of review of the judgement is applied for by the requesting Party.

**Article 15 — Language of procedural documents and judicial decisions to be served**

1 The provisions of this article shall apply to any request for service under Article 7 of the Convention or Article 3 of the Additional Protocol thereto.

2 Procedural documents and judicial decisions shall in all cases be transmitted in the language, or the languages, in which they were issued.

3 Notwithstanding the provisions of Article 16 of the Convention, if the authority that issued the papers knows or has reasons to believe that the addressee understands only some other language, the papers, or at least the most important passages thereof, shall be accompanied by a translation into that other language.

4 Notwithstanding the provisions of Article 16 of the Convention, procedural documents and judicial decisions shall, for the benefit of the authorities of the
requested Party, be accompanied by a short summary of their contents translated into the language, or one of the languages, of that Party.

Article 16 — Service by post

1 The competent judicial authorities of any Party may directly address, by post, procedural documents and judicial decisions, to persons who are in the territory of any other Party.

2 Procedural documents and judicial decisions shall be accompanied by a report stating that the addressee may obtain information from the authority identified in the report, regarding his or her rights and obligations concerning the service of the papers. The provisions of paragraph 3 of Article 15 above shall apply to that report.

3 The provisions of Articles 8, 9 and 12 of the Convention shall apply mutatis mutandis to service by post.

4 The provisions of paragraphs 1, 2 and 3 of Article 15 above shall also apply to service by post.

Article 17 — Cross-border observations

1 Police officers of one of the Parties who, within the framework of a criminal investigation, are keeping under observation in their country a person who is presumed to have taken part in a criminal offence to which extradition may apply, or a person who it is strongly believed will lead to the identification or location of the above-mentioned person, shall be authorised to continue their observation in the territory of another Party where the latter has authorised cross-border observation in response to a request for assistance which has previously been submitted. Conditions may be attached to the authorisation.

On request, the observation will be entrusted to officers of the Party in whose territory it is carried out.

The request for assistance referred to in the first sub-paragraph must be sent to an authority designated by each Party and having jurisdiction to grant or to forward the requested authorisation.

2 Where, for particularly urgent reasons, prior authorisation of the other Party cannot be requested, the officers conducting the observation within the framework of a criminal investigation shall be authorised to continue beyond the border the observation of a person presumed to have committed offences listed in paragraph 6, provided that the following conditions are met:

a the authorities of the Party designated under paragraph 4, in whose territory the observation is to be continued, must be notified immediately, during the observation, that the border has been crossed;

b a request for assistance submitted in accordance with paragraph 1 and outlining the grounds for crossing the border without prior authorisation shall be submitted without delay.

Observation shall cease as soon as the Party in whose territory it is taking place so requests, following the notification referred to in a. or the request referred to in b. or where authorisation has not been obtained within five hours of the border being crossed.

3 The observation referred to in paragraphs 1 and 2 shall be carried out only under the following general conditions:
a The officers conducting the observation must comply with the provisions of this article and with the law of the Party in whose territory they are operating; they must obey the instructions of the local responsible authorities.

b Except in the situations provided for in paragraph 2, the officers shall, during the observation, carry a document certifying that authorisation has been granted.

c The officers conducting the observation must be able at all times to provide proof that they are acting in an official capacity.

d The officers conducting the observation may carry their service weapons during the observation, save where specifically otherwise decided by the requested Party; their use shall be prohibited save in cases of legitimate self-defence.

e Entry into private homes and places not accessible to the public shall be prohibited.

f The officers conducting the observation may neither stop and question, nor arrest, the person under observation.

g All operations shall be the subject of a report to the authorities of the Party in whose territory they took place; the officers conducting the observation may be required to appear in person.

h The authorities of the Party from which the observing officers have come shall, when requested by the authorities of the Party in whose territory the observation took place, assist the enquiry subsequent to the operation in which they took part, including legal proceedings.

4 Parties shall at the time of signature or when depositing their instrument of ratification, acceptance, approval or accession, by means of a declaration addressed to the Secretary General of the Council of Europe, indicate both the officers and authorities that they designate for the purposes of paragraphs 1 and 2 of this article. They subsequently may, at any time and in the same manner, change the terms of their declaration.

5 The Parties may, at bilateral level, extend the scope of this article and adopt additional measures in implementation thereof.

6 The observation referred to in paragraph 2 may take place only for one of the following criminal offences:

— assassination;
— murder;
— rape;
— arson;
— counterfeiting;
— armed robbery and receiving of stolen goods;
— extortion;
— kidnapping and hostage taking;
— traffic in human beings;
— illicit traffic in narcotic drugs and psychotropic substances;
— breach of the laws on arms and explosives;
— use of explosives;
— illicit carriage of toxic and dangerous waste;
— smuggling of aliens;
— sexual abuse of children.

Article 18 — Controlled delivery
1 Each Party undertakes to ensure that, at the request of another Party, controlled deliveries may be permitted on its territory in the framework of criminal investigations into extraditable offences.

2 The decision to carry out controlled deliveries shall be taken in each individual case by the competent authorities of the requested Party, with due regard to the national law of that Party.

3 Controlled deliveries shall take place in accordance with the procedures of the requested Party. Competence to act, direct and control operations shall lie with the competent authorities of that Party.

4 Parties shall at the time of signature or when depositing their instrument of ratification, acceptance, approval or accession, by means of a declaration addressed to the Secretary General of the Council of Europe, indicate the authorities that are competent for the purposes of this article. They subsequently may, at any time and in the same manner, change the terms of their declaration.

Article 19 — Covert investigations

1 The requesting and the requested Parties may agree to assist one another in the conduct of investigations into crime by officers acting under covert or false identity (covert investigations).

2 The decision on the request is taken in each individual case by the competent authorities of the requested Party with due regard to its national law and procedures. The duration of the covert investigation, the detailed conditions, and the legal status of the officers concerned during covert investigations shall be agreed between the Parties with due regard to their national law and procedures.

3 Covert investigations shall take place in accordance with the national law and procedures of the Party on the territory of which the covert investigation takes place. The Parties involved shall co-operate to ensure that the covert investigation is prepared and supervised and to make arrangements for the security of the officers acting under covert or false identity.

4 Parties shall at the time of signature or when depositing their instrument of ratification, acceptance, approval or accession, by means of a declaration addressed to the Secretary General of the Council of Europe, indicate the authorities that are competent for the purposes of paragraph 2 of this article. They subsequently may, at any time and in the same manner, change the terms of their declaration.

Article 20 — Joint investigation teams

1 By mutual agreement, the competent authorities of two or more Parties may set up a joint investigation team for a specific purpose and a limited period, which may be extended by mutual consent, to carry out criminal investigations in one or more of the Parties setting up the team. The composition of the team shall be set out in the agreement.

A joint investigation team may, in particular, be set up where:

a a Party’s investigations into criminal offences require difficult and demanding investigations having links with other Parties;

b a number of Parties are conducting investigations into criminal offences in which the circumstances of the case necessitate co-ordinated, concerted action in the Parties involved.

A request for the setting up of a joint investigation team may be made by any of the Parties concerned. The team shall be set up in one of the Parties in which the investigations are expected to be carried out.
2 In addition to the information referred to in the relevant provisions of Article 14 of the Convention, requests for the setting up of a joint investigation team shall include proposals for the composition of the team.

3 A joint investigation team shall operate in the territory of the Parties setting up the team under the following general conditions:

a the leader of the team shall be a representative of the competent authority participating in criminal investigations from the Party in which the team operates. The leader of the team shall act within the limits of his or her competence under national law;

b the team shall carry out its operations in accordance with the law of the Party in which it operates. The members and seconded members of the team shall carry out their tasks under the leadership of the person referred to in subparagraph a, taking into account the conditions set by their own authorities in the agreement on setting up the team;

c the Party in which the team operates shall make the necessary organisational arrangements for it to do so.

4 In this article, members of the joint investigation team from the Party in which the team operates are referred to as "members", while members from Parties other than the Party in which the team operates are referred to as "seconded members".

5 Seconded members of the joint investigation team shall be entitled to be present when investigative measures are taken in the Party of operation. However, the leader of the team may, for particular reasons, in accordance with the law of the Party where the team operates, decide otherwise.

6 Seconded members of the joint investigation team may, in accordance with the law of the Party where the team operates, be entrusted by the leader of the team with the task of taking certain investigative measures where this has been approved by the competent authorities of the Party of operation and the seconding Party.

7 Where the joint investigation team needs investigative measures to be taken in one of the Parties setting up the team, members seconded to the team by that Party may request their own competent authorities to take those measures. Those measures shall be considered in that Party under the conditions which would apply if they were requested in a national investigation.

8 Where the joint investigation team needs assistance from a Party other than those which have set up the team, or from a third State, the request for assistance may be made by the competent authorities of the State of operation to the competent authorities of the other State concerned in accordance with the relevant instruments or arrangements.

9 A seconded member of the joint investigation team may, in accordance with his or her national law and within the limits of his or her competence, provide the team with information available in the Party which has seconded him or her for the purpose of the criminal investigations conducted by the team.

10 Information lawfully obtained by a member or seconded member while part of a joint investigation team which is not otherwise available to the competent authorities of the Parties concerned may be used for the following purposes:

a for the purposes for which the team has been set up;

b subject to the prior consent of the Party where the information became available, for detecting, investigating and prosecuting other criminal offences. Such consent may be withheld only in cases where such use would endanger...
criminal investigations in the Party concerned or in respect of which that Party could refuse mutual assistance;

c for preventing an immediate and serious threat to public security, and without prejudice to sub-paragraph b. if subsequently a criminal investigation is opened;

d for other purposes to the extent that this is agreed between Parties setting up the team.

11 This article shall be without prejudice to any other existing provisions or arrangements on the setting up or operation of joint investigation teams.

12 To the extent that the laws of the Parties concerned or the provisions of any legal instrument applicable between them permit, arrangements may be agreed for persons other than representatives of the competent authorities of the Parties setting up the joint investigation team to take part in the activities of the team. The rights conferred upon the members or seconded members of the team by virtue of this article shall not apply to these persons unless the agreement expressly states otherwise.

Article 21 — Criminal liability regarding officials

During the operations referred to in Articles 17, 18, 19 or 20, unless otherwise agreed upon by the Parties concerned, officials from a Party other than the Party of operation shall be regarded as officials of the Party of operation with respect to offences committed against them or by them.

Article 22 — Civil liability regarding officials

1 Where, in accordance with Articles 17, 18, 19 or 20, officials of a Party are operating in another Party, the first Party shall be liable for any damage caused by them during their operations, in accordance with the law of the Party in whose territory they are operating.

2 The Party in whose territory the damage referred to in paragraph 1 was caused shall make good such damage under the conditions applicable to damage caused by its own officials.

3 The Party whose officials have caused damage to any person in the territory of another Party shall reimburse the latter in full any sums it has paid to the victims or persons entitled on their behalf.

4 Without prejudice to the exercise of its rights vis-à-vis third parties and with the exception of paragraph 3, each Party shall refrain in the case provided for in paragraph 1 from requesting reimbursement of damages it has sustained from another Party.

5 The provisions of this article shall apply subject to the proviso that the Parties did not agree otherwise.

Article 23 — Protection of witnesses

Where a Party requests assistance under the Convention or one of its Protocols in respect of a witness at risk of intimidation or in need of protection, the competent authorities of the requesting and requested Parties shall endeavour to agree on measures for the protection of the person concerned, in accordance with their national law.

Article 24 — Provisional measures

1 At the request of the requesting Party, the requested Party, in accordance with its national law, may take provisional measures for the purpose of preserving evidence, maintaining an existing situation or protecting endangered legal interests.
2 The requested Party may grant the request partially or subject to conditions, in particular time limitation.

**Article 25 — Confidentiality**

The requesting Party may require that the requested Party keep confidential the fact and substance of the request, except to the extent necessary to execute the request. If the requested Party cannot comply with the requirement of confidentiality, it shall promptly inform the requesting Party.

**Article 26 — Data protection**

1 Personal data transferred from one Party to another as a result of the execution of a request made under the Convention or any of its Protocols, may be used by the Party to which such data have been transferred, only:
   a for the purpose of proceedings to which the Convention or any of its Protocols apply;
   b for other judicial and administrative proceedings directly related to the proceedings mentioned under (a);
   c for preventing an immediate and serious threat to public security.

2 Such data may however be used for any other purpose if prior consent to that effect is given by either the Party from which the data had been transferred, or the data subject.

3 Any Party may refuse to transfer personal data obtained as a result of the execution of a request made under the Convention or any of its Protocols where
   — such data is protected under its national legislation, and
   — the Party to which the data should be transferred is not bound by the Convention for the Protection of Individuals with regard to Automatic Processing of Personal Data, done at Strasbourg on 28 January 1981, unless the latter Party undertakes to afford such protection to the data as is required by the former Party.

4 Any Party that transfers personal data obtained as a result of the execution of a request made under the Convention or any of its Protocols may require the Party to which the data have been transferred to give information on the use made with such data.

5 Any Party may, by a declaration addressed to the Secretary General of the Council of Europe, require that, within the framework of procedures for which it could have refused or limited the transmission or the use of personal data in accordance with the provisions of the Convention or one of its Protocols, personal data transmitted to another Party not be used by the latter for the purposes of paragraph 1 unless with its previous consent.

**Article 27 — Administrative authorities**

Parties may at any time, by means of a declaration addressed to the Secretary General of the Council of Europe, define what authorities they will deem administrative authorities for the purposes of Article 1, paragraph 3, of the Convention.

**Article 28 — Relations with other treaties**

The provisions of this Protocol are without prejudice to more extensive regulations in bilateral or multilateral agreements concluded between Parties in application of Article 26, paragraph 3, of the Convention.
Article 29 — Friendly settlement
The European Committee on Crime Problems shall be kept informed regarding the interpretation and application of the Convention and its Protocols, and shall do whatever is necessary to facilitate a friendly settlement of any difficulty which may arise out of their application.

Chapter III

Article 30 — Signature and entry into force
1 This Protocol shall be open for signature by the member States of the Council of Europe which are a Party to or have signed the Convention. It shall be subject to ratification, acceptance or approval. A signatory may not ratify, accept or approve this Protocol unless it has previously or simultaneously ratified, accepted or approved the Convention. Instruments of ratification, acceptance or approval shall be deposited with the Secretary General of the Council of Europe.

2 This Protocol shall enter into force on the first day of the month following the expiration of a period of three months after the deposit of the third instrument of ratification, acceptance or approval.

3 In respect of any signatory State which subsequently deposits its instrument of ratification, acceptance or approval, the Protocol shall enter into force on the first day of the month following the expiration of a period of three months after the date of deposit.

Article 31 — Accession
1 Any non-member State, which has acceded to the Convention, may accede to this Protocol after it has entered into force.

2 Such accession shall be effected by depositing with the Secretary General of the Council of Europe an instrument of accession.

3 In respect of any acceding State, the Protocol shall enter into force on the first day of the month following the expiration of a period of three months after the date of the deposit of the instrument of accession.

Article 32 — Territorial application
1 Any State may at the time of signature or when depositing its instrument of ratification, acceptance, approval or accession, specify the territory or territories to which this Protocol shall apply.

2 Any State may, at any later date, by declaration addressed to the Secretary General of the Council of Europe, extend the application of this Protocol to any other territory specified in the declaration. In respect of such territory the Protocol shall enter into force on the first day of the month following the expiration of a period of three months after the date of receipt of such declaration by the Secretary General.

3 Any declaration made under the two preceding paragraphs may, in respect of any territory specified in such declaration, be withdrawn by a notification addressed to the Secretary General. The withdrawal shall become effective on the first day of the month following the expiration of a period of three months after the date or receipt of such notification by the Secretary General.

Article 33 — Reservations
1 Reservations made by a Party to any provision of the Convention or its Protocol shall be applicable also to this Protocol, unless that Party otherwise declares at the time of signature or when depositing its instrument of ratification, acceptance,
approval or accession. The same shall apply to any declaration made in respect or by virtue of any provision of the Convention or its Protocol.

2 Any State may, at the time of signature or when depositing its instrument of ratification, acceptance, approval or accession, declare that it avails itself of the right not to accept wholly or in part any one or more of Articles 16, 17, 18, 19 and 20. No other reservation may be made.

3 Any State may wholly or partially withdraw a reservation it has made in accordance with the foregoing paragraphs, by means of a declaration addressed to the Secretary General of the Council of Europe, which shall become effective as from the date of its receipt.

4 Any Party which has made a reservation in respect of any of the articles of this Protocol mentioned in paragraph 2 above, may not claim the application of that article by another Party. It may, however, if its reservation is partial or conditional, claim the application of that provision in so far as it has itself accepted it.

**Article 34 — Denunciation**

1 Any Party may, in so far as it is concerned, denounce this Protocol by means of a notification addressed to the Secretary General of the Council of Europe.

2 Such denunciation shall become effective on the first day of the month following the expiration of a period of three months after the date of receipt of the notification by the Secretary General.

3 Denunciation of the Convention entails automatically denunciation of this Protocol.

**Article 35 — Notifications**

The Secretary General of the Council of Europe shall notify the member States of the Council of Europe and any State which has acceded to this Protocol of:

a any signature;

b the deposit of any instrument of ratification, acceptance, approval or accession;

c any date of entry into force of this Protocol in accordance with Articles 30 and 31;

d any other act, declaration, notification or communication relating to this Protocol.

In witness whereof the undersigned, being duly authorised thereto, have signed this Protocol.

The Secretary General of the Council of Europe shall transmit certified copies to each member State of the Council of Europe and to the non-member States which have acceded to the Convention.
Section 1 — Principles of international co-operation

Article 15 — General principles and measures for international co-operation

1 The Parties shall mutually co-operate with each other to the widest extent possible for the purposes of investigations and proceedings aiming at the confiscation of instrumentalities and proceeds.

2 Each Party shall adopt such legislative or other measures as may be necessary to enable it to comply, under the conditions provided for in this chapter, with requests:

a for confiscation of specific items of property representing proceeds or instrumentalities, as well as for confiscation of proceeds consisting in a requirement to pay a sum of money corresponding to the value of proceeds;

b for investigative assistance and provisional measures with a view to either form of confiscation referred to under a above.

3 Investigative assistance and provisional measures sought in paragraph 2.b shall be carried out as permitted by and in accordance with the internal law of the requested Party. Where the request concerning one of these measures specifies formalities or procedures which are necessary under the law of the requesting Party, even if unfamiliar to the requested Party, the latter shall comply with such requests to the extent that the action sought is not contrary to the fundamental principles of its law.

4 Each Party shall adopt such legislative or other measures as may be necessary to ensure that the requests coming from other Parties in order to identify, trace, freeze or seize the proceeds and instrumentalities, receive the same priority as those made in the framework of internal procedures.

Section 2 — Investigative assistance

Article 16 — Obligation to assist

The Parties shall afford each other, upon request, the widest possible measure of assistance in the identification and tracing of instrumentalities, proceeds and other property liable to confiscation. Such assistance shall include any measure providing and securing evidence as to the existence, location or movement, nature, legal status or value of the aforementioned property.

Article 17 — Requests for information on bank accounts

1 Each Party shall, under the conditions set out in this article, take the measures necessary to determine, in answer to a request sent by another Party, whether a natural or legal person that is the subject of a criminal investigation holds or controls one or more accounts, of whatever nature, in any bank located in its territory and, if so, provide the particulars of the identified accounts.

2 The obligation set out in this article shall apply only to the extent that the information is in the possession of the bank keeping the account.

3 In addition to the requirements of Article 37, the requesting party shall, in the request:

a state why it considers that the requested information is likely to be of substantial value for the purpose of the criminal investigation into the offence;

b state on what grounds it presumes that banks in the requested Party hold the account and specify, to the widest extent possible, which banks and/or accounts may be involved; and
include any additional information available which may facilitate the execution of the request.

4 The requested Party may make the execution of such a request dependant on the same conditions as it applies in respect of requests for search and seizure.

5 Each State or the European Community may, at the time of signature or when depositing its instrument of ratification, acceptance, approval or accession, by a declaration addressed to the Secretary General of the Council of Europe, declare that this article applies only to the categories of offences specified in the list contained in the appendix to this Convention.

6 Parties may extend this provision to accounts held in non-bank financial institutions. Such extension may be made subject to the principle of reciprocity.

**Article 18 — Requests for information on banking transactions**

1 On request by another Party, the requested Party shall provide the particulars of specified bank accounts and of banking operations which have been carried out during a specified period through one or more accounts specified in the request, including the particulars of any sending or recipient account.

2 The obligation set out in this Article shall apply only to the extent that the information is in the possession of the bank holding the account.

3 In addition to the requirements of Article 37, the requesting Party shall in its request indicate why it considers the requested information relevant for the purpose of the criminal investigation into the offence.

4 The requested Party may make the execution of such a request dependant on the same conditions as it applies in respect of requests for search and seizure.

5 Parties may extend this provision to accounts held in non-bank financial institutions. Such extension may be made subject to the principle of reciprocity.

**Article 19 — Requests for the monitoring of banking transactions**

1 Each Party shall ensure that, at the request of another Party, it is able to monitor, during a specified period, the banking operations that are being carried out through one or more accounts specified in the request and communicate the results thereof to the requesting Party.

2 In addition to the requirements of Article 37, the requesting Party shall in its request indicate why it considers the requested information relevant for the purpose of the criminal investigation into the offence.

3 The decision to monitor shall be taken in each individual case by the competent authorities of the requested Party, with due regard for the national law of that Party.

4 The practical details regarding the monitoring shall be agreed between the competent authorities of the requesting and requested Parties.

5 Parties may extend this provision to accounts held in non-bank financial institutions.

**Article 20 — Spontaneous information**

Without prejudice to its own investigations or proceedings, a Party may without prior request forward to another Party information on instrumentalities and proceeds, when it considers that the disclosure of such information might assist the receiving Party in initiating or carrying out investigations or proceedings or might lead to a request by that Party under this chapter.
Section 3 — Provisional measures

Article 21 — Obligation to take provisional measures

1 At the request of another Party which has instituted criminal proceedings or proceedings for the purpose of confiscation, a Party shall take the necessary provisional measures, such as freezing or seizing, to prevent any dealing in, transfer or disposal of property which, at a later stage, may be the subject of a request for confiscation or which might be such as to satisfy the request.

2 A Party which has received a request for confiscation pursuant to Article 23 shall, if so requested, take the measures mentioned in paragraph 1 of this article in respect of any property which is the subject of the request or which might be such as to satisfy the request.

Article 22 — Execution of provisional measures

1 After the execution of the provisional measures requested in conformity with paragraph 1 of Article 21, the requesting Party shall provide spontaneously and as soon as possible to the requested Party all information which may question or modify the extent of these measures. The requesting Party shall also provide without delays all complementary information requested by the requested Party and which is necessary for the implementation of and the follow up to the provisional measures.

2 Before lifting any provisional measure taken pursuant to this article, the requested Party shall, wherever possible, give the requesting Party an opportunity to present its reasons in favour of continuing the measure.

Section 4 — Confiscation

Article 23 — Obligation to confiscate

1 A Party, which has received a request made by another Party for confiscation concerning instrumentalities or proceeds, situated in its territory, shall:

a enforce a confiscation order made by a court of a requesting Party in relation to such instrumentalities or proceeds; or

b submit the request to its competent authorities for the purpose of obtaining an order of confiscation and, if such order is granted, enforce it.

2 For the purposes of applying paragraph 1.b of this article, any Party shall whenever necessary have competence to institute confiscation proceedings under its own law.

3 The provisions of paragraph 1 of this article shall also apply to confiscation consisting in a requirement to pay a sum of money corresponding to the value of proceeds, if property on which the confiscation can be enforced is located in the requested Party. In such cases, when enforcing confiscation pursuant to paragraph 1, the requested Party shall, if payment is not obtained, realise the claim on any property available for that purpose.

4 If a request for confiscation concerns a specific item of property, the Parties may agree that the requested Party may enforce the confiscation in the form of a requirement to pay a sum of money corresponding to the value of the property.

5 The Parties shall co-operate to the widest extent possible under their domestic law with those Parties which request the execution of measures equivalent to confiscation leading to the deprivation of property, which are not criminal sanctions, in so far as such measures are ordered by a judicial authority of the requesting Party in relation to a criminal offence, provided that it has been established that the property constitutes proceeds or other property in the meaning of Article 5 of this Convention.
Article 24 — Execution of confiscation

1 The procedures for obtaining and enforcing the confiscation under Article 23 shall be governed by the law of the requested Party.

2 The requested Party shall be bound by the findings as to the facts in so far as they are stated in a conviction or judicial decision of the requesting Party or in so far as such conviction or judicial decision is implicitly based on them.

3 Each State or the European Community may, at the time of signature or when depositing its instrument of ratification, acceptance, approval or accession, by a declaration addressed to the Secretary General of the Council of Europe, declare that paragraph 2 of this article applies only subject to its constitutional principles and the basic concepts of its legal system.

4 If the confiscation consists in the requirement to pay a sum of money, the competent authority of the requested Party shall convert the amount thereof into the currency of that Party at the rate of exchange ruling at the time when the decision to enforce the confiscation is taken.

5 In the case of Article 23, paragraph 1.a, the requesting Party alone shall have the right to decide on any application for review of the confiscation order.

Article 25 — Confiscated property

1 Property confiscated by a Party pursuant to Articles 23 and 24 of this Convention, shall be disposed of by that Party in accordance with its domestic law and administrative procedures.

2 When acting on the request made by another Party in accordance with Articles 23 and 24 of this Convention, Parties shall, to the extent permitted by domestic law and if so requested, give priority consideration to returning the confiscated property to the requesting Party so that it can give compensation to the victims of the crime or return such property to their legitimate owners.

3 When acting on the request made by another Party in accordance with Articles 23 and 24 of this Convention, a Party may give special consideration to concluding agreements or arrangements on sharing with other Parties, on a regular or case-by-case basis, such property, in accordance with its domestic law or administrative procedures.

Article 26 — Right of enforcement and maximum amount of confiscation

1 A request for confiscation made under Articles 23 and 24 does not affect the right of the requesting Party to enforce itself the confiscation order.

2 Nothing in this Convention shall be so interpreted as to permit the total value of the confiscation to exceed the amount of the sum of money specified in the confiscation order. If a Party finds that this might occur, the Parties concerned shall enter into consultations to avoid such an effect.

Article 27 — Imprisonment in default

The requested Party shall not impose imprisonment in default or any other measure restricting the liberty of a person as a result of a request under Article 23, if the requesting Party has so specified in the request.

Section 5 — Refusal and postponement of co-operation

Article 28 — Grounds for refusal

1 Co-operation under this chapter may be refused if:
a the action sought would be contrary to the fundamental principles of the legal system of the requested Party; or

b the execution of the request is likely to prejudice the sovereignty, security, 
*ordre public* or other essential interests of the requested Party; or

c in the opinion of the requested Party, the importance of the case to which the request relates does not justify the taking of the action sought; or

d the offence to which the request relates is a fiscal offence, with the exception of the financing of terrorism;

e the offence to which the request relates is a political offence, with the exception of the financing of terrorism; or

f the requested Party considers that compliance with the action sought would be contrary to the principle of "*ne bis in idem*"; or

g the offence to which the request relates would not be an offence under the law of the requested Party if committed within its jurisdiction. However, this ground for refusal applies to co-operation under Section 2 only in so far as the assistance sought involves coercive action. Where dual criminality is required for co-operation under this chapter, that requirement shall be deemed to be satisfied regardless of whether both Parties place the offence within the same category of offences or denominate the offence by the same terminology, provided that both Parties criminalise the conduct underlying the offence.

2. Co-operation under Section 2, in so far as the assistance sought involves coercive action, and under Section 3 of this chapter, may also be refused if the measures sought could not be taken under the domestic law of the requested Party for the purposes of investigations or proceedings, had it been a similar domestic case.

3. Where the law of the requested Party so requires, co-operation under Section 2, in so far as the assistance sought involves coercive action, and under Section 3 of this chapter may also be refused if the measures sought or any other measures having similar effects would not be permitted under the law of the requesting Party, or, as regards the competent authorities of the requesting Party, if the request is not authorised by either a judge or another judicial authority, including public prosecutors, any of these authorities acting in relation to criminal offences.

4. Co-operation under Section 4 of this chapter may also be refused if:

a under the law of the requested Party confiscation is not provided for in respect of the type of offence to which the request relates; or

b without prejudice to the obligation pursuant to Article 23, paragraph 3, it would be contrary to the principles of the domestic law of the requested Party concerning the limits of confiscation in respect of the relationship between an offence and:

i an economic advantage that might be qualified as its proceeds; or

ii property that might be qualified as its instrumentalities; or

c under the law of the requested Party confiscation may no longer be imposed or enforced because of the lapse of time; or

d without prejudice to Article 23, paragraph 5, the request does not relate to a previous conviction, or a decision of a judicial nature or a statement in such a decision that an offence or several offences have been committed, on the basis of which the confiscation has been ordered or is sought; or
e confiscation is either not enforceable in the requesting Party, or it is still subject to ordinary means of appeal; or

f the request relates to a confiscation order resulting from a decision rendered in absentia of the person against whom the order was issued and, in the opinion of the requested Party, the proceedings conducted by the requesting Party leading to such decision did not satisfy the minimum rights of defence recognised as due to everyone against whom a criminal charge is made.

5. For the purpose of paragraph 4.f of this article a decision is not considered to have been rendered in absentia if:

a it has been confirmed or pronounced after opposition by the person concerned; or

b it has been rendered on appeal, provided that the appeal was lodged by the person concerned.

6. When considering, for the purposes of paragraph 4.f of this article if the minimum rights of defence have been satisfied, the requested Party shall take into account the fact that the person concerned has deliberately sought to evade justice or the fact that that person, having had the possibility of lodging a legal remedy against the decision made in absentia, elected not to do so. The same will apply when the person concerned, having been duly served with the summons to appear, elected not to do so nor to ask for adjournment.

7. A Party shall not invoke bank secrecy as a ground to refuse any co-operation under this chapter. Where its domestic law so requires, a Party may require that a request for co-operation which would involve the lifting of bank secrecy be authorised by either a judge or another judicial authority, including public prosecutors, any of these authorities acting in relation to criminal offences.

8. Without prejudice to the ground for refusal provided for in paragraph 1.a of this article:

a the fact that the person under investigation or subjected to a confiscation order by the authorities of the requesting Party is a legal person shall not be invoked by the requested Party as an obstacle to affording any co-operation under this chapter;

b the fact that the natural person against whom an order of confiscation of proceeds has been issued has died or the fact that a legal person against whom an order of confiscation of proceeds has been issued has subsequently been dissolved shall not be invoked as an obstacle to render assistance in accordance with Article 23, paragraph 1.a;

c the fact that the person under investigation or subjected to a confiscation order by the authorities of the requesting Party is mentioned in the request both as the author of the underlying criminal offence and of the offence of money laundering, in accordance with Article 9.2.b of this Convention, shall not be invoked by the requested Party as an obstacle to affording any co-operation under this chapter.

Article 29 — Postponement

The requested Party may postpone action on a request if such action would prejudice investigations or proceedings by its authorities.

Article 30 — Partial or conditional granting of a request

Before refusing or postponing co-operation under this chapter, the requested Party shall, where appropriate after having consulted the requesting Party, consider whether
the request may be granted partially or subject to such conditions as it deems necessary.

Section 6 — Notification and protection of third parties' rights

Article 31 — Notification of documents

1 The Parties shall afford each other the widest measure of mutual assistance in the serving of judicial documents to persons affected by provisional measures and confiscation.

2 Nothing in this article is intended to interfere with:

a the possibility of sending judicial documents, by postal channels, directly to persons abroad;

b the possibility for judicial officers, officials or other competent authorities of the Party of origin to effect service of judicial documents directly through the consular authorities of that Party or through judicial officers, officials or other competent authorities of the Party of destination, unless the Party of destination makes a declaration to the contrary to the Secretary General of the Council of Europe at the time of signature or when depositing its instrument of ratification, acceptance, approval or accession.

3 When serving judicial documents to persons abroad affected by provisional measures or confiscation orders issued in the sending Party, this Party shall indicate what legal remedies are available under its law to such persons.

Article 32 — Recognition of foreign decisions

1 When dealing with a request for co-operation under Sections 3 and 4, the requested Party shall recognise any judicial decision taken in the requesting Party regarding rights claimed by third parties.

2 Recognition may be refused if:

a third parties did not have adequate opportunity to assert their rights; or

b the decision is incompatible with a decision already taken in the requested Party on the same matter; or

c it is incompatible with the ordre public of the requested Party; or

d the decision was taken contrary to provisions on exclusive jurisdiction provided for by the law of the requested Party.

Section 7 — Procedural and other general rules

Article 33 — Central authority

1 The Parties shall designate a central authority or, if necessary, authorities, which shall be responsible for sending and answering requests made under this chapter, the execution of such requests or the transmission of them to the authorities competent for their execution.

2 Each Party shall, at the time of signature or when depositing its instrument of ratification, acceptance, approval or accession, communicate to the Secretary General of the Council of Europe the names and addresses of the authorities designated in pursuance of paragraph 1 of this article.

Article 34 — Direct communication

1 The central authorities shall communicate directly with one another.
2 In the event of urgency, requests or communications under this chapter may be sent directly by the judicial authorities, including public prosecutors, of the requesting Party to such authorities of the requested Party. In such cases a copy shall be sent at the same time to the central authority of the requested Party through the central authority of the requesting Party.

3 Any request or communication under paragraphs 1 and 2 of this article may be made through the International Criminal Police Organisation (Interpol).

4 Where a request is made pursuant to paragraph 2 of this article and the authority is not competent to deal with the request, it shall refer the request to the competent national authority and inform directly the requesting Party that it has done so.

5 Requests or communications under Section 2 of this chapter, which do not involve coercive action, may be directly transmitted by the competent authorities of the requesting Party to the competent authorities of the requested Party.

6 Draft requests or communications under this chapter may be sent directly by the judicial authorities of the requesting Party to such authorities of the requested Party prior to a formal request to ensure that it can be dealt with efficiently upon receipt and contains sufficient information and supporting documentation for it to meet the requirements of the legislation of the requested Party.

Article 35 — Form of request and languages

1 All requests under this chapter shall be made in writing. They may be transmitted electronically, or by any other means of telecommunication, provided that the requesting Party is prepared, upon request, to produce at any time a written record of such communication and the original. However each Party may, at any time, by a declaration addressed to the Secretary General of the Council of Europe, indicate the conditions in which it is ready to accept and execute requests received electronically or by any other means of communication.

2 Subject to the provisions of paragraph 3 of this article, translations of the requests or supporting documents shall not be required.

3 At the time of signature or when depositing its instrument of ratification, acceptance, approval or accession, any State or the European Community may communicate to the Secretary General of the Council of Europe a declaration that it reserves the right to require that requests made to it and documents supporting such requests be accompanied by a translation into its own language or into one of the official languages of the Council of Europe or into such one of these languages as it shall indicate. It may on that occasion declare its readiness to accept translations in any other language as it may specify. The other Parties may apply the reciprocity rule.

Article 36 — Legalisation

Documents transmitted in application of this chapter shall be exempt from all legalisation formalities.

Article 37 — Content of request

1 Any request for co-operation under this chapter shall specify:

   a the authority making the request and the authority carrying out the investigations or proceedings;

   b the object of and the reason for the request;

   c the matters, including the relevant facts (such as date, place and circumstances of the offence) to which the investigations or proceedings relate, except in the case of a request for notification;
d insofar as the co-operation involves coercive action:

i the text of the statutory provisions or, where this is not possible, a statement of the relevant law applicable; and

ii an indication that the measure sought or any other measures having similar effects could be taken in the territory of the requesting Party under its own law;

e where necessary and insofar as possible:

i details of the person or persons concerned, including name, date and place of birth, nationality and location, and, in the case of a legal person, its seat; and

ii the property in relation to which co-operation is sought, its location, its connection with the person or persons concerned, any connection with the offence, as well as any available information about other persons, interests in the property; and

f any particular procedure the requesting Party wishes to be followed.

2 A request for provisional measures under Section 3 in relation to seizure of property on which a confiscation order consisting in the requirement to pay a sum of money may be realised shall also indicate a maximum amount for which recovery is sought in that property.

3 In addition to the indications mentioned in paragraph 1, any request under Section 4 shall contain:

a in the case of Article 23, paragraph 1.a:

i a certified true copy of the confiscation order made by the court in the requesting Party and a statement of the grounds on the basis of which the order was made, if they are not indicated in the order itself;

ii an attestation by the competent authority of the requesting Party that the confiscation order is enforceable and not subject to ordinary means of appeal;

iii information as to the extent to which the enforcement of the order is requested; and

iv information as to the necessity of taking any provisional measures;

b in the case of Article 23, paragraph 1.b, a statement of the facts relied upon by the requesting Party sufficient to enable the requested Party to seek the order under its domestic law;

c when third parties have had the opportunity to claim rights, documents demonstrating that this has been the case.

Article 38 — Defective requests

1 If a request does not comply with the provisions of this chapter or the information supplied is not sufficient to enable the requested Party to deal with the request, that Party may ask the requesting Party to amend the request or to complete it with additional information.

2 The requested Party may set a time-limit for the receipt of such amendments or information.
3 Pending receipt of the requested amendments or information in relation to a request under Section 4 of this chapter, the requested Party may take any of the measures referred to in Sections 2 or 3 of this chapter.

**Article 39 — Plurality of requests**

1 Where the requested Party receives more than one request under Sections 3 or 4 of this chapter in respect of the same person or property, the plurality of requests shall not prevent that Party from dealing with the requests involving the taking of provisional measures.

2 In the case of plurality of requests under Section 4 of this chapter, the requested Party shall consider consulting the requesting Parties.

**Article 40 — Obligation to give reasons**

The requested Party shall give reasons for any decision to refuse, postpone or make conditional any co-operation under this chapter.

**Article 41 — Information**

1 The requested Party shall promptly inform the requesting Party of:

   a the action initiated on a request under this chapter;
   
   b the final result of the action carried out on the basis of the request;
   
   c a decision to refuse, postpone or make conditional, in whole or in part, any co-operation under this chapter;
   
   d any circumstances which render impossible the carrying out of the action sought or are likely to delay it significantly; and
   
   e in the event of provisional measures taken pursuant to a request under Sections 2 or 3 of this chapter, such provisions of its domestic law as would automatically lead to the lifting of the provisional measure.

2 The requesting Party shall promptly inform the requested Party of:

   a any review, decision or any other fact by reason of which the confiscation order ceases to be wholly or partially enforceable; and
   
   b any development, factual or legal, by reason of which any action under this chapter is no longer justified.

3 Where a Party, on the basis of the same confiscation order, requests confiscation in more than one Party, it shall inform all Parties which are affected by an enforcement of the order about the request.

**Article 42 — Restriction of use**

1 The requested Party may make the execution of a request dependent on the condition that the information or evidence obtained will not, without its prior consent, be used or transmitted by the authorities of the requesting Party for investigations or proceedings other than those specified in the request.

2 Each State or the European Community may, at the time of signature or when depositing its instrument of ratification, acceptance, approval or accession, by declaration addressed to the Secretary General of the Council of Europe, declare that, without its prior consent, information or evidence provided by it under this chapter may not be used or transmitted by the authorities of the requesting Party in investigations or proceedings other than those specified in the request.
Article 43 — Confidentiality

1 The requesting Party may require that the requested Party keep confidential the facts and substance of the request, except to the extent necessary to execute the request. If the requested Party cannot comply with the requirement of confidentiality, it shall promptly inform the requesting Party.

2 The requesting Party shall, if not contrary to basic principles of its national law and if so requested, keep confidential any evidence and information provided by the requested Party, except to the extent that its disclosure is necessary for the investigations or proceedings described in the request.

3 Subject to the provisions of its domestic law, a Party which has received spontaneous information under Article 20 shall comply with any requirement of confidentiality as required by the Party which supplies the information. If the other Party cannot comply with such requirement, it shall promptly inform the transmitting Party.

Article 44 — Costs

The ordinary costs of complying with a request shall be borne by the requested Party. Where costs of a substantial or extraordinary nature are necessary to comply with a request, the Parties shall consult in order to agree the conditions on which the request is to be executed and how the costs shall be borne.

Article 45 — Damages

1 When legal action on liability for damages resulting from an act or omission in relation to co-operation under this chapter has been initiated by a person, the Parties concerned shall consider consulting each other, where appropriate, to determine how to apportion any sum of damages due.

2 A Party which has become subject of a litigation for damages shall endeavour to inform the other Party of such litigation if that Party might have an interest in the case.

Schedule 10A

Text of Istanbul Convention

The member States of the Council of Europe and the other signatories hereto,

Recalling the Convention for the Protection of Human Rights and Fundamental Freedoms (ETS No. 5, 1950) and its Protocols, the European Social Charter (ETS No. 35, 1961, revised in 1996, ETS No. 163), the Council of Europe Convention on Action against Trafficking in Human Beings (CETS No. 197, 2005) and the Council of Europe Convention on the Protection of Children against Sexual Exploitation and Sexual Abuse (CETS No. 201, 2007);

Taking account of the growing body of case law of the European Court of Human Rights which sets important standards in the field of violence against women;

Having regard to the Rome Statute of the International Criminal Court (2002);

Recalling the basic principles of international humanitarian law, and especially the Geneva Convention (IV) relative to the Protection of Civilian Persons in Time of War (1949) and the Additional Protocols I and II (1977) thereto;

Condemning all forms of violence against women and domestic violence;

Recognising that the realisation of de jure and de facto equality between women and men is a key element in the prevention of violence against women;

Recognising that violence against women is a manifestation of historically unequal power relations between women and men, which have led to domination over, and discrimination against, women by men and to the prevention of the full advancement of women;

Recognising the structural nature of violence against women as gender-based violence, and that violence against women is one of the crucial social mechanisms by which women are forced into a subordinate position compared with men;

Recognising, with grave concern, that women and girls are often exposed to serious forms of violence such as domestic violence, sexual harassment, rape, forced marriage, crimes committed in the name of so-called “honour” and genital mutilation, which constitute a serious violation of the human rights of women and girls and a major obstacle to the achievement of equality between women and men;

Recognising the ongoing human rights violations during armed conflicts that affect the civilian population, especially women in the form of widespread or systematic rape and sexual violence and the potential for increased gender-based violence both during and after conflicts;

Recognising that women and girls are exposed to a higher risk of gender-based violence than men;

Recognising that domestic violence affects women disproportionately, and that men may also be victims of domestic violence;

Recognising that children are victims of domestic violence, including as witnesses of violence in the family;
Aspiring to create a Europe free from violence against women and domestic violence,

Have agreed as follows:

Chapter I - Purposes, definitions, equality and non-discrimination, general obligations

Article 1 - Purposes of the Convention

- embodying in their national constitutions or other appropriate legislation the principle of equality between women and men and ensuring the practical realisation of this principle;

- prohibiting discrimination against women, including through the use of sanctions, where appropriate;

- abolishing laws and practices which discriminate against women.

3 The implementation of the provisions of this Convention by the Parties, in particular measures to protect the rights of victims, shall be secured without discrimination on any ground such as sex, gender, race, colour, language, religion, political or other opinion, national or social origin, association with a national minority, property, birth, sexual orientation, gender identity, age, state of health, disability, marital status, migrant or refugee status, or other status.

4 Special measures that are necessary to prevent and protect women from gender-based violence shall not be considered discrimination under the terms of this Convention.

1 Parties shall take the necessary legislative and other measures to adopt and implement State-wide effective, comprehensive and co-ordinated policies encompassing all relevant measures to prevent and combat all forms of violence covered by the scope of this Convention and offer a holistic response to violence against women.

2 Parties shall ensure that policies referred to in paragraph 1 place the rights of the victim at the centre of all measures and are implemented by way of effective co-operation among all relevant agencies, institutions and organisations.

3 Measures taken pursuant to this article shall involve, where appropriate, all relevant actors, such as government agencies, the national, regional and local parliaments and authorities, national human rights institutions and civil society organisations.

Article 8 - Financial resources

Parties shall allocate appropriate financial and human resources for the adequate implementation of integrated policies, measures and programmes to prevent and combat all forms of violence covered by the scope of this Convention, including those carried out by non-governmental organisations and civil society.

Article 9 - Non-governmental organisations and civil society

Parties shall recognise, encourage and support, at all levels, the work of relevant non-governmental organisations and of civil society active in combating violence against women and establish effective co-operation with these organisations.

Article 10 - Co-ordinating body

1 Parties shall designate or establish one or more official bodies responsible for the co-ordination, implementation, monitoring and evaluation of policies and measures to prevent and combat all forms of violence covered by this Convention. These bodies shall co-ordinate the collection of data as referred to in Article 11, analyse and disseminate its results.

2 Parties shall ensure that the bodies designated or established pursuant to this article receive information of a general nature on measures taken pursuant to Chapter VIII.

3 Parties shall ensure that the bodies designated or established pursuant to this article shall have the capacity to communicate directly and foster relations with their counterparts in other Parties.

Article 11 - Data collection and research
For the purpose of the implementation of this Convention, Parties shall undertake to:

- collect disaggregated relevant statistical data at regular intervals on cases of all forms of violence covered by the scope of this Convention;

- support research in the field of all forms of violence covered by the scope of this Convention in order to study its root causes and effects, incidences and conviction rates, as well as the efficacy of measures taken to implement this Convention.

Parties shall endeavour to conduct population-based surveys at regular intervals to assess the prevalence of and trends in all forms of violence covered by the scope of this Convention.

Parties shall provide the group of experts, as referred to in Article 66 of this Convention, with the information collected pursuant to this article in order to stimulate international co-operation and enable international benchmarking.

Parties shall ensure that the information collected pursuant to this article is available to the public.

Chapter III - Prevention

Article 12 - General obligations

Parties shall take the necessary measures to promote changes in the social and cultural patterns of behaviour of women and men with a view to eradicating prejudices, customs, traditions and all other practices which are based on the idea of the inferiority of women or on stereotyped roles for women and men.

Parties shall take the necessary legislative and other measures to prevent all forms of violence covered by the scope of this Convention by any natural or legal person.

Any measures taken pursuant to this chapter shall take into account and address the specific needs of persons made vulnerable by particular circumstances and shall place the human rights of all victims at their centre.

Parties shall take the necessary measures to encourage all members of society, especially men and boys, to contribute actively to preventing all forms of violence covered by the scope of this Convention.

Parties shall ensure that culture, custom, religion, tradition or so-called “honour” shall not be considered as justification for any acts of violence covered by the scope of this Convention.

Parties shall take the necessary measures to promote programmes and activities for the empowerment of women.

Article 13 - Awareness-raising

6 GREVIO shall take due consideration of the existing information available from other regional and international instruments and bodies in areas falling within the scope of this Convention.

7 When adopting a questionnaire for each evaluation round, GREVIO shall take due consideration of the existing data collection and research in the Parties as referred to in Article 11 of this Convention.

8 GREVIO may receive information on the implementation of the Convention from the Council of Europe Commissioner for Human Rights, the Parliamentary Assembly and relevant specialised bodies of the Council of Europe, as well as those established under other international instruments. Complaints presented to these bodies and their outcome will be made available to GREVIO.

9 GREVIO may subsidiarily organise, in co-operation with the national authorities and with the assistance of independent national experts, country visits, if the information gained is insufficient or in cases provided for in paragraph 14. During these visits, GREVIO may be assisted by specialists in specific fields.

10 GREVIO shall prepare a draft report containing its analysis concerning the implementation of the provisions on which the evaluation is based, as well as its suggestions and proposals concerning the way in which the Party concerned may deal with the problems which have been identified. The draft report shall be transmitted for comments to the Party which undergoes the evaluation. Its comments shall be taken into account by GREVIO when adopting its report.

11 On the basis of all the information received and the comments by the Parties, GREVIO shall adopt its report and conclusions concerning the measures taken by the Party concerned to implement the provisions of this Convention. This report and the conclusions shall be sent to the Party concerned and to the Committee of the Parties. The report and conclusions of GREVIO shall be made public as from their adoption, together with eventual comments by the Party concerned.

12 Without prejudice to the procedure of paragraphs 1 to 8, the Committee of the Parties may adopt, on the basis of the report and conclusions of GREVIO, recommendations addressed to this Party (a) concerning the measures to be taken to implement the conclusions of GREVIO, if necessary setting a date for submitting information on their implementation, and (b) aiming at promoting co-operation with that Party for the proper implementation of this Convention.
13 If GREVIO receives reliable information indicating a situation where problems require immediate attention to prevent or limit the scale or number of serious violations of the Convention, it may request the urgent submission of a special report concerning measures taken to prevent a serious, massive or persistent pattern of violence against women.

14 Taking into account the information submitted by the Party concerned, as well as any other reliable information available to it, GREVIO may designate one or more of its members to conduct an inquiry and to report urgently to GREVIO. Where warranted and with the consent of the Party, the inquiry may include a visit to its territory.

15 After examining the findings of the inquiry referred to in paragraph 14, GREVIO shall transmit these findings to the Party concerned and, where appropriate, to the Committee of the Parties and the Committee of Ministers of the Council of Europe together with any comments and recommendations.

3 The text of any amendment adopted by the Committee of Ministers in accordance with paragraph 2 shall be forwarded to the Parties for acceptance.

3 This Convention shall enter into force on the first day of the month following the expiration of a period of three months after the date on which 10 signatories, including at least eight member States of the Council of Europe, have expressed their consent to be bound by the Convention in accordance with the provisions of paragraph 2.

4 In respect of any State referred to in paragraph 1 or the European Union, which subsequently expresses its consent to be bound by it, the Convention shall enter into force on the first day of the month following the expiration of a period of three months after
the date of the deposit of its instrument of ratification, acceptance or approval.

Article 76 - Accession to the Convention

1 After the entry into force of this Convention, the Committee of Ministers of the Council of Europe may, after consultation of the Parties to this Convention and obtaining their unanimous consent, invite any non-member State of the Council of Europe, which has not participated in the elaboration of the Convention, to accede to this Convention by a decision taken by the majority provided for in Article 20. d of the Statute of the Council of Europe, and by unanimous vote of the representatives of the Parties entitled to sit on the Committee of Ministers.

2 Any Party may, at any later date, by a declaration addressed to the Secretary General of the Council of Europe, extend the application of this Convention to any other territory specified in the declaration and for whose international relations it is responsible or on whose behalf it is authorised to give undertakings. In respect of such territory, the Convention shall enter into force on the first day of the month following the expiration of a period of three months after the date of receipt of such declaration by the Secretary General.

3 Any declaration made under the two preceding paragraphs may, in respect of any territory specified in such declaration, be withdrawn by a notification addressed to the Secretary General of the Council of Europe. **Article 79 - Validity and review of reservations**

1 Reservations referred to in Article 78, paragraphs 2 and 3, shall be valid for a period of five years from the day of the entry into force of this Convention in respect of the Party concerned. However, such reservations may be renewed for periods of the same duration.

2 Eighteen months before the date of expiry of the reservation, the Secretariat General of the Council of Europe shall give notice of that expiry to the Party concerned. No later than three months before the expiry, the Party shall notify the Secretary General that it is upholding, amending or withdrawing its reservation. In the absence of a notification by the Party concerned, the Secretariat General shall inform that Party that its reservation is considered to have been extended automatically for a period of six months. Failure by the Party concerned to notify its intention to uphold or modify its reservation before the expiry of that period shall cause the reservation to lapse.

3 If a Party makes a reservation in conformity with Article 78, paragraphs 2 and 3, it shall provide, before its renewal or upon request, an explanation to GREVIO, on the grounds justifying its continuance.

**Article 80 - Denunciation**

1. A State Party that has received a request from another State Party having jurisdiction over an offence covered by this Convention for confiscation of proceeds of crime, property, equipment or other instrumentalities referred to in article 12, paragraph 1, of this Convention situated in its territory shall, to the greatest extent possible within its domestic legal system:

(a) Submit the request to its competent authorities for the purpose of obtaining an order of confiscation and, if such an order is granted, give effect to it; or

(b) Submit to its competent authorities, with a view to giving effect to it to the extent requested, an order of confiscation issued by a court in the territory of the requesting State Party in accordance with article 12, paragraph 1, of this Convention insofar as it relates to proceeds of crime, property, equipment or other instrumentalities referred to in article 12, paragraph 1, situated in the territory of the requested State Party.
2. Following a request made by another State Party having jurisdiction over an offence covered by this Convention, the requested State Party shall take measures to identify, trace and freeze or seize proceeds of crime, property, equipment or other instrumentalities referred to in article 12, paragraph 1, of this Convention for the purpose of eventual confiscation to be ordered either by the requesting State Party or, pursuant to a request under paragraph 1 of this article, by the requested State Party.

3. The provisions of article 18 of this Convention are applicable, mutatis mutandis, to this article. In addition to the information specified in article 18, paragraph 15, requests made pursuant to this article shall contain:

(a) In the case of a request pertaining to paragraph 1 (a) of this article, a description of the property to be confiscated and a statement of the facts relied upon by the requesting State Party sufficient to enable the requested State Party to seek the order under its domestic law;

(b) In the case of a request pertaining to paragraph 1 (b) of this article, a legally admissible copy of an order of confiscation upon which the request is based issued by the requesting State Party, a statement of the facts and information as to the extent to which execution of the order is requested;

(c) In the case of a request pertaining to paragraph 2 of this article, a statement of the facts relied upon by the requesting State Party and a description of the actions requested.

4. The decisions or actions provided for in paragraphs 1 and 2 of this article shall be taken by the requested State Party in accordance with and subject to the provisions of its domestic law and its procedural rules or any bilateral or multilateral treaty, agreement or arrangement to which it may be bound in relation to the requesting State Party.

5. Each State Party shall furnish copies of its laws and regulations that give effect to this article and of any subsequent changes to such laws and regulations or a description thereof to the Secretary-General of the United Nations.

6. If a State Party elects to make the taking of the measures referred to in paragraphs 1 and 2 of this article conditional on the existence of a relevant treaty, that State Party shall consider this Convention the necessary and sufficient treaty basis.

7. Cooperation under this article may be refused by a State Party if the offence to which the request relates is not an offence covered by this Convention.

8. The provisions of this article shall not be construed to prejudice the rights of bona fide third parties.

9. States Parties shall consider concluding bilateral or multilateral treaties, agreements or arrangements to enhance the effectiveness of international cooperation undertaken pursuant to this article.

Article 14

Disposal of confiscated proceeds of crime or property

1. Proceeds of crime or property confiscated by a State Party pursuant to articles 12 or 13, paragraph 1, of this Convention shall be disposed of by that State Party in accordance with its domestic law and administrative procedures.

2. When acting on the request made by another State Party in accordance with article 13 of this Convention, States Parties shall, to the extent permitted by domestic law and if so requested, give priority consideration to returning the confiscated proceeds of crime or property to the requesting State Party so that it can give
compensation to the victims of the crime or return such proceeds of crime or property to their legitimate owners.

3. When acting on the request made by another State Party in accordance with articles 12 and 13 of this Convention, a State Party may give special consideration to concluding agreements or arrangements on:

(a) Contributing the value of such proceeds of crime or property or funds derived from the sale of such proceeds of crime or property or a part thereof to the account designated in accordance with article 30, paragraph 2 (c), of this Convention and to intergovernmental bodies specializing in the fight against organized crime;

(b) Sharing with other States Parties, on a regular or case-by-case basis, such proceeds of crime or property, or funds derived from the sale of such proceeds of crime or property, in accordance with its domestic law or administrative procedures.

Article 18

Mutual legal assistance

1. States Parties shall afford one another the widest measure of mutual legal assistance in investigations, prosecutions and judicial proceedings in relation to the offences covered by this Convention as provided for in article 3 and shall reciprocally extend to one another similar assistance where the requesting State Party has reasonable grounds to suspect that the offence referred to in article 3, paragraph 1 (a) or (b), is transnational in nature, including that victims, witnesses, proceeds, instrumentalities or evidence of such offences are located in the requested State Party and that the offence involves an organized criminal group.

2. Mutual legal assistance shall be afforded to the fullest extent possible under relevant laws, treaties, agreements and arrangements of the requested State Party with respect to investigations, prosecutions and judicial proceedings in relation to the offences for which a legal person may be held liable in accordance with article 10 of this Convention in the requesting State Party.

3. Mutual legal assistance to be afforded in accordance with this article may be requested for any of the following purposes:

(a) Taking evidence or statements from persons;

(b) Effecting service of judicial documents;

(c) Executing searches and seizures, and freezing;

(d) Examining objects and sites;

(e) Providing information, evidentiary items and expert evaluations;

(f) Providing originals or certified copies of relevant documents and records, including government, bank, financial, corporate or business records;

(g) Identifying or tracing proceeds of crime, property, instrumentalities or other things for evidentiary purposes;

(h) Facilitating the voluntary appearance of persons in the requesting State Party;

(i) Any other type of assistance that is not contrary to the domestic law of the requested State Party.

4. Without prejudice to domestic law, the competent authorities of a State Party may, without prior request, transmit information relating to criminal matters to a
competent authority in another State Party where they believe that such information could assist the authority in undertaking or successfully concluding inquiries and criminal proceedings or could result in a request formulated by the latter State Party pursuant to this Convention.

5. The transmission of information pursuant to paragraph 4 of this article shall be without prejudice to inquiries and criminal proceedings in the State of the competent authorities providing the information. The competent authorities receiving the information shall comply with a request that said information remain confidential, even temporarily, or with restrictions on its use. However, this shall not prevent the receiving State Party from disclosing in its proceedings information that is exculpatory to an accused person. In such a case, the receiving State Party shall notify the transmitting State Party prior to the disclosure and, if so requested, consult with the transmitting State Party. If, in an exceptional case, advance notice is not possible, the receiving State Party shall inform the transmitting State Party of the disclosure without delay.

6. The provisions of this article shall not affect the obligations under any other treaty, bilateral or multilateral, that governs or will govern, in whole or in part, mutual legal assistance.

7. Paragraphs 9 to 29 of this article shall apply to requests made pursuant to this article if the States Parties in question are not bound by a treaty of mutual legal assistance. If those States Parties are bound by such a treaty, the corresponding provisions of that treaty shall apply unless the States Parties agree to apply paragraphs 9 to 29 of this article in lieu thereof. States Parties are strongly encouraged to apply these paragraphs if they facilitate cooperation.

8. States Parties shall not decline to render mutual legal assistance pursuant to this article on the ground of bank secrecy.

9. States Parties may decline to render mutual legal assistance pursuant to this article on the ground of absence of dual criminality. However, the requested State Party may, when it deems appropriate, provide assistance, to the extent it decides at its discretion, irrespective of whether the conduct would constitute an offence under the domestic law of the requested State Party.

10. A person who is being detained or is serving a sentence in the territory of one State Party whose presence in another State Party is requested for purposes of identification, testimony or otherwise providing assistance in obtaining evidence for investigations, prosecutions or judicial proceedings in relation to offences covered by this Convention may be transferred if the following conditions are met:

(a) The person freely gives his or her informed consent;

(b) The competent authorities of both States Parties agree, subject to such conditions as those States Parties may deem appropriate.

11. For the purposes of paragraph 10 of this article:

(a) The State Party to which the person is transferred shall have the authority and obligation to keep the person transferred in custody, unless otherwise requested or authorized by the State Party from which the person was transferred;

(b) The State Party to which the person is transferred shall without delay implement its obligation to return the person to the custody of the State Party from which the person was transferred as agreed beforehand, or as otherwise agreed, by the competent authorities of both States Parties;
(c) The State Party to which the person is transferred shall not require the State Party from which the person was transferred to initiate extradition proceedings for the return of the person;

(d) The person transferred shall receive credit for service of the sentence being served in the State from which he or she was transferred for time spent in the custody of the State Party to which he or she was transferred.

12. Unless the State Party from which a person is to be transferred in accordance with paragraphs 10 and 11 of this article so agrees, that person, whatever his or her nationality, shall not be prosecuted, detained, punished or subjected to any other restriction of his or her personal liberty in the territory of the State to which that person is transferred in respect of acts, omissions or convictions prior to his or her departure from the territory of the State from which he or she was transferred.

13. Each State Party shall designate a central authority that shall have the responsibility and power to receive requests for mutual legal assistance and either to execute them or to transmit them to the competent authorities for execution. Where a State Party has a special region or territory with a separate system of mutual legal assistance, it may designate a distinct central authority that shall have the same function for that region or territory. Central authorities shall ensure the speedy and proper execution or transmission of the requests received. Where the central authority transmits the request to a competent authority for execution, it shall encourage the speedy and proper execution of the request by the competent authority. The Secretary-General of the United Nations shall be notified of the central authority designated for this purpose at the time each State Party deposits its instrument of ratification, acceptance or approval of or accession to this Convention. Requests for mutual legal assistance and any communication related thereto shall be transmitted to the central authorities designated by the States Parties. This requirement shall be without prejudice to the right of a State Party to require that such requests and communications be addressed to it through diplomatic channels and, in urgent circumstances, where the States Parties agree, through the International Criminal Police Organization, if possible.

14. Requests shall be made in writing or, where possible, by any means capable of producing a written record, in a language acceptable to the requested State Party, under conditions allowing that State Party to establish authenticity. The Secretary-General of the United Nations shall be notified of the language or languages acceptable to each State Party at the time it deposits its instrument of ratification, acceptance or approval of or accession to this Convention. In urgent circumstances and where agreed by the States Parties, requests may be made orally but shall be confirmed in writing forthwith.

15. A request for mutual legal assistance shall contain:

(a) The identity of the authority making the request;

(b) The subject matter and nature of the investigation, prosecution or judicial proceeding to which the request relates and the name and functions of the authority conducting the investigation, prosecution or judicial proceeding;

(c) A summary of the relevant facts, except in relation to requests for the purpose of service of judicial documents;

(d) A description of the assistance sought and details of any particular procedure that the requesting State Party wishes to be followed;

(e) Where possible, the identity, location and nationality of any person concerned; and

(f) The purpose for which the evidence, information or action is sought.
16. The requested State Party may request additional information when it appears necessary for the execution of the request in accordance with its domestic law or when it can facilitate such execution.

17. A request shall be executed in accordance with the domestic law of the requested State Party and, to the extent not contrary to the domestic law of the requested State Party and where possible, in accordance with the procedures specified in the request.

18. Wherever possible and consistent with fundamental principles of domestic law, when an individual is in the territory of a State Party and has to be heard as a witness or expert by the judicial authorities of another State Party, the first State Party may, at the request of the other, permit the hearing to take place by video conference if it is not possible or desirable for the individual in question to appear in person in the territory of the requesting State Party. States Parties may agree that the hearing shall be conducted by a judicial authority of the requesting State Party and attended by a judicial authority of the requested State Party.

19. The requesting State Party shall not transmit or use information or evidence furnished by the requested State Party for investigations, prosecutions or judicial proceedings other than those stated in the request without the prior consent of the requested State Party. Nothing in this paragraph shall prevent the requesting State Party from disclosing in its proceedings information or evidence that is exculpatory to an accused person. In the latter case, the requesting State Party shall notify the requested State Party prior to the disclosure and, if so requested, consult with the requested State Party. If, in an exceptional case, advance notice is not possible, the requesting State Party shall inform the requested State Party of the disclosure without delay.

20. The requesting State Party may require that the requested State Party keep confidential the fact and substance of the request, except to the extent necessary to execute the request. If the requested State Party cannot comply with the requirement of confidentiality, it shall promptly inform the requesting State Party.

21. Mutual legal assistance may be refused:

   (a) If the request is not made in conformity with the provisions of this article;

   (b) If the requested State Party considers that execution of the request is likely to prejudice its sovereignty, security, ordre public or other essential interests;

   (c) If the authorities of the requested State Party would be prohibited by its domestic law from carrying out the action requested with regard to any similar offence, had it been subject to investigation, prosecution or judicial proceedings under their own jurisdiction;

   (d) If it would be contrary to the legal system of the requested State Party relating to mutual legal assistance for the request to be granted.

22. States Parties may not refuse a request for mutual legal assistance on the sole ground that the offence is also considered to involve fiscal matters.

23. Reasons shall be given for any refusal of mutual legal assistance.

24. The requested State Party shall execute the request for mutual legal assistance as soon as possible and shall take as full account as possible of any deadlines suggested by the requesting State Party and for which reasons are given, preferably in the request. The requested State Party shall respond to reasonable requests by the requesting State Party on progress of its handling of the request. The requesting State Party shall promptly inform the requested State Party when the assistance sought is no longer required.
25. Mutual legal assistance may be postponed by the requested State Party on the ground that it interferes with an ongoing investigation, prosecution or judicial proceeding.

26. Before refusing a request pursuant to paragraph 21 of this article or postponing its execution pursuant to paragraph 25 of this article, the requested State Party shall consult with the requesting State Party to consider whether assistance may be granted subject to such terms and conditions as it deems necessary. If the requesting State Party accepts assistance subject to those conditions, it shall comply with the conditions.

27. Without prejudice to the application of paragraph 12 of this article, a witness, expert or other person who, at the request of the requesting State Party, consents to give evidence in a proceeding or to assist in an investigation, prosecution or judicial proceeding in the territory of the requesting State Party shall not be prosecuted, detained, punished or subjected to any other restriction of his or her personal liberty in that territory in respect of acts, omissions or convictions prior to his or her departure from the territory of the requested State Party. Such safe conduct shall cease when the witness, expert or other person having had, for a period of fifteen consecutive days or for any period agreed upon by the States Parties from the date on which he or she has been officially informed that his or her presence is no longer required by the judicial authorities, an opportunity of leaving, has nevertheless remained voluntarily in the territory of the requesting State Party or, having left it, has returned of his or her own free will.

28. The ordinary costs of executing a request shall be borne by the requested State Party, unless otherwise agreed by the States Parties concerned. If expenses of a substantial or extraordinary nature are or will be required to fulfil the request, the States Parties shall consult to determine the terms and conditions under which the request will be executed, as well as the manner in which the costs shall be borne.

29. The requested State Party:

(a) Shall provide to the requesting State Party copies of government records, documents or information in its possession that under its domestic law are available to the general public;

(b) May, at its discretion, provide to the requesting State Party in whole, in part or subject to such conditions as it deems appropriate, copies of any government records, documents or information in its possession that under its domestic law are not available to the general public.

30. States Parties shall consider, as may be necessary, the possibility of concluding bilateral or multilateral agreements or arrangements that would serve the purposes of, give practical effect to or enhance the provisions of this article.

Article 19

Joint investigations

States Parties shall consider concluding bilateral or multilateral agreements or arrangements whereby, in relation to matters that are the subject of investigations, prosecutions or judicial proceedings in one or more States, the competent authorities concerned may establish joint investigative bodies. In the absence of such agreements or arrangements, joint investigations may be undertaken by agreement on a case-by-case basis. The States Parties involved shall ensure that the sovereignty of the State Party in whose territory such investigation is to take place is fully respected.

Article 20

Special investigative techniques
1. If permitted by the basic principles of its domestic legal system, each State Party shall, within its possibilities and under the conditions prescribed by its domestic law, take the necessary measures to allow for the appropriate use of controlled delivery and, where it deems appropriate, for the use of other special investigative techniques, such as electronic or other forms of surveillance and undercover operations, by its competent authorities in its territory for the purpose of effectively combating organized crime.

2. For the purpose of investigating the offences covered by this Convention, States Parties are encouraged to conclude, when necessary, appropriate bilateral or multilateral agreements or arrangements for using such special investigative techniques in the context of cooperation at the international level. Such agreements or arrangements shall be concluded and implemented in full compliance with the principle of sovereign equality of States and shall be carried out strictly in accordance with the terms of those agreements or arrangements.

3. In the absence of an agreement or arrangement as set forth in paragraph 2 of this article, decisions to use such special investigative techniques at the international level shall be made on a case-by-case basis and may, when necessary, take into consideration financial arrangements and understandings with respect to the exercise of jurisdiction by the States Parties concerned.

4. Decisions to use controlled delivery at the international level may, with the consent of the States Parties concerned, include methods such as intercepting and allowing the goods to continue intact or be removed or replaced in whole or in part.

The transmission of information pursuant to paragraph 4 of this article shall be without prejudice to inquiries and criminal proceedings in the State of the competent authorities providing the information. The competent authorities receiving the information shall comply with a request that said information remain confidential, even temporarily, or with restrictions on its use. However, this shall not prevent the receiving State Party from disclosing in its proceedings information that is exculpatory to an accused person. In such a case, the receiving State Party shall notify the transmitting State Party prior to the disclosure and, if so requested, consult with the transmitting State Party. If, in an exceptional case, advance notice is not possible, the receiving State Party shall inform the transmitting State Party of the disclosure without delay.

6. The provisions of this article shall not affect the obligations under any other treaty, bilateral or multilateral, that governs or will govern, in whole or in part, mutual legal assistance.

7. Paragraphs 9 to 29 of this article shall apply to requests made pursuant to this article if the States Parties in question are not bound by a treaty of mutual legal assistance. If those States Parties are bound by such a treaty, the corresponding provisions of that treaty shall apply unless the States Parties agree to apply paragraphs 9 to 29 of this article in lieu thereof. States Parties are strongly encouraged to apply those paragraphs if they facilitate cooperation.

8. States Parties shall not decline to render mutual legal assistance pursuant to this article on the ground of bank secrecy.

9. (a) A requested State Party, in responding to a request for assistance pursuant to this article in the absence of dual criminality, shall take into account the purposes of this Convention, as set forth in article 1;

(b) States Parties may decline to render assistance pursuant to this article on the ground of absence of dual criminality. However, a requested State Party shall, where consistent with the basic concepts of its legal system, render assistance that does not involve coercive action. Such assistance may be refused when requests involve matters of a de minimis nature or matters for which the cooperation or assistance sought is available under other provisions of this Convention;
(c) Each State Party may consider adopting such measures as may be necessary to enable it to provide a wider scope of assistance pursuant to this article in the absence of dual criminality.

10. A person who is being detained or is serving a sentence in the territory of one State Party whose presence in another State Party is requested for purposes of identification, testimony or otherwise providing assistance in obtaining evidence for investigations, prosecutions or judicial proceedings in relation to offences covered by this Convention may be transferred if the following conditions are met:

(a) The person freely gives his or her informed consent;

(b) The competent authorities of both States Parties agree, subject to such conditions as those States Parties may deem appropriate.

11. For the purposes of paragraph 10 of this article:

(a) The State Party to which the person is transferred shall have the authority and obligation to keep the person transferred in custody, unless otherwise requested or authorized by the State Party from which the person was transferred;

(b) The State Party to which the person is transferred shall without delay implement its obligation to return the person to the custody of the State Party from which the person was transferred as agreed beforehand, or as otherwise agreed, by the competent authorities of both States Parties;

(c) The State Party to which the person is transferred shall not require the State Party from which the person was transferred to initiate extradition proceedings for the return of the person;

(d) The person transferred shall receive credit for service of the sentence being served in the State from which he or she was transferred for time spent in the custody of the State Party to which he or she was transferred.

12. Unless the State Party from which a person is to be transferred in accordance with paragraphs 10 and 11 of this article so agrees, that person, whatever his or her nationality, shall not be prosecuted, detained, punished or subjected to any other restriction of his or her personal liberty in the territory of the State to which that person is transferred in respect of acts, omissions or convictions prior to his or her departure from the territory of the State from which he or she was transferred.

13. Each State Party shall designate a central authority that shall have the responsibility and power to receive requests for mutual legal assistance and either to execute them or to transmit them to the competent authorities for execution. Where a State Party has a special region or territory with a separate system of mutual legal assistance, it may designate a distinct central authority that shall have the same function for that region or territory. Central authorities shall ensure the speedy and proper execution or transmission of the requests received. Where the central authority transmits the request to a competent authority for execution, it shall encourage the speedy and proper execution of the request by the competent authority. The Secretary-General of the United Nations shall be notified of the central authority designated for this purpose at the time each State Party deposits its instrument of ratification, acceptance or approval of or accession to this Convention. Requests for mutual legal assistance and any communication related thereto shall be transmitted to the central authorities designated by the States Parties. This requirement shall be without prejudice to the right of a State Party to require that such requests and communications be addressed to it through diplomatic channels and, in urgent circumstances, where the States Parties agree, through the International Criminal Police Organization, if possible.
14. Requests shall be made in writing or, where possible, by any means capable of producing a written record, in a language acceptable to the requested State Party, under conditions allowing that State Party to establish authenticity. The Secretary-General of the United Nations shall be notified of the language or languages acceptable to each State Party at the time it deposits its instrument of ratification, acceptance or approval of or accession to this Convention. In urgent circumstances and where agreed by the States Parties, requests may be made orally but shall be confirmed in writing forthwith.

15. A request for mutual legal assistance shall contain:

(a) The identity of the authority making the request;

(b) The subject matter and nature of the investigation, prosecution or judicial proceeding to which the request relates and the name and functions of the authority conducting the investigation, prosecution or judicial proceeding;

(c) A summary of the relevant facts, except in relation to requests for the purpose of service of judicial documents;

(d) A description of the assistance sought and details of any particular procedure that the requesting State Party wishes to be followed;

(e) Where possible, the identity, location and nationality of any person concerned; and

(f) The purpose for which the evidence, information or action is sought.

16. The requested State Party may request additional information when it appears necessary for the execution of the request in accordance with its domestic law or when it can facilitate such execution.

17. A request shall be executed in accordance with the domestic law of the requested State Party and, to the extent not contrary to the domestic law of the requested State Party and where possible, in accordance with the procedures specified in the request.

18. Wherever possible and consistent with fundamental principles of domestic law, when an individual is in the territory of a State Party and has to be heard as a witness or expert by the judicial authorities of another State Party, the first State Party may, at the request of the other, permit the hearing to take place by video conference if it is not possible or desirable for the individual in question to appear in person in the territory of the requesting State Party. States Parties may agree that the hearing shall be conducted by a judicial authority of the requesting State Party and attended by a judicial authority of the requested State Party.

19. The requesting State Party shall not transmit or use information or evidence furnished by the requested State Party for investigations, prosecutions or judicial proceedings other than those stated in the request without the prior consent of the requested State Party. Nothing in this paragraph shall prevent the requesting State Party from disclosing in its proceedings information or evidence that is exculpatory to an accused person. In the latter case, the requesting State Party shall notify the requested State Party prior to the disclosure and, if so requested, consult with the requested State Party. If, in an exceptional case, advance notice is not possible, the requesting State Party shall inform the requested State Party of the disclosure without delay.

20. The requesting State Party may require that the requested State Party keep confidential the fact and substance of the request, except to the extent necessary to execute the request. If the requested State Party cannot comply with the requirement of confidentiality, it shall promptly inform the requesting State Party.
21. Mutual legal assistance may be refused:

(a) If the request is not made in conformity with the provisions of this article;

(b) If the requested State Party considers that execution of the request is likely to prejudice its sovereignty, security, ordre public or other essential interests;

(c) If the authorities of the requested State Party would be prohibited by its domestic law from carrying out the action requested with regard to any similar offence, had it been subject to investigation, prosecution or judicial proceedings under their own jurisdiction;

(d) If it would be contrary to the legal system of the requested State Party relating to mutual legal assistance for the request to be granted.

22. States Parties may not refuse a request for mutual legal assistance on the sole ground that the offence is also considered to involve fiscal matters.

23. Reasons shall be given for any refusal of mutual legal assistance.

24. The requested State Party shall execute the request for mutual legal assistance as soon as possible and shall take as full account as possible of any deadlines suggested by the requesting State Party and for which reasons are given, preferably in the request. The requesting State Party may make reasonable requests for information on the status and progress of measures taken by the requested State Party to satisfy its request. The requested State Party shall respond to reasonable requests by the requesting State Party on the status, and progress in its handling, of the request. The requesting State Party shall promptly inform the requested State Party when the assistance sought is no longer required.

25. Mutual legal assistance may be postponed by the requested State Party on the ground that it interferes with an ongoing investigation, prosecution or judicial proceeding.

26. Before refusing a request pursuant to paragraph 21 of this article or postponing its execution pursuant to paragraph 25 of this article, the requested State Party shall consult with the requesting State Party to consider whether assistance may be granted subject to such terms and conditions as it deems necessary. If the requesting State Party accepts assistance subject to those conditions, it shall comply with the conditions.

27. Without prejudice to the application of paragraph 12 of this article, a witness, expert or other person who, at the request of the requesting State Party, consents to give evidence in a proceeding or to assist in an investigation, prosecution or judicial proceeding in the territory of the requesting State Party shall not be prosecuted, detained, punished or subjected to any other restriction of his or her personal liberty in that territory in respect of acts, omissions or convictions prior to his or her departure from the territory of the requested State Party. Such safe conduct shall cease when the witness, expert or other person having had, for a period of fifteen consecutive days or for any period agreed upon by the States Parties from the date on which he or she has been officially informed that his or her presence is no longer required by the judicial authorities, an opportunity of leaving, has nevertheless remained voluntarily in the territory of the requesting State Party or, having left it, has returned of his or her own free will.

28. The ordinary costs of executing a request shall be borne by the requested State Party, unless otherwise agreed by the States Parties concerned. If expenses of a substantial or extraordinary nature are or will be required to fulfil the request, the States Parties shall consult to determine the terms and conditions under which the request will be executed, as well as the manner in which the costs shall be borne.

29. The requested State Party:
(a) Shall provide to the requesting State Party copies of government records, documents or information in its possession that under its domestic law are available to the general public;

(b) May, at its discretion, provide to the requesting State Party in whole, in part or subject to such conditions as it deems appropriate, copies of any government records, documents or information in its possession that under its domestic law are not available to the general public.

30. States Parties shall consider, as may be necessary, the possibility of concluding bilateral or multilateral agreements or arrangements that would serve the purposes of, give practical effect to or enhance the provisions of this article.

Article 49

Joint investigations

States Parties shall consider concluding bilateral or multilateral agreements or arrangements whereby, in relation to matters that are the subject of investigations, prosecutions or judicial proceedings in one or more States, the competent authorities concerned may establish joint investigative bodies. In the absence of such agreements or arrangements, joint investigations may be undertaken by agreement on a case-by-case basis. The States Parties involved shall ensure that the sovereignty of the State Party in whose territory such investigation is to take place is fully respected.

Article 50

Special investigative techniques

1. In order to combat corruption effectively, each State Party shall, to the extent permitted by the basic principles of its domestic legal system and in accordance with the conditions prescribed by its domestic law, take such measures as may be necessary, within its means, to allow for the appropriate use by its competent authorities of controlled delivery and, where it deems appropriate, other special investigative techniques, such as electronic or other forms of surveillance and undercover operations, within its territory, and to allow for the admissibility in court of evidence derived therefrom.

2. For the purpose of investigating the offences covered by this Convention, States Parties are encouraged to conclude, when necessary, appropriate bilateral or multilateral agreements or arrangements for using such special investigative techniques in the context of cooperation at the international level. Such agreements or arrangements shall be concluded and implemented in full compliance with the principle of sovereign equality of States and shall be carried out strictly in accordance with the terms of those agreements or arrangements.

3. In the absence of an agreement or arrangement as set forth in paragraph 2 of this article, decisions to use such special investigative techniques at the international level shall be made on a case-by-case basis and may, when necessary, take into consideration financial arrangements and understandings with respect to the exercise of jurisdiction by the States Parties concerned.

4. Decisions to use controlled delivery at the international level may, with the consent of the States Parties concerned, include methods such as intercepting and allowing the goods or funds to continue intact or be removed or replaced in whole or in part.

Article 54

Mechanisms for recovery of property through international cooperation in confiscation
1. Each State Party, in order to provide mutual legal assistance pursuant to article 55 of this Convention with respect to property acquired through or involved in the commission of an offence established in accordance with this Convention, shall, in accordance with its domestic law:

(a) Take such measures as may be necessary to permit its competent authorities to give effect to an order of confiscation issued by a court of another State Party;

(b) Take such measures as may be necessary to permit its competent authorities, where they have jurisdiction, to order the confiscation of such property of foreign origin by adjudication of an offence of money-laundering or such other offence as may be within its jurisdiction or by other procedures authorized under its domestic law; and

(c) Consider taking such measures as may be necessary to allow confiscation of such property without a criminal conviction in cases in which the offender cannot be prosecuted by reason of death, flight or absence or in other appropriate cases.

2. Each State Party, in order to provide mutual legal assistance upon a request made pursuant to paragraph 2 of article 55 of this Convention, shall, in accordance with its domestic law:

(a) Take such measures as may be necessary to permit its competent authorities to freeze or seize property upon a freezing or seizure order issued by a court or competent authority of a requesting State Party that provides a reasonable basis for the requested State Party to believe that there are sufficient grounds for taking such actions and that the property would eventually be subject to an order of confiscation for purposes of paragraph 1 (a) of this article;

(b) Take such measures as may be necessary to permit its competent authorities to freeze or seize property upon a request that provides a reasonable basis for the requested State Party to believe that there are sufficient grounds for taking such actions and that the property would eventually be subject to an order of confiscation for purposes of paragraph 1 (a) of this article; and

(c) Consider taking additional measures to permit its competent authorities to preserve property for confiscation, such as on the basis of a foreign arrest or criminal charge related to the acquisition of such property.

**Article 55**

**International cooperation for purposes of confiscation**

1. A State Party that has received a request from another State Party having jurisdiction over an offence established in accordance with this Convention for confiscation of proceeds of crime, property, equipment or other instrumentalities referred to in article 31, paragraph 1, of this Convention situated in its territory shall, to the greatest extent possible within its domestic legal system:

(a) Submit the request to its competent authorities for the purpose of obtaining an order of confiscation and, if such an order is granted, give effect to it; or

(b) Submit to its competent authorities, with a view to giving effect to it to the extent requested, an order of confiscation issued by a court in the territory of the requesting State Party in accordance with articles 31, paragraph 1, and 54, paragraph 1 (a), of this Convention insofar as it relates to proceeds of crime, property, equipment or other instrumentalities referred to in article 31, paragraph 1, situated in the territory of the requested State Party.
2. Following a request made by another State Party having jurisdiction over an offence established in accordance with this Convention, the requested State Party shall take measures to identify, trace and freeze or seize proceeds of crime, property, equipment or other instrumentalities referred to in article 31, paragraph 1, of this Convention for the purpose of eventual confiscation to be ordered either by the requesting State Party or, pursuant to a request under paragraph 1 of this article, by the requested State Party.

3. The provisions of article 46 of this Convention are applicable, *mutatis mutandis*, to this article. In addition to the information specified in article 46, paragraph 15, requests made pursuant to this article shall contain:

   (a) In the case of a request pertaining to paragraph 1 (a) of this article, a description of the property to be confiscated, including, to the extent possible, the location and, where relevant, the estimated value of the property and a statement of the facts relied upon by the requesting State Party sufficient to enable the requested State Party to seek the order under its domestic law;

   (b) In the case of a request pertaining to paragraph 1 (b) of this article, a legally admissible copy of an order of confiscation upon which the request is based issued by the requesting State Party, a statement of the facts and information as to the extent to which execution of the order is requested, a statement specifying the measures taken by the requesting State Party to provide adequate notification to bona fide third parties and to ensure due process and a statement that the confiscation order is final;

   (c) In the case of a request pertaining to paragraph 2 of this article, a statement of the facts relied upon by the requesting State Party and a description of the actions requested and, where available, a legally admissible copy of an order on which the request is based.

4. The decisions or actions provided for in paragraphs 1 and 2 of this article shall be taken by the requested State Party in accordance with and subject to the provisions of its domestic law and its procedural rules or any bilateral or multilateral agreement or arrangement to which it may be bound in relation to the requesting State Party.

5. Each State Party shall furnish copies of its laws and regulations that give effect to this article and of any subsequent changes to such laws and regulations or a description thereof to the Secretary-General of the United Nations.

6. If a State Party elects to make the taking of the measures referred to in paragraphs 1 and 2 of this article conditional on the existence of a relevant treaty, that State Party shall consider this Convention the necessary and sufficient treaty basis.

7. Cooperation under this article may also be refused or provisional measures lifted if the requested State Party does not receive sufficient and timely evidence or if the property is of a *de minimis* value.

8. Before lifting any provisional measure taken pursuant to this article, the requested State Party shall, wherever possible, give the requesting State Party an opportunity to present its reasons in favour of continuing the measure.

9. The provisions of this article shall not be construed as prejudicing the rights of bona fide third parties.

**Article 56**

**Special cooperation**

Without prejudice to its domestic law, each State Party shall endeavour to take measures to permit it to forward, without prejudice to its own investigations, prosecutions or judicial proceedings, information on proceeds of offences established in [No. 7.] Criminal Justice (Mutual Assistance) Act 2008 [2008.]
accordance with this Convention to another State Party without prior request, when it considers that the disclosure of such information might assist the receiving State Party in initiating or carrying out investigations, prosecutions or judicial proceedings or might lead to a request by that State Party under this chapter of the Convention.

Article 57

Return and disposal of assets

1. Property confiscated by a State Party pursuant to article 31 or 55 of this Convention shall be disposed of, including by return to its prior legitimate owners, pursuant to paragraph 3 of this article, by that State Party in accordance with the provisions of this Convention and its domestic law.

2. Each State Party shall adopt such legislative and other measures, in accordance with the fundamental principles of its domestic law, as may be necessary to enable its competent authorities to return confiscated property, when acting on the request made by another State Party, in accordance with this Convention, taking into account the rights of bona fide third parties.

3. In accordance with articles 46 and 55 of this Convention and paragraphs 1 and 2 of this article, the requested State Party shall:

(a) In the case of embezzlement of public funds or of laundering of embezzled public funds as referred to in articles 17 and 23 of this Convention, when confiscation was executed in accordance with article 55 and on the basis of a final judgement in the requesting State Party, a requirement that can be waived by the requested State Party, return the confiscated property to the requesting State Party;

(b) In the case of proceeds of any other offence covered by this Convention, when the confiscation was executed in accordance with article 55 of this Convention and on the basis of a final judgement in the requesting State Party, a requirement that can be waived by the requested State Party, return the confiscated property to the requesting State Party, when the requesting State Party reasonably establishes its prior ownership of such confiscated property to the requested State Party or when the requested State Party recognizes damage to the requesting State Party as a basis for returning the confiscated property;

(c) In all other cases, give priority consideration to returning confiscated property to the requesting State Party, returning such property to its prior legitimate owners or compensating the victims of the crime.

4. Where appropriate, unless States Parties decide otherwise, the requested State Party may deduct reasonable expenses incurred in investigations, prosecutions or judicial proceedings leading to the return or disposition of confiscated property pursuant to this article.

5. Where appropriate, States Parties may also give special consideration to concluding agreements or mutually acceptable arrangements, on a case-by-case basis, for the final disposal of confiscated property.

Article 4

Identification of bank information
1. (a) Upon request of the requesting State, the requested State shall, in accordance with the terms of this Article, promptly ascertain if the banks located in its territory possess information on whether an identified natural or legal person suspected of or charged with a criminal offence is the holder of a bank account or accounts. The requested State shall promptly communicate the results of its enquiries to the requesting State.

(b) The actions described in subparagraph (a) may also be taken for the purpose of identifying:

(i) information regarding natural or legal persons convicted of or otherwise involved in a criminal offence;

(ii) information in the possession of non-bank financial institutions; or

(iii) financial transactions unrelated to accounts.

2. A request for information described in paragraph 1 shall include:

(a) the identity of the natural or legal person relevant to locating such accounts or transactions; and

(b) sufficient information to enable the competent authority of the requested State to:

(i) reasonably suspect that the natural or legal person concerned has engaged in a criminal offence and that banks or non-bank financial institutions in the territory of the requested State may have the information requested; and

(ii) conclude that the information sought relates to the criminal investigation or proceeding;

(c) to the extent possible, information concerning which bank or non-bank financial institution may be involved, and other information the availability of which may aid in reducing the breadth of the enquiry.

3. Requests for assistance under this Article shall be transmitted between:

(a) central authorities responsible for mutual legal assistance in Member States, or national authorities of Member States responsible for investigation or prosecution of criminal offences as designated pursuant to Article 15(2); and

(b) national authorities of the United States responsible for investigation or prosecution of criminal offences, as designated pursuant to Article 15(2).

The Contracting Parties may, following the entry into force of this Agreement, agree by Exchange of Diplomatic Note to modify the channels through which requests under this Article are made.

4. (a) Subject to subparagraph (b), a State may, pursuant to Article 15, limit its obligation to provide assistance under this Article to:

(i) offences punishable under the laws of both the requested and requesting States;

(ii) offences punishable by a penalty involving deprivation of liberty or a detention order of a maximum period of at least four years in the requesting State and at least two years in the requested State; or

(iii) designated serious offences punishable under the laws of both the requested and requesting States.
(b) A State which limits its obligation pursuant to subparagraph (a)(ii) or (iii) shall, at a minimum, enable identification of accounts associated with terrorist activity and the laundering of proceeds generated from a comprehensive range of serious criminal activities, punishable under the laws of both the requesting and requested States.

5. Assistance may not be refused under this Article on grounds of bank secrecy.

6. The requested State shall respond to a request for production of the records concerning the accounts or transactions identified pursuant to this Article, in accordance with the provisions of the applicable mutual legal assistance treaty in force between the States concerned, or in the absence thereof, in accordance with the requirements of its domestic law.

7. The Contracting Parties shall take measures to avoid the imposition of extraordinary burdens on requested States through application of this Article. Where extraordinary burdens on a requested State nonetheless result, including on banks or by operation of the channels of communications foreseen in this Article, the Contracting Parties shall immediately consult with a view to facilitating the application of this Article, including the taking of such measures as may be required to reduce pending and future burdens.

**Article 5**

**Joint investigative teams**

1. The Contracting Parties shall, to the extent they have not already done so, take such measures as may be necessary to enable joint investigative teams to be established and operated in the respective territories of each Member State and the United States of America for the purpose of facilitating criminal investigations or prosecutions involving one or more Member States and the United States of America where deemed appropriate by the Member State concerned and the United States of America.

2. The procedures under which the team is to operate, such as its composition, duration, location, organisation, functions, purpose, and terms of participation of team members of a State in investigative activities taking place in another State’s territory shall be as agreed between the competent authorities responsible for the investigation or prosecution of criminal offences, as determined by the respective States concerned.

3. The competent authorities determined by the respective States concerned shall communicate directly for the purposes of the establishment and operation of such team except that where the exceptional complexity, broad scope, or other circumstances involved are deemed to require more central coordination as to some or all aspects, the States may agree upon other appropriate channels of communications to that end.

4. Where the joint investigative team needs investigative measures to be taken in one of the States setting up the team, a member of the team of that State may request its own competent authorities to take those measures without the other States having to submit a request for mutual legal assistance. The required legal standard for obtaining the measure in that State shall be the standard applicable to its domestic investigative activities.

**Article 6**

**Video conferencing**

1. The Contracting Parties shall take such measures as may be necessary to enable the use of video transmission technology between each Member State and the United States of America for taking testimony in a proceeding for which mutual legal assistance is available of a witness or expert located in a requested State, to the extent
such assistance is not currently available. To the extent not specifically set forth in
this Article, the modalities governing such procedure shall be as provided under the
applicable mutual legal assistance treaty in force between the States concerned, or
the law of the requested State, as applicable.

2. Unless otherwise agreed by the requesting and requested States, the requesting
State shall bear the costs associated with establishing and servicing the video trans-
mmission. Other costs arising in the course of providing assistance (including costs
associated with travel of participants in the requested State) shall be borne in
accordance with the applicable provisions of the mutual legal assistance treaty in
force between the States concerned, or where there is no such treaty, as agreed upon
by the requesting and requested States.

3. The requesting and requested States may consult in order to facilitate resolution
of legal, technical or logistical issues that may arise in the execution of the request.

4. Without prejudice to any jurisdiction under the law of the requesting State,
making an intentionally false statement or other misconduct of the witness or expert
during the course of the video conference shall be punishable in the requested State
in the same manner as if it had been committed in the course of its domestic
proceedings.

5. This Article is without prejudice to the use of other means for obtaining of
testimony in the requested State available under applicable treaty or law.

6. This Article is without prejudice to application of provisions of bilateral mutual
legal assistance agreements between Member States and the United States of Amer-
ica that require or permit the use of video conferencing technology for purposes other
than those described in paragraph 1, including for purposes of identification of persons
or objects, or taking of investigative statements. Where not already provided for
under applicable treaty or law, a State may permit the use of video conferencing
technology in such instances.

Article 7

Expedit ed transmission of requests

Requests for mutual legal assistance, and communications related thereto, may be
made by expedited means of communications, including fax or e-mail, with formal
confirmation to follow where required by the requested State. The requested State
may respond to the request by any such expedited means of communication.

Article 8

Mutual legal assis tance to administr ativ e authorities

1. Mutual legal assistance shall also be afforded to a national administrative
authority, investigating conduct with a view to a criminal prosecution of the conduct,
or referral of the conduct to criminal investigation or prosecution authorities, pursuant
to its specific administrative or regulatory authority to undertake such investigation.
Mutual legal assistance may also be afforded to other administrative authorities under
such circumstances. Assistance shall not be available for matters in which the
administrative authority anticipates that no prosecution or referral, as applicable,
will take place.

2. (a) Requests for assistance under this Article shall be transmitted between the
central authorities designated pursuant to the bilateral mutual legal assistance
treaty in force between the States concerned, or between such other
authorities as may be agreed by the central authorities.

(b) In the absence of a treaty, requests shall be transmitted between the United
States Department of Justice and the Ministry of Justice or, pursuant to
Article 15(1), comparable Ministry of the Member State concerned responsible for transmission of mutual legal assistance requests, or between such other authorities as may be agreed by the Department of Justice and such Ministry.

3. The Contracting Parties shall take measures to avoid the imposition of extraordinary burdens on requested States through application of this Article. Where extraordinary burdens on a requested State nonetheless result, the Contracting Parties shall immediately consult with a view to facilitating the application of this Article, including the taking of such measures as may be required to reduce pending and future burdens.

Article 9

Limitations on use to protect personal and other data

1. The requesting State may use any evidence or information obtained from the requested State:

(a) for the purpose of its criminal investigations and proceedings;

(b) for preventing an immediate and serious threat to its public security;

(c) in its non-criminal judicial or administrative proceedings directly related to investigations or proceedings:

(i) set forth in subparagraph (a); or

(ii) for which mutual legal assistance was rendered under Article 8;

(d) for any other purpose, if the information or evidence has been made public within the framework of proceedings for which they were transmitted, or in any of the situations described in subparagraphs (a), (b) and (c); and

(e) for any other purpose, only with the prior consent of the requested State.

2. (a) This Article shall not prejudice the ability of the requested State to impose additional conditions in a particular case where the particular request for assistance could not be complied with in the absence of such conditions. Where additional conditions have been imposed in accordance with this subparagraph, the requested State may require the requesting State to give information on the use made of the evidence or information.

(b) Generic restrictions with respect to the legal standards of the requesting State for processing personal data may not be imposed by the requested State as a condition under subparagraph (a) to providing evidence or information.

3. Where, following disclosure to the requesting State, the requested State becomes aware of circumstances that may cause it to seek an additional condition in a particular case, the requested State may consult with the requesting State to determine the extent to which the evidence and information can be protected.

4. A requested State may apply the use limitation provision of the applicable bilateral mutual legal assistance treaty in lieu of this Article, where doing so will result in less restriction on the use of information and evidence than provided for in this Article.

5. Where a bilateral mutual legal assistance treaty in force between a Member State and the United States of America on the date of signature of this Agreement, permits limitation of the obligation to provide assistance with respect to certain tax offences, the Member State concerned may indicate, in its exchange of written instruments with the United States of America described in Article 3(2), that, with respect to such offences, it will continue to apply the use limitation provision of that treaty.

Article 10
Requesting State’s request for confidentiality

The requested State shall use its best efforts to keep confidential a request and its contents if such confidentiality is requested by the requesting State. If the request cannot be executed without breaching the requested confidentiality, the central authority of the requested State shall so inform the requesting State, which shall then determine whether the request should nevertheless be executed.

Article 11

Consultations

The Contracting Parties shall, as appropriate, consult to enable the most effective use to be made of this Agreement, including to facilitate the resolution of any dispute regarding the interpretation or application of this Agreement.

Article 12

Temporal application

1. This Agreement shall apply to offences committed before as well as after it enters into force.

2. This Agreement shall apply to requests for mutual legal assistance made after its entry into force. Nevertheless, Articles 6 and 7 shall apply to requests pending in a requested State at the time this Agreement enters into force.

Article 13

Non-derogation

Subject to Article 4(5) and Article 9(2)(b), this Agreement is without prejudice to the invocation by the requested State of grounds for refusal of assistance available pursuant to a bilateral mutual legal assistance treaty, or, in the absence of a treaty, its applicable legal principles, including where execution of the request would prejudice its sovereignty, security, order public or other essential interests.

Article 14

Future bilateral mutual legal assistance treaties with Member States

This Agreement shall not preclude the conclusion, after its entry into force, of bilateral Agreements between a Member State and the United States of America consistent with this Agreement.

Article 15

Designations and notifications

1. Where a Ministry other than the Ministry of Justice has been designated under Article 8(2)(b), the European Union shall notify the United States of America of such designation prior to the exchange of written instruments described in Article 3(3) between the Member States and the United States of America.

2. The Contracting Parties, on the basis of consultations between them on which national authorities responsible for the investigation and prosecution of offences to designate pursuant to Article 4(3), shall notify each other of the national authorities so designated prior to the exchange of written instruments described in Article 3(2) and (3) between the Member States and the United States of America. The European Union shall, for Member States having no mutual legal assistance treaty with the United States of America, notify the United States of America prior to such exchange of the identity of the central authorities under Article 4(3).
3. The Contracting Parties shall notify each other of any limitations invoked under Article 4(4) prior to the exchange of written instruments described in Article 3(2) and (3) between the Member States and the United States of America.

Article 16

Territorial application

1. This Agreement shall apply:
   (a) to the United States of America;
   (b) in relation to the European Union, to:
      — Member States,
      — territories for whose external relations a Member State has responsibility, or countries that are not Member States for whom a Member State has other duties with respect to external relations, where agreed upon by exchange of diplomatic note between the Contracting Parties, duly confirmed by the relevant Member State.

2. The application of this Agreement to any territory or country in respect of which extension has been made in accordance with subparagraph (b) of paragraph 1 may be terminated by either Contracting Party giving six months' written notice to the other Contracting Party through the diplomatic channel, where duly confirmed between the relevant Member State and the United States of America.

Article 17

Review

The Contracting Parties agree to carry out a common review of this Agreement no later than five years after its entry into force. The review shall address in particular the practical implementation of the Agreement and may also include issues such as the consequences of further development of the European Union relating to the subject matter of this Agreement.

Article 18

Entry into force and termination

1. This Agreement shall enter into force on the first day following the third month after the date on which the Contracting Parties have exchanged instruments indicating that they have completed their internal procedures for this purpose. These instruments shall also indicate that the steps specified in Article 3(2) and (3) have been completed.

2. Either Contracting Party may terminate this Agreement at any time by giving written notice to the other Party, and such termination shall be effective six months after the date of such notice.

In witness whereof the undersigned Plenipotentiaries have signed this Agreement.

Explanatory Note on the Agreement on Mutual Legal Assistance between the European Union and the United States of America

This note reflects understandings regarding the application of certain provisions of the Agreement on Mutual Legal Assistance between the European Union and the
United States of America (hereinafter ‘the Agreement’) agreed between the Contracting Parties.

On Article 8

With respect to the mutual legal assistance to administrative authorities under Article 8(1), the first sentence of Article 8(1) imposes an obligation to afford mutual legal assistance to requesting United States of America federal administrative authorities and to requesting national administrative authorities of Member States. Under the second sentence of that paragraph mutual legal assistance may also be made available to other, that is non-federal or local, administrative authorities. This provision however, is available at the discretion of the requested State.

The Contracting Parties agree that under the first sentence of Article 8(1) mutual legal assistance will be made available to a requesting administrative authority that is, at the time of making the request, conducting investigations or proceedings in contemplation of criminal prosecution or referral of the investigated conduct to the competent prosecuting authorities, within the terms of its statutory mandate, as further described immediately below. The fact that, at the time of making the request referral for criminal prosecution is being contemplated does not exclude that, other sanctions than criminal ones may be pursued by that authority. Thus, mutual legal assistance obtained under Article 8(1) may lead the requesting administrative authority to the conclusion that pursuance of criminal proceedings or criminal referral would not be appropriate. These possible consequences do not affect the obligation upon the Contracting Parties to provide assistance under this Article.

However, the requesting administrative authority may not use Article 8(1) to request assistance where criminal prosecution or referral is not being contemplated, or for matters in which the conduct under investigation is not subject to criminal sanction or referral under the laws of the requesting State.

The European Union recalls that the subject matter of the Agreement for its part falls under the provisions on police and judicial cooperation in criminal matters set out in Title VI of the Treaty on European Union and that the Agreement has been concluded within the scope of these provisions.

On Article 9

Article 9(2)(b) is meant to ensure that refusal of assistance on data protection grounds may be invoked only in exceptional cases. Such a situation could arise if, upon balancing the important interests involved in the particular case (on the one hand, public interests, including the sound administration of justice and, on the other hand, privacy interests), furnishing the specific data sought by the requesting State would raise difficulties so fundamental as to be considered by the requested State to fall within the essential interests grounds for refusal. A broad, categorical, or systematic application of data protection principles by the requested State to refuse cooperation is therefore precluded. Thus, the fact the requesting and requested States have different systems of protecting the privacy of data (such as that the requesting State does not have the equivalent of a specialised data protection authority) or have different means of protecting personal data (such as that the requesting State uses means other than the process of deletion to protect the privacy or the accuracy of the personal data received by law enforcement authorities), may as such not be imposed as additional conditions under Article 9(2a).

On Article 14

Article 14 provides that the Agreement shall not preclude the conclusion, after its entry into force, of bilateral agreements on mutual legal assistance between a Member State and the United States of America consistent with the Agreement.

Should any measures set forth in the Agreement create an operational difficulty for the United States of America and one or more Member States, such difficulty
should in the first place be resolved, if possible, through consultations between the Member State or Member States concerned and the United States of America, or, if appropriate, through the consultation procedures set out in the Agreement. Where it is not possible to address such operational difficulty through consultations alone, it would be consistent with the Agreement for future bilateral agreements between a Member State and the United States of America to provide an operationally feasible alternative mechanism that would satisfy the objectives of the specific provision with respect to which the difficulty has arisen.

5. (a) This Instrument shall be subject to the completion by the United States of America and Ireland of their respective applicable internal procedures for entry into force. The Governments of the United States of America and Ireland shall thereupon exchange instruments indicating that such measures have been completed. Scope of Assistance

1. The Parties shall provide mutual assistance, in accordance with the provisions of this Treaty, in connection with the investigation, prosecution, and prevention of offences, and in proceedings related to criminal matters.

1 bis. (a) Mutual legal assistance shall also be afforded to a national administrative authority, investigating conduct with a view to a criminal prosecution of the conduct, or referral of the conduct to criminal investigation or prosecution authorities, pursuant to its specific administrative or regulatory authority to undertake such investigation. Mutual legal assistance may also be afforded to other administrative authorities under such circumstances. Assistance shall not be available for matters in which the administrative authority anticipates that no prosecution or referral, as applicable, will take place.

(b) Requests for assistance under this paragraph shall be transmitted between the Central Authorities designated pursuant to Article 2 of this Treaty, or between such other authorities as may be agreed by the Central Authorities.

2. Assistance shall include:

(a) taking the testimony or statements of persons;
(b) providing documents, records, and articles of evidence;
(c) locating or identifying persons;
(d) serving documents;
(e) transferring persons in custody for testimony or other purposes;
(f) executing requests for searches and seizures;
(g) identifying, tracing, freezing, seizing, and forfeiting the proceeds and instrumentalities of crime and assistance in related proceedings;
(h) such other assistance as may be agreed between Central Authorities.

3. Except when required by the laws of the Requested Party, assistance shall be provided without regard to whether the conduct that is the subject of the investigation,
prosecution, or proceeding in the territory of the Requesting Party would constitute an offence under the laws of the Requested Party.

4. This Treaty is intended solely for mutual legal assistance between the Parties. The provisions of this Treaty shall not give rise to a right on the part of any private person to obtain, suppress, or exclude any evidence, or to impede the execution of a request.

Article 2
Central Authorities

1. Each Party shall designate a Central Authority to make and receive requests pursuant to this Treaty.

2. For the Government of the United States of America, the Central Authority shall be the Attorney General or a person designated by the Attorney General. For the Government of Ireland, the Central Authority shall be the Minister for Justice, Equality and Law Reform or a person designated by the Minister.

3. The Central Authorities shall communicate directly with one another for the purposes of this Treaty.

Article 3
Limitations on Assistance

1. The Central Authority of the Requested Party may deny assistance if:

   (a) the Requested Party is of the opinion that the request, if granted, would impair its sovereignty, security, or other essential interests, or would be contrary to important public policy;

   (b) the request relates to an offender who, if proceeded against under the law of the Requested Party for the offence for which assistance is requested, would be entitled to be discharged on the grounds of a previous acquittal or conviction;

   (c) the request relates to an offence that is regarded by the Central Authority of the Requested Party as:

      (i) an offence of a political character; or

      (ii) an offence under military law of the Requested Party which is not also an offence under the ordinary criminal law of the Requested Party; or

   (d) the request is not made in conformity with the Treaty.

2. Before denying assistance pursuant to this Article, the Central Authority of the Requested Party shall consult with the Central Authority of the Requesting Party to consider whether assistance can be given subject to such conditions as it deems necessary. If the Requesting Party accepts assistance subject to these conditions, it shall comply with the conditions.

Article 4
Form and Contents of Requests

1. (a) Requests for mutual legal assistance and communications related thereto may be made and responded to by expedited means of communications, including fax or e-mail, with formal confirmation of requests to follow where required by the Requested Party.
(b) In urgent cases, requests for mutual legal assistance may be made orally but shall be confirmed in writing within ten days.

(c) The Requested Party may respond by any such expedited means of communication.

(d) The request shall be in an official language of the Requested Party unless otherwise agreed.

2. The request shall include the following:

(a) the name of the authority conducting the investigation, prosecution, or proceeding to which the request relates;

(b) a description of the subject matter and nature of the investigation, prosecution, or proceeding, including the specific criminal offences which relate to the matter;

(c) a description of the evidence, information, or other assistance sought; and

(d) a statement of the purpose for which the evidence, information, or other assistance is sought.

3. To the extent necessary and possible, a request shall also include:

(a) information on the identity and location of any person from whom evidence is sought;

(b) information on the identity and location of a person be served, that person’s relationship to the proceedings, and the manner in which service is to be made;

(i) any other information which may be brought to the attention of the Requested Party to facilitate its execution of the request.

4. The Requested Party may ask the Requesting Party to provide any further information which appears to the Requested Party to be necessary for the purpose of executing the request.

Article 5

Execution of Requests

1. As empowered by this Treaty or by national law, or in accordance with its national practice, the Central Authority of the Requested Party shall take whatever steps it deems necessary to execute promptly requests received from the Requesting Party. The Courts of the Requested Party shall have authority to issue subpoenas, search warrants, or other orders necessary to execute the request.
2. The Central Authority of the Requested Party shall make all necessary arrangements for representation in the territory of the Requested Party of the Requesting Party in any proceedings arising out of a request for assistance.

3. The method of execution specified in the request shall be followed except to the extent that it is incompatible with the laws and practices of the Requested Party.

4. If the Central Authority of the Requested Party determines that execution of a request would interfere with an ongoing criminal investigation, prosecution, or proceeding under the laws of that Party, or prejudice the safety of any person, it may postpone execution, or make execution subject to conditions determined to be necessary after consultations with the Central Authority of the Requesting Party. If the Requesting Party accepts the assistance subject to the conditions, it shall comply with the conditions.

5. The Central Authority of the Requested Party shall, in accordance with its national law and practice, facilitate the presence in the execution of the request of such persons as are specified in the request.

6. The Requested Party shall, upon request, keep confidential any information which might indicate that a request has been made or responded to. If the request cannot be executed without breaching confidentiality, the Requested Party shall so inform the Requesting Party, which shall then determine the extent to which it wishes the request to be executed.

7. The Central Authority of the Requested Party shall respond to reasonable inquiries by the Central Authority of the Requesting Party concerning progress toward execution of the request.

8. The Central Authority of the Requested Party may ask the Central Authority of the Requesting Party to provide information in such form as may be necessary to enable it to execute the request or to undertake any steps which may be necessary under the laws and practices of the Requested Party in order to give effect to the request received from the Requesting Party.

9. The Central Authority of the Requesting Party shall promptly inform the Central Authority of the Requested Party of any circumstances which make it inappropriate to proceed with the execution of the request or which require modification of the action requested.

10. The Central Authority of the Requesting Party shall promptly inform the Central Authority of the Requested Party of any circumstances which are likely to cause a significant delay in responding to the request.

11. The Central Authority of the Requested Party shall promptly inform the Central Authority of the Requesting Party of the outcome of the execution of the request. If the request is denied, the Central Authority of the Requested Party shall inform the Central Authority of the Requesting Party of the reasons for the denial.

**Article 6**

**Costs**

1. The Requested Party shall pay all costs relating to the execution of the request, including the costs of representation, except for:

(a) the fees of expert witnesses, the costs of translation, interpretation, and transcription, and the allowances and expenses related to travel of persons pursuant to Articles 10 and 11, which costs, fees, allowances, and expenses shall be paid by the Requesting Party;
(b) the costs associated with establishing and servicing a video transmission, to the extent set forth in Article 16 quater.

2. If, during the execution of a request, it becomes apparent that complete execution will entail expenses of an extraordinary nature, the Central Authorities shall consult to determine the terms and conditions under which execution may continue.

Article 7

Limitations on Use

1. The Requesting Party may use any evidence or information obtained from the Requested Party:

(a) for the purpose of its criminal investigations and proceedings;

(b) for preventing an immediate and serious threat to its public security;

(c) in its non-criminal judicial or administrative proceedings directly related to investigations or proceedings:

(i) set forth in subparagraph (a); or

(ii) for which mutual legal assistance was rendered under Article 1 (1 bis)(a) of this Treaty;

(d) for any other purpose, if the evidence or information has been made public within the framework of proceedings for which they were transmitted, or in any of the situations described in subparagraphs (a), (b) and (c); and

(e) for any other purpose only with the prior consent of the Requested Party.

2. (a) This Article shall not prejudice the ability of the Requested Party in accordance with this Treaty to impose additional conditions in a particular case where the particular request for assistance could not be complied with in the absence of such conditions. Where additional conditions have been imposed in accordance with this subparagraph, the Requested Party may require the Requesting Party to give information on the use made of the evidence or information.

(b) Generic restrictions with respect to the legal standards of the Requesting Party for processing personal data may not be imposed by the Requested Party as a condition under subparagraph (a) to providing evidence or information.

3. Where, following disclosure to the Requesting Party, the Requested Party becomes aware of circumstances that may cause it to seek an additional condition in a particular case, the Requested Party may consult with the Requesting Party to determine the extent to which the evidence and information can be protected.

Article 8

Testimony or Evidence in the Territory of the Requested Party

1. A person in the territory of the Requested Party from whom testimony or evidence is requested pursuant to this Treaty may be compelled, if necessary, to appear and testify or produce items, including documents, records, and articles of evidence.

2. Upon request, the Central Authority of the Requested Party shall furnish information in advance about the date and place of the taking of the testimony or evidence pursuant to this Article.

3. In accordance with its laws and practice, the Requested Party shall permit the presence of such persons as specified in the request during the execution of the
request, and shall allow such persons to ask questions directly of the person whose testimony or evidence is being taken or indirectly through a legal representative qualified to appear before the courts of the Requested Party.

4. If the person referred to in paragraph 1 asserts a claim of immunity, incapacity, or privilege under the laws of the Requesting Party, the testimony or evidence shall nonetheless be taken and the claim made known to the Central Authority of the Requesting Party for resolution by the authorities of that Party.

5. Evidence produced in the territory of the Requested Party pursuant to this Article or which is the subject of testimony taken under this Article may be authenticated by an attestation, including, in the case of business records, authentication in the manner indicated in Forms A1 or A2, as applicable, appended to this Treaty. The absence or nonexistence of such records may, upon request, be certified through the use of Forms B1 or B2, as applicable, appended to this Treaty. Records authenticated by Forms A1 or A2, or Forms B1 or B2 certifying the absence or nonexistence of such records, shall be admissible in evidence in the Requesting Party. Documentary information produced pursuant to this Article may also be authenticated pursuant to such other form or manner as may be prescribed from time to time by either Central Authority.

Article 9

Records of Government Agencies

1. The Requested Party shall provide the Requesting Party with copies of publicly available records, including documents or information in any form, in the possession of government departments and agencies in the Requested Party.

2. The Requested Party may provide copies of any documents, records, or information which are in the possession of a government department or agency of that Party, but which are not publicly available, to the same extent and under the same conditions as such copies would be available to its own law enforcement or judicial authorities. The Requested Party may in its discretion deny a request pursuant to this paragraph entirely or in part.

3. Records produced pursuant to this Article shall, upon request, be authenticated under the provisions of the Convention Abolishing the Requirement of Legalisation for Foreign Public Documents, dated October 5, 1961, or by an official competent to do so through the use of Forms C1 or C2, as applicable, appended to this Treaty. The absence or nonexistence of such records may, upon request, be certified through the use of Forms D1 or D2, as applicable, appended to this Treaty. No further authentication shall be necessary. Records authenticated by Forms C1 or C2, or Forms D1 or D2 certifying the absence or nonexistence of such records, shall be admissible in evidence in the Requesting Party. Documentary information produced pursuant to this Article may also be authenticated pursuant to such other form or manner as may be prescribed from time to time by either Central Authority.

Article 10

Testimony in the Territory of the Requesting Party

1. When the Requesting Party requests the appearance of a person in the territory of that Party, the Requested Party shall invite the person to appear voluntarily before the appropriate authority in the territory of the Requesting Party. The Requesting Party shall indicate the extent to which the expenses will be paid. The Central Authority of the Requested Party shall promptly inform the Central Authority of the Requesting Party of the response of the person.

2. The Central Authority of the Requesting Party may, in its discretion, determine that a person appearing in the territory of the Requesting Party pursuant to this article shall not be subject to service of process, or be detained or subjected to any
restriction of personal liberty, by reason of any acts or convictions which preceded that person’s departure from the territory of the Requested Party.

3. The safe conduct provided for by this Article shall cease seven days after the Central Authority of the Requesting Party has notified the Central Authority of the Requested Party that the person’s presence is no longer required, or when the person, having left the territory of the Requesting Party, voluntarily returns. The Central Authority of the Requesting Party may, in its discretion, extend this period for up to fifteen days if it determines that there is good cause to do so.

Article 11
Transfer of Persons in Custody

1. A person in the custody of one Party whose presence in the territory of the other Party is sought for purposes of assistance under this Treaty shall be transferred for those purposes if the person and the Central Authorities of both Parties consent.

2. For purposes of this Article:
   
   (a) the receiving Party shall have the authority and the obligation to keep the person transferred in custody unless otherwise authorised by the sending Party;
   
   (b) the receiving Party shall return the person transferred to the custody of the sending Party as soon as circumstances permit and in any event no later than the date upon which the person would have been released from custody in the territory of the sending Party, unless otherwise agreed by both Central Authorities and the person transferred;
   
   (c) the receiving Party shall not require the sending Party to initiate extradition proceedings for the return of the person transferred; and
   
   (d) the person transferred shall receive credit for service of the sentence imposed in the sending Party for time served in the custody of the receiving Party.

Article 12
Location or Identification of Persons or Items

The Requested Party shall use its best efforts to ascertain the location or identity of persons or items specified in the request.

Article 13
Service of Documents

1. The Requested Party shall use its best efforts to effect service of any document relating, in whole or in part, to any request for assistance made by the Requesting Party under the provisions of this Treaty.

2. Service of any document by virtue of paragraph (1) of this Article shall not impose any obligation under the law of the Requested Party to comply with it.

3. The Requesting Party shall transmit any request for the service of a document requiring the appearance of a person before an authority in the Requesting Party a reasonable time before the scheduled appearance.

4. The Requested Party shall return a proof of service in the manner specified in the Request.
Search and Seizure

1. The Requested Party shall execute a request for the search, seizure, and delivery of any item to the Requesting Party if the request includes the information justifying such action under the laws of the Requested Party and it is carried out in accordance with the laws of that Party.

2. The Requested Party may refuse a request if it relates to conduct in respect of which powers of search and seizure would not be exercisable in the territory of the Requested Party in similar circumstances.

3. Upon request, every official who has custody of a seized item shall certify, through the use of Forms E1 or E2, as applicable, appended to this Treaty, the continuity of custody, the identity of the item, and the integrity of its condition. No further certification shall be required. The certificates shall be admissible in evidence in the Requesting Party. Certification under this Article may also be provided in any other form or manner as may be prescribed from time to time by either Central Authority.

4. The Central Authority of the Requested Party may require that the Requesting Party agree to the terms and conditions deemed to be necessary to protect third party interests in the item to be transferred.

Article 15

Return of Items

The Central Authority of the Requesting Party shall return any items, including documents, records, or articles of evidence furnished to it in execution of a request under this Treaty as soon as possible unless the Central Authority of the Requested Party waives their return.

Article 16

Assistance in Forfeiture Proceedings

1. If the Central Authority of one Party becomes aware of proceeds or instrumentalities of offences which are located in the territory of the other Party and may be forfeitable or otherwise subject to seizure under the laws of that Party, it may so inform the Central Authority of the other Party. If that other Party has jurisdiction in this regard, it may present this information to its authorities for a determination whether any action is appropriate. These authorities shall issue their decision in accordance with the laws of their country, and the Central Authority shall report to the Central Authority of the other Party on the action taken.

2. The Parties shall assist each other to the extent permitted by their respective laws in proceedings relating to the forfeiture of the proceeds and instrumentalities of offences. This may include action to temporarily freeze the proceeds or instrumentalities pending further proceedings.

3. The Party that has custody over proceeds or instrumentalities of offences shall dispose of them in accordance with its laws. Either Party may transfer all or part of such assets, or the proceeds of their sale, to the other Party, to the extent permitted by the transferring Party's laws and upon such terms as it deems appropriate.

Article 16 bis:

Identification of bank information

1. (a) Upon request of the Requesting Party, the Requested Party shall, in accordance with the terms of this Article, promptly ascertain if the banks located in its territory possess information on whether an identified natural or legal person suspected of or charged with a criminal offence is the holder of a bank account
or accounts. The Requested Party shall promptly communicate the results of its enquiries to the Requesting Party.

(b) The actions described in subparagraph (a) may also be taken for the purpose of identifying:

(i) information regarding natural or legal persons convicted of or otherwise involved in a criminal offence;

(ii) information in the possession of non-bank financial institutions, or

(iii) financial transactions unrelated to accounts.

2. In addition to the requirements of Article 4(2) of this Treaty, a request for information described in paragraph 1 shall include:

(a) the identity of the natural or legal person relevant to locating such accounts or transactions;

(b) sufficient information to enable the competent authority of the Requested Party to:

(i) reasonably suspect that the natural or legal person concerned has engaged in a criminal offence and that banks or non-bank financial institutions in the territory of the Requested Party may have the information requested; and

(ii) conclude that the information sought relates to the criminal investigation or proceeding; and

(c) to the extent possible, information concerning which bank or non-bank financial institution may be involved, and other information the availability of which may aid in reducing the breadth of the enquiry.

3. Unless subsequently modified by exchange of diplomatic note between the European Union and the United States of America, requests for assistance under this Article shall be transmitted between:

(a) for Ireland, its Central Authority set forth in Article 2(2) of this Treaty, and

(b) for the United States of America, the attaché responsible for Ireland of the:

(i) U.S. Department of Justice, Drug Enforcement Administration, with respect to matters within its jurisdiction;

(ii) U.S. Department of Homeland Security, Bureau of Immigration and Customs Enforcement, with respect to matters within its jurisdiction;

(iii) U.S. Department of Justice, Federal Bureau of Investigation, with respect to all other matters.

4. Ireland shall provide assistance under this Article with respect to money laundering and terrorist activity punishable under the laws of both the Requesting and Requested Parties, and with respect to other criminal activity punishable under the law of Ireland by a maximum sentence of at least five years imprisonment or more serious penalty and which are punishable under applicable United States laws. The United States of America shall provide assistance under this Article with respect to money laundering and terrorist activity punishable under the laws of both the Requesting and Requested Parties.

5. The Requested Party shall respond to a request for production of records concerning the accounts or transactions identified pursuant to this Article in accordance with the other provisions of this Treaty.
Article 16 ter:

Joint investigative teams

1. Joint investigative teams may be established and operated in the respective territories of the United States of America and Ireland for the purpose of facilitating criminal investigations or prosecutions involving the United States of America and one or more Member States of the European Union including Ireland, where deemed appropriate by the United States of America and Ireland.

2. The procedures under which the team is to operate, such as its composition, duration, location, organisation, functions, purpose, and terms of participation of team members of a State in investigative activities taking place in another State’s territory shall be as agreed between the competent authorities responsible for the investigation or prosecution of criminal offences, as determined by the respective States concerned.

3. The competent authorities determined by the respective States concerned shall communicate directly for the purposes of the establishment and operation of such team except that where the exceptional complexity, broad scope, or other circumstances involved are deemed to require more central coordination as to some or all aspects, the States may agree upon other appropriate channels of communications to that end.

4. Where the joint investigative team needs investigative measures to be taken in one of the States setting up the team, a member of the team of that State may request its own competent authorities to take those measures without the other States having to submit a request for mutual legal assistance. The required legal standard for obtaining the measure in that State shall be the standard applicable to its domestic investigative activities.

Article 16 quater:

Video conferencing

1. The use of video transmission technology shall be available between the United States of America and Ireland for taking testimony in a proceeding for which mutual legal assistance is available of a witness or expert located in the Requested Party. To the extent not specifically set forth in this Article, the modalities governing such procedure shall be as otherwise provided under this Treaty.

2. Unless otherwise agreed by the Requesting and Requested Parties, the Requesting Party shall bear the costs associated with establishing and servicing the video transmission. Other costs arising in the course of providing assistance (including costs associated with travel of participants in the Requested Party) shall be borne in accordance with Article 6 of this Treaty.

3. The Requesting and Requested Parties may consult in order to facilitate resolution of legal, technical or logistical issues that may arise in the execution of the request.

4. Without prejudice to any jurisdiction under the law of the Requesting Party, making an intentionally false statement or other misconduct of the witness or expert during the course of the video conference shall be punishable in the Requested Party in the same manner as if it had been committed in the course of its domestic proceedings.

5. This Article is without prejudice to the use of other means for obtaining of testimony in the Requested Party available under applicable treaty or law.

6. The Requested Party may permit the use of video transmission technology for purposes other than those described in paragraph 1 of this Article, including for purposes of identification of persons or objects, or taking of investigative statements.
Article 17

Compatibility with Other Arrangements

Assistance and procedures set forth in this Treaty shall not prevent either Party from granting assistance to the other Party through the provisions of other applicable international agreements, or through the provisions of its national laws. The Parties may also provide assistance pursuant to any bilateral arrangement, agreement, or practice which may be applicable.

Article 18

Consultation

The Central Authorities of the Parties shall consult, at times mutually agreed to by them, to promote the most effective use of this Treaty. The Central Authorities may also agree on such practical measures as may be necessary to facilitate the implementation of this Treaty.

Article 19

Termination

Either Party may terminate this Treaty by means of written notice to the other Party. Termination shall take effect six months following the date of notification. Ongoing proceedings at the time of termination shall nonetheless be completed in accordance with the provisions of this Treaty.
