5.— This Part comes into operation on such day or days as may be fixed therefor by order or orders by the Minister, either generally or with reference to any particular purpose or provision, and different days may be so fixed for different purposes and different provisions of this Act.

6.— (1) Subject to section 20, a public bus passenger service, other than such a service that is the subject of a public transport services contract entered into under section 48 of the Act of 2008 or an international service, may only be provided in accordance with a licence.

(2) A person who provides a public bus passenger service that is in contravention of subsection (1) commits an offence.

7.— (1) Subject to this Part, the Authority may grant a licence in respect of a public bus passenger service.

(2) A licence shall specify the route that the public bus passenger service to which it relates must follow, the commencement and completion points of the service and any stopping points along the route.

(3) Where it is appropriate having regard to the category of public bus passenger service to which the licence refers, the licence may specify requirements in relation to the scheduling and frequency of operation of the public bus passenger service to which it relates.

(4) (a) Subject to paragraph (b), where the holder of a licence does not comply with a requirement specified in the licence under subsections (2) or (3), he or she commits an offence.

(b) It is a defence for a person charged with an offence under this section that a temporary alteration to the service in question had been made having regard to circumstances set out in guidelines prepared under section 23.

8.— (1) (a) The Authority may specify different categories of public bus passenger services in respect of which licences may be granted and shall set out details of such categories in guidelines prepared under section 23.

(b) In specifying categories under paragraph (a), the Authority may, among other things, have regard to different types of services, the frequency of services,
the scheduling of services and the time of year within which particular categories of services shall operate.

(2) The Authority shall determine the period of validity for licences and, where it specifies different categories of public bus passenger services under subsection (1), it may determine different periods of validity in respect of each category, subject in all instances to a maximum of 5 years.

Form of application.

9.— (1) An application for the grant of a licence shall be made to the Authority in such a form and manner and be accompanied by documents and other supporting information as the Authority may determine from time to time and the appropriate fee determined under section 12.

(2) Where an application for the grant of a licence is not made in full compliance with requirements determined by the Authority under subsection (1), the Authority shall notify the applicant for the licence of a final date for the receipt of the complete application and the Authority will not be obliged to consider the application further if the full application is not received on or before that date.

General provisions for the consideration of applications for grant of licences.

10.— (1) In considering an application for the grant of a licence the Authority, having regard to the general objectives established under section 10 of the Act of 2008—

(a) shall take account of the demand or potential demand that exists for the public bus passenger services to which the application refers having regard to the needs of consumers and any existing public bus passenger services on or in the vicinity of the route to be served by the proposed public bus passenger services, and

(b) save where the application is in respect of a category of licence where the Authority deems it not to be appropriate, shall take account of any or all of the following:

(i) the need to provide a well-functioning, attractive, competitive, integrated and safe public transport system of services and networks for all users,

(ii) the need for the preservation of good order and safety on public roads,

(iii) the impact a proposed public bus passenger service would have on public passenger transport services that are subject to a public transport services contract under Part 3, Chapter 2 of the Act of 2008 on or in the vicinity of the proposed route,

(iv) the contribution the proposed public bus passenger service would have in achieving an increase in the availability of public transport services for the public,

(a) examine any submission made to it by or on behalf of the applicant,

(b) seek the submission of information from the applicant or any other party, including any local authority (within the meaning of the Local Government Act 2001) in whose functional area the proposed public bus passenger service will operate, or

(c) examine any other matter that it deems to be relevant to the public interest in the consideration of an application.

(3) An application for the grant of a licence shall not be considered unless the applicant establishes to the satisfaction of the Authority that—

(a) he or she has or has the capacity to obtain the necessary financial and other resources required to provide the proposed public bus passenger service,

(b) he or she has complied with national and international legislation on road transport, and

(c) he or she holds a current tax clearance certificate issued under section 1095 (inserted by section 127 of the Finance Act 2002) of the Taxes Consolidation Act 1997.

(4) The Authority may provide guidance to applicants in relation to the consideration of applications under this section in guidelines made under section 23.

(5) Where, following its consideration of an application, the Authority determines that the public bus passenger service to which the application relates is warranted, and the applicant establishes compliance with subsection (3) to the satisfaction of the Authority, the Authority shall grant a licence.

(6) Where the Authority decides not to grant a licence, it shall inform the applicant setting out the reasons for that decision.

Offer of grant of licence.

11.— (1) The Authority may decide prior to the grant of any licence, or of licences in respect of particular categories of public bus passenger services, to make an offer to the applicant setting out—

(a) the details of the public bus passenger service in respect of which it is proposed to grant the licence,

(b) the conditions under section 13 that it is proposed to apply to the operation of the public bus passenger service,

(c) the documents and other information that must be submitted by the applicant prior to the grant of the licence,

(d) the fee determined under section 12 that must be paid prior to the grant of the licence, and

(e) the period within which the applicant must respond in writing to the making of the offer indicating acceptance of that offer.

(2) Where an applicant does not comply with subsection (1) in full within the period established under that subsection, the offer shall cease to have effect and the Authority shall inform the applicant that the application shall receive no further consideration.

Fees.

12.— (1) The Authority shall determine from time to time the level of fees to be charged for the making of an application for and the grant of a licence and for an
application to amend, transfer or renew a licence and may determine different levels of fees in respect of each category of public bus passenger service specified under section 8.

(2) An application for the grant of a licence, to amend, transfer or to renew a licence, will not be considered until the appropriate fee has been paid.

(3) No fee shall be refundable to an applicant under any circumstances.

(4) The fees determined by the Authority under this section shall accrue to the Authority and shall be applied for the purpose of meeting the expenses properly incurred by the Authority in the discharge of its functions.

Attachment of conditions to licences.

13.— (1) When granting, amending or renewing a licence, the Authority may apply conditions to the licence in respect of the operation of the public bus passenger service to which it relates.

(h) the minimum number of vehicles that must be kept available for deployment in the provision of the service, and

(i) the minimum accessibility standards and emission standards for pollutants and noise to be complied with by vehicles deployed in the provision of the service.

(3) The Authority may require that a timetable for a public bus passenger service be provided by the applicant and that such timetable be displayed for the information of the public at places and in such a manner as it determines.

(4) Save where the Authority deems it not to be appropriate, the Authority shall require that a licence, or a document displaying details of a licence in a format it has approved, must be displayed in the vehicle being used to provide a public bus passenger service and may set out the locations and method for that display.

(5) The Authority may publish the timetable of any public bus passenger service in respect of which a licence has been granted in any format using any means, including electronic, that it sees fit.

(6) The Authority may establish different and separate conditions in relation to different categories of public bus passenger services.
A licence holder or a person acting on behalf of a licence holder who in the provision of a public bus passenger service does not comply with a condition applied to a licence commits an offence.

14.— (1) Where the holder of a licence proposes to alter a public bus passenger service in respect of which a licence has been granted, the holder must apply to the Authority for the grant of an amendment to that licence.

(2) An application under subsection (1) shall be made in a form and manner and be accompanied by documents, the appropriate fee and other supporting information as the Authority may determine from time to time.

(3) Sections 10 to 13 apply to applications made under subsection (1).

(4) (a) Subject to paragraph (b), where the holder of a licence alters a public bus passenger service without obtaining an amended licence under subsection (1), the holder commits an offence.

15.— (1) Subject to subsection (2), the holder of a licence must commence the public bus passenger service within 4 months of the date on which the licence in respect of the service was granted or amended by the Authority.

(2) The Authority may at the request of the licence holder and having satisfied itself as to the validity of the reasons for the request, extend the period referred to in subsection (1) to a date that it shall determine and shall advise the applicant accordingly.

(3) The licence holder shall provide confirmation to the Authority of the commencement of a public bus passenger service within the period set out in subsection (1) or determined under subsection (2).

(4) Where a licence holder fails to comply with the requirement set out in subsection (3), or where the Authority becomes aware of the fact that a public bus passenger service has not been commenced by the appropriate date, it shall notify the licence holder that the licence will be revoked on a date that is 14 days following that notification unless the licence holder provides proof of the commencement of the service before that date.

16.— (1) The holder of a licence may apply to the Authority for the renewal of the licence and the Authority may either renew or refuse to renew the licence.

(2) (a) An application for the renewal of a licence shall be made in a form and manner and be accompanied by other supporting information as the Authority may determine from time to time and the fee relevant to the application for the renewal of a licence determined under section 12.

(b) Where an application for the renewal of a licence is not made in full compliance with paragraph (a), the Authority shall notify the holder of the licence of a final date for the receipt of the complete application and that no consideration of the application will be given if the full application is not received on or before that date.

(3) In considering an application for the renewal of a licence the Authority shall—

(a) have regard to the degree to which the public bus passenger service has been provided having regard to the terms and conditions of the licence, and

(b) apply the provisions of sections 10 to 13 as it deems appropriate.
Every renewal of a licence shall commence immediately upon the expiration of the licence or the last renewal of the licence (as the case may be) of which it is a renewal and, unless it is previously revoked under section 19, shall continue in force for the period of validity specified by the Authority, such period not being more than 5 years.

Death of licence holder.

17.— (1) In this section “personal representative” means the executor, administrator or another person identified in the will of the licence holder or in letters of administration relating to the administration of the estate of the licence holder for the purpose of continuing the operation of the public bus passenger service to which a licence relates.

(2) In the event of the death of a licence holder, his or her personal representative may carry on the public bus passenger service to which the licence relates under that licence until the expiry of the licence.

(3) The personal representative of a licence holder may apply for the renewal of the licence under section 16 and shall on the renewal of the licence be the licence holder.

Transfer of licences.

18.— (1) Where the ownership of a licensed public bus passenger service is transferred to another person, the Authority may, on the application of that person and payment of the appropriate fee, subject to subsection (2), transfer the licence to that person.

(2) An application made under subsection (1) shall be considered in accordance with section 10(2) and (3).

(3) The transfer of a licence under this section does not affect the period of validity of the licence.

(4) (a) Save as is provided for in this section or in section 17, a licence shall not be transferred by the licence holder to another person.

(b) Where the Authority becomes aware of the transfer of a licence other than as is provided for in this section or in section 17, it shall revoke the licence with immediate effect.

Revocation of licences by Authority.

19.— (1) The Authority may revoke a licence—

(a) where the licence holder requests that a licence be revoked,

(b) where the Authority is satisfied that the public bus passenger service in respect of which the licence was granted is not being provided,

(c) in the circumstances set out in sections 15(4) and 18(4)(b), or

(d) following a conviction for an offence under this Part.

(2) (a) Where the Authority proposes to revoke a licence in accordance with subsection (1)(b), (c) or (d), it shall give 14 days notice of its intention to the licence holder and shall invite the holder to make written submissions to it which it shall consider before making a determination to revoke.

(b) Where having considered submissions under paragraph (a), the Authority determines that the licence should be revoked, it shall advise the holder in writing that the revocation shall have effect 14 days following the date of that communication.

(3) The Authority shall from time to time publish details of the offences in respect of which it may revoke a licence under subsection (1) (d).
(4) Where a road passenger transport operator’s licence is revoked or withdrawn under an act of an institution of the European Communities in relation to road passenger transport, under an Act of the Oireachtas in relation to road passenger transport, or under any regulation made under section 3 of the European Communities Act 1972 giving effect to an act of an institution of the European Communities in relation to road passenger transport, a licence granted under this Part to the person who held the road passenger transport operator’s licence concerned stands revoked.

(5) A person who continues to provide a public bus passenger service in respect of which a licence has been revoked under this section, commits an offence.

Licensing of certain existing public bus passenger services.

20.— (1) Public bus passenger services being provided by Bus Éireann and Dublin Bus on the day of the commencement of this section, that are not subject to a contract under Part 3, Chapter 2 of the Act of 2008, may continue to operate until such time, not being longer than 2 years after that day, as the Authority grants a licence.

(2) The Authority shall grant a licence in respect of the public bus passenger services referred to in subsection (1), notwithstanding section 9, and such initial licences shall be of not more than one year in duration and may be subsequently renewed under section 16.

(3) All licences granted under the Act of 1932 which are in force on the day of the commencement of this section, shall continue in force to a date to be determined by the Authority, which shall not be more than 2 years after the day of the next anniversary of the date of the grant or renewal of the licence under the Act of 1932, and may be renewed under section 16.

Deciding officers.

21.— The Authority shall designate in writing persons to be deciding officers for the purpose of deciding on applications for the grant, amendment, renewal, transfer or revocation of licences.

Appeals.

22.— (1) (a) Subject to paragraph (b), an applicant for the grant, amendment, renewal or transfer of a licence, or the holder of a licence where a licence is revoked under section 19 (1) (b), may appeal to the Authority in writing against a decision or part of it taken by a deciding officer under this Part within 21 days of the date of the notice of that decision.

(b) An appeal under paragraph (a) shall set out the grounds for the appeal and, in the absence of such grounds, the appeal will not be considered.

(2) The Chief Executive Officer shall appoint an officer of the Authority of a rank that is the same or higher than the deciding officer who made the decision that gave rise to the appeal, to be an appeals officer to consider and decide on the appeal.

(3) The functions of the appeals officer appointed under subsection (2) shall be to consider and make a decision on appeals made under subsection (1).

(4) Appeals officers shall, subject to this Part, be independent in the performance of their functions.

(5) (a) Before considering an appeal under subsection (1), an appeals officer shall invite submissions in writing from any party who had notified an interest in the original decision that gave rise to the appeal and shall provide such parties with a copy of the appeal made under subsection (1).

(b) A submission under paragraph (a) must be received by the appeals officer on or before a date specified by that officer (which shall be not less than 14 days after the date of the invitation referred to in paragraph (a)).

(c) Where submissions are made under paragraph (a), they shall be copied by the appeals officer to the appellant who may submit observations in writing in
relation to such submissions which must be received by the appeals officer on or before a date specified by that officer (which shall be not less than 14 days after the date on which the submissions were copied to the appellant).

(6) (a) The decision of an appeals officer and the reasons for making that decision shall be notified in writing to the appellant and to any other parties who made a submission under subsection (5).

(b) A document purporting to be a decision made under this section by an appeals officer and to be signed by him or her shall be prima facie evidence of the making of the decision without proof of the signature of such officer or his or her official capacity.

(c) The decision of an appeals officer on any appeal referred to him or her under subsection (2), subject to subsections (7), (8) and (9), is final and conclusive.

(7) (a) Where an appellant has been notified under subsection (6) of the decision of an appeals officer and is dissatisfied with that decision, the appellant may, within 14 days after the date of the notification, appeal to the judge of the Circuit Court in whose Circuit the appellant resides or principally carries on business against the decision.

(b) Where an appellant appeals to the judge of the Circuit Court under paragraph (a), the appellant shall at the same time notify the Authority in writing of that appeal.

(8) The decision of the appeals officer stands suspended until the appeal to the Circuit Court has been determined or withdrawn.

(9) On the hearing of an appeal under subsection (7) in relation to the decision of the appeals officer under subsection (3), the Court may either confirm the decision or allow the appeal. If the appeal is allowed in relation to a decision to refuse to grant a licence, the Authority shall, upon notification to it by the Court, grant the licence.

Guidelines.

23.— (1) The Authority shall from time to time prepare and publish guidelines in relation to the licensing of public bus passenger services under this Part.

(2) Notwithstanding the generality of subsection (1), guidelines under this section—

(a) shall include the criteria the Authority proposes to apply to the consideration of applications for the grant of licences under section 10, and

(b) may set out the circumstances where a temporary alteration of a public bus passenger service does not necessitate the grant of an amendment to a licence under section 14, and

(c) may refer to matters relating to the application for, grant, renewal, transfer or amendment of a licence, including the processes relating to applications, such as the timeframes for the consideration of applications, for the grant, renewal, transfer and amendment of licences, and the conditions that may be applied in respect of a licence.

(3) The Authority may amend any provision contained in guidelines published under this section and shall publish any such amendment.
