CHAPTER 2

Single Scheme

Establishment and Membership of Scheme, etc.

Scheme and
membership.

9.— (1) There is established a scheme, to be known as the Single Public Service Pension Scheme (in this Part referred to as the “Scheme”) whose terms and conditions are provided for by or under this Part.

(2) The Scheme applies to public servants other than the following—

- (a) persons who are not Scheme members by virtue of *section 10*,
- (b) any person who has not attained the age of 16 years,
- (c) except in respect of a Scheme member to whom *section 20, 21* or *24* relates, any person after he or she attains the following:
 - (i) subject to *subparagraph (ii)*, the age of 70 years;
 - (ii) where an age later than the age of 70 years is provided for by order under *section 13*, such later age.

Scheme member,
etc.

10.— (1) Subject to *subsections (2) to (5)*, in this Part “Scheme member” means a person who is not serving in a public service body as a pensionable public servant on the day immediately preceding the operative date but becomes a pensionable public servant on or after such date.

(2) Where—

- (a) on the day immediately preceding the operative date a pensionable public servant—
 - (i) stands seconded from the public service to a body not in the public service (whether or not within the State), or
 - (ii) is absent on leave with or without pay from the public service,
 and
- (b) that pensionable public servant is entitled to resume his or her office or position or another office or position within the public service,

then that pensionable public servant shall not be a Scheme member on such resumption within the public service on or after the operative date and, accordingly, the provisions applicable in respect of his or her pensionable public service shall apply in the same manner as those provisions would have applied to such a pensionable public servant if he or she had been serving in the public service on the day immediately preceding the operative date.

(3) Where—

- (a) a person duly receives a written offer of appointment as a pensionable public servant before the operative date and takes up that offer on or after that date,
- (b) subject to *section 48*, a person was serving in a public service body as a pensionable public servant before the operative date and left the relevant office or position but, subsequently, takes up appointment as a pensionable public servant—
 - (i) under the same contract of employment as he or she had been so serving under, or
 - (ii) within 26 weeks after his or her last day of service before that date,
 or
- (c) a person stood admitted immediately before the operative date as a trainee Garda to the Garda College,

and where—

- (I) but for this subsection, the person concerned would be a Scheme member, and
- (II) where *paragraph (a)* applies, the terms of the offer of appointment would be contravened if *subsection (1)* were to apply,

then the person shall not be a Scheme member and the provisions applicable in respect of his or her pensionable public service shall apply in the same manner as those provisions would have applied to that person if he or she had been serving in the public service on the day immediately preceding the operative date.

(4) Where at any time before the operative date a person was a member of the Oireachtas or the European Parliament or was a holder of a qualifying office but was not such a member or holder on the operative date, then, subject to *section 48*, such person shall not be regarded as a Scheme member for the purposes of any superannuation benefit payable in respect of any subsequent membership of the Oireachtas or the European Parliament or the holding of any qualifying office.

(5) Where on or after the operative date a pensionable public servant who is not a Scheme member ceases to serve in a public service body, then, subject to *section 48*, that person shall, if he or she subsequently takes up a pensionable office or position within the public service, be regarded as a Scheme member in respect of such subsequent service unless he or she takes up appointment—

- (a) under the same contract of employment, or
- (b) as a public servant no later than 26 weeks following the last day of service prior to cessation.

Pensionability of
allowances,
emoluments and
related payments.

11.— (1) For the purposes of this Part, where at any time before or after the operative date the Minister determined or determines in writing that—

- (a) any allowance, emolument or premium payment or its equivalent granted on a permanent basis before the operative date to persons in particular posts or kinds of employment is to be treated as permanent pensionable remuneration, or
- (b) any allowance, emolument or premium payment or its equivalent not granted on a permanent basis before the operative date is to be treated in whole or in part as pensionable remuneration,

then they are to be so treated for the purposes of pensionable remuneration.

(2) An allowance, emolument or premium payment, other than one to which *subsection (1)* relates, shall only be treated as pensionable remuneration if each of the following conditions are met, as determined by the Minister:

- (a) it is permanent in nature;
- (b) it is subject to contributions under *Chapter 2* ;
- (c) the Scheme member has been notified of it being so treated.

(3) Where any allowance, emolument or premium payment is not pensionable it shall not be subject to contributions under *Chapter 2* .

(4) The Minister may in writing reverse, amend, adjust or otherwise change a determination to which this section relates but any such reversal, amendment, adjustment or change shall not affect rights accrued in respect of previous contributions made under *Chapter 2* .

Pension benefits
to be paid to
Scheme members
or former Scheme
members.

12.— A person who is or was a member of the Scheme shall not be paid a pension and no entitlement shall exist—

- (a) to retire or receive a pension or lump sum at a particular age or following a particular length of service, or
- (b) to remain in service beyond a particular age,

other than under this Chapter, to or in respect of service to which a pension under the Scheme relates.

Normal
retirement age.

13.— (1) Except where otherwise expressly provided for by this Chapter or referred to in *subsection (2), (3) or (4)*, a Scheme member may retire from being a public servant upon attaining—

- (a) the age of 66 years, or
- (b) the age at which from time to time a person—
 - (i) is entitled or eligible, or
 - (ii) would be so entitled or eligible had he or she met the non-age related qualifying criteria,
 to receive a contributory State Pension,

whichever last occurs (in this Part referred to as the “normal retirement age”).

(2) A public servant to whom *subsection (1)* applies, other than a person in respect of any service as a public servant to which *section 20, 21, 24 or 26* relates, shall retire from being a public servant at the latest upon attaining the age of 70 years or such later age as may be determined by the Minister by order.

(3) Where before the commencement of this Part there existed a statutory power, exercisable by a Minister of the Government or other body, to provide for either or both an age and a maximum service limit (however expressed) at which any class or classes of public servants could or is required to retire or be retired or discharged and which could differ from the general retirement age applicable to public servants who are not new entrants for the purposes of the *Public Service Superannuation (Miscellaneous Provisions) Act 2004*, then such Minister of the Government (unless he or she is the Minister) or other body may only exercise that power following consultation with the Minister.

(4) In the case of a Scheme member who is an employee, other than a person who holds a whole-time post, of a local authority which is a fire authority under the [Fire Services Act 1981](#) and—

(a) whose duties include attendance at fires, and

(b) whose conditions of service require him or her to retire upon attaining the age of 55 years F4[or where a higher age is specified by regulations under [section 158 \(1\)\(ba\) of the Local Government Act 2001](#), that age],

the normal retirement age for such person shall be determined in accordance with those conditions.

Normal pension age.

14.— (1) A Scheme member or former Scheme member attains normal pension age when he or she has—

(a) completed the vesting period, and

(b) attained the normal retirement age,

and shall accordingly be eligible to receive retirement benefits under this Chapter.

(2) *Subsection (1)* does not apply to a person—

(a) in respect of any service as a public servant to which [section 20](#) applies,

(b) in respect of any service as a public servant to which [section 26\(1\)](#) relates, except if that public servant leaves, or is retired, discharged or dismissed from, the public service body concerned before reaching pensionable age as construed and read in accordance with [section 1\(1\)\(a\) of the Superannuation \(Prison Officers\) Act 1919](#) (inserted by [section 5 of the Public Service Superannuation \(Miscellaneous Provisions\) Act 2004](#)) or [section 10 of the Public Service Superannuation \(Miscellaneous Provisions\) Act 2004](#), as the case may be, or

(c) who retires under the terms of [section 27](#) or [29](#).

Application of certain provisions in Acts relating to pre-existing public service pension schemes.

15.— (1) Where any statutory provision directly relating to and solely for the purposes of one or more than one pre-existing public service pension scheme makes provision for any matter not provided for by the Scheme and that matter is not inconsistent with the Scheme, then the Minister may by regulations apply, with or without modification, that provision to the Scheme to deal with corresponding matters or circumstances.

(2) In making regulations under *subsection (1)*, the Minister may provide that the provisions concerned apply only to a class or classes of members of the Scheme but only if in so doing it is not inconsistent with the Scheme.

(3) A draft of any regulations proposed to be made by the Minister under *subsection (1)* shall be laid before each House of the Oireachtas and the regulations shall not be made until a motion approving of the draft has been passed by each such House.

Contributions by members of the Scheme, etc.

Contributions to Scheme, etc.

16.— (1) Every Scheme member shall pay the appropriate contribution provided for by or under this Part as and from the date of commencement of his or her membership of the Scheme.

(2) In respect of Scheme members to whom [section 19](#) relates, the rate of contribution shall comprise 3.5 per cent of net pensionable remuneration together with 3 per cent of pensionable remuneration—

(a) to be calculated on the basis of each calendar year, or part of such year, that the person concerned is or was a Scheme member, and

(b) where in respect of any such period referred to in *paragraph (a)* that that person was not working on a full-time basis, as adjusted by reference to the proportion that the number of hours worked bears to the number of hours that would have been worked if working on a full-time basis.

(3) The rate of contribution for a Scheme member to whom a section referred to in *column 1* of the Table to this subsection relates is the contribution rate (if any) in *column 2* of that Table expressed as a percentage of net pensionable remuneration opposite the reference to that section, together with the contribution rate in *column 3* of that Table expressed as a percentage of pensionable remuneration opposite the reference to that section—

(a) to be calculated on the basis of each calendar year, or part of such year, that the person concerned is or was a Scheme member, and

(b) where in respect of any such period referred to in *paragraph (a)* that that person was not working on a full-time basis, as adjusted by reference to the proportion that the number of hours worked bears to the number of hours that would have been worked if working on a full-time basis.

(4) Where a public service body is financed wholly or mainly from sources other than directly or indirectly out of the Central Fund or the growing produce of that Fund, the Minister may require the public service body, or the relevant authority concerned where that body is not the relevant authority, to make a contribution to the Scheme of such percentage of pensionable remuneration of each scheme member concerned that—

(a) subject to *paragraph (b)*, in the Minister's opinion represents the actuarially determined cost of providing for the benefits concerned after taking account of the individual Scheme member's contributions, and

(b) does not exceed, by a multiple of 3, the individual Scheme member's contributions.

(5) Subject to *subsection (9)*, all contributions made under this section shall—

(a) be paid in such manner to, and

(b) be collected and disposed of for the benefit of the Exchequer by,

a relevant authority in such manner as the Minister may direct.

(6) Where the contributions made under this section have not been duly disposed of by the Scheme member or relevant authority concerned in accordance with a direction of the Minister under *subsection (5)*, the Minister may recover the amount from that member or authority as a simple contract debt in any court of competent jurisdiction.

(7) If a relevant authority to whom *subsection (5)* relates fails or refuses to collect or dispose of contributions in accordance with a direction of the Minister under *subsection (5)* within 28 days after the service by post by the Minister of a notice on the relevant authority concerned requiring it to do so, the High Court may, on an application made to it by the Minister—

(a) make an order directing the authority to dispose of the contributions for the benefit of the Exchequer—

(i) in accordance with the direction of the Minister, or

(ii) as the Court otherwise directs,

within such time as may be specified in the order, and

(b) in relation to any shortfall in the amounts collected due to any refusal or failure of the authority to collect the contributions concerned, make an order directing the authority to make good that shortfall in such manner and at such time or times as the Court directs.

(8) An order of the High Court under *subsection (7)* may contain such terms and conditions (if any) as to the payment of costs as the Court considers appropriate.

(9) Where this Part has been applied to the Central Bank of Ireland in accordance with *section 6*, then—

(a) contributions made under this section in respect of Scheme members who are employed by, or hold any office or other position in the Central Bank of Ireland shall be dealt with in such manner so as to ensure that those contributions are only available for the purposes of the payment of any pension or lump sum to or in respect of the service with the Central Bank of Ireland by such Scheme members, and

(b) the Central Bank of Ireland shall not be liable for any pension or lump sum in respect of any employment by, or holding of any office or other position in, a public service body other than the Central Bank of Ireland.

Return of
contributions in
certain cases.

17.— (1) Where a Scheme member or former Scheme member has completed less than the vesting period and whose membership ceases otherwise than on medical grounds or death, his or her contributions shall be returned to him or her less an amount equal to any income tax or other statutory liability by the relevant authority in respect of such contributions and, accordingly, the Scheme member or former Scheme member is, except where *subsection (3)* applies, not entitled to receive any further benefit under this Chapter in respect of the period of such membership.

(2) Where under *section 46* a Scheme member has pensionable remuneration in excess of one full-time employment (or the aggregated equivalent of one full-time employment) his or her contributions in respect of any pensionable remuneration not taken into account in computing referable amounts provided for in the calculation of benefits sections shall be returned to the member less an amount equal to any income tax or other statutory liability by the relevant authority in respect of such contributions.

(3) Where a person—

(a) has had contributions returned to him or her under *subsection (1)*,

(b) is subsequently re-employed as a pensionable public servant within 24 months of ceasing to be a public servant, and

(c) pays such amount to the relevant authority concerned as would, on the date of payment or of the final payment where *subsection (4)* applies, represent the amount of the contributions paid to him or her with compound interest on such amount at such rate per annum as may be specified by the relevant authority with the approval of the Minister,

then he or she shall be regarded as not having ceased to be a Scheme member and shall have restored to him or her the sum of the referable amounts that he or she had accumulated at the date he or she had ceased to be a Scheme member.

(4) For the purposes of *subsection (3)*, the relevant authority concerned may at its discretion agree to accept payment of the amount concerned in more than one payment.

Calculation of benefits and circumstances for payments under the Scheme

Referable
amounts.

18.— In this Part the definition of “referable amounts in respect of each calendar year or part of a calendar year” in *section 19, 20, 21, 22, 23, 24, 25* or *26* shall be read as including—

(a) such money as represents the transfer value of certain amounts in respect of service that are transferred from the European Commission, the European Council, the European Parliament, the European Court of Auditors, the European Economic and Social Committee or Eurocontrol and such money shall be accepted on terms approved by the Minister, or

(b) a lump sum payment equivalent to the sum of the referable amounts in respect of each calendar year or part of a calendar year for the lump sum.

(2) In this section “referable amounts in respect of each calendar year or part of a calendar year”, in relation to a calendar year or part of a calendar year of service, means—

(a) in the case of a pension, an amount calculated at a rate of—

(i) 0.58 per cent of the Scheme member’s pensionable remuneration for that year or part of a year of service that is less than or equal to 3.74 times the value of the contributory State Pension at that time and, in respect of such service, as adjusted when not working on a full-time basis by reference to the proportion that the number of hours worked bears to the number of hours that would have been worked if working on a full-time basis, and

(ii) 1.25 per cent of the Scheme member’s pensionable remuneration for that year or part of a year of service that is greater than 3.74 times the value of the contributory State Pension at that time and, in respect of such service, as adjusted when not working on a full-time basis by reference to the proportion that the number of hours worked bears to the number of hours that would have been worked if working on a full-time basis,

and

(b) in the case of a lump sum payment, an amount calculated at a rate of 3.75 per cent of the Scheme member’s pensionable remuneration for that year or part of a year of service as adjusted, when not working on a full-time basis, by reference to the proportion that the number of hours worked bears to the number of hours that would have been worked if working on a full-time basis,

(3) Where a person, immediately before becoming eligible for a pension under this section, is or had previously been Attorney General but is or was a member of either House of the Oireachtas at the same time as being Attorney General, then the person may elect to have the sum of the referable amounts in respect of each calendar year or part of a calendar year as such a member while Attorney General treated instead as part of the referable amounts in respect of each calendar year or part of a calendar year as Attorney General.

Cost neutral early retirement. **27.—** (1) In this section "specified age", in relation to a Scheme member, means, subject to any order under *subsection (3)*, the age of 55 years.

(2) Where—

(a) a Scheme member, having completed the vesting period, resigns from the public service and on the date on which that resignation has effect he or she has not attained the normal pension age but has attained or will have attained on that date the specified age, and

(b) before the date on which that resignation has effect the Scheme member had applied in writing to the relevant authority responsible for paying the pension and lump sum to have his or her pension and lump sum benefits paid with effect from that date, and

then those benefits shall be calculated by reference to the Scheme member's referable amounts accrued at the date of resignation and shall be payable as and from that date, but the amount of each benefit shall be reduced by reference to the Scheme member's age at date of resignation in accordance with actuarial tables approved and issued from time to time by the Minister.

(b) the state of the financial affairs of the public service generally or any part of the public service,

that there are circumstances, in respect of Scheme members generally or in respect of any class of those members, which, in the opinion of the Minister, merit a higher age to be attained before *subsection (2)* applies, then the Minister may by order specify for the purposes of *subsection (2)* a higher age to be attained than the specified age either generally or in respect of that class, as the case may be, and accordingly the age so specified by order shall apply.

(4) An order under *subsection (3)* may also provide for its application to be limited as regards applications made under *subsection (2)(b)* by a certain date.

Preservation of
benefits.

28.— (1) Except in respect of the office to which *section 20* applies, where a person, after completing the vesting period, ceases to be a public servant other than under *section 27* or *29*, and on the date of cessation he or she has not attained normal retirement age, then he or she is entitled to a pension and lump sum payment (which pension and lump sum payment are referred to in this Part as a “preserved pension” and a “preserved lump sum” respectively)—

(a) in the case of a person to whom *section 26(1)(b)(ii)* applies other than where *section 26(3)(b)(ii)* also applies, upon attaining the age of 60 years, and

(i) upon attaining the age of 66 years, or

(ii) upon attaining the age at which from time to time a person is entitled to or eligible to receive a contributory State Pension, or would be so entitled or eligible to receive a contributory State Pension had he or she met the non-age related qualifying criteria,

whichever last occurs.

(2) A preserved pension shall be payable to the person concerned on and from his or her attaining the age determined in accordance with *subsection (1)* on an application being duly made in a manner provided for by the Minister.

(3) The amount of a preserved pension and preserved lump sum shall be the amount which would have been awarded to the Scheme member concerned under the calculation of benefits sections if he or she had attained the age determined in accordance with *subsection (1)* on the date of last ceasing to be a public servant, as altered by reference to any adjustments that would have been made under *section 40* between that date and when the Scheme member attained the age so determined.

(4) If a person referred to in *subsection (1)* dies before attaining the age determined in accordance with *subsection (1)*, then a preserved death gratuity equal to accrued referable lump sum amounts as altered by reference to any adjustments that would have been made under *section 40* shall be payable to his or her legal personal representative on application by the legal personal representative.

(5) Where a person to whom *subsection (1)* applies incurs permanent ill-health and satisfies the relevant authority that, if still serving, he or she would be eligible to retire on medical grounds under *section 29*, then a preserved pension and preserved lump sum may be paid with effect from the date (not earlier than the date of the former member’s application) on which the relevant authority is so satisfied.

(6) Regulations made under *section 29(6)* shall not apply to any preserved pension or preserved lump sum, payable under *subsection (5)*.

(7) This section is subject to *section 14*.

(3) Where a Scheme member retires or is retired on medical grounds, a benefit under *subsection (1)* or (2), as the case may be, shall only be paid where the following conditions are met:

(a) medical evidence shall have been supplied which satisfies the relevant authority that—

- (i) the Scheme member has a current ongoing medically recognised physical or mental health condition that is likely to be permanent and enduring,
- (ii) that condition permanently renders the member medically incapable of regular and effective service in their current occupation or grade, and
- (iii) reasonable medical treatment options and practicable changes to working arrangements (including, in exceptional cases, outside the Scheme member's current occupation or grade) which would enable or facilitate continued service by the member have been examined and are not considered practical,

(b) due to that ongoing medically recognised physical or mental health condition, the retirement is necessary, and

(c) when—

- (i) first taking up a post, position, office or appointment in a public service body, or
 - (ii) subsequently, taking up another such post, position, office or appointment,
- the Scheme member did not make a false declaration about his or her health or suppress any material fact about his or her health.

(4) The medical evidence required by *subsection (3)* shall be based on a medical assessment carried out by a registered medical practitioner—

(a) who is qualified to assess the fitness for work of the Scheme member concerned, and

(b) to whom *subsection (5)* relates,

and where the Scheme member is not otherwise a patient of that registered medical practitioner.

(5) For the purposes of *subsection (4)* the certificate of a registered medical practitioner shall only be admissible if *subsection (4)(a)* is complied with and, for the purposes of *subsection (4)(b)*, the practitioner satisfies the relevant authority that he or she has practised medicine for a period of 6 years since—

(a) his or her name was entered in the register of medical practitioners, or

(b) where the medical assessment to which the certificate relates has been carried out in a place outside the State, being entitled to practise medicine under the law of such place.

(6) In respect of *subsection (2)*, the Minister may make regulations for the purposes of enhancing the rate of pension and lump sum having regard to—

and regulations under this subsection may be made in respect of all or a class or classes of Scheme members.

(7) The gross amount of an enhancement to any pension and lump sum that may be made by virtue of regulations under *subsection (6)* shall not exceed 10 times the value of the most recent full year referable amount calculated for the relevant Scheme member.

(8) Where a person—

- (a) having or having been retired or discharged on medical grounds, was awarded a pension and lump sum under this Part, and
- (b) is subsequently re-appointed as a pensionable public servant and Scheme member,

then—

- (i) the pension shall cease to be paid in respect of any period after such re-appointment,
- (ii) upon repaying to the relevant authority concerned the lump sum so awarded together with compound interest to the date of payment or final payment where *subsection (9)(a)* applies, such person shall have restored to him or her the sum of the referable amounts that he or she had accumulated at the date he or she had ceased to be a Scheme member, and
- (iii) the amount restored under *paragraph (ii)* shall be limited to the actual value of the referable amounts at the time of retirement or discharge on medical grounds.

(9) For the purposes of *subsection (8)*—

- (a) the relevant authority concerned may at its discretion agree to accept payment of the amount concerned in more than one payment,
- (b) compound interest shall be calculated at such rate per annum as may be specified by the relevant authority with the approval of the Minister.

(10) *Subsections (3), (4) and (5)* do not apply to a member of the Permanent Defence Force who is, in accordance with the regulations made under the Defence Acts 1954 to 2007 or other administrative measure duly made by the Minister for Defence, compulsorily discharged or retired on medical grounds from the Permanent Defence Force having been found unfit for further service.

(a) any superannuation lump sum payable or already paid either from the Scheme or from a pre-existing public service pension scheme, and

(b) any other death gratuity payable or already paid from a pre-existing public service pension scheme.

(2) Where the aggregate amount payable or already paid and to which *paragraphs a)* and *(b)* of *subsection (1)* relate is equal to or greater than twice the Scheme member’s pensionable remuneration in the 12 months prior to his or her death, then the legal personal representative of the deceased member shall not be eligible to receive any amount in addition to that so payable or already paid.

(b) such other relevant authority that the Minister has directed in writing to carry out such function, either generally or in respect of any class or classes of former Scheme members.

(2) Nothing in *subsection (1)* shall be read so as to prevent the relevant authority making arrangements for the payment as its agent of any retirement benefit through another relevant authority or a third party.

Payment of pension, etc. **32.—** (1) In respect of the service of a Scheme member, pension benefit and lump sum benefit (including any such benefit that is a preserved pension or a preserved lump sum) accrued under the Scheme shall only be paid in accordance with this Part.

(3) Where either or both a pension and lump sum benefit are payable under the Scheme to a relevant person with respect to whom the relevant authority is satisfied, on the certificate of a registered medical practitioner to whom *subsection (6)* applies, that the relevant person is unable by reason of mental or physical disability to give a receipt for the amount, that authority may, unless a court of competent jurisdiction has otherwise ordered, pay either or both the pension and lump sum benefit—

(a) wholly or partly to any institution or person having care of the relevant person, or

(b) as to part thereof, to any institution or person having care of the relevant person and, as to the remainder, wholly or partly to either or both—

(i) the spouse or civil partner of the relevant person, and

(ii) such persons as the relevant authority considers to be dependants of the relevant person,

and in such manner as the relevant authority thinks fit.

(a) his or her name was entered in the register of medical practitioners, or

(b) where the medical assessment to which the certificate relates has been carried out in a place outside the State, being entitled to practise medicine under the law of such place.

(2) The survivor’s pension shall be payable at one-half of the rate of the pension or preserved pension of the deceased member concerned except where a Scheme member dies while serving as a public servant then it shall be one-half of the pension that would have been payable to the member in accordance with [section 29](#) had he or she retired or been retired or discharged on medical grounds on the date of his or her death.

(ii) in the case of any cohabitation to which *subsection (1)* relates, the Minister or other relevant authority concerned is satisfied that cohabitation has ceased, or

(iii) there are, in the opinion of the Minister, having considered an application, compassionate grounds for the payment of a survivor's pension,

then, the Minister or other relevant authority, with the consent of the Minister, may, if it is considered to be just and equitable in all the circumstances by the Minister or other relevant authority (as appropriate), grant or re-grant, as the case may be, a survivor's pension as from the date determined in accordance with *subsection (5)*.

(3) Without prejudice to the exercise of his or her function under *subsection (2)(b)(iii)* at any time, the Minister may delegate in writing that function to any relevant authority in respect of the survivors of deceased members or of a class of deceased members. A delegation under this subsection may be revoked at any time by the Minister in writing.

(4) Any delegation under *subsection (3)* may include directions or other instructions to the relevant authority concerned regarding the determination of the circumstances in which compassionate grounds may or may not exist. Directions or other instructions to which this subsection relates may be amended from time to time by the Minister in writing.

(5) The date to be determined for the purposes of *subsection (2)*, shall be—

(a) in the case of a marriage or civil partnership, the date on which the marriage or civil partnership ceased because of the death of the other person concerned or the date on which the marriage or civil partnership was dissolved,

(b) in the case of cohabitation, the date on which the cohabitation ended or, where such date cannot be established with certainty by the relevant authority, such date as appears to the relevant authority to be a date from which in its opinion cohabitation is likely to have ceased, and

(c) in a case to which *subsection (2)(b)(iii)* relates, the date decided on by the Minister, being a date not earlier than the date on which the relevant application is received by the Minister.

(6) Subject to *subsections (1) to (4)*, a survivor's pension may only be paid in respect of the period commencing on the day following the date of the death of the Scheme member concerned and ending on the day of the death of the spouse or civil partner of that deceased member.

Children's

35.— Consequent on the death of a Scheme member or former Scheme member and to whom or in respect of whom a pension or death gratuity, or preserved pension or lump sum payment has been or may be awarded, the Minister may, where the deceased member is survived by one or more dependent children, grant for such children a pension (in this Part referred to as a "children's pension") in respect of the deceased member's service as a pensionable public servant.

Children's
pension —

36.— (1) Subject to *subsections (2) to (7)*, a person who is a child of a deceased member shall not be regarded as a child for the purposes of the payment of a children's pension in any of the following cases:

(a) a person, other than a person to whom *paragraph (c)* relates, who was not wholly or mainly financially dependent on the deceased member immediately before the deceased member's death;

(b) a person who is married, in a civil partnership or cohabiting with another person;

(c) a person to whom or in respect of whom emoluments or grants for education, instruction or training are payable and where those emoluments made the person, immediately before the deceased member's death, not financially dependent on the deceased member.

(2) In respect of a person to whom *paragraph (b) of subsection (1)* relates and where in the opinion of the Minister there are compassionate grounds for so doing, the Minister may, if he or she considers it just and equitable in all the circumstances, direct that, notwithstanding that paragraph, the person shall be regarded from a date specified in the direction as being a child to whom that paragraph does not relate and, accordingly, for so long as the direction is in force this Part shall, as regards the person to whom the direction relates, be construed and have effect in accordance with the direction.

(3) Without prejudice to exercising his or her function under *subsection (2)* at any time, the Minister may delegate in writing that function to any relevant authority in respect of any children of deceased members or of a class or classes of deceased members. A delegation under this subsection may be revoked at any time by the Minister in writing.

(4) Any delegation under *subsection (3)* may include directions or other instructions to the relevant authority concerned regarding the determination of the circumstances in which compassionate grounds may or may not exist. Directions or other instructions to which this subsection relates may be amended from time to time by the Minister in writing.

(5) In making a determination under this section by virtue of *subsection (3)*, a relevant authority shall do so in accordance with any subsisting directions or other instructions referred to in *subsection (4)*.

(6) Where in respect of a person to whom *subsection (1)(c)* relates, a break occurs in his or her education, instruction or training, then unless the relevant authority otherwise directs, he or she shall, for the duration of such break, be regarded as a child for the purposes of this Part.

(7) A child shall not be eligible for a children's pension in respect of more than 2 deceased members. Where a child would, but for this subsection, be eligible for a children's pension in respect of more than 2 deceased members, then he or she shall only be eligible for the 2 children's pensions that are most favourable to him or her.

Children's
pension — to
whom paid.

37.— (1) Subject to *subsection (3)*, a children's pension shall be paid to the parent, step-parent or guardian of the child if that child is in his or her care.

(2) Where a child in respect of whom a children's pension is payable is not in the care of his or her parent, step-parent or guardian, the pension shall be paid either to the child or to such other person as the relevant authority may determine.

(3) Where a child in respect of whom a children's pension is payable is in the care of more than one person, the children's pension concerned may be paid to each of those persons in such proportions as the relevant authority may determine.

(4) The Minister may, from time to time issue directions or other instructions in writing to all relevant authorities or to a class or classes of relevant authorities regarding the determination of the class or classes of persons to whom a children's pension may be paid. Directions or other instructions to which this subsection relates may be amended from time to time by the Minister in writing.

(5) In making a determination under this section, a relevant authority shall do so in accordance with any subsisting directions or other instructions referred to in *subsection (4)*.

38.— (1) A children's pension is granted and payments made on the condition that payments shall be applied for the benefit of the child or children for whom the pension was granted.

(2) Where—

(a) the deceased member leaves a surviving spouse or civil partner and in respect of the spouse or civil partner—

(i) no survivor's pension was applied for,

(ii) if applied for, no entitlement to a survivor's pension arose, or

(iii) if a survivor's pension has been granted, it had ceased to be payable under this Part during the lifetime of the spouse or civil partner,

(b) no children's pension was applied for by the spouse or civil partner in respect of any child of the deceased member who was in the custody of the spouse or civil partner, and

(c) subsequently the spouse or civil partner of the deceased member dies,

then no children's pension is payable under this Part for a child to whom *paragraph (b)* relates in respect of the periods referred to in *subsection (3)* in respect of *subparagraphs (i) to (iii) of paragraph (a)*.

(3) For the purposes of *subsection (2)* the periods are the following:

(a) where *subparagraph (i) or (ii) of subsection (2)(a)* applies, the period beginning on the date of the death of the deceased member concerned and ending on the date of the death of the spouse or civil partner;

(b) where *subparagraph (iii) of subsection (2)(a)* applies, the period beginning on the date the survivor's pension ceased to be payable and ending on the date of the death of the spouse or civil partner.

(4) Where, but for this subsection, a children's pension would not be payable because of *subsections (2) and (3)*, the Minister or the relevant authority concerned may in the absolute discretion of the Minister or, subject to *subsections (5) and (6)*, the relevant authority, as the case may be, direct that a children's pension be payable and, where such a direction is made, the Minister or the relevant authority (as the case may be) may, if considered just and equitable in all the circumstances, further direct that the children's pension shall be paid as respects the whole of the period concerned or as respects part of that period.

(5) The Minister may, from time to time, issue directions or other instructions in writing to all relevant authorities or to a class or classes of relevant authorities regarding or relating to the conditions under which a children's pension may be paid. Directions or other instructions to which this subsection relates may be amended from time to time by the Minister in writing.

(6) In exercising or not exercising a discretion under this section, a relevant authority shall do so in accordance with any subsisting directions or other instructions issued to the authority under *subsection (5)*.

Children's
pension —

rate and
payment.

39.— (1) A children's pension may be paid only in relation to the period or periods subsequent to the date of death of the member or former member concerned, as the case may be.

(2) The rate of children's pension is—

(a) where the deceased member or former member leaves neither a spouse nor a civil partner or, if he or she is survived by a spouse or civil partner who dies after his or her death—

- (i) where there is only one child, one-third of the deceased member's pension, or
- (ii) where there are 2 or more children, at a rate for each child equal to one-half of the deceased member's pension divided by the number of children;

(2) In respect of referable amounts—

- (a) the first examination under *subsection (1)* shall be undertaken to establish if there has been any increase in the consumer price index between the index figure current at the operative date and index figure current in respect of the end of the calendar year in which the operative date occurred, and
- (b) subsequent examinations under *subsection (1)* shall be undertaken to establish if there has been any increase in the consumer price index since the immediately preceding increase in a calendar year for that index,

and the referable amounts accrued under the Scheme shall be increased to reflect any such increase.

(3) In respect of pensions payable under the Scheme—

- (a) the first examination under *subsection (1)* shall be undertaken between the 13th and the 24th month after the operative date to establish if there has been any increase in the consumer price index in respect of a one-year period which shall be specified by the Minister but that period shall start not earlier than 2 years before the date of the examination, and
- (b) the second and subsequent examinations shall be undertaken annually in respect of each successive one-year period (commencing after the one-year period referred to in *paragraph (a)*) to establish if there has been any increase in the consumer price index since the immediately preceding increase in a one-year period for that index or, if there has been no such increase, since the first examination under *paragraph (a)*,

and, subject to *subsection (4)*, pensions payable under the Scheme shall be increased to reflect any such increase.

(4) The Minister shall decide when any increase in pensions under this section is to be paid having regard to movements in the consumer price index, including the timing and the means by which any increase is paid—

- (a) to all or any class of pensions payable under this Part, or
- (b) generally in respect of all pensions payable under this Part.

Review of Scheme, etc.

(3) A person carrying out an actuarial review or an actuarial review and revaluation to which this section relates shall be independent in the exercise of that function.

(4) Subject to *subsection (2)*, a review or an actuarial review or an actuarial review and revaluation for the purposes of *subsection (1)* shall have regard to such and so many of the following matters as the Minister considers appropriate:

(a) the overall cost of the Scheme and the contributions paid by the Scheme members and the contribution made by the State in respect of the Scheme members;

(b) the cost of the membership of persons to whom *section 20* relates and the contributions paid by those persons and the contribution made by the State in respect of those persons;

contribution
rates.

42.— (1) Subject to *subsection (3)*, where after consideration of an actuarial review and revaluation of the Scheme, or the part of it that has been reviewed, or reviewed and revalued, under *section 41* the Minister is of the opinion that the amount of

contributions paid by the State in respect of the employment concerned, by Scheme members generally or by the persons, or any class of persons, to whom *paragraph (b), (c), (d), (e) or (f) of section 41(4)* relates should be revised, then the Minister may by order revise the rate of contribution from the Scheme members concerned, subject to—

- (a) where a rate determined on the basis of the actuarial review and revaluation would be higher than that standing provided for in this Chapter or by order under this subsection, as the case may be, the revised rate shall be neither higher than a rate so determined nor lower than the subsisting rate, and
- (b) where a rate determined on the basis of the actuarial review and revaluation would be lower than that standing provided for in this Chapter or by order under this subsection, as the case may be, the revised rate shall be neither higher than the subsisting rate nor lower than a rate so determined.

(4) A failure by a relevant authority to provide a statement in accordance with *subsection (2) or (3)* shall be a ground for a complaint or dispute in respect of which the Pensions Ombudsman may investigate and determine under [section 131](#) of the [Pensions Act 1990](#) and the other provisions of Part XI of that Act which relate to a complaint or dispute shall apply.

shall give to the relevant authority or other body concerned (being the authority or body that is or would be responsible for, or authorises or would authorise, the payment of any of the pensions concerned) such information as is necessary to identify, in relation to him or her or any other person in respect of whom the pension is payable or applied for, all such pensions and applications for pensions.

(7) A relevant authority that is responsible for or authorises the payment of pensionable remuneration to a Scheme member or to a member of a pre-existing public service pension scheme shall give the Minister or another relevant authority such information—

(a) as that relevant authority considers necessary for the proper operation of *Part 2* or of the pre-existing public service pension scheme concerned,

(b) as may be requested by the Minister, or

(c) as may be requested by any other relevant authority for the proper operation of *Part 2* or of the pre-existing public service pension scheme concerned,

in respect of any matter to which *subsection (1), (2), (3), (4), (5) or (6)* relates.

(ii) to transfer or exchange such information to another relevant authority or body that is responsible for or authorises the payment of the pension or any part of it as required under this Part,

and where information has been so transferred or exchanged, that number shall, where appropriate, be deemed to have been supplied in accordance with *paragraph (a)*.

(2) In *subsection (1)* "Personal Public Service Number (PPSN)" includes any other identifying series that is unique to the person concerned and that may generally replace the Personal Public Service Number (PPSN) system.

Duty to make
declarations, etc.

51.— (1) Any person who—

(a) takes up employment in a public service body, and

(b) either—

(i) has an entitlement to any preserved pension or any preserved lump sum or any other retirement benefit, or

under the Scheme or a pre-existing public service pension scheme of which he or she was or is a member,

shall provide a declaration to that effect to the relevant authority.

(2) Any person who applies for a benefit from the Scheme or a pre-existing public service pension scheme shall make a declaration to the relevant authority concerned of any preserved pension or any preserved lump sum or any other retirement benefit from any other public service pension scheme that he or she is in receipt of or to which he or she has an entitlement.

(3) Any person to whom *section 52* applies shall upon application for a public service pension from any public service body make a declaration to the relevant authority concerned as to whether or not he or she is in receipt of any remuneration from any public service body and provide any relevant information required by the relevant authority for the purposes of that section.

Abatement and
reckoning of
pensionable
service.

52.— (1) Where—

(a) a pension is duly payable by a public service body to a person in respect of his or her service as a public servant (in this section referred to as the “pensioner”), and

(b) the pensioner is appointed to a position in respect of which remuneration is paid by a public service body,

then no more of the pension shall be paid, in respect of any specified period of receipt of the remuneration to which *paragraph (b)* relates, than so much as, with that remuneration, equals the pensionable remuneration which the pensioner would have received in respect of that period if, during it, he or she—

(i) held the office, position or employment in which he or she served on the last day of his or her service, but,

(ii) was remunerated—

(I) at the rate of pensionable remuneration for that office, position or employment on that day, or

(II) at that rate of pensionable remuneration as amended to take account of so much of any change in that rate from the current rate for that office, position or employment since that day as may be specified by the Minister.

(2) For the purposes of *subsection (1)*—

“current rate for that office” includes, where that office, position or employment has ceased to exist, the rate that would be the current rate for that office, position or employment if it had not ceased to exist;

“pensionable remuneration”, in relation to a member of a pre-existing public service pension scheme, means remuneration which corresponds to pensionable remuneration of a former Scheme member;

“specified period” means specified by the Minister, which may be specified by reference to a period of time or the happening of an event.

(3) Any doubt, question or dispute arising under this section shall be decided by the Minister whose decision thereon shall be final and conclusive.

(4) The Minister may, at his or her discretion waive the application of *subsection (1)* in any particular case, including a case involving a class of person or persons, if the Minister is satisfied that—

(a) persons with particular training and experience are required for particular work in the public service body concerned,

(b) the pensioner has that training and experience, is being employed for that work and is otherwise suitable for employment in all respects, and

(c) it is not practicable to meet that requirement otherwise than by the employment of the pensioner.

(5) Nothing in *section 3* or *subsection (4)* affects any discretion exercised by the Minister under section 1(2) of the *Pensions (Abatement) Act 1965* in respect of a person where the person continues to hold the position to which the discretion relates.

(6) If pensionable remuneration is being or has been earned under one or more than one pre-existing public service pension scheme in respect of employment by a person as a public servant in one or more than one public service body then, subject to *subsection (7)*, no more than the equivalent of 40 years’ service in total may be taken into account in calculating any pensions or lump sums payable under that scheme or those schemes.

(7) Where before the passing of this Act a person—

(a) is entitled to have reckoned more than the equivalent of 40 years' service in aggregate under pre-existing public service pension schemes when calculating the aggregate of any pensions or lump sums payable under those schemes, and

(b) has accrued more than the equivalent of 40 years' service,
